Nondurable Medical Supplies and Equipment Billing Guide

January 1, 2019

Every effort has been made to ensure this guide's accuracy. If an actual or apparent conflict between this document and an agency rule arises, the agency rules apply.

About this guide*

This guide takes effect January 1, 2019, and supersedes earlier guides to this program.

HCA is committed to providing equal access to our services. If you need an accommodation or require documents in another format, please call 1-800-562-3022. People who have hearing or speech disabilities, please call 711 for relay services.

Services and/or equipment related to any of the programs listed below must be billed using the agency's Washington Apple Health program-specific billing guides:

- [Medical Equipment Billing Guide](#)
- [Medical Nutrition Billing Guide](#)
- [Home Infusion Therapy Billing Guide](#)
- [Prosthetic/Orthotic Devices and Supplies Billing Guide](#)

Washington Apple Health means the public health insurance programs for eligible Washington residents. Washington Apple Health is the name used in Washington State for Medicaid, the children's health insurance program (CHIP), and state-only funded health care programs. Washington Apple Health is administered by the Washington State Health Care Authority.

How can I get agency provider documents?

To access provider alerts, go to the agency's [provider alerts](#) webpage.

To access provider documents, go to the agency's [provider billing guides and fee schedules](#) webpage.

Where can I download agency forms?

To download an agency provider form, go to HCA's Billers and providers webpage, select [Forms & publications](#). Type the HCA form number into the **Search box** as shown below (Example: 13-835).

The screenshot shows the Washington State Health Care Authority website. At the top left is the logo for Washington State Health Care Authority. At the top right are links for Search, Home, About HCA, and Contact HCA. Below the logo is a dark blue header with the text 'Billers and providers' and a green 'ProviderOne' button. Underneath the header is a navigation menu with 'Forms & publications' (underlined), 'News', 'Electronic Health Records (EHR)', and 'Contact Us'. The main content area is titled 'Forms & publications' and contains a search interface. It features a search box with a magnifying glass icon, two dropdown menus both set to '- Any -', and a 'Sort by' dropdown menu set to 'Name (A-Z)'. A blue 'Search' button is located below the search box. A blue arrow points from the search box to the 'Forms & publications' text in the navigation menu.

Definitions

This list defines terms and abbreviations, including acronyms, used in this billing guide. Refer to [Chapter 182-500 WAC](#) for a complete list of definitions for Washington Apple Health.

Date of Delivery – The date the client actually took physical possession of an item or equipment. (WAC [182-543-1000](#))

Digitized speech – (Also referred to as devices with whole message speech output) - Words or phrases that have been recorded by a person other than the speech generating device (SGD) user for playback upon command of the SGD user.

Healthcare Common Procedure Coding System (HCPCS) – A coding system established by the Health Care Financing Administration to define services and procedures. (WAC 182-543-1000)

Medical Supplies – Health care items that are:

- Consumable or disposable or cannot withstand repeated use by more than one person.
- Required to address an individual medical disability, illness, or injury.
- Suitable for use in any setting which is not a medical institution and in which normal life activities take place.
- Generally not useful to a person in the absence of illness or injury. (WAC 182-543-1000)

Medical Equipment – All medical equipment, appliances, and supplies. (WAC 182-543-1000)

Personal or Comfort Item – An item or service that primarily serves the comfort or convenience of the client. (WAC 182-543-1000)

Plan of Care (POC) – (Also known as plan of treatment (POT)). A written plan of care that is established and periodically reviewed and signed by both a physician and a home health agency provider, that describes the home health care to be provided at the client’s residence. (WAC [182-551-2010](#))

Reusable Supplies – Supplies that are to be used more than once. (WAC 182-543-1000)

Synthesized Speech – A technology that translates a user’s input into device-generated speech using algorithms representing linguistic rules; synthesized speech is not the prerecorded messages of digitized speech. An SGD that has synthesized speech is not limited to pre-recorded messages but rather can independently create messages as communication needs dictate. (WAC 182-543-1000)

Warranty period – A guarantee or assurance, according to manufacturers’ or provider’s guidelines, of set duration from the date of purchase. (WAC [182-543-1000](#))

About the Program

(WAC [182-543-0500](#))

What products in general does the nondurable medical supplies and equipment (MSE) program cover?

The agency covers MSE listed within this billing guide, according to agency rules and subject to the limitations and requirements within this guide.

The agency pays for MSE when it is:

- Covered.
- Within the scope of the client's medical program (see WAC [182-501-0060](#) and WAC [182-501-0065](#)).
- Medically necessary, as defined in WAC [182-500-0005](#).
- Prescribed by a physician.
- Within the scope of his or her licensure, except for dual eligible Medicare/Medicaid clients when Medicare is the primary payer and the agency is being billed for copay and/or deductible only.
- Authorized, as required in:
 - ✓ Chapter [182-501](#) WAC.
 - ✓ Chapter [182-502](#) WAC.
 - ✓ Chapter [182-543](#) WAC.
 - ✓ This billing guide, see [Authorization](#).
- Provided and used within accepted medical or physical medicine community standards of practice.

The agency requires prior authorization (PA) for covered MSE when the clinical criteria are not met including the criteria associated with the expedited prior authorization (EPA) process.

Nondurable Medical Supplies and Equipment (MSE)

The agency evaluates PA requests on a case-by-case basis to determine medical necessity, according to the process found in WAC [182-501-0165](#).

