

Washington Apple Health (Medicaid)

Long-Term Acute Care Program Billing Guide

July 1, 2019

Every effort has been made to ensure this guide's accuracy. If an actual or apparent conflict between this document and an agency rule arises, the agency rules apply.

About this guide

This publication takes effect July 1, 2019, and supersedes earlier guides to this program.

HCA is committed to providing equal access to our services. If you need an accommodation or require documents in another format, please call 1-800-562-3022. People who have hearing or speech disabilities, please call 711 for relay services.

Washington Apple Health means the public health insurance programs for eligible Washington residents. Washington Apple Health is the name used in Washington State for Medicaid, the children's health insurance program (CHIP), and state-only funded health care programs. Washington Apple Health is administered by the Washington State Health Care Authority.

What has changed?

Subject	Change	Reason for Change
<u>Integrated Managed Care Regions</u>	Effective July 1, 2019, a new integrated managed care region, called North Sound , will be implemented. North Sound region includes Island, San Juan, Skagit, Snohomish, and Whatcom counties.	New integrated managed care region
<u>Behavioral Health Organization (BHO)</u>	Removed the North Sound Region	Effective July 1, 2019, behavioral health services in the North Sound region will be provided under integrated managed care

Authorization

For additional information on requesting authorization, see the [Authorization for Services](#) webpage.

How can I get agency provider documents?

To access provider alerts, go to the agency's [provider alerts](#) web page.

To access provider documents, go to the agency's [provider billing guides and fee schedules](#) web page.

Where can I download agency forms?

To download an agency provider form, go to HCA's Billers and provider's web page, select [Forms & publications](#). Type the HCA form number into the **Search box** as shown below (Example: 13-835).

Prior authorization, limitation extensions, or exception to rule	<p>For prior authorization or limitation extension, providers may submit prior authorization requests online through direct data entry into ProviderOne. See the agency's prior authorization webpage for details. Providers may also fax requests to 866-668-1214 along with the following:</p> <ul style="list-style-type: none"> • A completed, typed <i>General Information for Authorization</i> form, HCA 13-835. This request form must be the initial page when you submit your request. • A completed <i>Fax/Written Request Basic Information</i> form, HCA 13-756, all documentation listed on this form, most recent hospital admission history, physical, and any other medical justification. • A completed <i>Long-Term Acute Care Authorization/Update Request</i> form, HCA 13-890, all documentation listed on this form, and any other medical justification. <p>See Where can I download agency forms?</p>

Definitions

This section defines terms and abbreviations, including acronyms, used in this billing guide. Refer to [Chapter 182-500 WAC](#) for a complete list of definitions for Washington Apple Health.

Acute - An intense medical episode, not longer than three months.

Administrative day - A day of a hospital stay in which an acute inpatient level of care is no longer necessary, and non-inpatient hospital placement is appropriate. [\[WAC 182-550-1050\]](#)

Administrative day rate - The statewide Medicaid average daily nursing facility rate as determined by the agency.

Authorization - The agency's official approval for action taken for, or on behalf of, an eligible Medical Assistance client. This approval is only valid if the client is eligible on the date of service.

Authorization number - A nine-digit number assigned by the agency that identifies individual requests for approval of services. The same authorization number is used throughout the history of the request, whether it is approved, pending, or denied. [\[WAC 182-550-1050\]](#)

Diagnosis Related Group (DRG) - A classification system which categorizes hospital patients into clinically coherent and homogenous groups with respect to resource use, i.e., similar treatments and statistically similar lengths of stay for patients with related medical conditions. Classification of patients is based on the International Classification of Diseases, the presence of a surgical procedure, patient age, presence or absence of significant co-morbidities or

complications, and other relevant criteria. [\[WAC 182-550-1050\]](#)

Level 1 Services - Long-term acute-care (LTAC) services provided to a client who requires eight or more hours of direct skilled nursing care per day and the client's medical needs cannot be met at a lower level of care due to clinical complexity. Level 1 services include one (or both) of the following:

- Ventilator weaning care; or
- Care for a client who has:
 - ✓ Chronic open wounds that require on-site wound care specialty services and daily assessments and/or interventions; and
 - ✓ At least one comorbid condition (such as chronic renal failure requiring hemodialysis).
 - ✓ **Level 2 services** - Long-term acute-care (LTAC) services provided to a client who requires four or more hours of direct skilled nursing care per day, and the clients' medical needs cannot be met at a lower level of care due to clinical complexity. Level 2 services include at least one of the following:
 - ✓ Ventilator care for a client who is ventilator-dependent and is not weanable, and has complex medical needs; or

- Care for a client who has a tracheostomy; and
 - ✓ Requires frequent respiratory therapy services for complex airway management and has the potential for decannulation; and
 - ✓ Has at least one comorbid condition (such as quadriplegia.)

Long-term Acute Care (LTAC) - Inpatient intensive long-term care services provided in agency -approved LTAC hospitals to eligible medical assistance clients who require Level 1 or Level 2 services.

LTAC fixed per diem rate - A daily amount used to determine payment for specific services provided in long-term acute care (LTAC) hospitals.
[WAC 182-550-1050]

Survey - An inspection conducted by a federal, state, or private agency to evaluate and monitor a facility's compliance with LTAC program requirements. [WAC 182-550-1050]

About the Program

What is the Long-Term Acute Care (LTAC) Program?

[\[WAC 182-550-2565\]](#)

- The Long-Term Acute Care (LTAC) Program is a 24-hour inpatient comprehensive program of integrated medical and rehabilitative services provided in an agency - approved LTAC facility during the acute phase of a client's care. These facilities specialize in treating patients that require intensive hospitalization for extended periods of time. Patients transferred to these hospitals are typically in the intensive care unit of the traditional hospital that initiated their medical care. Under federal guidelines, only a few hospitals have been designated as specialists in treating patients requiring intensive medical care for extended periods. Medicare calls these hospitals "long-term acute care hospitals" (LTAC).
- The agency requires prior authorization for all LTAC stays. The agency determines the authorized length of stay for LTAC services based on the client's need as documented in the client's medical records and the criteria described in [PA Requirements for Level 1 and Level 2 LTAC Services](#).
- A multidisciplinary team coordinates individualized LTAC services at an agency - approved LTAC facility to achieve improved health and welfare for a client.
- When the agency-authorized stay ends, the provider transfers the client to a more appropriate level of care or, if appropriate, discharges the client to the client's residence.

Client Eligibility

Note: The agency requires prior authorization for all long-term acute care services. See [Prior Authorization](#) for instructions on requesting prior authorization. The agency will verify the client's eligibility prior to authorizing services.

Most Apple Health clients are enrolled in an agency-contracted managed care organization (MCO). This means that Apple Health pays a monthly premium to an MCO for providing preventative, primary, specialty, and other health services to Apple Health clients. Clients in managed care must see only providers who are in their MCO's provider network, unless prior authorized or to treat urgent or emergent care. See the agency's [Apple Health managed care page](#) for further details.

It is important to always check a client's eligibility prior to providing any services because it affects who will pay for the services.

How do I verify a client's eligibility?

Check the client's Services Card or follow the two-step process below to verify that a client has Apple Health coverage for the date of service and that the client's benefit package covers the applicable service. This helps prevent delivering a service the agency will not pay for.

Is the client enrolled in an agency-contracted managed care organization (MCO), in a behavioral health organization (BHO), or is the client receiving services through fee-for-service (FFS) Apple Health?

Verifying eligibility is a two-step process:

Step 1. Verify the patient's eligibility for Apple Health. For detailed instructions on verifying a patient's eligibility for Apple Health, see the *Client Eligibility, Benefit Packages, and Coverage Limits* section in the agency's [ProviderOne Billing and Resource Guide](#).

If the patient is eligible for Apple Health, proceed to **Step 2**. If the patient is **not** eligible, see the note box below.

Step 2. Verify service coverage under the Apple Health client's benefit package. To determine if the requested service is a covered benefit under the Apple Health client's benefit package, see the agency's [Program Benefit Packages and Scope of Services](#) web page.

