

Continuous enrollment unwind data

Apple Health data during the unwind

Background

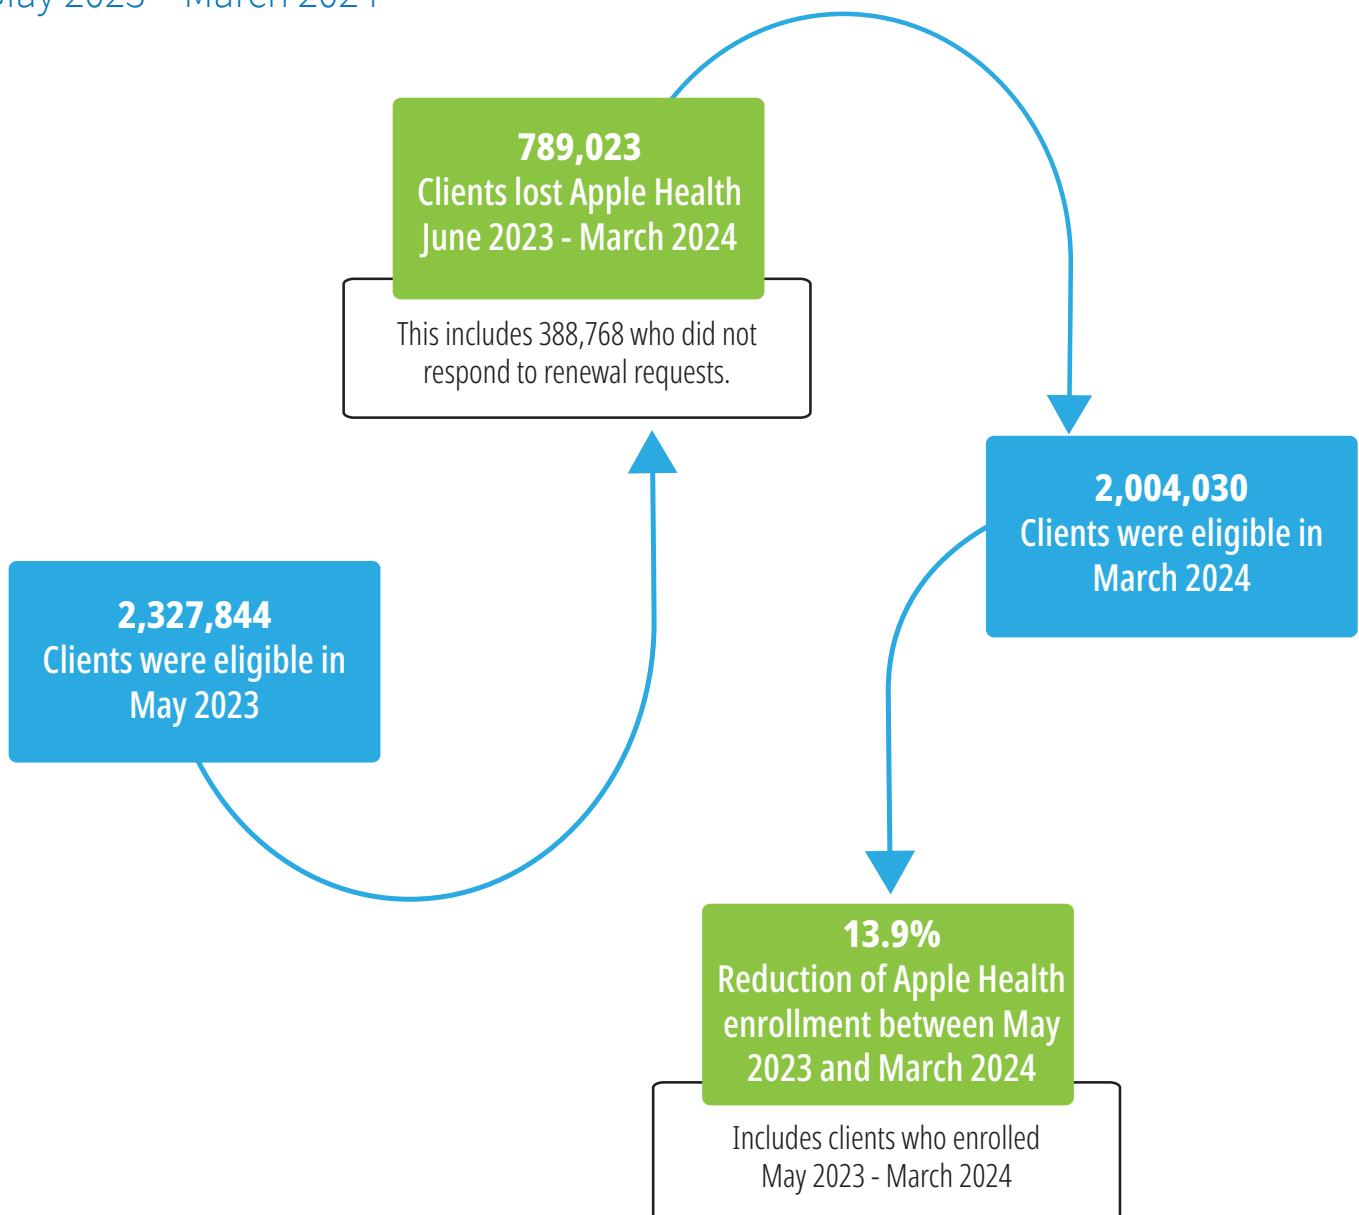

Due to the COVID-19 public health emergency (PHE) and associated federal regulations, many individuals received continuous Apple Health (Medicaid) coverage since March 2020 regardless of changes to their income, assets, household size and other eligibility criteria. This extension ended March 31, 2023, due to the Consolidated Appropriation Act, 2023. The Health Care Authority (HCA) and Department of Social and Health Services (DSHS) resumed normal operations April 1, 2023.