The agency bases its determination about which MSE requires PA or EPA on utilization criteria. The agency considers all of the following when establishing utilization criteria:

- Cost
- The potential for utilization abuse
- A narrow therapeutic indication
- Safety

Note: See [Authorization](#) for more information.

The agency evaluates a request for any MSE item listed as noncovered under the provisions of WAC [182-501-0160](#). When EPSDT applies, the agency evaluates a noncovered service, equipment, or supply according to the process in WAC [182-501-0165](#) to determine if it is:

- Medically necessary.
- Safe.
- Effective.
- Not experimental (see the agency's current [Early and Periodic Screening, Diagnosis and Treatment \(EPSDT\) Program Billing Guide](#) for more information).

The agency evaluates a request for a service that is in a covered category, but has been determined to be experimental or investigational as defined by WAC [182-531-0050](#), under the provisions of WAC [182-501-0165](#) which relate to medical necessity.

The agency evaluates a request for a covered service that is subject to limitations or other restrictions and approves such a service beyond those limitations or restrictions when medically necessary, under the standards for covered services in WAC [182-501-0165](#) (see [Coverage/Limitations](#)).

Client Eligibility

(WAC [182-501-0060](#) and [182-501-0065](#))

Most Apple Health clients are enrolled in an agency-contracted managed care organization (MCO). This means that Apple Health pays a monthly premium to an MCO for providing preventative, primary, specialty, and other health services to Apple Health clients. Clients in managed care must see only providers who are in their MCO's provider network, unless prior authorized or to treat urgent or emergent care. See the agency's [Apple Health managed care page](#) for further details.

It is important to always check a client's eligibility prior to providing any services because it affects who will pay for the services.

How do I verify a client's eligibility?

Check the client's Services Card or follow the two-step process below to verify that a client has Apple Health coverage for the date of service and that the client's benefit package covers the applicable service. This helps prevent delivering a service the agency will not pay for.

Is the client enrolled in an agency-contracted managed care organization (MCO), in a behavioral health organization (BHO), or is the client receiving services through fee-for-service (FFS) Apple Health?

Verifying eligibility is a two-step process:

Step 1. Verify the patient's eligibility for Apple Health. For detailed instructions on verifying a patient's eligibility for Apple Health, see the *Client Eligibility, Benefit Packages, and Coverage Limits* section in the agency's [ProviderOne Billing and Resource Guide](#).

If the patient is eligible for Apple Health, proceed to **Step 2**. If the patient is **not** eligible, see the note box below.

Step 2. Verify service coverage under the Apple Health client's benefit package. To determine if the requested service is a covered benefit under the Apple Health client's benefit package, see the agency's [Program Benefit Packages and Scope of Services](#) webpage.

Note: Patients who are not Apple Health clients may submit an application for health care coverage in one of the following ways:

1. By visiting the Washington Healthplanfinder's website at:
www.wahealthplanfinder.org
2. By calling the Customer Support Center toll-free at: 855-WAFINDER (855-923-4633) or 855-627-9604 (TTY)
3. By mailing the application to:
Washington Healthplanfinder
PO Box 946
Olympia, WA 98507

In-person application assistance is also available. To get information about in-person application assistance available in their area, people may visit www.wahealthplanfinder.org or call the Customer Support Center.

Are clients enrolled in an agency-contracted managed care organization (MCO) eligible?

(WAC [182-538-060](#) and [182-538-095](#) or WAC [182-538-063](#) for managed care clients)

Yes. When verifying eligibility using ProviderOne, if the client is enrolled in an agency-contracted managed care organization (MCO), managed care enrollment will be displayed on the client benefit inquiry screen in ProviderOne. All services must be requested directly through the client's Primary Care Provider (PCP). Clients can contact their MCO by calling the telephone number provided to them.

All medical services covered under an agency-contracted MCO must be obtained by the client through designated facilities or providers. The MCO is responsible for the following:

- Payment of covered services
- Payment of services referred by a provider participating in the MCO to an outside provider

The agency does not pay for medical equipment and/or services provided to a client who is enrolled in an agency-contracted MCO, but did not use one of the plan's participating providers. (WAC [182-543-1100](#))

Note: To prevent billing denials, check the client's eligibility **prior** to scheduling services and at the **time of the service** and make sure proper authorization or referral is obtained from the MCO. See the agency's [ProviderOne Billing and Resource Guide](#) for instructions on how to verify a client's eligibility.

Managed care enrollment

Apple Health (Medicaid) places clients into an agency-contracted MCO the same month they are determined eligible for managed care as a new or renewing client. This eliminates a person being placed temporarily in FFS while they are waiting to be enrolled in an MCO or reconnected with a prior MCO. This enrollment policy also applies to clients in FFS who have a change in the program they are eligible for.

New clients are those initially applying for benefits or those with changes in their existing eligibility program that consequently make them eligible for Apple Health managed care. Renewing clients are those who have been enrolled with an MCO but have had a break in enrollment and have subsequently renewed their eligibility.

Checking eligibility

- Providers must check eligibility and know when a client is enrolled and with which MCO. For help with enrolling, clients can refer to the Washington Healthplanfinder's [Get Help Enrolling](#) page.
- MCOs have retroactive authorization and notification policies in place. The provider must know the MCO's requirements and be compliant with the MCO's policies.