Note: Patients who are not Apple Health clients may submit an application for health care coverage in one of the following ways:

1. By visiting the Washington Healthplanfinder's website at:
www.wahealthplanfinder.org
2. By calling the Customer Support Center toll-free at: 855-WAFINDER (855-923-4633) or 855-627-9604 (TTY)
3. By mailing the application to:
Washington Healthplanfinder
PO Box 946
Olympia, WA 98507

In-person application assistance is also available. To get information about in-person application assistance available in their area, people may visit www.wahealthplanfinder.org or call the Customer Support Center.

Are clients enrolled in managed care plans eligible for LTAC services?

Yes. When verifying eligibility using ProviderOne, if the client is enrolled in an agency managed care plan, managed care enrollment will be displayed on the Client Benefit Inquiry screen.

- Clients are eligible for LTAC services through their managed care plan when the client is enrolled in the plan at the time of acute care admission.
- The plan pays for, coordinates, and authorizes LTAC services when appropriate.

The agency does not process or pay claims for clients enrolled in a managed care plan when services provided are covered under the managed care contract. Clients can contact their managed care plan by calling the telephone number provided to them.

Note: To prevent billing denials, check the client's eligibility **prior** to scheduling services and at the **time of the service**. For more information on how to verify a client's eligibility, see the agency [ProviderOne Billing and Resource Guide](#).

Managed care enrollment

Apple Health (Medicaid) places clients into an agency-contracted MCO the same month they are determined eligible for managed care as a new or renewing client. This eliminates a person being placed temporarily in FFS while they are waiting to be enrolled in an MCO or reconnected with a prior MCO. This enrollment policy also applies to clients in FFS who have a change in the program they are eligible for.

New clients are those initially applying for benefits or those with changes in their existing eligibility program that consequently make them eligible for Apple Health managed care. Renewing clients are those who have been enrolled with an MCO but have had a break in enrollment and have subsequently renewed their eligibility.

Checking eligibility

- Providers must check eligibility and know when a client is enrolled and with which MCO. For help with enrolling, clients can refer to the Washington Healthplanfinder's [Get Help Enrolling](#) page.
- MCOs have retroactive authorization and notification policies in place. The provider must know the MCO's requirements and be compliant with the MCO's policies.

Behavioral Health Organization (BHO)

The Health Care Authority manages the contracts for behavioral health services (mental health and substance use disorder) for the following three Regional Service Areas (RSAs):

- **Great Rivers:** Includes Cowlitz, Grays Harbor, Lewis, Pacific, and Wahkiakum counties
- **Salish:** Includes Clallam, Jefferson, and Kitsap counties
- **Thurston-Mason:** Includes Thurston and Mason counties

To view a map and table of the integrated managed care plans available within each region, please see [Changes coming to Washington Apple Health](#). You may also refer to the agency's [Apple Health managed care webpage](#).

See the agency's [Mental Health Services Billing Guide](#) for details.

Apple Health – Changes for July 1, 2019

Effective July 1, 2019, HCA is continuing to shift to whole-person care to allow better coordination of care for both body (physical health) and mind (mental health and drug or alcohol treatment, together known as “behavioral health”). This delivery model is called Integrated Managed Care (formerly Fully Integrated Managed Care, or FIMC, which still displays in ProviderOne and Siebel).

Agency-contracted managed care organizations (MCOs) in certain Regional Services Areas (RSAs) will expand their coverage of behavioral health services (mental health and substance use disorder treatment), along with continuing to cover physical health services. The RSAs are outlined in the [Integrated Managed Care Regions](#) section.

Apple Health clients who are not enrolled in an agency-contracted MCO for their physical health services (e.g., dual-eligible Medicare-Medicaid clients) will still receive their behavioral health services through one of the agency-contracted MCOs. The MCO will provide only behavioral health services for the client.

Most clients will remain with the same health plan, except in regions where client's plan will no longer be available. HCA will auto-enroll these clients to one of the offered plans.

Clients can change their plan at any time by:

- Visiting the [ProviderOne Client Portal](#).
- Calling Apple Health Customer Service toll-free at 1-800-562-3022. This automated system is available 24 hours a day, 7 days a week.

- Requesting a change online through our secure [Contact us – Apple Health \(Medicaid\) client web form](#). Select the topic “Enroll/Change Health Plans.”
- Visiting the [Washington Healthplanfinder](#) (only for clients with a Washington Healthplanfinder account).

