 3. The State deems as eligible those individuals who became otherwise ineligible for Medicaid while enrolled in an HMO qualified under Title XIII of the Public Health Service Act, or a managed care organization (MCO), or a primary care case management organization (PCCM) program, but who have enrolled in the entity for less than the minimum enrollment period listed below. Coverage under this section is limited to HMO or PCCM services and family planning services described in section 1905(a)(4)(C) of the Act.

 X The State elects not to guarantee eligibility.

 The State elects to guarantee eligibility. The minimum enrollment period is months (not to exceed six).

The State measures the minimum enrollment period from:

 The date beginning the period of enrollment in the HMO or PCCM, without any intervening disenrollment, regardless of Medicaid eligibility.

 The date beginning the period of enrollment in the HMO or PCCM as a Medicaid patient (including periods when payment is made under this section), without any intervening disenrollment.

 The date beginning the last period of enrollment in the HMO or PCCM as a Medicaid patient (not including periods when payment is made under this section), without any intervening disenrollment of periods of enrollment as a privately paying patient. (A new minimum enrollment period begins each time the individual becomes Medicaid eligible other than under this section.)

C.4. Handling of Excess Income – Spend-down for the Medically Needy in All States and the Categorically Needy in 1902(f) States only

- a. Medically Needy
- (1) Income in excess of the MNIL is considered as available for payment of medical care and services. The Medicaid agency measures available income for periods of either 3 or 6 month(s) (not to exceed 6 months) to determine the amount of excess countable income applicable to the cost of medical care and services.
- (2) If countable income exceeds the MNIL standard, the agency deducts the following incurred expenses in the following order
- (a) Health insurance premiums, deductibles and coinsurance charges.
- (b) Expenses for necessary medical and remedial care not included in the plan.
- (c) Expenses for necessary medical and remedial care included in the plan.

___ Reasonable limits on amounts of expense deducted from income under a.(2)(a) and (b) above are listed below.

* In determining countable income for the medically needy, costs of health insurance premiums, except Medicare are deducted from monthly income.

1902(a)(17) of the Act

Incurred expenses that are subject to payment by a third party are not deducted unless the expenses are subject to payment by a third party that is a publicly funded program (other than Medicaid) of a State or local government.

STATE LONG-TERM CARE INSURANCE PARTNERSHIP

1902(r)(2) The following more liberal methodology applies to individuals who are 1917(b)(1)(C) eligible for medical assistance under one of the following eligibility groups:

A. Optional categorically needy groups under 1902(a)(10)(A)(ii)(V),(VI)and (VII).

An individual who is a beneficiary under a long-term care insurance policy that meets the requirements of a "qualified State long-term care insurance partnership" policy (partnership policy) as set forth below, is given a resource disregard as described in this amendment. The amount of the disregard is equal to the amount of the insurance benefit payments made to or on behalf of the individual. The term "long-term care insurance policy" includes a certificate issued under a group insurance contract.

- a. Disregard during the person's lifetime the value of assets the person designates for protection from recovery in an amount not to exceed the dollar amount of long term care benefits utilized under a partnership policy;
- b. Disregard appreciation of or the protected asset's increase in value (including an increase in value due to income, dividends, or profits) for a partnership participant to the extent the increase does not cause the amount of the person's total disregard to exceed the dollar value of benefits utilized under a partnership policy;
- c. Disregard additional assets that become available to a partnership participant with an unused amount of asset protection at the time of qualifying for the partnership, up to the dollar amount of long-term care benefits utilized under a partnership policy; and
- d. Trusts excluded under 1917(d)(4)(A) and (C) or annuities and similar legal instruments under 1917(e) are excluded from the provision.

X The State Medicaid Agency (Agency) stipulates that the following requirements will be satisfied in order for a long-term care policy to qualify for a disregard. Where appropriate, the Agency relies on attestations by the State Office of the Insurance Commissioner (Commissioner) or other State official charged with regulation and oversight of insurance policies sold in the state, regarding information within the expertise of the Office of the Insurance Commissioner.

- (1) The policy is a qualified long-term care insurance policy as defined in section 7702B(b) of the Internal Revenue Code of 1986.
- (2) The policy meets the requirements of the long-term care insurance model regulation and long-term care insurance model Act promulgated by the National Association of Insurance Commissioners (as adopted as of October 2000) as those requirements are set forth in section 1917(b)(5)(A) of the Social Security Act.
- (3) The policy was issued no earlier than the effective date of this State plan amendment.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State WASHINGTON

STATE LONG-TERM CARE INSURANCE PARTNERSHIP (cont)

- A. The insured individual was a resident of a Partnership State when coverage first became effective under the policy. If the policy is later exchanged for a different long-term care policy, the individual was a resident of a Partnership State when coverage under the earliest policy became effective.