Behavioral Health Organization (BHO)

The Health Care Authority manages the contracts for behavioral health services (mental health and substance use disorder) for the following four Regional Service Areas (RSAs):

- **Great Rivers:** Includes Cowlitz, Grays Harbor, Lewis, Pacific, and Wahkiakum counties
- **North Sound:** Includes Island, San Juan, Skagit, Snohomish, and Whatcom counties
- **Salish:** Includes Clallam, Jefferson, and Kitsap counties
- **Thurston-Mason:** Includes Thurston and Mason counties

To view a map and table of the integrated managed care plans available within each region, please see [Changes coming to Washington Apple Health](#). You may also refer to the agency's [Apple Health managed care webpage](#).

See the agency's [Mental Health Services Billing Guide](#) for details.

Apple Health – Changes for January 1, 2019

Effective January 1, 2019, agency-contracted managed care organizations (MCOs) in certain Region Service Areas (RSAs) will expand their coverage of behavioral health services (mental health and substance use disorder treatment), along with continuing to cover physical health services. The RSAs are outlined in the [Integrated Managed Care Regions](#) section.

Apple Health clients who are not enrolled in an agency-contracted MCO for their physical health services (e.g., dual-eligible Medicare-Medicaid clients) will still receive their behavioral health services through one of the agency-contracted MCOs. The MCO will provide only behavioral health services for the client.

Most clients will remain with the same health plan, except in regions where client's plan will no longer be available. HCA will auto-enroll these clients to one of the offered plans.

Clients can change their plan at any time by:

- Visiting the [ProviderOne Client Portal](#).
- Calling Apple Health Customer Service toll-free at 1-800-562-3022. This automated system is available 24 hours a day, 7 days a week.
- Requesting a change online through our secure [Contact us – Apple Health \(Medicaid\) client web form](#). Select the topic “Enroll/Change Health Plans.”
- Visiting the [Washington Healthplanfinder](#) (only for clients with a Washington Healthplanfinder account).

Integrated managed care

For clients who live in an integrated managed care region, all physical health services, mental health services, and drug and alcohol treatment are covered and coordinated by the client's agency-contracted MCO. The BHO will not provide behavioral health services in these regions.

Clients living in an integrated managed care region will enroll with an MCO of their choice that is available in that region. If the client does not choose an MCO, the client will be automatically enrolled into one of the available MCOs, unless the client is American Indian/Alaska Native (AI/AN). Clients currently enrolled in one of the available MCOs in their region may keep their enrollment when the behavioral health services are added.

Nondurable Medical Supplies and Equipment (MSE)

American Indian/Alaska Native (AI/AN) clients living in an integrated managed care region of Washington may choose to enroll in one of the agency-contracted MCOs available in that region or they may choose to receive all these services through Apple Health FFS. If they do not choose an MCO, they will be automatically enrolled into Apple Health FFS for all their health care services, including comprehensive behavioral health services. See the agency's [American Indian/Alaska Native webpage](#).

For more information about the services available under the FFS program, see the agency's [Mental Health Services Billing Guide](#) and the [Substance Use Disorder Billing Guide](#).

For full details on integrated managed care, see the agency's [Changes to Apple Health managed care webpage](#).

Integrated managed care regions

Clients who reside in the following integrated managed care regions and who are eligible for managed care enrollment must choose an available MCO in their region. Details, including information about mental health crisis services, are located on the agency's [Apple Health managed care webpage](#).

Existing integrated managed care regions – Expanding January 1, 2019

- **North Central** (Chelan, Douglas, Grant, and Okanogan counties)
The agency expanded this region to include Okanogan County.
- **Southwest Washington** (Clark, Klickitat, and Skamania counties)
The agency expanded this region to include Klickitat County.

New integrated managed care regions – Effective January 1, 2019

The following new regions are implemented for integrated managed care:

- **Greater Columbia** (Asotin, Benton, Columbia, Franklin, Garfield, Kittitas, Walla Walla, Yakima, and Whitman counties)
- **King** (King County)
- **Pierce** (Pierce County)
- **Spokane** (Adams, Ferry, Lincoln, Pend Oreille, Spokane, and Stevens counties)

Integrated Apple Health Foster Care (AHFC)

Effective January 1, 2019, children and young adults in the Foster Care, Adoption Support and Alumni programs who are enrolled in Coordinated Care of Washington's (CCW) Apple Health Foster Care program will receive both medical and behavioral health services from CCW.

Clients under this program are:

- Under the age of 21 who are in foster care (out of home placement)
- Under the age of 21 who are receiving adoption support
- Age 18-21 years old in extended foster care
- Age 18 to 26 years old who aged out of foster care on or after their 18th birthday (alumni)

These clients are identified in ProviderOne as
"Coordinated Care Healthy Options Foster Care."

Fee-for-service Apple Health Foster Care

Children and young adults in the fee-for-service Apple Health Foster Care, Adoption Support and Alumni programs receive behavioral health services through the regional Behavioral Health Administrative Services Organization (BH-ASO). For details, see the agency's [Mental Health Services Billing Guide](#), under *How do providers identify the correct payer?*

Provider/Manufacturer Information

(WAC [182-543-2000](#))

What types of nondurable medical supplies and equipment (MSE) and related services does the agency pay for?

The agency pays qualified providers for nondurable medical supplies and equipment (MSE) on a fee-for-service basis as follows:

- MSE providers for MSE and related repair services
- Medical equipment dealers, pharmacies, and home health agencies under their national provider identifier (NPI) for medical supplies
- Physicians who provide medical equipment and supplies in the office (the agency may pay separately for medical supplies, subject to the provisions in the agency's resource-based relative value scale fee schedule)
- Out-of-state orthotics and prosthetics providers who meet their state regulations.

