		County Health Departments	Medicaid Programs	

# Delivery of service

# ArrayRx solutions for discounted insulin

- ArrayRx discount card
- ArrayRx voucher program

# What is the ArrayRx discount card?

- Discount card users get same ArrayRx negotiated discounts as participating programs
- All state residents qualify
- No age or income restrictions
- No membership fee
- All FDA-approved prescriptions are eligible for discounts

# How does the discount card work?

- Each user enrolls online at [ArrayRxCard.com](http://ArrayRxCard.com), receive digital discount card
- Use online tools to find participating pharmacies (1,200 in WA) and check pharmacy prices
- Show card at POS to participating pharmacy, pay discounted price
- Save up to 80% on prescription drugs
- Discount card cannot be used to pay insurance co-pays
- Discount card purchases do not apply to insurance deductible

# How the ArrayRx discount card can work for insulin

- If manufacturers are required by law to provide a discounted price on insulin:
  - Diabetes patients enroll online at [ArrayRxCard.com](https://ArrayRxCard.com)
  - Receive digital card, or by mail if no smart phone or printer
  - Show card at POS to participating pharmacy to receive discounted price

# What is the ArrayRx voucher program?

- Used by facilities to ensure continuity in prescription drug therapy upon discharge
- Used to provide public sector entities a way to serve eligible populations with a controlled pharmacy benefit

# How does the voucher program work?

- Recipients use the voucher at a participating pharmacy to have their medication refilled at no cost or for a predetermined co-pay
- Covered medications are paid for by the facility or public sector entity sponsoring the program

# How the ArrayRx voucher program can work for insulin

- ArrayRx put out RFP for discounted insulin price
- RFP winner's insulin brand will be used for voucher program
- On-line sign up, digital card or paper card mailed
- Show voucher card at participating pharmacy
- ArrayRx negotiated price will be charged to card holder

# Patients receive a 30-day emergency supply of insulin

- Legislature enact law directing all insulin manufacturers to provide a free 30-day emergency supply; or
- RFP for discounted insulin could include free 30-day emergency supply 1x per year
- Emergency insulin is paid for by the manufacturer

# How the ArrayRx voucher program can work for emergency insulin

- On-line sign up, digital card or paper card mailed
- Each voucher card is programmed with an eligibility for a one-time 30-day supply of insulin for each calendar year
- Show the voucher at a participating pharmacy to have insulin filled at no cost