- (4) The policy meets the inflation protection requirements set forth in section 1917(b)(1)(C)(iii)(IV) of the Social Security Act.

The Commissioner requires the issuer of the policy to make regular reports to the Secretary that include notification regarding when benefits provided under the policy have been paid and the amount of such benefits paid, notification regarding when the policy otherwise terminates, and such other information as the Secretary determines may be appropriate to the administration of such partnerships.

- (5) The State does not impose any requirement affecting the terms or benefits of a partnership policy that the state does not also impose on non-partnership policies.
- B. The State Office of the Insurance Commissioner assures that any individual who sells a partnership policy receives training, and demonstrates evidence of an understanding of such policies and how they relate to other public and private coverage of long-term care.
- C. The Agency provides information and technical assistance to the State Office of the Insurance Commissioner regarding the training described above.

TRANSFER OF ASSETS

1917 (c) The agency provides for the denial of certain Medicaid services by reason of disposal of assets for less than fair market value.

1. Institutionalized individuals may be denied certain Medicaid services upon disposing of assets for less than fair market value on or after the look-back date.

The agency withholds payment to institutionalized individuals for the following services:

Payments based on a level of care in a nursing facility;

Payments based on a nursing facility level of care in a medical institution;

Home and community-based services under a 1915 waiver.

2. Non-institutionalized individuals:

— The agency applies these provisions to the following non-institutionalized eligibility groups. These groups can be no more restrictive than those set forth in section - 1905 (a) of the Social Security Act:

The agency withholds payment to non-institutionalized individuals for the following services:

Home health services (section 1905(a)(7);

Home and community care for functionally disabled and elderly adults (section 1905(a) 22);

Personal care services furnished to individuals who are not inpatients in certain medical institutions, as recognized under agency law and specified in section 1905(a)(24).

— The following other long-term care services for which medical assistance is otherwise under the agency plan:

TRANSFER OF ASSETS

3. Penalty Date-The beginning date of each penalty period imposed for an uncompensated transfer of assets is:
- ☒ the first day of the month in which transferred;
- ☐ the first day of the month following the month of transfer.
4. Penalty Period - Institutionalized Individuals-
In determining the penalty for an institutionalized individual, the agency uses:
- ☒ the average monthly cost to a private patient of nursing facility services in the agency;
- ☐ the average monthly - cost to a private patient of nursing facility services in the community in which the individual is institutionalized.
5. Penalty Period - Non-institutionalized Individuals-
The agency imposes a penalty period determined by using the same method as is used for an institutionalized individual, including the use of the average monthly cost of nursing facility services; imposes a shorter penalty period than would be imposed for institutionalized individuals, as outlined below:

TRANSFER OF ASSETS

6. Penalty period for amounts of transfer less than cost of nursing facility care
- a. Where the amount of the transfer is less than the monthly cost of nursing facility care, the agency:
- ___ Does not impose a penalty;
- X Imposes a penalty for less than a full month, based on the proportion of the agency's private nursing facility rate that was transferred.
- b. Where an individual makes a series of transfers, each less than the private nursing facility rate for a month, the agency:
- ___ Does not impose a penalty;
- X Imposes a series of penalties, each for less than a full month.
7. Transfers made so that penalty periods would overlap
The agency:
- ___ Totals the value of all assets transferred to produce a single penalty period;
- X Calculates the individual penalty periods and imposes them sequentially.
8. Transfers made so that penalty periods would not overlap
The agency:
- X Assigns each transfer its own penalty period;
- ___ Uses the method outlined below:

TRANSFER OF ASSETS

9. Penalty periods – transfer by a spouse that results in a penalty period for the individual-
- (a) The agency apportions any existing penalty period between the spouses using the method outlined below, provided the spouse is eligible for Medicaid. A penalty can be assessed against the spouse, and some portion of the penalty against the individual remains.

When both spouses are institutionalized, the agency will divide any existing period of ineligibility between the spouses. When both spouses are in a nursing facility, the period of ineligibility may be divided by two with each spouse assigned one-half of the total number of months of ineligibility. When one spouse is receiving community-based services, such spouse may be assigned a greater number of months of ineligibility than the spouse in a nursing facility.

- (b) If one spouse is no longer subject to a penalty, the remaining penalty period must be served by the remaining spouse.
10. Treatment of income as an asset-
When income has been transferred as a lump sum, the agency will calculate the penalty period on the lump sum value.

☐ The agency will impose partial month penalty periods.

When a stream of income or the right to a stream of income has been transferred, the agency will impose a penalty period for each income payment.

☐ For transfers of individual income payments, the agency will impose partial month penalty periods.

☒ For transfers of the right to an income stream, the agency will use the actuarial value of all payments transferred.

☐ The agency uses an alternate method to calculate penalty periods, as described below:

11. Imposition of a penalty would work an undue hardship-
The agency does not apply the transfer of assets provisions in any case in which the agency determines that such an application would work an undue hardship. The agency will use the following procedures in making undue hardship determinations:

When the client has transferred assets, the agency reviews the client's situation with the client or the client's representative and makes a determination whether the denial of eligibility would create undue hardship. If undue hardship exists, the client's transfer of assets is disregarded. Such decision must be made within forty-five days of the initial application.

If the client is denied, the client is sent a written notice of the agency's decision within forty-five days of the initial application which includes notice the client is entitled to request a fair hearing on the agency's decision.

The following criteria will be used to determine whether the agency will not count assets transferred because the penalty would work an undue hardship:

Undue hardship means that the application of the transfer penalty would result in the client's inability to meet shelter, food, clothing and health care needs.

2. Non-institutionalized individuals

— The agency applies these provisions to the following non-institutionalized eligibility groups. These groups can be no more restrictive than those set forth in section 1905(a) of the Social Security Act:

The agency withholds payment to non-institutionalized individuals for the following services:

Home health services (section 1905(a)(7));

Home and community care for functionally disabled elderly adults (section 1905(a)(22));

Personal care services furnished to individuals who are not inpatients in certain medical institutions, as recognized under agency law and specified in section 1905(a)(24).

3. Penalty Date--The beginning date of each penalty period imposed for an uncompensated transfer of assets is:
 1. For individuals applying for Medicaid payment of long-term care services, the date on which the individual is eligible for medical assistance under the State plan and would otherwise be receiving institutional level care services described in paragraph 1 that, were it not for the imposition of the penalty period, would be covered by Medicaid (based on an approved application for such care);
 - or
 2. For individuals receiving Medicaid payment for long-term care services, the first day of the month following advance notice of the penalty period, but no later than the first day of the month that follows three full calendar months from the date of the report or discovery of the transfer:
 - and
 3. Which does not occur during any other period of ineligibility for services by reason of a transfer of assets penalty.

4. Penalty Period - Institutionalized Individuals

In determining the penalty for an institutionalized individual, the agency uses:

X The average monthly cost to a private patient of nursing facility services in the State at the time of application;

___ The average monthly cost to a private patient of nursing facility services in the community in which the individual is institutionalized at the time of application.

5. Penalty Period - Non-institutionalized Individuals

The agency imposes a penalty period determined by using the same method as is used for an institutionalized individual, including the use of the average monthly cost of nursing facility services:

___ Imposes a shorter penalty period than would be imposed for institutionalized individuals, as outlined below:

6. Penalty period for amounts of transfer less than cost of nursing facility care

X Where the amount of the transfer is less than the monthly cost of nursing facility care, the agency imposes a penalty for less than a full month, based on the option selected in item 4.

X The state adds together all transfers for less than fair market value made during the look-back period in more than one month and calculates a single period of ineligibility, that begins on the earliest date that would otherwise apply if the transfer had been made in a single lump sum.

7. Penalty periods - transfer by a spouse that results in a penalty period for the individual

(a) The agency apportions any existing penalty period between the spouses using the method outlined below, provided the spouse is eligible for Medicaid. A penalty can be assessed against the spouse, and some portion of the penalty against the individual remains.

(b) If one spouse is no longer subject to a penalty, the remaining penalty period must be served by the remaining spouse.

8. Treatment of a transfer of income

When income has been transferred as a lump sum, the agency will calculate the penalty period on the lump sum value.

When a stream of income or the right to a stream of income has been transferred, the agency will impose a penalty period for each income payment.

X For transfers of individual income payments, the agency will impose partial month penalty periods using the methodology selected in 6. above.

X For transfers of the right to an income stream, the agency will base the penalty period on the combined actuarial value of all payments transferred.

9. Imposition of a penalty would work an undue hardship

The agency does not impose a penalty for transferring assets for less than fair market value in any case in which the agency determines that such imposition would work an undue hardship. The agency will use the following criteria in making undue hardship determinations:

Application of a transfer of assets penalty would deprive the individual:

- (a) Of medical care such that the individual's health or life would be endangered; or
- (b) Of food, clothing, shelter, or other necessities of life.

10. Procedures for Undue Hardship Waivers

The agency has established a process under which hardship waivers may be requested that provides for:

- (a) Notice to a recipient subject to a penalty that an undue hardship exception exists;
- (b) A timely process for determining whether an undue hardship waiver will be granted; and
- (c) A process, which is described in the notice, under which an adverse determination can be appealed.

These procedures shall permit the facility in which the institutionalized individual is residing to file an undue hardship waiver application on behalf of the individual with the consent of the individual or the individual's personal representative.

VARIATIONS FROM THE BASIC PERSONAL NEEDS ALLOWANCE (PNA)

1. The PNA is increased for persons who reside in a Medicaid-certified state operated VA Home based on these higher needs.