Providers and suppliers of MSE must:

- Meet the general provider requirements in chapter [182-502](#) WAC.
- Be enrolled with Medicaid and Medicare.
- Have the proper business license.
- Be certified, licensed and/or bonded if required, to perform the services billed to the agency.
- Provide instructions for use of equipment.
- Furnish to clients only new equipment that includes full manufacturer and dealer warranties.
- Furnish, upon agency request, documentation of proof of delivery (See [How do I provide proof of delivery?](#)).
- Bill the agency using only the allowed procedure codes within this billing guide (see [Nondurable MSE Coverage Table](#)).

Nondurable Medical Supplies and Equipment (MSE)

- Have a valid prescription. To be valid, a prescription must:
 - ✓ Be written on the agency's *Prescription* form, HCA 13-794. See [Where can I download agency forms?](#)
 - ✓ Be written by a physician.
 - ✓ Be written, signed (including the prescriber's credentials), and dated by the prescriber on the same day and before delivery of the supply, equipment, or device. Prescriptions must not be back-dated.
 - ✓ Be no older than one year from the date the prescriber signs the prescription.
 - ✓ State the specific item or service requested, diagnosis, estimated length of need (weeks, months, or years), and quantity.

Note: For dual eligible Medicare/Medicaid clients when Medicare is the primary payer and the agency is being billed for only the copay and/or deductible, the above does not apply.

How can equipment/supplies be added to the covered list in this billing guide?

(WAC [182-543-2100](#))

Any interested party, such as providers, suppliers, or manufacturers may request the agency to include new equipment/supplies within this billing guide

- The request should include credible evidence, including but not limited to:
 - ✓ Manufacturer's literature.
 - ✓ Manufacturer's pricing.
 - ✓ Clinical research/case studies (including FDA approval, if required).
 - ✓ Proof of the Centers for Medicare and Medicaid Services (CMS) certification, if applicable.
 - ✓ Any additional information the requester feels would aid the agency in its determination.

Send requests to:

Medical Equipment Program Management Unit
PO Box 45506
Olympia WA 98504-5506

How do providers furnish proof of delivery?

(WAC [182-543-2200](#))

When a provider delivers an item directly to the client or the client's authorized representative, the provider must furnish the proof of delivery when the agency requests that information.

All of the following apply:

- The agency requires a delivery slip as proof of delivery, and it must:
 - ✓ Be signed and dated by the client or the client's authorized representative (the date of signature must be the date the item was received by the client).
 - ✓ Include the client's name and a detailed description of the item(s) delivered, including the quantity and brand name.
 - ✓ For MSE that may require future repairs, include the serial number.
- When the provider or supplier submits a claim for payment to the agency, the date of service on the claim must be one of the following:
 - ✓ For a one-time delivery, the date the item was received by the client or authorized representative
 - ✓ For nondurable medical supplies for which the agency has established a monthly maximum, on or after the date the item was received by the client or authorized representative

When a provider uses a delivery/shipping service to deliver items which are not fitted to the client, the provider must furnish proof of delivery that the client received the equipment and/or supply, when the agency requests that information.

- If the provider uses a delivery/shipping service, the tracking slip is the proof of delivery. The tracking slip must include:
 - ✓ The client's name or a reference to the client's package(s).
 - ✓ The delivery service package identification number.
 - ✓ The delivery address.
- If the provider/supplier delivers the product, the proof of delivery is the delivery slip. The delivery slip must include:
 - ✓ The client's name.
 - ✓ The shipping service package identification number.
 - ✓ The quantity, detailed description(s), and brand name(s) of the items being shipped.
 - ✓ For MSE that may require future repairs, include the serial number.

Nondurable Medical Supplies and Equipment (MSE)

- When billing the agency use one of the following:
 - ✓ Use the shipping date as the date of service on the claim if the provider uses a delivery/shipping service.
 - ✓ Use the actual date of delivery as the date of service on the claim if the provider/supplier does the delivery.

Note: A provider must not use a delivery/shipping service to deliver items which must be fitted to the client.

Providers must obtain prior authorization (PA) when required before delivering the item to the client. The item must be delivered to the client before the provider bills the agency.

The agency does not pay for MSE furnished to the agency's clients when:

- The medical professional who provides medical justification to the agency for the item provided to the client is an employee of, has a contract with, or has any financial relationship with the provider of the item.
- The medical professional who performs a client evaluation is an employee of, has a contract with, or has any financial relationship with a provider of MSE.

How does the agency decide whether to rent or purchase equipment?

(WAC [182-543-2250](#))

- The agency bases its decision to rent or purchase nondurable medical equipment (MSE) on the length of time the client needs the equipment.
- A provider must not bill the agency for the rental or purchase of equipment supplied to the provider at no cost by suppliers/manufacturers.
- The agency purchases **new** MSE equipment only.
 - ✓ A **new** MSE item that is placed with a client initially as a rental item is considered a new item by the agency at the time of purchase.
 - ✓ A **used** MSE item that is placed with a client initially as a rental item **must** be replaced by the supplier with a new item prior to purchase by the agency.

