

## Family Youth System Partner Round Tables

---

### Overview

Family Youth System Partner Round Tables (FYSPRTs) embrace the idea that youth and families can and should have an active role in how systems serve them. FYSPRTs are a platform for families, youth, and system partners to come together to collaborate, listen, and incorporate the voice of the community into decision making at the regional and state level.

FYSPRTs are based on the System of Care core values:

- Family and youth driven
- Community based
- Culturally and linguistically appropriate

Washington has 10 regional FYSPRTs, one statewide FYSPRT, and multiple local FYSPRTs (where applicable).

FYSPRT meetings are a collaborative process. A family, youth, and system partner tri-lead work together in an equal partnership to create meeting agendas and share meeting facilitation. All FYSPRTs work to influence the functioning of local, regional, and state child and youth-serving systems and to promote proactive changes to improve access to, and the quality of, behavioral health services for families and youth.

FYSPRTs are a critical part of the Child, Youth and Family Behavioral Health Governance Structure which consists of families, youth, and inter-agency members at the community, state, and legislative levels who inform and provide oversight for policy making and program planning for behavioral health services. The goal is to ensure family, youth and system partner involvement in policy development and decision-making, including Wraparound with Intensive Services (WISe) quality and service delivery. FYSPRTs are an important mechanism to address regional recurring gaps, barriers, and needs and also to share experiences and knowledge to improve outcomes for youth and families in Washington. Recurring gaps and barriers that cannot be resolved by the Regional FYSPRT can be elevated to the Statewide FYSPRT.

### Who can participate

Statewide, regional, and local FYSPRT meetings are open to the public.

### Annual Budget

\$750,000 for 10 Regional FYSPRTs – T.R.  
Infrastructure Budget, general state funds

### Key partners

Families, family leaders, youth, youth leaders, and child and youth -serving systems including child welfare, juvenile justice, developmental disabilities, education, health, mental health, substance use, and other community members including faith communities, law enforcement, early learning, tribal partners, and vocational rehabilitation.

### Oversight

The Health Care Authority contracts with Behavioral Health Administrative Service Organizations to support and convene regional FYSPRT meetings and activities. Division of Behavioral Health and Recovery staff provide technical assistance to regional FYSPRT conveners and tri-leads.
