
Accessing TARGET2000

Introduction:

Because we are transmitting private client data, the security of the **TARGET2000** system is very important. As such, access to **TARGET2000** is very restricted and several safeguards must be passed before you can use the system. This booklet is designed to guide you through the process gaining access to **TARGET2000**. To break down what can seem to be a daunting task into more manageable portions this booklet is divided into the following sections.

If you wish, you can use this guide as a checklist, marking off the steps as you proceed through the sections. You do not need to complete all of these sections in one sitting, but it is best to complete each section that you start.

Section I	Getting Started System Requirements
Section II	Fax Agency Registration
Section III	Registering at Secure Access Washington (SAW) Creating a SAW account
Section IV	Registering for TARGET2000 Adding TARGET as a Service
Section V	Logging Into TARGET2000
Section VI	Frequently Asked Questions

Section I

Getting Started

Before we get started take a minute to make sure that you have everything set up. A few moments spent now will save you headaches later on.

Your computer should at least meet these minimum requirements:

- Internet Explorer version 8 or above
- Internet access
- Windows XP or above

Section II

Fax TARGET Agency Registration Form

Fax TARGET Agency Registration Form:

Fax the **TARGET Agency Registration** form (see below) to DBHR. This form needs to be signed by your agency director or for county staff or ATR users, by the county Alcohol and Drug Coordinator. Explanations of the form fields are on page two of that form.

The fax number for DBHR is **360-407-0369**. A copy of the TARGET Agency Registration form is included below.

DBHR will fax you confirmation that your TARGET Agency Registration form was received. The **Agency User Notification** sent to you will include:

- **TARGET2000** user id
- **TARGET2000** password
- **TARGET2000** service code (for adding a service at Secure Access Washington (SAW))

Please keep this form, as you will need this information in Section V, Logging into TARGET. You should continue the application process in Section III before receiving your Agency User Notification form.

You can expect to receive the Agency User Notification form within 5 business days. If you do not receive it within that time or have questions about this stage of the process, please call the Target Helpdesk at 888-461-8898.

It is recommended that you make copies of these forms and keep the originals to use as a template.

Frequently Asked Questions

How do I know what version of Internet Explorer I have?

Open up your Internet Explorer. Click on Help. Click on About Internet Explorer. The Version number should be at least version 7 or above.

How do I obtain a newer version of Internet Explorer?

If your browser is not at least version 7 you can download a free upgrade from www.microsoft.com. Contact your local technical support if you are having trouble with the installation. Please note that this is a large file and depending on the speed of your connection could take some time.

Why was my application to add TARGET2000 as a service refused?

Most commonly it is because either the TARGET Agency Registration Form has not been faxed in to DBHR or that the user id has been entered incorrectly. A copy of the TARGET Agency Registration form can be found in Section VIII. Your user id can be found on the User Notification form that DBHR has faxed back to you. Contact the **TARGET2000** Help Desk if you have any questions at 888-461-8898.

We have several computers; do we need to go through this entire process for each one?

- You would need to go through the entire process once for each **person** that will be accessing **TARGET2000**.

Now that I have access to TARGET2000, how do I use it?

If you or some of your staff would like to attend a training session please contact the **TARGET2000** Help desk at 888-461-8898.

How do I create a shortcut to TARGET2000?

You can create a shortcut by first navigating to <https://secureaccess.wa.gov/> Click on File, Send, Shortcut to Desktop. This will place a shortcut to the Secure Access Washington website on your desktop.

You can also click on Favorites, Add to Favorites to add SAW to your list of favorites.

What do I do when one of my data entry personnel leaves the agency?

Fax a TARGET Agency Registration form to DBHR indicating that this person should no longer have access to your agency's data. We will inactivate their access to **TARGET2000**.

I have questions. Who do I contact?

There are several sources that would be glad to assist you.