Nondurable Medical Supplies and Equipment (MSE)

- The agency requires a dispensing provider to ensure the MSE rented to a client is both of the following:
 - ✓ In good working order
 - ✓ Comparable to equipment the provider rents to clients with similar medical equipment needs who are either private pay clients or who have other third-party coverage
- The agency's minimum rental period for covered MSE is one day.
- The agency authorizes rental equipment for a specific period of time. The provider must request authorization from the agency for any extension of the rental period.
- The agency's reimbursement amount for rented MSE includes all of the following:
 - - ✓ Delivery to the client
 - ✓ Fitting, set-up, and adjustments
 - ✓ Maintenance, repair and/or replacement of the equipment
 - ✓ Return pickup by the provider
- The agency considers rented equipment to be purchased after a 12-month rental, unless the equipment is restricted as rental only.
- MSE purchased by the agency for a client are the client's property.
- The agency rents, but does not purchase, certain MSE for clients.
- The agency stops paying for any rented equipment effective the date of a client's death. The agency prorates monthly rentals as appropriate.
- For a client who is eligible for both Medicare and Medicaid, the agency pays only the client's coinsurance and deductibles. The agency discontinues paying the client's coinsurance and deductibles for rental equipment when either of the following applies:
 - ✓ The reimbursement amount reaches Medicare's reimbursement cap for the equipment.
 - ✓ Medicare considers the equipment purchased.
- The agency does not obtain or pay for insurance coverage against liability, loss and/or damage to rental equipment that a provider supplies to a client.

Coverage/Limitations

(WAC [182-543-5500](#))

What is covered?

The agency covers, without prior authorization (PA), the following nondurable medical supplies and equipment (MSE) and related services:

- Antiseptics and germicides:
 - ✓ Alcohol (isopropyl) or peroxide (hydrogen) - 1 pint per month
 - ✓ Alcohol wipes (box of 200) - 1 box per month
 - ✓ Betadine or phisoHex solution - 1 pint per month
 - ✓ Betadine or iodine swabs/wipes (box of 100) - 1 box per month
- Bandages, dressings, and tapes
- Batteries – replacement batteries:
 - ✓ The agency pays for the purchase of replacement batteries for wheelchairs.
 - ✓ The agency does not pay for wheelchair replacement batteries that are used for speech generating devices (SGDs) or ventilators. See the agency's [Medical Equipment & Non-CRT Wheelchairs Billing Guide](#) for speech generating devices and the agency's [Respiratory Care Billing Guide](#) for ventilators.
- Blood monitoring/testing supplies:
 - ✓ Replacement battery of any type, used with a client-owned, medically necessary home or specialized blood glucose monitor - 1 in a 3-month period
 - ✓ Spring-powered device for lancet - 1 in a 6-month period
 - ✓ Diabetic test strips as follows:
 - For children, age 20 and younger, as follows:

Nondurable Medical Supplies and Equipment (MSE)

- Syringes and needles
- Urological supplies - diapers and related supplies:
 - ✓ The standards and specifications in this section apply to all disposable incontinence products (e.g., briefs, diapers, pull-up pants, underpads for beds, liners, shields, guards, pads, and undergarments)
 - ✓ All of the following apply to all disposable incontinence products:
 - All materials used in the construction of the product must be safe for the client's skin and harmless if ingested
 - Adhesives and glues used in the construction of the product must not be water-soluble and must form continuous seals at the edges of the absorbent core to minimize leakage
 - The padding must provide uniform protection
 - The product must be hypoallergenic
 - The product must meet the flammability requirements of both federal law and industry standards
 - All products are covered for client personal use only
 - ✓ In addition, diapers must:
 - Be hourglass shaped with formed leg contours.
 - Have an absorbent filler core that is at least one-half inch from the elastic leg gathers.
 - Have leg gathers that consist of at least 3 strands of elasticized materials.
 - Have an absorbent core that consists of cellulose fibers mixed with absorbent gelling materials.
 - Have a back sheet that is moisture impervious and is at least 1.00 mm thick, designed to protect clothing and linens.
 - Have a top sheet that resists moisture returning to the skin.
 - Have an inner lining that is made of soft, absorbent material.

Nondurable Medical Supplies and Equipment (MSE)

- Have either a continuous waistband, or side panels with a tear-away feature, or refastenable tapes, as follows:
 - For child diapers, at least 2 tapes, 1 on each side
 - The tape adhesive must release from the back sheet without tearing, and permit a minimum of 3 fastening/unfastening cycles
- ✓ In addition pull-up pants and briefs must meet the following specifications:
 - Be made like regular underwear with an:
 - Elastic waist.
 - Have at least 4 tapes, 2 on each side or 2 large tapes, one on each side.
 - Have an absorbent core filler that is at least one-half inch from the elastic leg gathers
 - Have an absorbent core that consists of cellulose fibers mixed with absorbent gelling
 - Have leg gathers that consist of at least 3 strands of elasticized materials
 - Have a back sheet that is:
 - Moisture impervious, is at least 1.00 mm thick.
 - Designed to protect clothing and linens.
 - Have an inner lining made of soft, absorbent material.
 - Have a top sheet that resists moisture returning to the skin.
- ✓ In addition, underpads are covered only when used for clients with incontinence, and only when used for protection on a client's bed, and must meet the following specifications:
 - Have an absorbent layer that is at least one and one-half inches from the edge of the underpad.
 - Be manufactured with a waterproof backing material.
 - Be able to withstand temperatures not to exceed 140 degrees Fahrenheit.
 - Have a covering or facing sheet that is made of nonwoven, porous materials that have a high degree of permeability, allowing fluids to pass

Nondurable Medical Supplies and Equipment (MSE)

through and into the absorbent filler. The patient contact surface must be soft and durable.

