Definitions

This section defines terms and abbreviations, including acronyms, used in this Medicaid Billing Guide. See [WAC 182-533-0315](#)

Childbirth Education (CBE) – A series of educational group sessions offered with at least six hours of instruction, led by an approved instructor, to prepare a pregnant client and their support person(s) for an upcoming childbirth.

Client – A pregnant person who has been determined eligible to receive medical or health care services under Medicaid.

First Steps – The program created under the 1989 Maternity Care Access Act (Chapter 74.09 RCW).

Infant Case Management (ICM) – Established as a component of the First Steps program to provide a parent(s) with information and assistance in accessing needed medical, social, educational, and other services to improve the welfare of infants.

Maternity Support Services (MSS) – A component of the First Steps program that provides enhanced services to clients during the maternity cycle and their newborn infants. MSS includes screening, assessment, basic health messages, education, counseling, case management, care coordination and other interventions delivered by an MSS interdisciplinary team.

About the Program

What is the purpose of childbirth education (CBE)?

The purpose of childbirth education (CBE) is to help prepare the client and their support person(s) to:

- Manage the physiological, emotional, and psychological changes experienced during and after pregnancy.
- Develop self-advocacy skills.
- Increase knowledge about and access to local community resources.
- Improve parenting skills.
- Improve the likelihood of positive birth outcomes.

Freedom of choice/consent for services

CBE clients have the right to choose their own HCA-approved CBE provider even if they are enrolled in a managed care plan.

Note: A CBE client is not required to be enrolled or participate in Maternity Support Services (MSS)/Infant Case Management (ICM) to qualify for CBE classes.

Client Eligibility

Who is eligible?

To be eligible for childbirth education classes (CBE), clients must be:

- Pregnant.
- Covered by a benefit package (BP) that covers CBE.

How do I verify a client's eligibility?

Check the client's services card or follow the two-step process below to verify that a client has Apple Health coverage for the date of service and that the client's benefit package covers the applicable service. This helps prevent delivering a service HCA will not pay for.

Verifying eligibility is a two-step process:

Step 1. Verify the patient's eligibility for Apple Health. For detailed instructions on verifying a patient's eligibility for Apple Health, see the *Client Eligibility, Benefit Packages, and Coverage Limits* section in HCA's [ProviderOne Billing and Resource Guide](#).

If the patient is eligible for Apple Health, proceed to **Step 2**. If the patient is **not** eligible, see the note box below.

Step 2. Verify service coverage under the Apple Health client's benefit package. To determine if the requested service is a covered benefit under the Apple Health client's benefit package, see HCA's [Program Benefit Packages and Scope of Services](#) webpage.

Note: Patients who are not Apple Health clients may submit an application for health care coverage in one of the following ways:

1. By visiting the [Washington Healthplanfinder's website](#).
2. By calling the Customer Support Center toll-free at: 855-WAFINDER (855-923-4633) or 855-627-9604 (TTY)
3. By mailing the application to: Washington Healthplanfinder, PO Box 946, Olympia, WA 98507

In-person application assistance is also available. To get information about in-person application assistance available in their area, people may visit the [Washington Healthplanfinder's website](#) or call the Customer Support Center.

Are clients covered for CBE if they are enrolled in an HCA-managed care organization?

Yes. Clients enrolled in HCA-contracted managed care plans are eligible for childbirth education (CBE) outside of their plan. HCA reimburses for CBE through its fee-for-service system and the providers bill HCA directly. To verify eligibility when the client is enrolled in a Medicaid HCA-contracted managed care plan, view the managed care enrollment on the client benefit inquiry screen of ProviderOne.

Provider Requirements

What are the provider requirements for CBE?

CBE classes may only be provided by HCA-approved CBE providers as outlined within these billing instructions.

The approved CBE provider must:

- Follow other requirements described in [WAC 182-533-0390](#).
- Meet staff qualifications described within these billing instructions.
- Include all required CBE topics on the [CBE Curriculum Checklist](#).
- Deliver CBE classes in a series of group sessions.
- Allow all clients to choose any approved CBE organization, regardless of where they receive prenatal, post pregnancy, or pediatric medical care.
- Periodically view the [First Steps Maternity Support Services and Infant Case Management Provider](#) webpage for updates and information regarding the program.
- Bill HCA according to these billing instructions.

What records must be kept specific to the CBE program?

Providers must:

- Make charts and records available to HCA, its contractors, and the US Department of Health and Human Services, upon their request, for at least six years from the date of service or more if required by federal or state law or regulation (see [WAC 182-502-0020](#)).
- Maintain:
 - An original signed copy of each client's freedom of choice/consent for services form;
 - A client sign-in sheet for each class; and
 - Documentation of names and ProviderOne Client ID numbers of eligible CBE clients attending and the dates they participated in each CBE class.

CBE curriculum checklist

___ Safe sleeping position (on the back), car seat safety, and well-child care.

Family Adjustment Topics

___ Physical and emotional changes

___ Sexuality after pregnancy (including safe sex education)

___ Protection from secondhand smoke exposure

___ Signs of postpartum blues vs. postpartum depression vs. postpartum psychosis

___ Potential stresses within family and how to access local supportive resources

___ Breastfeeding (nutritional needs of client, lactation consultation resources)

What qualifications must a person have to deliver CBE?

CBE classes must be provided only by a qualified person who meets the requirements outlined in this billing guide. To qualify as a CBE provider, the person must:

- Have a certification or credentials from a training organization that meets the Childbirth Educator training standards set by the [International Childbirth Education Association](#) (ICEA).
- Have a current Core Provider Agreement and National Provider Identifier (NPI).

Note: Only a person who meets the conditions outlined above is considered qualified to provide and bill for CBE classes provided to eligible clients. If HCA discovers payment was made for classes provided by a nonqualified person, an overpayment will be established and monies will be recuperated.

Coverage

What is covered?

HCA covers one series of CBE classes per client per pregnancy. The education must be delivered in a series of group sessions with a minimum of six hours of instruction.

A client must attend at least one CBE session for the provider to be paid.

What is not covered?

Under the Childbirth Education program, HCA does not cover CBE that is provided during a one-to-one home or office visit.

For information regarding one-to-one home or office visits, refer to the current HCA [Maternity Support Services/Infant Case Management Billing Guide](#).

Payment

What are the general requirements for receiving payments for providing CBE?

HCA pays for covered classes provided to eligible clients on a fee-for-service basis.

The CBE provider must accept HCA's maximum allowable fee as final and complete payment for classes provided to a client.

HCA's maximum allowable fee includes all classes, core materials, publications, and educational materials provided throughout the class series. Clients must receive the same materials that are offered to other attendees.

Where do I find the fee schedule?

You can view HCA Childbirth Education [Fee Schedule](#)

Billing

What are the general billing requirements?

Providers must follow HCA's [ProviderOne Billing and Resource Guide](#). These billing requirements include:

- What time limits exist for submitting and resubmitting claims and adjustments.
- When providers may bill a client.
- How to bill for services provided to primary care case management (PCCM) clients.
- How to bill for clients eligible for both Medicare and Medicaid.
- How to handle third-party liability claims.
- What standards to use for record keeping.

What if a person becomes pregnant soon after a previous pregnancy?

If a person becomes pregnant soon after a previous pregnancy, enter the new "Due Date" in Claim Note section of the electronic professional claim. This "resets" the claims processing clock for the new pregnancy.

How do I resolve issues with gender indicators when billing for transgender clients?

For a transgender client, providers must include a secondary diagnosis on the claim indicating that the client is transgender. Information on HCA billing practices for transgender clients can be found in the [Physician-Related Professional Services Billing Guide](#).

How do I bill claims electronically?

Instructions on how to bill Direct Data Entry (DDE) claims can be found on HCA's [Billers and Providers](#) webpage, under [Webinars](#).

For information about billing Health Insurance Portability and Accountability Act (HIPAA) Electronic Data Interchange (EDI) claims, see the ProviderOne 5010 companion guides on the [HIPAA Electronic Data Interchange \(EDI\)](#) webpage.

The following claim instructions relate to Childbirth Education:
