# SBHS Overview

# What is the SBHS program?

---

The School-Based Health Care Services (SBHS) program is an optional Medicaid program which provides reimbursement to contracted school districts, educational service districts, and charter and tribal schools for providing health-related services to students with individualized education programs (IEPs) or individualized family service plans (IFSPs).

# What is the SBHS program?, cont.

---

- ▶ The SBHS program is administered by the Health Care Authority (HCA)
- ▶ HCA is the single state agency responsible for administering the state's Medicaid (Apple Health) program as well as the public employee/school employee/retiree health benefit programs
- ▶ HCA's SBHS program manager, Shanna Muirhead, is the main contact for the SBHS program
- ▶ Participating in the SBHS program does not impact services a student may receive outside of school

# Medicaid 101

---

- ▶ Medicaid is regulated federally by the Centers for Medicare and Medicaid Services (CMS) and is administered differently in each state
- ▶ Each state has flexibility regarding how they structure their Medicaid program, but all states must follow CMS guidelines and regulations
- ▶ In WA State, the Medicaid program is known as Apple Health

# History of Medicaid & IDEA

---

**1965.** Title XIX of Social Security Act (the Act) establishes a Federal-state matching entitlement program known as Medicaid.

**1975.** Congress passes Education for All Handicapped Children Act. Renamed Individuals With Disabilities Education Act (IDEA) in 1990.

**1988.** Section 411(k)(13) of Medicare Catastrophic Coverage Act amended section 1903(c) of the Act which allows schools to receive Medicaid reimbursement for Medicaid covered services in an IEP or IFSP.

# Who can participate in SBHS?

---

The following entities can enter into a SBHS contract with HCA and participate in the SBHS program:

- ▶ Public school districts
- ▶ Educational service districts
- ▶ Charter schools
- ▶ Tribal schools

SBHS contracted school districts and ESDs

# Benefits of participating in SBHS

The SBHS program allows school districts to recover a portion of the costs incurred for providing health related services to Medicaid eligible students. School districts can use Medicaid funds in a variety of ways:

- Funding additional staff
- Assistive technology
- Professional development

School District	Eligible Students	Eligible Providers	Typical Annual Reimbursement
School District A	5-10	1-3	\$3,100
School District B	50-200	20	\$140,000
School District C	500-600	50-70	\$300,000
School District D	900-1000	50-70	\$500,000

# Signature log

---

School districts must maintain a signature log to support signature identity. All licensed providers participating in SBHS must provide the following information on the log:

- ▶ Printed name
- ▶ Handwritten signature
- ▶ Initials
- ▶ Credentials
- ▶ License number
- ▶ NPI

**Note:** Districts do not need to submit the signature log to HCA, but it must be kept on file with the district and made available for SBHS monitoring activities.

# Covered and Non-Covered Services

WAC 182-537-0400

# Covered services

---

Health-care related services included in the student's IEP or IFSP limited to:

- ▶ Audiology
- ▶ Mental health (individual and group counseling)
- ▶ Nursing services
- ▶ Occupational therapy
- ▶ Physical therapy
- ▶ Speech-language therapy

# Covered services, cont.

---

- ▶ Evaluations performed by a licensed provider to determine if a student needs early intervention or special education health related services
- ▶ Re-evaluations performed by a licensed provider to determine whether a child continues to need early intervention or special education health related services

**Note:** Evaluations and re-evaluations are reimbursable only if they result in an IEP or IFSP in the specific service being evaluated. Parental consent must be obtained prior to billing for an evaluation.

# Covered services, cont.

---

In order to be reimbursable, health care services must be included in the IEP/IFSP summary of service matrix with the frequency of services and the staff responsible for delivering the services.

Consult services are only reimbursable if direct services are provided to the student. Consult services provided to a special education teacher or another staff member are not reimbursable.

The SBHS program will not reimburse for services provided in excess of what is authorized in the IEP/IFSP.