- Have filler material that is highly absorbent. It must be heavy weight fluff filler or the equivalent.
 - Have 4-ply, nonwoven facing, sealed on all 4 sides.
- ✓ In addition liners, shields, guards, pads, and undergarments are covered for incontinence only and must meet the following specifications:
- Have channels to direct fluid throughout the absorbent area, and leg gathers to assist in controlling leakage, and/or be contoured to permit a more comfortable fit.
 - Have a waterproof backing designed to protect clothing and linens.
 - Have an inner liner that resists moisture returning to the skin.
 - Have an absorbent core that consists of cellulose fibers mixed with absorbent gelling materials.
 - Have pressure-sensitive tapes on the reverse side to fasten to underwear.
 - For undergarments only, be contoured for a good fit, have at least 3 elastic leg gathers, and may be belted or unbelted.
- ✓ The agency pays for urological products when they are used alone. The following are examples of products in which the agency does not pay for when used in combination with:
- Disposable diapers.
 - Disposable pull-up pants and briefs.
 - Disposable liners, shields, guards, pads, and undergarments.
 - Rented reusable diapers (e.g., from a diaper service).
 - Rented reusable briefs (e.g., from a diaper service) or pull-up pants.
- ✓ The agency approves a client's use of a combination of products only when the client uses different products for daytime and nighttime use.

Nondurable Medical Supplies and Equipment (MSE)

Example: Pull-up pants for daytime use and disposable diapers for nighttime use. The total quantity of all products in this section used in combination cannot exceed the monthly limitation for the product with the highest limit.

Clients Residing in a Skilled Nursing Facility

(WAC [182-543-5700](#))

What does the per diem rate include for a skilled nursing facility?

The agency's skilled nursing facility per diem rate, established in chapter [74.46](#) RCW, chapter [388-96](#) WAC, and chapter [388-97](#) WAC, includes any reusable and disposable medical supplies that may be required for a skilled nursing facility client, unless otherwise specified in this billing guide.

The agency pays for the following covered nondurable medical supplies and equipment (MSE) outside of the skilled nursing facility per diem rate, subject to the limitations in this billing guide.

Manual and power-drive wheelchairs

(WAC [182-543-5700](#)(2))

The agency pays for one manual or one power-drive wheelchair for clients who reside in a skilled nursing facility, with prior authorization (PA), according to the requirements in WAC [182-543-4100](#), WAC [182-543-4200](#), and WAC [182-543-4300](#).

Requests for PA must:

- Be for the exclusive full-time use of a skilled nursing facility resident.
- Not be included in the skilled nursing facility's per diem rate.
- Include a completed *General Information for Authorization* form, 13-835. See [Where can I download agency forms?](#)
- Include a copy of the telephone order, signed by the physician, for the wheelchair assessment.
- Include a completed *Medical Necessity for Wheelchair Purchase for Nursing Facility Clients* form, 19-0006. See [Where can I download agency forms?](#)

Nondurable Medical Supplies and Equipment (MSE)

The agency pays for wheelchair accessories and modifications that are specifically identified by the manufacturer as separate line item charges, with prior authorization (PA). To receive payment, providers must submit the following to the agency:

- A completed *Prescription* form, 13-794. See [Where can I download agency forms?](#)
- A completed *Medical Necessity for Wheelchair Purchase for Nursing Facility Clients* form, 19-0006. The date on form 19-0006 must not be prior to the date on the *Prescription* form, 13-794. (For more information, see [Where can I download agency forms?](#))
- The make, model, and serial number of the wheelchair to be modified.
- The modification requested.
- Specific information regarding the client's medical condition that necessitates modification to the wheelchair.

The agency pays for wheelchair repairs, with PA. To receive payment, providers must submit the following to the agency:

- A completed *Medical Necessity for Wheelchair Purchase For Nursing Facility (NF) Clients* form, 19-0006. See [Where can I download agency forms?](#)
- The make, model, and serial number of the wheelchair to be repaired.
- The repair requested.

PA is required for the repair and modification of client-owned equipment.

The skilled nursing facility must provide a house wheelchair as part of the per diem rate, when the client resides in a skilled nursing facility.

When the client is eligible for both Medicare and Medicaid and is residing in a skilled nursing facility in lieu of hospitalization, the agency does not reimburse for MSE and labor charges under fee-for-service (FFS).

Speech generating devices (SGD)

(WAC [182-543-5700](#)(2))

The agency pays for the purchase and repair of a speech generating device (SGD), with PA. The agency pays for replacement batteries for SGDs in accordance with WAC [182-543-5500](#)(3).

Specialty beds

(WAC [182-543-5700\(2\)](#))

The agency pays for the purchase or rental of a specialty bed (a heavy duty bariatric bed is not a specialty bed), with prior authorization (PA), when:

- The specialty bed is intended to help the client heal.
- The client's nutrition and laboratory values are within normal limits.

The agency considers decubitus care products to be included in the skilled nursing facility per diem rate and does not reimburse for these separately.

What does the agency pay for outside the per diem rate?

(WAC [182-543-5700\(13\)](#))

The agency pays for the following medical supplies for a client in a skilled nursing facility outside the skilled nursing facility per diem rate:

- Medical supplies or services that replace all or parts of the function of a permanently impaired or malfunctioning internal body organ. This includes, but is not limited to the following:
 - ✓ Colostomy and other ostomy bags and necessary supplies; and (see WAC [388-97-1060\(3\)](#), nursing homes/quality of care).
 - ✓ Urinary retention catheters, tubes, and bags, excluding irrigation supplies.
- Supplies for intermittent catheterization programs, for the following purposes:
 - ✓ Long term treatment of atonic bladder with a large capacity.
 - ✓ Short term management for temporary bladder atony.
- Surgical dressings required as a result of a surgical procedure, for up to six weeks post-surgery.