A VA Home is usually located more than 50 miles from the person's last community residence prior to institutionalization, resulting in additional expenses for transportation and communication;

VA Homes provide opportunities for the resident's involvement in the governance of programs for a multiple facility organization. This requires extra funds for inter-facility travel and additional expenses.

The PNA is increased to \$70.00 for persons residing in a VA Home who are subject to provisions in 1902(r)(1)(B) of the Social Security Act and receive a veteran's pension in excess of \$90.00 per month.

The PNA is increased to \$160.00 for persons residing in a VA Home who are not eligible to receive a veteran's pension in excess of \$90.00 per month as described in 1902(r)(1)(B) of the Social Security Act.

2. The PNA is increased by the amount of income garnished for child support subject to the following limitations:

The increase applies only to a garnishment made in the same time period covered by the PNA.

The increase does not apply to any amount of the garnishment that is deducted under another provision in the post-eligibility process.

3. The PNA is increased for persons participating in a department-approved training or rehabilitative work program. These persons retain earned income to meet the needs of work-related expenses, such as, clothing, transportation or special tools/equipment, etc.

The person's retained income plus the usual PNA may not exceed a one-person MNIL.

4. The PNA is increased for an institutionalized person's income tax under the following limitations. The withholdings from earned or unearned income are necessary to meet expected Federal, State or local income tax liability.

Federal, State, or local income taxes that are not covered by earned or unearned income withholding but are owed or have been paid.

The person's income tax deduction plus the usual PNA may not exceed the one-person MNIL.

A personal needs allowance (PNA) is allowed for nursing facility residents who require guardianship and/or attorney services. The individual has one or more of the following needs:

1. Guardianship Fees

Guardianship fees will be allowed under a court order, including an order that establishes or continues a legal guardianship and the order requires a future review or accounting in an amount not to exceed \$235 per month.

2. Guardianship-related Costs (including Attorney's Fees)

Costs are limited to an amount not to exceed \$1850 for the initial establishment of a guardianship.

Costs are limited to an amount not to exceed \$1200 during any three year period for the review of a guardianship.

The monthly total amount allowed for guardianship and attorney fees plus all other personal needs allowance may not exceed a one person MNIL.

PERSONAL NEEDS ALLOWANCE - NURSING FACILITY RESIDENTS WITH HIGHER
NEEDS

A personal needs allowance (PNA), of \$160.00 per month, is allowed for nursing home residents who meet any four of the five following criteria.

The individual is a resident of a nursing facility that:

1. Is located in excess of 50 miles from the individual's last community residence, prior to Institutionalization, resulting in additional expenses for transportation and communication.
2. Provides regular access, at resident's expense, to long-distance phone services and cable television.
3. In addition to providing nursing care, provides co-located, less intensive services for higher functioning individuals, including integrated social activities for both groups, promoting an active lifestyle that necessitates a higher PNA.
4. Provides on campus access to goods and services, including, but not limited to, a barber shop, commissary and snack bar that allows for normal activities of daily living that necessitates a higher PNA.
5. Provides opportunity for resident's involvement in governance of programs for a multiple facility organization. This requires additional funds for inter-facility travel and additional expenses.

ASSET VERIFICATION SYSTEM

1940(a) 1
of the Act

The agency will provide for the verification of assets for purposes of determining or re-determining Medicaid eligibility for aged, blind and disabled Medicaid applicants and recipients using an Asset Verification System (AVS) that meets the following minimum requirements.

- The request and response system must be electronic:
 - Verification inquiries must be sent electronically via the internet or similar means from the agency to the financial institution (FI).
 - The system cannot be based on mailing paper-based requests.
 - The system must have the capability to accept responses electronically.
- The system must be secure, based on a recognized industry standard of security (e.g., as defined by the U.S. Commerce Department's National Institute of Standards and Technology, or NIST).
- The system must establish and maintain a database of FIs that participate in the agency's AVS.
- Verification requests also must be sent to FIs other than those identified by applicants and recipients, based on some logic such as geographic proximity to the applicant's home address, or other reasonable factors whenever the agency determines that such requests are needed to determine or re-determine the individual's eligibility.
- The verification requests must include a request for information on both open and closed accounts, going back up to 5 years as determined by the State.

3. Provide the AVS implementation information requested for the implementation approach checked in Section 2, and any other information the agency may want to include.

Washington meets the requirements of Sec. 1940 (42 USC 1396w) of the Social Security Act by contracting with a vendor who specializes in getting financial institution verifications for Medicaid agencies. Verifications are completed on all Medicaid Aged, Blind, and/or Disabled (ABD) cases where asset information housed in financial institutions in cities within Washington and bordering Washington are located for ABD recipient/applicant asset verification. Washington used a Request for Proposal process when contracting with vendors for this service. The system and entity chosen complies with the following requirements:

- (i) Is an electronic process for asset verification.
- (ii) Has a database of financial institutions that provide data to the entity, meeting the geographic requirements of the consortium.
- (iii) Has a 5-year "look-back" of the assets on individual applicants, recipients, spouses, and partners.
- (iv) Is a secure system based on a recognized industry standard as defined by the U.S Commerce Department's National Institute.
- (v) Verification requests will include both open and closed asset account information.
- (vi) The acceptable asset verification entity will provide adequate data for the generation of all required reports expected to meet federal reporting requirements, such as the number of requests, number of responses, and amounts of undisclosed assets found.

