

Closed Captioning with Google Chrome:

This option only captions media played through the Chrome browser.

1. Open Chrome.
2. From the top right, select **Settings > Accessibility**.
3. Enable **Live Caption**.
4. What to do next: When you play a video, select **Media control** to turn on captions. If your video is set to autoplay, be sure to turn on the video volume for live captions to work.

Closed Captioning with Mobile Devices:

Search "closed captioning iPhone" or "closed captioning Android" for manufacturer instructions