Authorization

(WAC [182-543-7000](#))

What is authorization?

Authorization is the agency's approval for certain medical services, equipment, or supplies, before the services are provided to clients, as a precondition for provider reimbursement. **Prior authorization (PA), expedited prior authorization (EPA) and limitation extensions (LE) are forms of authorization.**

The agency requires providers to obtain authorization for covered nondurable medical equipment and supplies (MSE) and related services as required in:

- This billing guide.
- Any applicable numbered memoranda.
- Chapter [182-501](#) WAC, chapter [182-502](#) WAC, and chapter [182-543](#) WAC.
- When the clinical criteria required within this section are not met.

For PA, a provider must submit a written request to the agency as specified (see [When does the agency require PA?](#)).

All requests for PA must be accompanied by a completed *General Information for Authorization* form, 13-835 in addition to any program-specific agency forms as required in this billing guide. See [Where can I download agency forms?](#)

For EPA, a client must meet the clinically appropriate EPA criteria outlined within this billing guide. The appropriate EPA number must be used when the provider bills the agency. (See [When is EPA used?](#)).

When a service requires authorization, the provider must properly request authorization in accordance with the agency's rules and Washington Apple Health billing guides.

Note: The agency's authorization of service(s) does not guarantee payment.

When authorization is not properly requested, the agency rejects and returns the request to the provider for further action. The agency does not consider the rejection of the request to be a denial of service.

Authorization requirements in this section are not a denial of service to the client.

The agency may recoup any payment made to a provider if the agency later determines that the service was not properly authorized or did not meet the EPA criteria. See WAC [182-502-0100\(1\)\(c\)](#).

When does the agency require prior authorization (PA)?

(WAC [182-543-7100](#))

The agency requires providers to obtain PA for certain items and services before delivering that item or service to the client, except for dual-eligible Medicare/Medicaid clients when Medicare is the primary payer. The item or service must also be delivered to the client before the provider bills the agency.

All PA requests must be accompanied by a completed *General Information for Authorization* form, 13-835, in addition to any program-specific agency forms as required within this billing guide. See [Where can I download agency forms?](#)

When the agency receives the initial request for PA, the prescription(s) for those items or services must not be older than three months from the date the agency receives the request.

What information does the agency require for PA?

The agency requires certain information from providers in order to PA the purchase or rental of equipment. This information includes, but is not limited to:

- The manufacturer's name.
- The equipment model and serial number.
- A detailed description of the item.
- Any modifications required, including the product or accessory number as shown in the manufacturer's catalog.

For PA requests, the agency requires the prescribing provider to furnish patient-specific justification for base equipment and each requested line item accessory or modification as identified by the manufacturer as a separate charge. The agency does not accept general standards of care or industry standards for generalized equipment as justification.

Nondurable Medical Supplies and Equipment (MSE)

The agency considers requests for new nondurable medical supplies and equipment (MSE) that do not have assigned Healthcare Common Procedure Coding System (HCPCS) codes and are not listed in the agency's Washington Apple Health billing guides. These items require PA.

When making authorization requests, providers must furnish the agency with all of the following information to establish medical necessity:

- A detailed description of the item(s) or service(s) to be provided
- The cost or charge for the item(s)
- A copy of the manufacturer's invoice, price list or catalog with the product description for the item(s) being provided
- A detailed explanation of how the requested item(s) differs from an already existing code description

The agency does not pay for purchase, rental, or repair of medical equipment that duplicates equipment the client already owns or rents. If the provider believes the purchase, rental, or repair of medical equipment is not duplicative, the provider must request PA and submit the following to the agency:

- Why the existing equipment no longer meets the client's medical needs.

-OR-

- Why the existing equipment could not be repaired or modified to meet those medical needs.

-AND-

- Upon request, documentation showing how the client's condition meets the criteria for PA or EPA.

When an item or service has been denied by the agency, a provider may re-submit a request for PA for the denied item or service. Upon re-submission for PA, the agency requires the provider to submit any additional documentation that further supports the client's need for the item or service that was previously denied.

How are photos and X-rays submitted for medical and medical equipment requests?

For submitting photos and X-rays for medical and medical equipment PA requests, use the FastLook™ and FastAttach™ services provided by Vyne Medical.

Register with [Vyne Medical](#) through their website.

Contact Vyne Medical at 865-293-4111 with any questions.

When this option is chosen, fax the request to the agency and indicate the MEA# in box 18 on the *General Information for Authorization* (HCA 13-835) form. **There is an associated cost, which will be explained by the MEA services.**

Note: See the agency [ProviderOne Billing and Resource Guide](#) and review the Prior Authorization (PA) chapter for more information on requesting authorization.

What is a limitation extension (LE)?

(WAC [182-543-7200](#))

The agency limits the amount, frequency, or duration of certain covered nondurable medical equipment and supplies (MSE), and pays up to the stated limit without requiring PA.

Certain covered items have limitations on quantity and frequency. These limits are designed to avoid the need for PA for items normally considered medically necessary and for quantities sufficient for a thirty-day supply for one client.

The agency requires a provider to request PA for a limitation extension (LE) in order to exceed the stated limits for MSE.

All requests for PA must be accompanied by a completed *General Information for Authorization* form, HCA 13-835 in addition to any program specific agency forms as required within this billing guide. See [Where can I download agency forms?](#)

The agency evaluates requests for LE under the provisions of WAC [182-501-0169](#).

