Providers can send a secure email to mmishelp@hca.wa.gov with the client's ProviderOne ID, name, and correct DOB. The same is true if providers find a gender mismatch; send the ProviderOne client ID, name, and correct gender to the same email address.

Medicare crossovers

Common terminology

➢ Coinsurance

- An amount a Medicare client may be required to pay as their share of the cost for services.

➢ Deductible

- The amount for which a beneficiary is responsible before Medicare starts paying.

➢ Capitated copayment

- A predetermined set dollar amount a Medicare client may be required to pay as their share of the cost for services.

➢ Non-capitated copayment

- An amount a Medicare client may be required to pay as their share of the cost for services.

Medicare coverage

➢ There are 4 types of Medicare coverage:

- Medicare Part A covers Inpatient hospital services
- Medicare Part B covers professional and vendor services
- Medicare Part C is a managed care version of Medicare, a Medicare Advantage Plan
- Medicare Part D covers prescription drugs

➢ When is a claim a Medicare crossover claim?

- If Medicare pays or applies to the deductible, the claim billed to HCA is a crossover.
- The general rule is to bill the Agency after Medicare on the same claim form billed to Medicare.
- The Agency is not paying Part D co-pays (Part D is not covered in this presentation).

Overview - Medicare crossovers

➢ When is a claim **NOT** a crossover claim?

- Claims (services) denied by Medicare when billed to us are not crossover claims.
- We still require the Medicare EOB to demonstrate non-payment.

➢ Sometimes Medicare does **NOT** forward claims automatically to the Agency

- Can submit DDE or electronically without the EOMB (if Medicare denies the service, the EOMB IS required for electronic billing).
- The Medicare Advantage Plans do not cross claims over directly so they must be billed separately through DDE or electronically as crossover claims.

Overview - Medicare crossovers (cont.)

➢ If Medicare denies an Apple Health-covered service that requires PA, the service still requires authorization:

- You may request it after the service is provided.

- The agency waives the "prior" requirement in this circumstance.

Medicare eligibility checks

➤ Eligibility checks may show Medicare as:

- QMB – Medicare Only (Qualified Medicare Beneficiary)
  - o This program pays for Medicare premiums and may pay deductibles, coinsurance, and copayments according to Medicaid rules.
- CNP-QMB (Categorically Needy Program – Qualified Medicare Beneficiary)
  - o Client has full Medicaid as well as QMB benefits.

Medicare programs that won't generate a secondary payment

➢ Programs that HCA would not consider for secondary payment after Medicare:

- SLMB (Special Low Income Medicare Beneficiary)
  - This program only pays for Medicare premiums. Health coverage through Apple Health (Medicaid) is not covered.

- QI-1 (Qualified Individual 1)
  - This program only pays for Medicare premiums. Health coverage through Apple Health (Medicaid) is not covered.

- QDWI (Qualified Disabled Working Individual) –
  - This program only pays for Medicare premiums. Health coverage through Apple Health (Medicaid) is not covered.

