RE: Washington State Plan Amendment (SPA) Transmittal Number 18-0016

Dear Ms. Birch and Ms. Lindeblad:

The Centers for Medicare & Medicaid Services (CMS) has completed its review of State Plan Amendment (SPA) Transmittal Number WA 18-0016. This amendment updated billing code and coverage changes from the Centers for Medicare and Medicaid Services (CMS), Medicaid, and other sources. This SPA also added a description of the payment methodology for critical care services.

This SPA is approved with an effective date of April 1, 2018.

If there are additional questions please contact me, or your staff may contact James Moreth at James.Moreth@cms.hhs.gov or (360) 943-0469.

Sincerely,

Wendy Hill Petras
Acting Associate Regional Administrator

cc:
Ann Myers, SPA Coordinator

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

STATE: WASHINGTON**POLICY AND METHODS USED IN ESTABLISHING PAYMENT RATES FOR EACH OF THE OTHER TYPES OF CARE OR SERVICE LISTED IN SECTION 1905(A) OF THE ACT THAT IS INCLUDED IN THE PROGRAM UNDER THE PLAN (cont)**

III. Physicians Services (cont)

F. Critical Care

1. More than one physician may be reimbursed if the services are distinctly separate services (i.e., involve multiple organ systems (unrelated diagnosis)).
2. In the emergency room, only one physician is reimbursed.
3. For inpatient critical care, only the attending physician(s) who assume(s) responsibility for care of the client during a life threatening episode is/are reimbursed.
4. Maximum allowable fees are established and updated using the Resource Based Relative Value Scale (RBRVS) methodology as adopted in the Medicare Fee Schedule Data Base (MFSDDB). In this methodology, under WAC 182-531-1850, the agency uses CMS-established relative value units (RVU) multiplied by both the Geographic Practice Cost Indices (GPCI) for Washington State (supplied by the Federal Register) and the conversion factors specific to Washington. The agency's conversion factor that is annually adjusted based on utilization and budget neutrality from year-to-year. For the current conversion factor, and further description, see Supplement 3 to Attachment 4.19-B.
5. Except as otherwise noted in the plan, fee schedule rates are the same for both governmental and private providers of critical care services.

G. Early Elective Deliveries

1. An early elective delivery is any non-medically necessary induction or cesarean section before 39 weeks of gestation. 39 weeks of gestation is greater than 38 weeks and 6 days.
2. Effective for dates of admission on and after January 1, 2016, the state does not pay for an early elective delivery unless it is medically necessary.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

STATE: WASHINGTON**POLICY AND METHODS USED IN ESTABLISHING PAYMENT RATES FOR EACH OF THE OTHER TYPES OF CARE OR SERVICE LISTED IN SECTION 1905 (A) OF THE ACT THAT IS INCLUDED IN THE PROGRAM UNDER THE PLAN (cont.)**

VI. Dental Services and Dentures

- A. The Medicaid agency pays directly to the specific provider the lesser of the usual and customary charge or a fee based on an agency fee schedule for dentures and dental services that are provided within their specific scope of practice by dentists, dental hygienists, and denturists throughout the state. There are no geographical or other variations in the fee schedule.
- B. The usual and customary charge is defined as that fee usually charged for a given service by an individual dentist, dental hygienist, or denturist to private patients (e.g., that provider's usual fee) and which fee is within the range of usual fees charged by dentists, dental hygienists, or denturists of similar training and experience.
- C. Except as otherwise noted in the plan, fee schedule rates are the same for both governmental and private providers of dentures, dental services and dental hygiene.

See 4.19-B I, General, #G for the agency's website where the fee schedules are published.

The agency's fee schedule rate was set as of April 1, 2018, and is effective for services provided on or after that date.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State WASHINGTON

VIII. Institutional Services (cont)

A. Outpatient hospital services (cont)

- iii. Uses the wage index information established and published by the Centers for Medicare and Medicaid Services (CMS) at the time the OPSS rates are set for the upcoming year. Wage index information reflects labor costs in the cost-based statistical area (CBSA) where a hospital is located.
- iv. Calculates the hospital-specific graduate medical education (GME) by dividing the direct GME cost reported on worksheet B, part 1, of the CMS cost report by the adjusted total costs from the CMS cost report.
- v. Uses the EAPG software to determine the following discounts:
 - Multiple Surgery/Significant Procedure – 50%
 - Bilateral Pricing – 150%
 - Repeat Ancillary Procedures – 50%
 - Terminated Procedures – 50%
- vi. Establishes a policy adjustor of 1.35 for services to clients age 17 and under, and establishes a policy adjustor of 1.10 for chemotherapy and combined chemotherapy/pharmacotherapy groups. These policy adjustors are not exclusive.

The statewide standardized conversion factor and all hospital-specific adjustments are effective April 1, 2018. See 4.19-B, I, General, #G for the agency's website where the fee schedule and conversion factors are published.

- c. Effective for dates of admission on or after July 1, 2013, supplemental payments will be paid for outpatient Medicaid services not to exceed the upper payment limit as determined by the available federal financial participation for fee-for-service claims. The supplemental payment is based on the distribution amount mandated by the legislature to the following hospital categories as defined in RCW 74.60.010:
 - Prospective Payment hospitals other than psychiatric or rehabilitation hospitals
 - Psychiatric hospitals
 - Rehabilitation hospitals
 - Border hospitals.

