Change Summary

Manufacturers Data Submission Guide v4.0 and v5.0

The changes between version 4.0 and 5.0 of the manufacturers' data submission guides (DSG) are indicated in red in the table below.

Type of change	Template	Version 4.0	Version 5.0
Change Table Name: Table Specifications	Price Increase (Covered Drugs with a Qualifying Price Increase)	File naming schema: manufacturer_price_increase_{YYYY}_{ID}_{YYYYMMDD}.csv Example: manufacturer_price_increase_2023_M12345_20231001.csv (Please use the submission due date, not the date the report was prepared)	File naming schema: manufacturer_price_increase_{YYYY}_{ID}_{YYYYMMDD}.csv Example: manufacturer_price_increase_2023_M12345_20231001.csv (Please use the submission due date, not the date the report was prepared)
Update Field: Washington DPT Number			NOTE: Special characters, hyphens, symbols, or slashes are allowed.
Update Field: Biosimilar		Name: Biosimilar Type: Choice Choices: Y, N Rule: If "N" Patent Expiration field is required. If "Y" Patent Expiration field is Nullable. Indicate if this drug is considered a biosimilar. Choices: Y N	Name: Biosimilar Type: Choice Choices: Y, N Indicate if this drug is considered a biosimilar. Choices: Y – Yes, this drug is considered a biosimilar. N – No, this drug is not considered a biosimilar.
Move Field and New Name: Patent Expiration Date of Original Biologic		From after Financial Factors Name: Patent Expiration Date Type: Date Format: YYYY-MM-DD Min Year: 1900 Max Year: 2100 Rule: Must be populated if "Drug Type = S	New location: after Biosimilar Name: Patent Expiration Date of Original Biologic Type: Date Format: YYYY-MM-DD Min Year: 1900 Max Year: 2100 Rule: Must be populated if "Drug Type = S Rule: If Biosimilar is "N" then Nullable. If "Y" date is required
Update Field: Day Supply			Note: Day Supply must be equal to 1 or greater, N/A is not acceptable
Update Field: Minium Day Supply		Name: Minimum Day Supply Type: Numeric Format: 999 Rule: Required if field Course of Treatment is "Y" What is the minimum day supply for a course of treatment. NOTE: Fill out minimum and maximum day supply even if they are the same number.	Name: Minimum Day Supply Type: Numeric Format: 999 What is the minimum day supply for a course of treatment. NOTE: Fill out minimum and maximum day supply even if they are the same number. Must be greater than zero.

Update Field:			
Update Field: Maximum Day Supply		Name: Maximum Day Supply Type: Numeric Format: 999 Rule: Required if field Course of Treatment is "Y" What is the maximum day supply for a course of treatment. NOTE: Fill out minimum and maximum day supply even if they are the same number.	Name: Maximum Day Supply Type: Numeric Format: 999 What is the maximum day supply for a course of treatment. NOTE: Fill out minimum and maximum day supply even if they are the same number. Must be greater than zero.
Update Field: Qualifying Price Increase		Indicator for qualifying price increase. Manufacturer must use this field as 'yes' or 'no' to indicate if the drug meets the criteria of a qualifying price increase as defined in RCW 43.71C.010(8).	Indicator for qualifying price increase. Manufacturer must use this field as 'yes' or 'no' to indicate if the drug meets the criteria of a qualifying price increase as defined in RCW 43.71C.010(8)as "Qualifying price increase" means a price increase described in subsection (2)(b) of this section.
Move Field: WAC - Type		From after WAC – Effective Date	New location after Qualifying Price Increase
Update Field: WAC – Increase (Unit Price)		**NOTE: Do not include the dollar sign or commas.**	**NOTE: Do not include the dollar sign or commas if nullable do not include any data.**
Update Field: WAC – Increase (Package Price)		**NOTE: Do not include the dollar sign or commas.**	**NOTE: Do not include the dollar sign or commas if nullable do not include any data.**
Update Field: WAC – 1 Year Prior (Unit Price)		Name: WAC - 1 Year Prior (Unit Price) Type: Numeric Format: 999999999.99999 Max Length: 14 digits Rule: Existing Manufacturer Drug "Y", and Rule: Required when "WAC Type" field is "Unit" or "Both", value must be greater than zero, Nullable if WAC Type = "Package" **NOTE: Do not include the dollar sign or commas.**	Name: WAC - 1 Year Prior (Unit Price) Type: Numeric Format: 999999999.99999 Max Length: 14 digits Rule: Previous Manufacturer of Drug "Y", and Rule: Required when "WAC Type" field is "Unit" or "Both", value must be zero, Nullable if WAC Type = "Package" **NOTE: Do not include the dollar sign or commas if nullable do not include any data.**
Update Field: WAC – 2 Year Prior (Unit Price)		Name: WAC - 2 Year Prior (Unit Price) Type: Numeric Format: 999999999.99999 Max Length: 14 digits Rule: Existing Manufacturer Drug "Y", and Rule: Required when "WAC Type" field is "Unit" or "Both", value must be greater than zero, Nullable if WAC Type = "Package" **NOTE: Do not include the dollar sign or commas.**	Name: WAC - 2 Year Prior (Unit Price) Type: Numeric Format: 999999999.99999 Max Length: 14 digits Rule: Previous Manufacturer of Drug "Y", and Rule: Required when "WAC Type" field is "Unit" or "Both", value must be zero, Nullable if WAC Type = "Package" **NOTE: Do not include the dollar sign or commas if nullable do not include any data.**