The Medicare crossover process
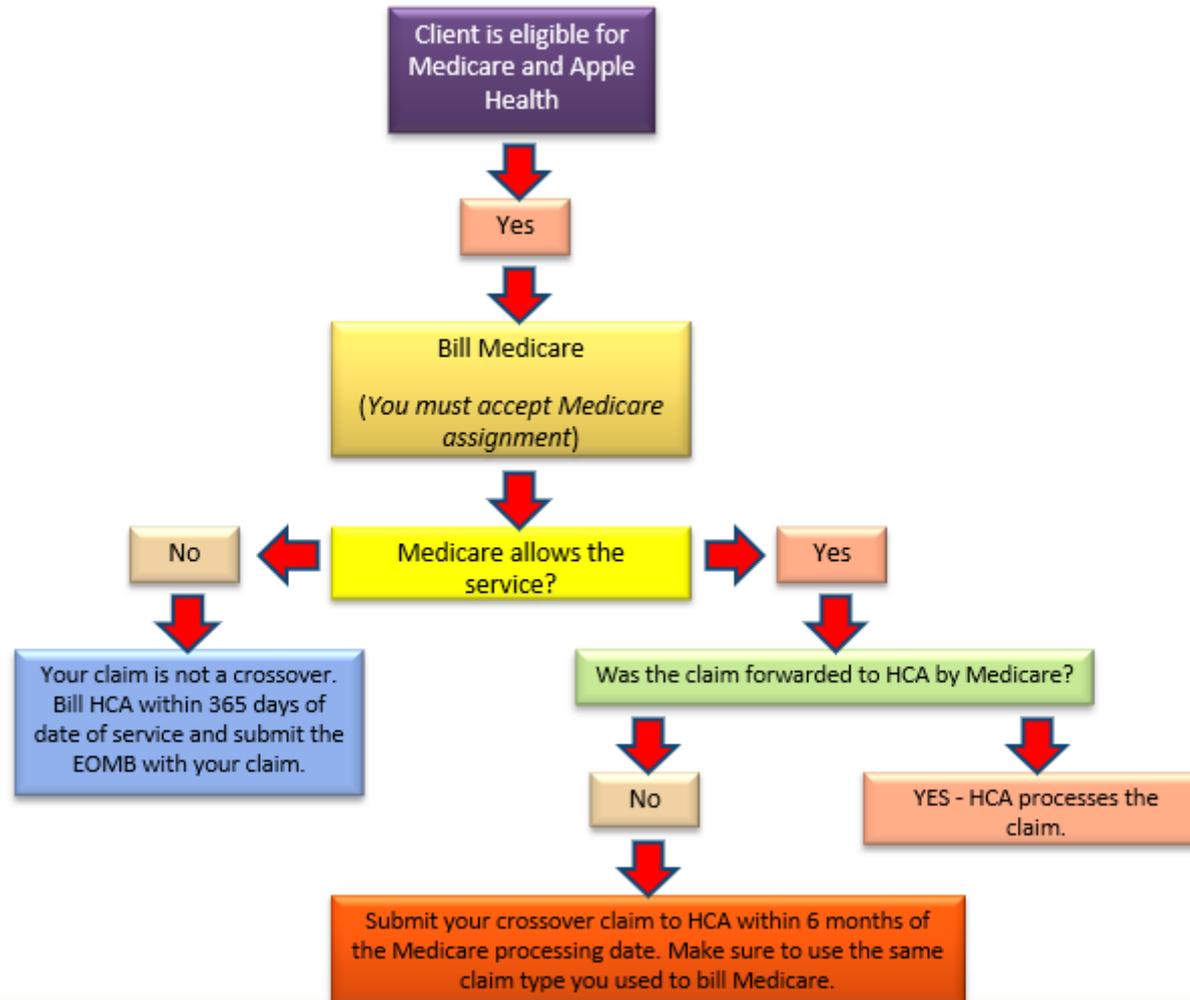

Medicare billing Part B

Medicare billing – Part B

➢ DDE Professional, 837P

- If Medicare has paid all lines on your claim and did not forward the claim to Apple Health, submit the crossover claim to the Agency.

- If Medicare has allowed and denied service lines on your claim:

  o You will need to submit **TWO** claims to the Agency;

    – One crossover claim for services Medicare paid; and

    – One professional claim for services Medicare denied.

Medicare billing – Part B (cont.)

➢ Bill the Agency using the same service codes and billed amounts sent to Medicare.

➢ Medicare and Medicare Advantage Plans are Medicare:

- HCA does not consider Medicare as insurance.

➢ When submitting via DDE:

- Click the Radio button **YES** to indicate this claim is a crossover.

❓	* Is this a Medicare Crossover Claim?	●Yes ○No

- Additional data boxes open to be filled in as required at claim level.

➢ Entering the line level Medicare information is required. The line level Medicare payment amounts must match the claim level Medicare payment total entered.

➢ No EOB is required with the DDE crossover claim.

Tips on billing crossovers

➢ Bill your taxonomy code(s) to Medicare the same as you bill your taxonomy code(s) to Medicaid.

➢ If you bill Medicare with an NPI that has not been loaded in ProviderOne, the agency will not be able to identify the provider when these claims are forwarded by Medicare.

➢ The claim format billed to Medicare must match the claim format billed to ProviderOne.

➢ The coding and dollar amount billed must match.

➢ Complete all required fields on the DDE crossover screen.

Why can't I pull up my claim?

➢ There are many reasons why you might not be able to retrieve a claim (for any system functions):

- It has been adjusted; you can't retrieve a claim that has already been adjusted.

- It has been replaced by another claim.

- It hasn't finished processing.

- It was billed under a different domain.

- You could be using the wrong profile.

- Trying to do a resubmit on a paid claim or an adjustment on a denied claim.

- Claims you billed with an NPI not reported in ProviderOne.

- Claims you billed with an ID only rendering provider NPI number as the pay-to provider.

Timely billing

Timely billing guidelines

➢ What are the agency's timeliness guidelines?

- The initial billing must occur within **365** days from the date of service on the claim.

- Providers are allowed **2** years total to get a claim paid or adjusted.

- For delayed certification client eligibility, the agency allows **12** months from the delayed certification date to bill.

- Recoupments from other payer's timeliness starts from the date of the recoupment, not the date of service.