Integrated managed care

For clients who live in an integrated managed care region, all physical health services, mental health services, and drug and alcohol treatment are covered and coordinated by the client’s agency-contracted MCO. The BHO will not provide behavioral health services in these regions.

Clients living in an integrated managed care region will enroll with an MCO of their choice that is available in that region. If the client does not choose an MCO, the client will be automatically enrolled into one of the available MCOs, unless the client is American Indian/Alaska Native (AI/AN). Clients currently enrolled in one of the available MCOs in their region may keep their enrollment when the behavioral health services are added.

American Indian/Alaska Native (AI/AN) clients living in an integrated managed care region of Washington may choose to enroll in one of the agency-contracted MCOs available in that region or they may choose to receive all these services through Apple Health FFS. If they do not choose an MCO, they will be automatically enrolled into Apple Health FFS for all their health care services, including comprehensive behavioral health services. See the agency’s [American Indian/Alaska Native webpage](#).

For more information about the services available under the FFS program, see the agency’s [Mental Health Services Billing Guide](#) and the [Substance Use Disorder Billing Guide](#).

For full details on integrated managed care, see the agency’s [Changes to Apple Health managed care webpage](#).

Integrated managed care regions

Clients who reside in the following integrated managed care regions and who are eligible for managed care enrollment must choose an available MCO in their region. Details, including information about mental health crisis services, are located on the agency’s [Apple Health managed care webpage](#).

Region	Counties	Effective Date
North Sound	Island, San Juan, Skagit, Snohomish, and Whatcom	July 1, 2019 (new)
Greater Columbia	Asotin, Benton, Columbia, Franklin, Garfield, Kittitas, Walla Walla, Yakima, and Whitman	January 1, 2019
King	King	January 1, 2019
Pierce	Pierce	January 1, 2019
Spokane	Adams, Ferry, Lincoln, Pend Oreille, Spokane, and Stevens	January 1, 2019
North Central	Grant, Chelan, Douglas, and Okanogan	January 1, 2018 January 1, 2019 (Okanogan)
Southwest	Clark, Skamania, and Klickitat	April 2016 January 1, 2019 (Klickitat)

Integrated Apple Health Foster Care (AHFC)

Effective January 1, 2019, children and young adults in the Foster Care, Adoption Support and Alumni programs who are enrolled in Coordinated Care of Washington’s (CCW) Apple Health Foster Care program will receive both medical and behavioral health services from CCW.

Clients under this program are:

- Under the age of 21 who are in foster care (out of home placement)
- Under the age of 21 who are receiving adoption support
- Age 18-21 years old in extended foster care
- Age 18 to 26 years old who aged out of foster care on or after their 18th birthday (alumni)

These clients are identified in ProviderOne as
“Coordinated Care Healthy Options Foster Care.”

Fee-for-service Apple Health Foster Care

Children and young adults in the fee-for-service Apple Health Foster Care, Adoption Support and Alumni programs receive behavioral health services through the regional Behavioral Health Administrative Services Organization (BH-ASO). For details, see the agency's [Mental Health Services Billing Guide](#), under *How do providers identify the correct payer?*

Primary care case management (PCCM)

The Client Benefit Inquiry screen in ProviderOne will display the PCCM provider when a client who has chosen to obtain care with a PCCM provider. The agency requires prior authorization for LTAC Services. Prior authorization is obtained through the LTAC program manager not the PCCM provider.

Note: To prevent billing denials, please check the client's eligibility **prior** to scheduling services and at the **time of the service** and make sure proper authorization or referral is obtained from the PCCM provider. Please see the agency [ProviderOne Billing and Resource Guide](#) for instructions on how to verify a client's eligibility.

Provider Requirements

What is required to become an LTAC hospital?