For hospitals designated as prospective payment system (PPS) hospitals, \$60,000,000 per state fiscal year. For hospitals designated as out-of-state border area hospitals, \$500,000 per state fiscal year.

The payment is calculated by applying the Medicaid fee-for-service rates in effect on July 1, 2009, to each hospital's Medicaid and CHIP outpatient fee-for-service claims and Medicaid and CHIP managed care encounter data for the base year as defined in RCW 74.60.010. This sum is divided by the aggregate total of all hospitals within each category to determine the individual hospital pro rata share percentage. The individual hospital payment is the pro rata percentage multiplied by the amount mandated to be distributed by the Legislature within each hospital category.

The payment will be made quarterly, by dividing the total annual disbursement amount by four (4) to calculate the quarterly amount.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State WASHINGTON

VIII. Institutional Services (cont)

A. Outpatient hospital services (cont)

2. Fee Schedule

For non-CAH hospitals and covered services not paid using the OPPTS, or the “hospital outpatient rate”, the agency pays the lesser of the usual and customary charge, or a fee based on an agency fee schedule for covered procedures.

Services paid using the agency’s fee schedule include, but are not limited to, physical therapy, occupational therapy, speech/language therapy, corneal transplants, and other hospital services as identified and published by the agency.

Except as otherwise noted in the plan, fee schedule rates are the same for both governmental and private providers of outpatient hospital services. The agency’s outpatient fee schedule is effective for services provided on and after April 1, 2018. The fee schedule is updated quarterly in a budget neutral manner. See 4.19-B, I, General, #G for the agency’s website where the fee schedules are published.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State WASHINGTON

VII. Institutional Services (cont)

A. Outpatient hospital services (cont)

3. Hospital Outpatient Rate

The "hospital outpatient rate" is a hospital-specific rate having as its base the hospital's inpatient ratio of costs-to-charges (RCC) adjusted by an outpatient adjustment factor that factors annual cost and charge level changes into the rate. The "hospital outpatient rate" is used to reimburse under OPSS as explained earlier in this subsection, or for non-CAH hospitals exempt from the agency's OPSS, for all other covered outpatient services (those not mentioned in the previous paragraphs as covered by fee schedule) on the hospital's outpatient claim.

Except as otherwise noted in the plan, fee schedule rates are the same for both governmental and private providers of outpatient hospital services. The agency's outpatient fee schedule is effective for services provided on and after April 1, 2018. See 4.19-B, I, General, #G for the agency's website where the fee schedules are published.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

STATE: WASHINGTON

POLICY AND METHODS USED IN ESTABLISHING PAYMENT RATES FOR EACH OF THE OTHER TYPES OF CARE OR SERVICE LISTED IN SECTION 1905 (A) OF THE ACT THAT IS INCLUDED IN THE PROGRAM UNDER THE PLAN (cont.)

IX. Other Noninstitutional Services

A. Home Health

1. Home Health Agencies are reimbursed per-visit for services provided by acute nursing staff, physical therapy, occupational therapy, speech, hearing and language disorders therapy staff, and home health aides.

Reimbursement rates are determined using a historical base for the per-visit rates by profession, using the Medicare Metropolitan Statistical Area fees. Rate changes made through the Vendor Rate Increase (VRI) may be made only through the legislative process. Selected rates may also be adjusted through a special appropriation directed by the Washington State Legislature. The agency may set rates outside of the legislative process if the agency determines such actions are necessary to maintain access to critical services. The Washington State Legislature approved a \$10.00 per hour rate increase for skilled nursing services provided in a home setting, effective for services provided on and after July 1, 2016.

The agency pays the lesser of the usual and customary charge or a fee based on an agency fee schedule for these services.

Except as otherwise noted in the plan, fee schedule rates are the same for both governmental and private providers of these services. The fee schedule is effective for services provided on and after April 1, 2018. See 4.19-B, I, General, #G for the agency's website where the fee schedules are published.

2. Other Supplies and Services used in the home and other setting

The agency's reimbursement rates include:

- a) Any adjustments or modifications to the equipment that are either required within three months of the delivery date, or are covered under the manufacturer's warranty
- b) Pick-up, delivery, or associated costs such as mileage, travel time, or gas
- c) Telephone calls
- d) Shipping, handling, and postage
- e) Fitting and setting up
- f) Maintenance of rented equipment
- g) Instructions to the client or client's caregiver about the safe and proper use of the equipment and supplies

The equipment, supplies, and services for parenteral nutrition, home infusion therapy, oxygen, and respiratory care are reimbursed using the CMS DMEPOS Fee Schedule less a specified percentage. In April 2012, this specific percentage reduction was established at 3.5 percent as a result of a negotiated agreement with providers. For those items and services that are not listed on CMS DMEPOS Fee Schedule, the agency uses flat fee (based upon market value, other state's fees, budget impacts, etc.) or by-report methodology (based on a percentage of billed charges).

Except as otherwise noted in the plan, fee schedule rates are the same for both governmental and private providers of these services and supplies. See 4.19-B, I, General, #G for the agency's website where the fee schedules are published.