DISQUALIFICATION FOR LONG-TERM CARE ASSISTANCE FOR INDIVIDUALS WITH SUBSTANTIAL HOME EQUITY

- 1917(f) The State agency denies reimbursement for nursing facility services and other long-term care services covered under the State Plan for an individual who does not have a spouse, child under 21, or adult disabled child residing in the individual's home, when the individual's equity interest in the home exceeds the following amount:
- \$500,000 (increased by the annual percentage increase in the urban component of the consumer price index beginning with 2011, rounded to the nearest \$1,000).
- X An amount that exceeds \$500,000 but does not exceed \$750,000 (increased by the annual percentage increase in urban component of the consumer price index beginning with 2011, rounded to the nearest \$1,000).

The amount chosen by the State is the federal maximum allowed. On January 1 of each year, this standard may change by the percentage in the Consumer Price Index for all consumers.

METHODOLOGY FOR IDENTIFICATION OF APPLICABLE FMAP RATES

The State will determine the appropriate FMAP rate for expenditures for individuals enrolled in the adult group described in 42 CFR 435.119 and receiving benefits in accordance with 42 CFR Part 440 Subpart C. The adult group FMAP methodology consists of two parts: an individual-based determination related to enrolled individuals, and as applicable, appropriate population-based adjustments.

Part 1 – Adult Group Individual Income-Based Determinations

For individuals eligible in the adult group, the state will make an individual income-based determination for purposes of the adult group FMAP methodology by comparing individual income to the relevant converted income eligibility standards in effect on December 1, 2009, and included in the MAGI Conversion Plan (Part

2) approved by CMS on March 31, 2014. In general, and subject to any adjustments described in this SPA, under the adult group FMAP methodology, the expenditures of individuals with incomes below the relevant converted income standards for the applicable subgroup are considered as those for which the newly eligible FMAP is not available. The relevant MAGI-converted standards for each population group in the new adult group are described in Table 1.

Part 2 – Population-based Adjustments to the Newly Eligible Population Based on Resource Test, Enrollment Cap or Special Circumstances

1. Optional Resource Criteria Proxy Adjustment (42 CFR 433.206(d))

The state:

☐ Applies a resource proxy adjustment to a population group(s) that was subject to a resource test that was applicable on December 1, 2009.

☒ Does not apply a resource proxy adjustment (Skip items 2 through 3 and go to Section B).

Table 1 indicates the group or groups for which the state applies a resource proxy adjustment to the expenditures applicable for individuals eligible and enrolled under 42 CFR 435.119. A resource proxy adjustment is only permitted for a population group(s) that was subject to a resource test that was applicable on December 1, 2009.

The effective date(s) for application of the resource proxy adjustment is specified and described in Attachment B.

Data source used for resource proxy adjustments:

The state:

☐ Applies existing state data from periods before January 1, 2014.

☐ Applies data obtained through a post-eligibility statistically valid sample of individuals.

Data used in resource proxy adjustments is described in Attachment B.

Resource Proxy Methodology: to be submitted as a new SPA at a later date.

2. Enrollment Cap Adjustment (42 CFR 433.206(e))

1. ☐ An enrollment cap adjustment is applied by the state (complete items 2 through 4).

☒ An enrollment cap adjustment is not applied by the state (skip items 2 through 4 and go to Section C).

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State WASHINGTON

ATTACHMENT D

Washington State administered a Presumptive SSI program until January 1, 2014. As of January 1, 2014, these individuals were placed into the newly eligible group and will be claimed at 100% federal match. The newly eligibles are indicated by ACES Coverage Group N05, corresponding to RAC Group 1201. The Department of Social and Health Services (DSHS) has recently submitted a request to set up a new ACES Coverage Group, which can be mapped to a new RAC Code. Once this is complete, claiming for the clients in the Presumptive SSI group can be set at 75% (or an updated annual figure). Until then, the Medicaid Agency (the Health Care Authority (HCA)) needs a process to ensure claiming at only 75% for these individuals and that the weekly federal draws take this into account. To do this, HCA will utilize an approved cost allocation methodology, which is processing data through a base.