- The agency uses the Julian calendar on claim numbers for tracking.

What is a TCN?

TCN=Transaction Control Number

TCN
▲ ▼
301610465325134000
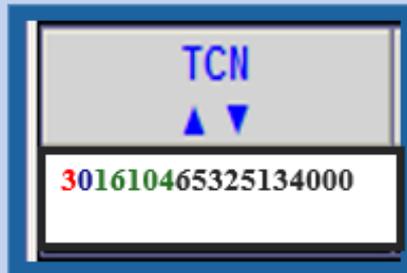

18-digit number that ProviderOne assigns to each claim received for processing. TCN numbers are never repeated.

Billing a client

Background

Washington Administrative Code (WAC) 182-502-0160, Billing a Client, allows providers, in limited circumstances, to bill fee-for-service or managed care clients for covered healthcare services. It also allows fee-for-service or managed care clients the option to self-pay for covered healthcare services.

Note: The full text of WAC 182-502-0160 can be found on the Apple Health (Medicaid) manual WAC index page.

Billing a client definitions

Healthcare Service Categories
The groupings of healthcare services listed in the table in WAC 182-501-0060. Healthcare service categories are included or excluded depending on the client's **Benefit Service Package (BSP)**.

Excluded Services
A set of services that we do not include in the client's BSP. There is no Exception To Rule (ETR) process available for these services (e.g. Family Planning Only).

Covered service
A healthcare service contained within a "service category" that is included in a medical assistance BSP as described in WAC 182-501-0060.

Non-covered service
A specific healthcare service (e.g., crowns for 21 and older) contained within a service category that is included in a medical assistance BSP, for which the agency does not pay without an approved exception to rule (ETR) (see WAC 182-501-0160). **A non-covered service is not an excluded service** (see WAC 182-501-0060). Non-covered services are identified in WAC 182-501-0070 and in specific health-care program rules.

Washington State Health Care Authority

Agreement to Pay for Healthcare Services
WAC 182-502-0160 ("Billing a Client")

This is an agreement between a "client" and a "provider," as defined below. The client agrees to pay the provider for healthcare service(s) that the Health Care Authority (HCA) will not pay. Both parties must sign this Agreement. For the purposes of this Agreement, "services" include but are not limited to healthcare treatment, equipment, supplies, and medications.

Client - A recipient of Medicaid or other healthcare benefits through the HCA or a managed care organization (MCO) that contracts with the HCA.
Provider - An institution, agency, business, or person that provides healthcare services to HCA clients and has a signed agreement with the HCA or authorization from an MCO.

This Agreement and WAC 182-502-0160 apply to billing a client for covered and noncovered services as described in WAC 182-501-0050 through WAC 182-501-0070. Providers may not bill any HCA client (including those enrolled with an MCO that contracts with the HCA) for services which the HCA or an MCO that contracts with the HCA may have paid until the provider has completed all requirements for obtaining authorization.

CLIENT'S PRINTED NAME	CLIENT'S ID NUMBER
PROVIDER'S PRINTED NAME	PROVIDER NUMBER

Directions:

- Both the provider and the client must fully complete this form **before** an HCA client receives any service for which this Agreement is required.
- You must complete this form no more than 90 calendar days before the date of the service. If the service is not provided within 90 calendar days, the provider and client must complete and sign a new form.
- The provider and the client must complete this form only **after** they exhaust all applicable HCA or HCA-contracted MCO processes which are necessary to obtain authorization for the requested service(s). These may include the exception to rule (ETR) process for noncovered services as described in WAC 182-501-0160 or the administrative hearing process, if the client chooses to pursue these processes.
- Limited English proficient (LEP) clients must be able to understand this form in their primary language. This may include a translated form or interpretation of the form. If the form is interpreted for the client, the interpreter must also sign and date the form. Both the client and the provider must sign a translated form.

Fully complete the table on back of this form. If needed, attach another sheet for additional services. The client, provider, and interpreter (if applicable) must sign and date each additional page.

Important Note from HCA:

- This agreement is void and unenforceable if the provider fails to comply with the requirements of this form and WAC 182-502-0160 or does not satisfy HCA conditions of payment as described in applicable Washington Administrative Code (WAC) and Billing Instructions. The provider must reimburse the client for the full amount paid by the client.
- See WAC 182-502-0160(9) for a list of services that cannot be billed to a client, regardless of a written agreement.
- Keep the original agreement in the client's medical record for 6 years from the date this agreement is signed. Give a copy of this completed, signed agreement to the client.
- Providers are responsible for ensuring that translation or interpretation of this form and its content is provided to LEP clients. Translated forms are available at http://hrsa.dshs.wa.gov/mpforms.shtml.