Example: If a student's IEP states the student requires physical therapy services 2x/week but the student receives services 3x/week, the provider can only bill for two sessions.

# Make-up sessions

---

Make-up sessions may be reimbursable when the provider clearly documents in the treatment notes that the session is a make-up.

- **Example:** A student's IEP states she requires PT services 30 minutes/3 x week. The student receives services on Monday and Wednesday but is out sick on Friday and misses her third session. The physical therapist can bill for four (4) sessions the following week but must note in the treatment notes the reason for the extra session.

# Referral for services

---

For the SBHS program, the following school providers may prescribe or recommend services for an IEP/IFSP per their scope of practice:

- ▶ Advanced registered nurse practitioners
- ▶ Licensed audiologists
- ▶ Licensed social workers
- ▶ Licensed mental health counselors
- ▶ Licensed psychologists
- ▶ Licensed occupational therapists
- ▶ Licensed physical therapists
- ▶ Licensed speech-language pathologists

Services may also be prescribed or recommended by a licensed provider who is not employed by the school district (e.g., the student's primary care provider, community mental health provider, etc.)

# SBHS billing codes

---

- ▶ A list of all SBHS billable CPT/HCPCS codes are available in the [SBHS billing guide](#)
- ▶ CPT/HCPCS codes are developed and owned by the American Medical Association (AMA)
- ▶ Providers must use their professional judgement when determining the most appropriate code to use for the service(s) provided
- ▶ HCA's SBHS program manager can provide guidance on SBHS policies and procedures but cannot inform providers which code(s) to use

# SBHS billing codes, cont.

## ▶ Example coverage table:

### Speech-language therapy services

SBHS-covered speech-language therapy services include:

- Evaluations and reevaluations performed by a licensed speech-language pathologist to determine if a student requires speech-language therapy services per an IEP or IFSP
- IEP/IFSP speech-language therapy services provided by a licensed speech-language therapist (SLP) or licensed speech language pathologist assistant (SLPA) under the supervision of a licensed SLP

Listed below is the description of the covered speech-language pathology services with the corresponding procedure codes. Licensed speech language pathologists (SLPs) and speech-language pathologist assistants (SLPAs) can provide the following services within their scope of practice:

# SBHS Billing and Payment Requirements

WAC 182-537-0600

# Billing agent vs. self-biller

---

## Billing agent

- ▶ School district pays a third party vendor (billing agent) to submit claims to HCA through ProviderOne
- ▶ Cost associated with using billing agent
- ▶ Billing agents are not affiliated with HCA
- ▶ Providers keep electronic treatment notes in software provided by billing agent
- ▶ Billing agent assists school district with checking Medicaid eligibility, obtaining consent, and handles all claim submissions

## Self-biller

- ▶ School district's SBHS coordinator enters claims directly into ProviderOne
- ▶ No cost to self-bill
- ▶ Providers keep treatment notes in format provided by school district (electronic or handwritten)
- ▶ School district must check Medicaid eligibility and obtain consent for services prior to billing

# How to submit SBHS claims

---

- ▶ Training is available for self-billing districts on the SBHS webpage:
  - ▶ [How to Submit SBHS Claims](#)