Using a base, a certain percentage of expenditures or clients can be assigned to two groups (in Washington, it would be two groups). Consider Presumptive SSI. If, for example, 15% of the expenditures in the newly eligibles are for Presumptive SSI clients, then 15% of the expenditures for the newly eligibles would be placed in one portion of the base and the other 85% of the expenditures would be placed in the other half. The 15% would target a cost objective code that would allocate 75% federal match, while the remaining 85% would target a cost objective code that would allocate 100% federal match. The initial percentages would be based on the budgeted amounts, and then going forward, estimates would be made at the beginning of each month. The estimates will be based on previous actuals. "True-ups" to the estimates will be performed monthly after fiscal month close. A journal voucher (JV) will be processed to adjust to the actuals ensuring the accounting records are correct. The JV process is as follows:

1. Obtain the client IDs for these presumptive SSI clients from the Automated Client Eligibility System (ACES) maintained by DSHS, by identifying those that are in the Adult Blind/Disabled (ABD) cash assistance program.
2. Match these clients to the medical eligibility data in Provider One to obtain a list of ABD clients that are also eligible for Medicaid in the newly eligible population segment at the same time.
3. On a monthly basis, HCA Budget pulls all expenses for these clients. Medicaid claims data for clients is obtained from various Washington State systems, including Provider One, SSPS (Social Service Payment System), etc. The Journal Voucher data is then provided to HCA Accounting to ensure federal match for these clients is exactly 75% (or updated annual figure).

Regarding the 15% figure, preliminary data suggest that for SFY14 the percentage for ProviderOne payments is 10%. The corresponding figure for DSHS expenditures may be higher. The monthly updating of the percentage figures for the base (15% and 85% in the example above) will be done manually by the accounting staff. Actual expenditures for the true-ups will be determined by pulling claims experience – from Provider One on the part of HCA, and from the Social Services Payment System (SSPS) on the part of DSHS. Percentages would be determined as the percent of the newly eligible (RAC 1201/ACES group N05) constituted by the Presumptive SSI Clients. The list of the Presumptive SSI clients will be determined by DSHS using their ACES eligibility system, drawing from the list of ABD Cash Assistance clients that will be eligible in months corresponding to the months of expenditures.

With respect to the CMS 64, the monthly JV process ensures a "true-up" of the expenditures so that on a quarterly basis, the actual dollars for the Presumptive SSI are claimed appropriately at exactly 75% federal match.

Attachment D (cont)

Washington State administered a Presumptive SSI program (PSSI) until January 1, 2014. PSSI benefits included expedited Medicaid coverage and a state-funded cash benefit under the Aged Blind or Disabled (ABD) program for qualifying adults.

As of January 1, 2014, these individuals receive their health care coverage as part of the newly Medicaid-eligible group (Group VIII). In the Automated Client Eligibility System (ACES), they are enrolled in the N05 coverage group for newly eligible, but in the ProviderOne (P1) payment system, they are identified by the Recipient Assistance Code (RAC) of '1217'. This identification ensures claiming at the applicable Expansion State Federal Medicaid Assistance Percentage (ESFMAP) rate.

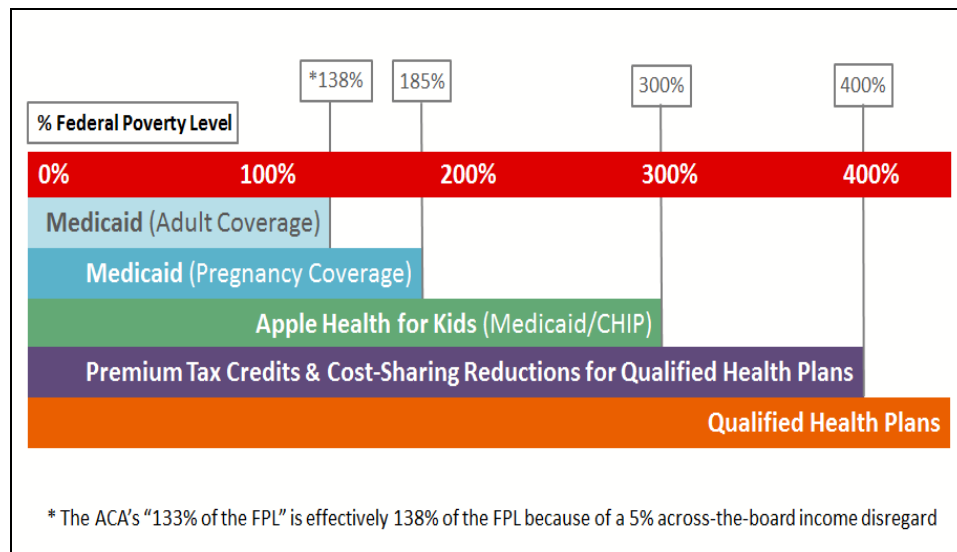

The addition of RAC 1217 to P1 in February 2015 automates the process of identifying newly eligible who are concurrently receiving ABD cash and the process for claiming the applicable ESFMAP for this group. For claims paid for services prior to that time, however, a manual process will continue for as long as necessary to ensure claiming at the correct rate. That process consists of matching the client IDs of those receiving ABD cash who at the same time were approved for services under RAC 1201. RAC 1201 continues to be used for all newly eligible, but is no longer used for those receiving the ABD cash benefit.

