Discussion: Draft HB 1477 Committee Progress Report

Objective: Confirm direction for finalizing 2022 progress report to the legislature and Governor.

➢ Overall, the report is a comprehensive reflection of work this year and sets us up for work in 2023. Washington Tribes expressed support for the report and the inclusive process to develop.

➢ Major areas of comments received to be addressed in the report:

1. Ensure clear message that the report does not yet reflect a complete picture of the system gaps and needs.

2. Need to update and expand upon the data in the report, including regional analysis of services available and access to services by population.

3. Emphasis on topics for further work in 2023

4. Technical corrections to be integrated into report and summarized for Steering Committee with copy of final report.

5. CRIS member written comments also to be included as an appendix to the report.

CRIS Committee Comments – Areas for Work in 2023

Areas of Work for 2023	CRIS member comments
System goals and metrics	• Inventory of current data and metrics • Consideration of variables impacting ability to meet goals/metrics • Consequences for not meeting metrics
Crisis system services	• Deeper analysis of data to understand system gaps by population and geography (service maps by region), including co-response and first responder services, and transportation • Clarify roles and expectations for law enforcement • Clarify relationship between 911 and 988 • Focus on building on the existing system and adding best practices • Create understanding of who is leading the system, and the role of BH-ASOs at the regional level
Funding	• Funding for 988 call centers to further diversity, equity & inclusion efforts
System Infrastructure	• Further discussion of geo-location and implications for confidentiality • Recognition of Vibrant technology platform for future system design • Workforce strategies will be critical • Need for better understanding of current training for crisis response workers • System efficiencies between 988 and RCLs, and coordination btwn 911 and 988

Feedback on Process/Structural Change Recommendations

➢ Proposal to have a 988 subcommittee in 2023 to discuss geo-location and relationship to confidentiality
  o Bring back recommendations to the legislature in 2024 session
  o Include our 988 call centers, behavioral health leaders/clinicians, and persons with lived experience, and community leaders of communities of color)

➢ A streamlining of subcommittees, perhaps organized around the categories of crisis services (911 dispatch/ 988 call centers, mobile crisis/ co-response, emergency departments/ crisis triage and stabilization)

➢ Newsletter about committee deliberations and state agency updates

➢ More in-person meetings will facilitate the dialogue and the relationships that will be needed

➢ Incorporate extension of timelines proposed by the legislation