Update Field:			
WAC – 3 Year Prior (Unit Price)		Name: WAC - 3 Year Prior (Unit Price) Type: Numeric Format: 999999999.99999 Max Length: 14 digits Rule: Existing Manufacturer Drug "Y", and Rule: Required when "WAC Type" field is "Unit" or "Both", value must be greater than zero, Nullable if WAC Type = "Package" **NOTE: Do not include the dollar sign or commas.**	Name: WAC - 3 Year Prior (Unit Price) Type: Numeric Format: 999999999.99999 Max Length: 14 digits Rule: Previous Manufacturer of Drug "Y", and Rule: Required when "WAC Type" field is "Unit" or "Both", value must be zero, Nullable if WAC Type = "Package" **NOTE: Do not include the dollar sign or commas if nullable do not include any data.**
Update Field: WAC – 4 Year Prior (Unit Price)		Name: WAC - 4 Year Prior (Unit Price) Type: Numeric Format: 999999999.99999 Max Length: 14 digits Rule: Existing Manufacturer Drug "Y", and Rule: Required when "WAC Type" field is "Unit" or "Both", value must be greater than zero, Nullable if WAC Type = "Package" **NOTE: Do not include the dollar sign or commas.**	Name: WAC - 4 Year Prior (Unit Price) Type: Numeric Format: 999999999.99999 Max Length: 14 digits Rule: Previous Manufacturer of Drug "Y", and Rule: Required when "WAC Type" field is "Unit" or "Both", value must be zero, Nullable if WAC Type = "Package" **NOTE: Do not include the dollar sign or commas if nullable do not include any data.**
Update Field: WAC – 5 Year Prior (Unit Price)		Name: WAC - 5 Year Prior (Unit Price) Type: Numeric Format: 999999999.99999 Max Length: 14 digits Rule: Existing Manufacturer Drug "Y", and Rule: Required when "WAC Type" field is "Unit" or "Both", value must be greater than zero, Nullable if WAC Type = "Package" **NOTE: Do not include the dollar sign or commas.**	Name: WAC - 5 Year Prior (Unit Price) Type: Numeric Format: 999999999.99999 Max Length: 14 digits Rule: Previous Manufacturer of Drug "Y", and Rule: Required when "WAC Type" field is "Unit" or "Both", value must be zero, Nullable if WAC Type = "Package" **NOTE: Do not include the dollar sign or commas if nullable do not include any data.**
Update Field: WAC – 1 Year Prior (Package Price)		**NO** Name: WAC - 1 Year Prior (Package Price) Type: Numeric Format: 999999999.99999 Max Length: 14 digits Rule: Existing Manufacturer Drug "Y", and Rule: Required when "WAC Type" field is "Unit" or "Both", value must be greater than zero, Nullable if WAC Type = "Package" **NOTE: Do not include the dollar sign or commas.**	Name: WAC - 1 Year Prior (Package Price) Type: Numeric Format: 999999999.99999 Max Length: 14 digits Rule: Previous Manufacturer of Drug "Y", and Rule: Required when "WAC Type" field is "Unit" or "Both", value must be zero, Nullable if WAC Type = "Package" **NOTE: Do not include the dollar sign or commas if nullable do not include any data.**
Update Field: WAC – 2 Year Prior (Package Price)		Name: WAC - 2 Year Prior (Package Price) Type: Numeric Format: 999999999.99999 Max Length: 14 digits Rule: Existing Manufacturer Drug "Y", and Rule: Required when "WAC Type" field is "Unit" or "Both", value must be greater than zero,	Name: WAC - 2 Year Prior (Package Price) Type: Numeric Format: 999999999.99999 Max Length: 14 digits Rule: Previous Manufacturer of Drug "Y", and Rule: Required when "WAC Type" field is "Unit" or "Both", value must be zero,