As a requirement of Washington State's 1115 Transitional Bridge Demonstration waiver, preliminary planning began early in 2012 and was revised early in 2013 as the details of the Insurance Affordability Program (IAP) continuum that will be available in 2014 evolved. An overview is shown in the following chart.

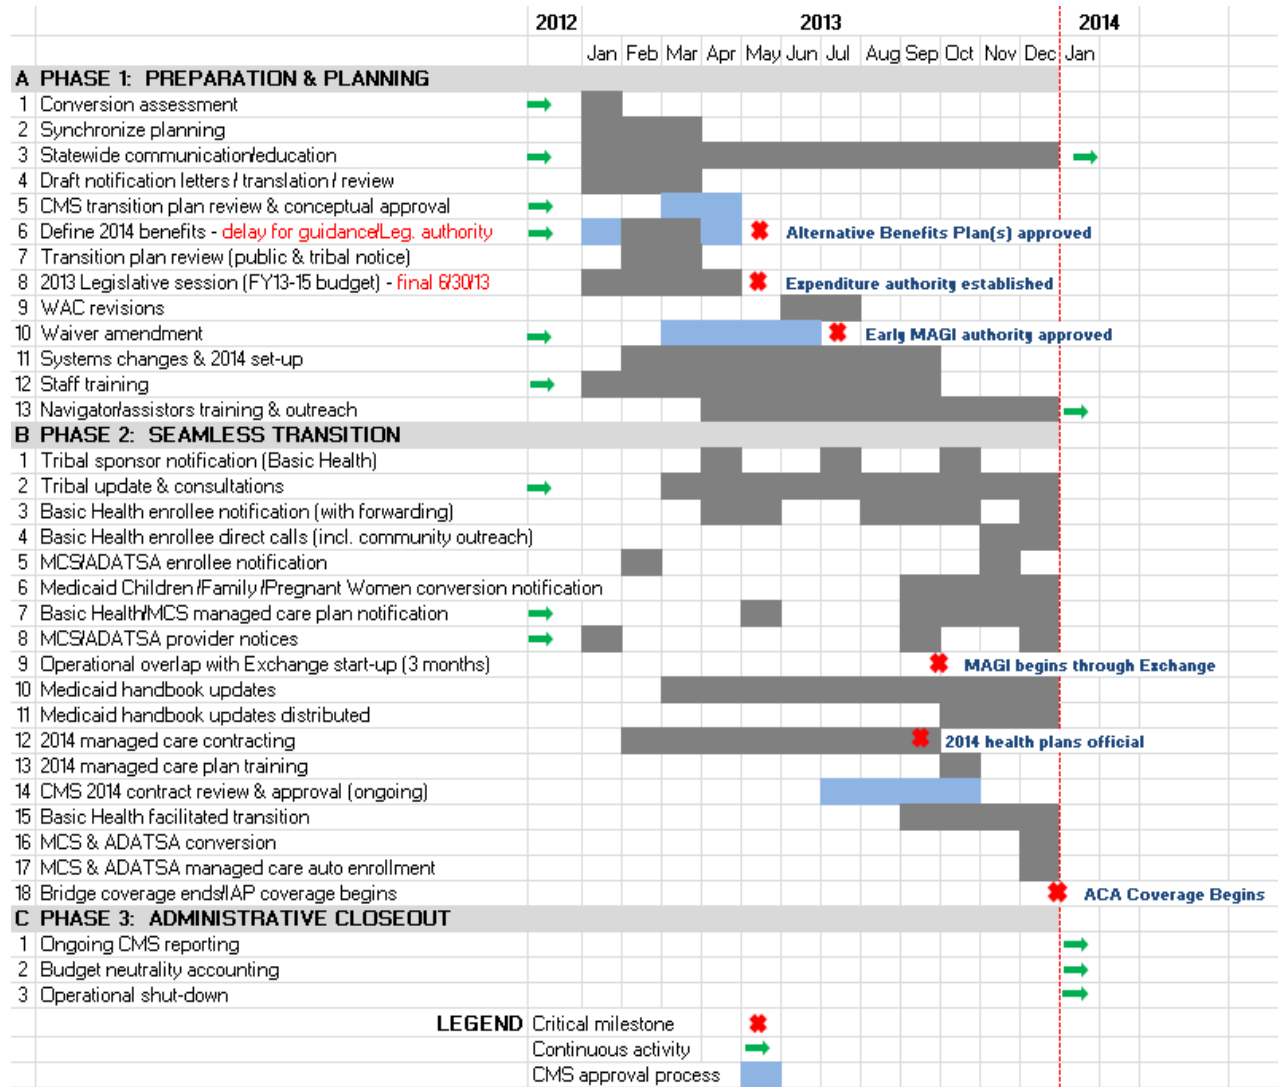

A broad range of discussions, presentations and webinars has been hosted to clarify general Medicaid expansion and transition details for Tribes, stakeholders, health plans and others interested. The timeline and critical milestones for preparation/planning, seamless transition and administrative closeout of the Transitional Bridge Demonstration in particular, were reviewed with CMS earlier in 2013. Underlying details have been revised following Washington State's 2013 extended Legislative sessions (ending June 30, 2013) and to incorporate evolving CMS guidance. The following chart summarizes the plan, referencing the impacted elements in red. While definition of the Alternative Benefit Plan has been delayed by about 4 months from the original plan we don't expect an impact on readiness for 2014 implementation.

A. Coverage in 2014

Through the authority of the Transitional Bridge waiver Washington State will adopt MAGI-based eligibility determination methods beginning on October 1, 2013 to help facilitate a streamlined enrollment process for 2014 for all IAPs. (A general fact sheet on 2014 eligibility for Medicaid/CHIP is available at: http://www.hca.wa.gov/hcr/me/documents/ME2014_Changes_Comparison_Fact_Sheet.pdf. Populations covered through current 1115 Demonstrations will transition to 2014 coverage as follows.

Eligibility Category			Benefits	Delivery System
Population	Current Authority	1/1/2014 Authority

State WASHINGTON**B. Process for Transition**

During the preparation and planning for the required Transitional Bridge close-out, an assessment of demonstration populations was conducted to determine the potential to (a) automate conversion to the 2014 State Plan expansion adult group or (b) support seamless transition through the WashingtonHealthPlanFinder (www.wahealthplanfinder.org.)

Screening of cases showed that income requirements for eligibility to the Medical Care Services-Disability Lifeline and Medical Care Services-ADATSA demonstration populations (i.e., "Transition Eligibles") aligned fully with eligibility for the 2014 Medicaid expansion adults. An automated conversion will occur for individuals enrolled in these programs in December 2013.