Apple Health enrollment through the unwind

May 2023 – March 2024

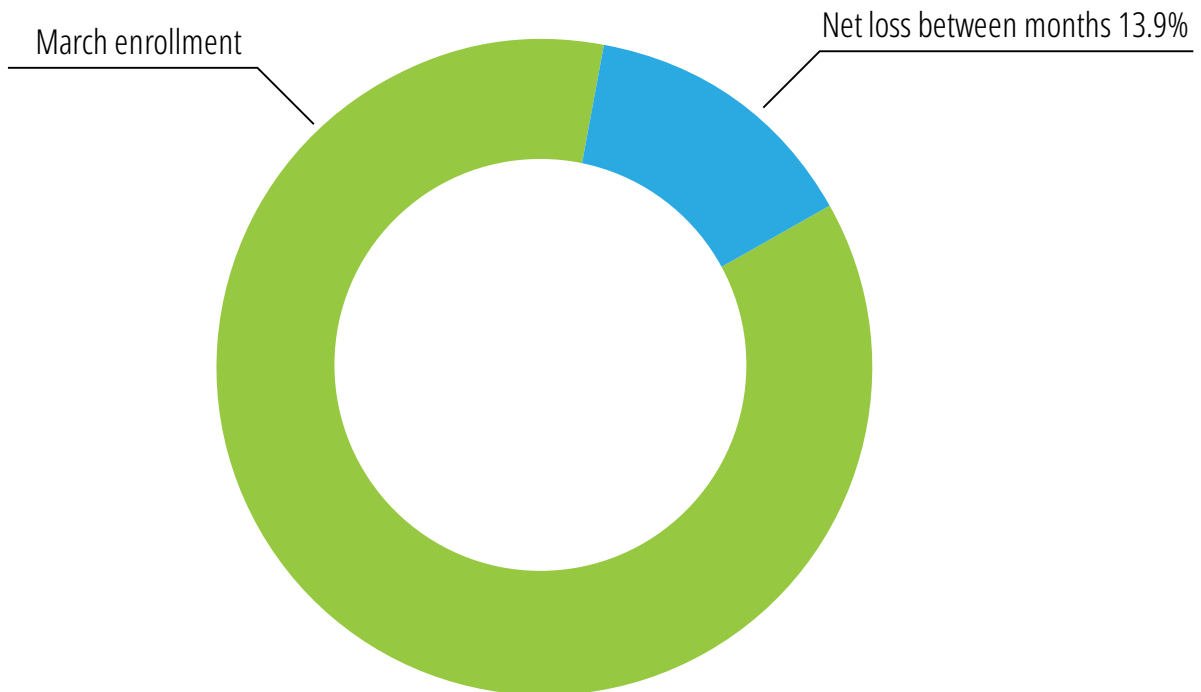

March 2024 data highlights

126,751 clients due for renewal

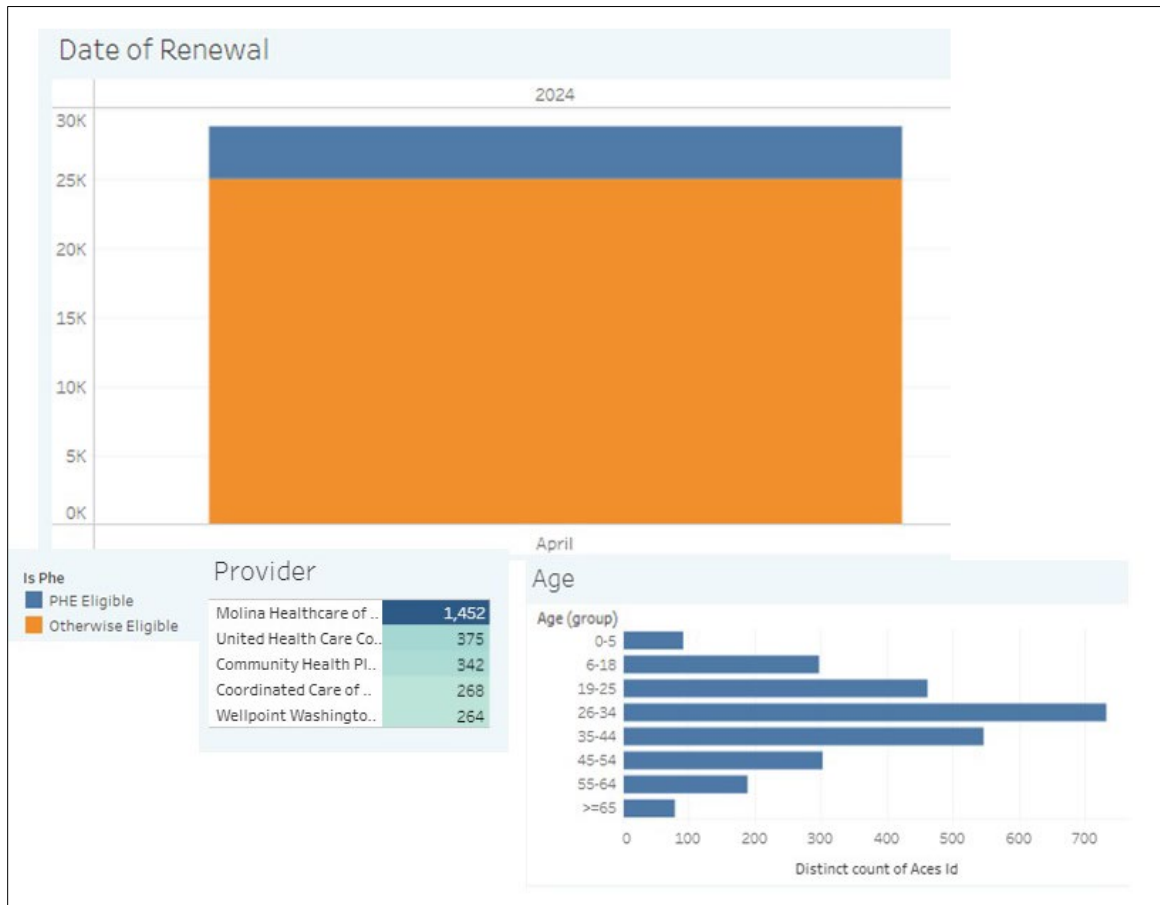

Starting enrollment in May 2023

Public Health Emergency Eligibility Dashboard

Terminations for not renewing eligibility resumed May 31, 2023. The data tables below¹ illustrate the volume of individuals that may lose coverage. Clients receiving Apple Health due to the PHE will have eligibility redetermined at their next renewal.

Color key

This key corresponds with the image above.

Blue shows clients who were extended on Apple Health due to the PHE continuous enrollment requirement. Orange shows all other clients.

Example table	Clients extended due to PHE	All other clients
Example	Example	Example

Clients due for renewal 03/31/2024 (Modified Adjusted Gross Income (MAGI) and Classic): 126,751²

¹ Data source: ProviderOne (unless otherwise noted)

² Data source: Automated Client Eligibility System (ACES), the Medicaid eligibility system of record

MAGI data

Overall eligibility by month

Data as of 04/09/2024.

Month/Year	Clients extended due to PHE	All other clients

Apple Health Termination Dashboard³

The data tables below are point-in-time show the number of clients terminated from Apple Health at the end of each month; this is regardless of their renewal end date or if they return (churn) to Apple Health at a later date. For example, a client originally due for renewal 03/31/2024 but reported a change that resulted in ineligibility 05/31/2023 is counted as a termination in May 2023. View our [talking points for more information](#).

All clients regardless of PHE status (MAGI and Classic)

Number of terminations for all reasons

Data as of 04/09/2024.

Termination date	MAGI clients terminated	Classic clients terminated	Total terminated
05/31/2023	107,647	8,316	115,963
06/30/2023	107,423	6,757	114,180

Note: This report sunsets June 2024. Data is preliminary for recent months since individuals may requalify for Apple Health within two months of coverage ending. For questions, email AHeligCOVID19@hca.wa.gov. Find other Apple Health client eligibility data on [HCA's client eligibility data dashboard](#).

Termination categories

The following termination categories are used on pages 9-10.

- **Client did not respond to renewal request:** Client could not be automatically renewed through an exparte process and did not complete or return a renewal or eligibility review form when requested. Clients are given at least 30 days to complete a renewal.
- **Client did not respond to verification request:** Required verification was requested from the client after exhausting available verification sources. Verification is needed to determine ongoing eligibility, but the client did not respond.
- **Client requested closure:** Client chose to terminate Apple Health coverage.
- **Financial eligibility reason:** Includes terminations for over Apple Health program income and, when applicable, resource limits.
- **Non-financial eligibility reason:** Includes clients terminated from Apple Health for moving out of state, passing away, or not meeting certain non-income/resource requirements.