When is expedited prior authorization (EPA) used?

(WAC [182-543-7300](#))

EPA is designed to eliminate the need for written and telephonic requests for PA for selected nondurable medical supplies and equipment (MSE) procedure codes.

The agency requires a provider to create an authorization number for EPA for selected MSE procedure codes. The process and criteria used to create the authorization number is explained within this billing guide. The authorization number must be used when the provider bills the agency.

Upon request, a provider must provide documentation to the agency showing how the client's condition met the criteria for EPA.

A written or telephone request for PA is required when a situation does not meet the EPA criteria for selected MSE procedure codes.

The agency may recoup any payment made to a provider under this section if the provider did not follow the required EPA process and criteria.

To bill the agency for MSE that meet the EPA criteria on the following pages, the vendor must create a 9-digit EPA number. The first five or six digits of the EPA number will be 870000 or 87000. The last three or four digits is the specific code which meets the EPA criteria.

For electronic billing, enter the EPA in the *Prior Authorization* section. For more information about entering EPA numbers, see the [Medical provider workshop webinar](#).

Vendors are reminded that EPA numbers are only for those products listed on the following pages. EPA numbers are not valid for:

- Other MSE requiring PA through the Medical Equipment program.
- Products for which the documented medical condition does not meet *all* of the specified criteria.
- Over-limitation requests.

The written or telephonic request for PA process must be used when a situation does not meet the criteria for a selected MSE code. Providers must submit the request to the medical equipment authorization unit or call for authorization.

Note: See the agency's [ProviderOne Billing and Resource Guide](#) for more information on requesting authorization.

Washington State Expedited Prior Authorization Criteria Coding List

Miscellaneous Supplies

Note: The following pertains to expedited prior authorization (EPA) numbers 851 - 852:

1. If the medical condition does not meet **all** of the specified criteria, prior authorization must be obtained by submitting a request in writing to Medical Equipment Program Management Unit or by calling the agency (see the [Resources Available](#) section within this billing guide).
2. It is the vendor's responsibility to determine whether the client has already used the product allowed with the EPA criteria within the previous 30 days.
3. For extension of authorization beyond the EPA amount allowed, the normal prior authorization process is required.
4. Must have a valid physician prescription as described in WAC [182-543-2000\(2\)\(c\)](#)
5. Length of need/life expectancy, as determined by the prescribing physician, and medical justification (including **all** of the specified criteria) must be documented in the client's file.
6. You may bill for only one procedure code, per client, per month.

Procedure Code	Description	EPA Code	Criteria
A4335	Incontinence supply, use for diaper doublers, each (age 3 and up).	851	Purchase of 90 per month allowed when all of the following criteria are met: a) Product is used for extra absorbency at nighttime only b) When prescribed by a physician

Billing

All claims must be submitted electronically to the agency, except under limited circumstances.
For more information about this policy change, see [Paperless Billing at HCA](#).
For providers approved to bill paper claims, see the agency's [Paper Claim Billing Resource](#).

What are the general billing requirements?

Providers must follow the agency's [ProviderOne Billing and Resource Guide](#). These billing requirements include:

- What time limits exist for submitting and resubmitting claims and adjustments
- When providers may bill a client
- How to bill for services provided to primary care case management (PCCM) clients
- How to bill for clients eligible for both Medicare and Medicaid
- How to handle third-party liability claims
- What standards to use for record keeping

Billing for clients eligible for both Medicare and Medicaid

Medicare Part D

Clients covered by Part D Medicare may have coverage for diabetes supplies associated with the administration of insulin. These medical supplies include the following:

- Syringes
- Needles
- Alcohol swabs
- Gauze
- Inhaled insulin devices

If you are unable to bill Part D Medicare on behalf of a client, you will need to refer the client to a supplier that can.

For more information on how to bill for clients eligible for both Medicare and Medicaid, refer to the agency's [ProviderOne Billing and Resource Guide](#).

Third-party liability (TPL)

If the client has third-party liability (TPL) coverage (excluding Medicare), prior authorization (PA) must still be obtained before providing any service requiring PA. For more information on TPL, refer to the agency’s [ProviderOne Billing and Resource Guide](#).

How do I bill shared services in ProviderOne?

See the [Social Services ProviderOne Billing Supplement for Providers of Medical Supplies and Equipment](#) for information about billing shared services (services shared between the Health Care Authority (HCA) and the Department of Social and Health Services (DSHS)). In order for ProviderOne to properly process claims for shared services, social service providers:

- Must exhaust covered benefits from all other available payers before billing services authorized by DSHS. This includes but is not limited to Medicare, managed care, private insurance, and HCA limitation extensions and exceptions to rule.
- Must not bill HCA-covered services on the same claim as DSHS-authorized services.

How do I bill claims electronically?

Instructions on how to bill Direct Data Entry (DDE) claims can be found on the agency’s [Billers and Providers](#) webpage, under [Webinars](#).

For information about billing Health Insurance Portability and Accountability Act (HIPAA) Electronic Data Interchange (EDI) claims, see the ProviderOne 5010 companion guides on the [HIPAA Electronic Data Interchange \(EDI\)](#) webpage.

The following instructions relate to the nondurable medical supplies and equipment:

Name	Entry	
Place of Service	These are the only appropriate code(s) for this billing guide:	
	<u>Code</u>	<u>To Be Used For</u>
	12	Client's residence
	13	Assisted living facility
	14	Group Home
	32	Nursing facility
	31	Skilled nursing facility
99	Other	

Where is the fee schedule for MSE?