Screening of the Basic Health "Transition Eligible" population determined that an automated conversion would not be possible - details required to support MAGI household and income requirements are not available in current data, nor available in the sponsorship program through which external organizations subsidize enrollment in Basic Health (e.g., Tribes.) In addition, collection of additional (tax-related) data not needed for Basic Health eligibility determination would have required Legislative action *before* all details of the MAGI determination methodology were known. The process for transition of Basic Health individuals will involve heavy facilitation through multiple notices and assistance from Basic Health sponsors (e.g., Tribes), health plans who serve current enrollees, and advocacy organizations. Individuals may also obtain coverage for 2014 through Washington's healthplanfinder portal, paper forms, or other call-center/personal assistance.

The Take Charge program covers a limited family planning benefit to help participants avoid unintended pregnancies. The 2013 Legislature authorized continuation of the program in 2014 for individuals not otherwise eligible for Medicaid, and for youth requiring confidential access to services. Otherwise, current beneficiaries will continue coverage through their certification period. They will then receive a renewal notice requiring them to apply for coverage in the same manner as other Medicaid recipients. (A waiver amendment is being drafted.)

State WASHINGTON**C. Notification/Notices**

As shown in the Transitional Bridge Demonstration waiver Gantt chart above, planning for communication with beneficiaries, health plans, providers and sponsors began in 2012. Conversations with Take Charge providers has been increasing since December 2012 when the Governor's budget for 2013-15 leveraged the ACA-related opportunities to streamline current programs whose enrollees would have expanded benefits available through 2014 IAP options.

As required, notices comply with the notice requirements in 42 CFR 431.206, 431.210 and 431.213 and where applicable, information on appeal and hearing rights as outlined in 42 CFR 431.220 and 431.221 is included. In general, the terms and conditions of the Transitional Bridge waiver which expires December 31, 2013, make the need for hearing and appeal rights not relevant since the programs will not continue for Transition Eligibles. A full list and sample of actual notices is included in Attachment 1. STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State WASHINGTON

Medicaid Furnished Out of State

Medicaid may be furnished to eligible individuals by Canadian providers under the following conditions:

1. Medical services are required because of a medical emergency and a Canadian provider is the closest source of care or
2. Needed medical services are more readily available in Canada and the aggregate cost of care is equal to or less than the aggregate cost of the same care when provided within the state.

In order for the department to reimburse Canadian providers each participating provider must:

1. Have a signed agreement with the department and bill at U.S. exchange rate in effect at the time the service was provided.
2. Satisfy all Medicaid conditions of participation,
3. Meet functionally equivalent licensing requirements, and
4. Be subject to the same utilization control standards as in-state providers.
