

Provider Notice 14-63

Dear Provider,

Effective for claims with dates of service on or after July 1, 2014, Washington Apple Health (Medicaid), administered by the Health Care Authority (agency), is publishing a revised [Outpatient Rehabilitation Provider Guide](#).

Updates to the provider guide:

- Providers must use the servicing provider's national provider identifier (NPI) on *all* claims in order to be paid. If the servicing provider's NPI is not listed on the claim form, the claim may be denied.
- Occupational rehabilitative evaluation codes table updated for CPT code 97003. Expedited prior authorization required.
- Speech language pathology re-evaluation at the time of discharge limited to one per client, per evaluation code, per calendar year.
- Removed the list of qualifying diagnoses and added a link to the agency's *Habilitative Services Provider Guide*

For details, see the *What has changed?* table in the Outpatient Rehabilitation Provider Guide.
