Important news: Your health coverage is expanding

Dear (client name),

You have been approved for free coverage through Apple Health Expansion starting July 1, 2024. Your Apple Health Alien Emergency Medical (AEM) coverage will end June 30, 2024. You will be automatically enrolled in a new plan and your coverage should not be interrupted. Apple Health Expansion will cover the same services you have been receiving and provide more medical, dental, and vision services.

Why is free health coverage now available to me?

Legislation passed in 2022 allowing the Health Care Authority (HCA) to expand Apple Health coverage to adults with certain immigration statuses. Apple Health Expansion offers free medical, dental, and vision care through an Apple Health plan with no premiums.

What is managed care?

Most Apple Health clients have managed care. This means Apple Health pays a health plan a monthly premium for your coverage. Your health plan will coordinate your physical and behavioral health services, including mental health and substance use disorder treatment services.

Do I need to choose my new Apple Health plan?

If you do not select a health plan by June 29, 2024, one will be assigned for you, based on where you live.

If you have other household members on Apple Health, you will be enrolled in the same health plan (if available).

If no one in your household is enrolled in Apple Health, you can choose a plan through:

Can I stay in my current plan?

You will automatically transition to Apple Health for coverage starting X/XX/2024.

You can change from Apple Health back to your current plan.

However, the amount you pay for your plan could increase. The amount could increase by up to \$250 per member per month, because state premium subsidies can no longer be applied if you have a free coverage option through Apple Health and you choose to opt out of that free coverage.

If you would like to change from Apple Health back to your current plan, and pay more, call Apple Health customer service at 1-800-562-3022 and let them know you want to return to your current plan.