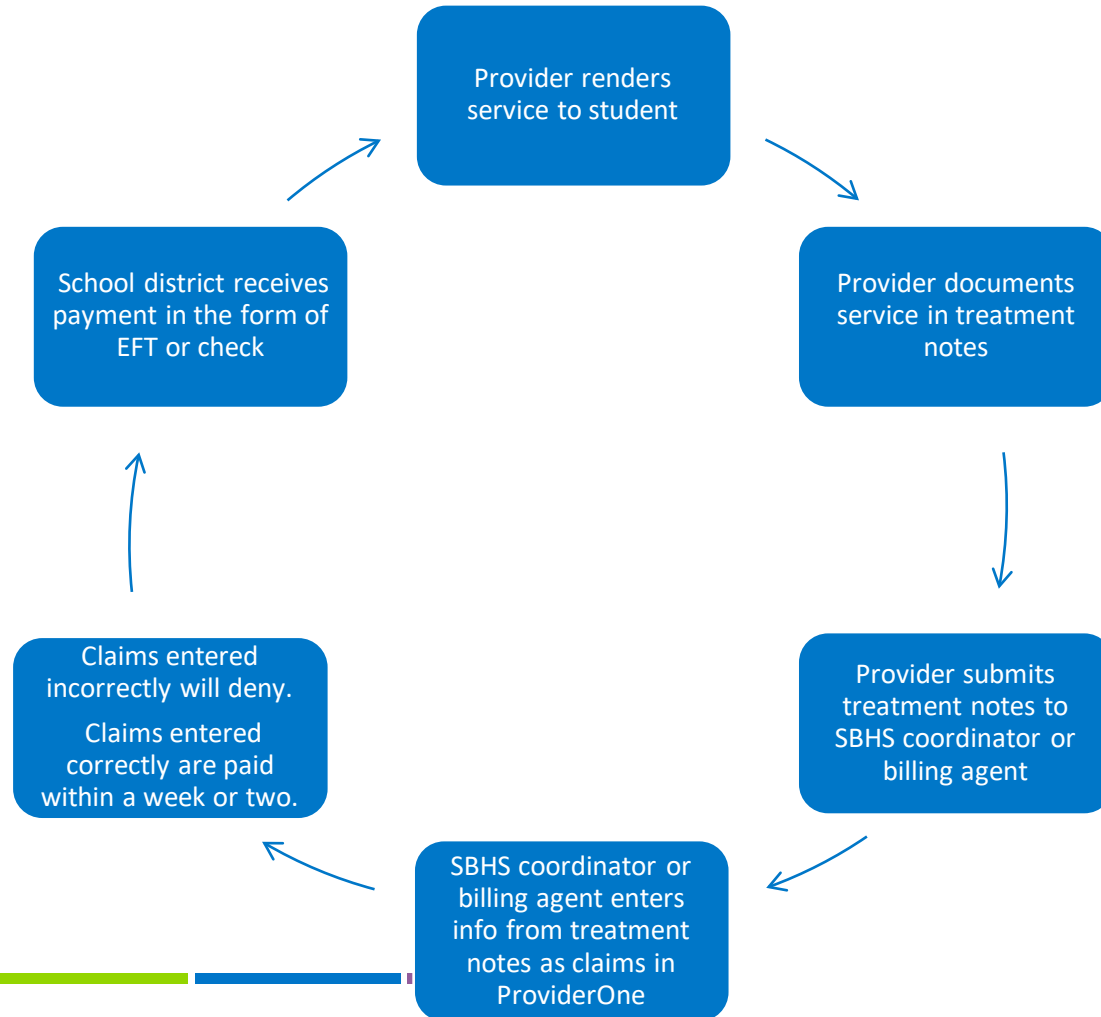

The claim submission process will be slightly different for school districts who contract with a billing agent.  
School districts who contract with a billing agent do not need to view this training.

# SBHS general billing requirements

---

- ▶ Contracted districts must bill according to the current [SBHS billing guide](#), [SBHS WAC Chapter 182-537](#) and the [SBHS contract](#)
- ▶ Claims must be submitted to HCA:
  - ▶ Within 365 calendar days from the date of service
  - ▶ Within twenty-four (24) months of the date of service, a school district or billing agent may resubmit, modify or adjust an initial claim

# Life cycle of SBHS claim

# Remittance advice (RA)

---

- ▶ Remittance advices (RAs) are available under the district's ProviderOne account each Friday
- ▶ RAs show paid, denied, and adjusted claims for the prior week
- ▶ Directions on how to download and view RAs in ProviderOne can be found on the SBHS webpage:
