WSR 24-18-018

**Agency:** Health Care Authority

**Effective date of rule:**

**Emergency Rules**

- Immediately upon filing.
- Later (specify) August 24, 2024

**Any other findings required by other provisions of law as precondition to adoption or effectiveness of rule?**

- Yes
  - No
- If Yes, explain:

**Purpose:** The agency is amending these rules to expand screening and preventative services for certain sexually transmitted infections, to include HIV testing, viral hepatitis B and C, and hepatitis A/B combination vaccines, when clinically appropriate or according to nationally recognized guidelines. The agency is also including coverage for family planning-related services and supplies, defined as those services provided as part of, or as follow-up to, a family planning visit.

**Citation of rules affected by this order:**

- New:
- Repealed:
- Amended: 182-532-530, 182-532-550, 182-532-560
- Suspended:

**Statutory authority for adoption:** RCW 41.05.021, 41.05.160

**Other authority:**

**EMERGENCY RULE**

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

**Reasons for this finding:** These rules are necessary to expand family-planning only (FPO) coverage to support preventative screenings and family planning services while the permanent rulemaking process is completed. The agency began the permanent rulemaking process under WSR 23-24-065 and filed emergency rules on December 29, 2023, and again on April 26, 2024. The FPO program operates under a federal waiver allowing changes to be in response to state needs. These changes were approved by the Centers for Medicare & Medicaid Services (CMS) as eligible additions to the state program.

The agency has drafted the rule amendments, but a third emergency rule filing is needed. The agency is waiting for CMS to approve the renewal of the FPO waiver application, which includes the expanded coverage.