Update Field:			
		Nullable if WAC Type = "Package" **NOTE: Do not include the dollar sign or commas.**	Nullable if WAC Type = "Package" **NOTE: Do not include the dollar sign or commas if nullable do not include any data.**
Update Field: WAC – 3 Year Prior (Package Price)		Name: WAC - 3 Year Prior (Package Price) Type: Numeric Format: 999999999.99999 Max Length: 14 digits Rule: Existing Manufacturer Drug "Y", and Rule: Required when "WAC Type" field is "Unit" or "Both", value must be greater than zero, Nullable if WAC Type = "Package" **NOTE: Do not include the dollar sign or commas.**	Name: WAC - 3 Year Prior (Package Price) Type: Numeric Format: 999999999.99999 Max Length: 14 digits Rule: Previous Manufacturer of Drug "Y", and Rule: Required when "WAC Type" field is "Unit" or "Both", value must be zero, Nullable if WAC Type = "Package" **NOTE: Do not include the dollar sign or commas if nullable do not include any data.**
Update Field: WAC – 4 Year Prior (Package Price)		Name: WAC - 4 Year Prior (Package Price) Type: Numeric Format: 999999999.99999 Max Length: 14 digits Rule: Existing Manufacturer Drug "Y", and Rule: Required when "WAC Type" field is "Unit" or "Both", value must be greater than zero, Nullable if WAC Type = "Package" **NOTE: Do not include the dollar sign or commas.**	Name: WAC - 4 Year Prior (Package Price) Type: Numeric Format: 999999999.99999 Max Length: 14 digits Rule: Previous Manufacturer of Drug "Y", and Rule: Required when "WAC Type" field is "Unit" or "Both", value must be zero, Nullable if WAC Type = "Package" **NOTE: Do not include the dollar sign or commas if nullable do not include any data.**
Update Field: WAC – 5 Year Prior (Package Price)		Name: WAC - 5 Year Prior (Package Price) Type: Numeric Format: 999999999.99999 Max Length: 14 digits Rule: Existing Manufacturer Drug "Y", and Rule: Required when "WAC Type" field is "Unit" or "Both", value must be greater than zero, Nullable if WAC Type = "Package" **NOTE: Do not include the dollar sign or commas.**	Name: WAC - 5 Year Prior (Package Price) Type: Numeric Format: 999999999.99999 Max Length: 14 digits Rule: Previous Manufacturer of Drug "Y", and Rule: Required when "WAC Type" field is "Unit" or "Both", value must be zero, Nullable if WAC Type = "Package" **NOTE: Do not include the dollar sign or commas if nullable do not include any data.**
Update Field: Financial Factors		**Note: Do not include hard returns.**	**Note: Do not hit enter when submitted data in this field.**
Update Field: Non-Financial Factors		**Note: Do not include hard returns.**	**Note: Do not hit enter when submitted data in this field.**
Update Field: Reporting Period To		For example, if the effective date of the WAC increase is January 1, 2024, through February 28, 2024, report calendar year 2022. If the effective date of the WAC increase is March 1, 2024, through December 31, 2024, report calendar year 2023.	
Update Field: Reporting Period From		For example, if the effective date of the WAC increase is January 1, 2024, through February 28, 2024, report calendar year 2022. If the effective date of the WAC increase is March 1, 2024, through December 31, 2024, report calendar year 2023.	

12/06/2024

Update Field: Manufacturing Costs		For example, if the effective date of the WAC increase is January 1, 2024, through February 28, 2024, report calendar year 2022. If the effective date of the WAC increase is March 1, 2024, through December 31, 2024, report calendar year 2023. **For new to market covered drugs, fill with zeros.**	
Update Field: Marketing and Advertising Costs		For example, if the effective date of the WAC increase is January 1, 2024, through February 28, 2024, report calendar year 2022. If the effective date of the WAC increase is March 1, 2024, through December 31, 2024, report calendar year 2023. **For new to market covered drugs, fill with zeros.**	
Move Field: Unit of Measure – Prior to Acquisition		From after WAC – Prior to Acquisition (Unit Price)	New location after WAC – Prior to Acquisition Type
Update Field: WAC – New (Unit Price)		Name: WAC – New (Unit Price) Type: Numeric Format: 999999999.99999 Max Length: 14 digits Rule: Required when "WAC Type" field is "Unit" or "Both"	The new wholesale acquisition cost (WAC) per package on the WAC effective date. NOTE: Do not include the dollar sign or commas.
Update Field: WAC – New (Package Price)		Name: WAC – New (Package Price) Type: Numeric Format: 999999999.99999 Max Length: 14 digits Rule: Required when "WAC Type" field is "Package" or "Both" Nullable if WAC Type = "Unit"	The new wholesale acquisition cost (WAC) per package on the WAC effective date. NOTE: Do not include the dollar sign or commas.
New Table: Table Specifications	New Covered Drugs		
Update Field Washington DPT Number			NOTE: Special characters, hyphens, symbols, or slashes are allowed.
Update Field: Financial Factors		Name: Financial Factors Type: String Max Length: 5000 characters Format: ABCDE Rule: value is populated when column "Qualifying Price Increase" is equal to Y	Name: Financial Factors Type: String Max Length: 5000 characters Format: ABCDE
Update Field: Non-Financial Factors		Name: Non-Financial Factors Type: String Max Length: 5000 characters Format: ABCDE Rule: value is populated when column "Qualifying Price Increase" is equal to Y	Name: Non-Financial Factors Type: String Max Length: 5000 characters Format: ABCDE
New Table: Table Specifications	New Drugs		
Update Field: Washington DPT Number			NOTE: Special characters, hyphens, symbols, or slashes are allowed.
