

Provider Notice 14-14

Dear Provider,

Over the coming months the Health Care Authority (the agency) will be adding the following language to the first page of every provider guide to clarify what is meant by "Washington Apple Health."

Washington Apple Health means the public health insurance programs for eligible Washington residents. Washington Apple Health is the name used in Washington State for Medicaid, the children's health insurance program (CHIP), and state-only funded health care programs. Washington Apple Health is administered by the Washington State Health Care Authority.

The agency has also designed a new cover for the provider guides. The agency will replace the old covers with the new covers in the near future.