[\[WAC 182-550-2580\]](#)

To apply to become an agency-approved, long-term acute care (LTAC) hospital, the agency requires a hospital to:

Submit a letter of request to:

LTAC Program Manager
Healthcare Services
The Health Care Authority
P.O. Box 45506
Olympia WA 98504-5506

And

Include in the letter documentation that confirms the hospital is all of the following:

- Medicare-certified for LTAC
- Accredited by the joint commission on accreditation of healthcare organizations (JCAHO)
- For an in-state hospital, licensed as an acute care hospital by the Department of Health (DOH) under [WAC 246-310-010](#) and [Chapter 246-320 WAC](#)
- For an out of state hospital licensed as an acute care hospital by the state where the hospital is located
- Enrolled with the agency as a Medicaid participating provider

The hospital qualifies as an agency-approved LTAC hospital when all of the following are met:

- The hospital meets all the requirements in this section
- The agency has conducted an on-site visit and recommended approval of the hospital's request for LTAC designation
- The agency provides written notification to the hospital that it qualifies for payment when providing LTAC services to eligible medical assistance clients

The agency may, at its sole discretion, approve a hospital located in Idaho or Oregon that is not in a designated bordering city as an LTAC hospital if both of the following are met:

- The hospital meets the requirements of this section
- The hospital provider signs a contract with the agency agreeing to the LTAC criteria for services in accordance with [WAC 182-550-2595](#)

The agency does not have any legal obligation to approve any hospital or other entity as an LTAC hospital

Postpay or on-site reviews

[\[WAC 182-550-2585\]](#)

To ensure quality of care, the agency may conduct postpay or on-site reviews of any agency-approved LTAC hospital. See [WAC 182-550-2585](#), “Audits and the audit appeal process for contractors/providers,” for additional information about audits conducted by agency staff.

To ensure a client’s right to receive necessary quality of care, a provider of LTAC services is responsible to act on reports of substandard care or violations to the hospital’s medical staff bylaws. The provider must have and follow written procedures that provide a resolution to either a complaint or a grievance or both. A complaint or grievance regarding substandard conditions or care may be investigated by any one or more of the following:

- The Department of Health (DOH)
- [The Joint Commission on Accreditation of Healthcare Organizations \(JCAHO\)](#)
- The agency
- Other agencies with review authority for medical assistance programs

Notifying clients of their rights (advance directives)

[\[42 CFR, Subpart I\]](#)

All Medicare-Medicaid certified hospitals, nursing facilities, home health agencies, personal care service agencies, hospices, and managed health care organizations are federally mandated to give **all adult clients** written information about their rights, under state law, to make their own health care decisions.

Clients have the right to all of the following:

- Accept or refuse medical treatment
- Make decisions concerning their own medical care
- Formulate an advance directive, such as a living will or durable power of attorney for health care

Prior Authorization

Does the agency require prior authorization (PA) for LTAC services?

[\[WAC 182-550-2590\]](#)

YES.

Note: Please see the agency [ProviderOne Billing and Resource Guide](#) for more information on requesting authorization.

PA requirements for Level 1 and Level 2 LTAC services

The prior authorization process includes all of the following:

- **For an initial thirty-day stay:**
 - ✓ The client must meet both of the following:
 - Be eligible under one of the programs listed in [WAC 182-550-2575](#)
 - Require Level 1 or Level 2 LTAC services as defined in [WAC 182-550-1050](#)
- **Before admitting the client to the LTAC hospital the LTAC provider of services must:**
 - ✓ Submit a prior authorization request by direct data entry into ProviderOne or by submitting the request in writing (see the agency's [prior authorization web page](#) for details). Providers may also fax requests to 866-668-1214.
 - ✓ The agency may request additional information as follows:
 - A completed *Long-Term Acute Care Authorization/Update Request* form, HCA 13-890
 - LTAC intake form
 - The most recent hospital admission history and physical exam notes or results
 - Any other medical justification.

For information about downloading agency forms, see [Where can I download agency forms?](#)

Note: Contact the agency to request prior authorization (see [Resources Available](#)).

To request an extension for LTAC days, please use the following instructions:

Go to [Document submission cover sheets](#):

- Scroll down and click on number 7. PA (Prior Authorization) Pend Forms.
- When the form appears on the screen, insert the Authorization Reference number (ProviderOne authorization number) in the space provided and press enter to generate the barcode on the form.

TIP: The ProviderOne authorization number for this type of request can be found using the ProviderOne authorization inquiry feature. The ProviderOne authorization number is listed above the client's ID number on the PA Utilization screen.

- Print the Pend form and use it as the cover sheet and attach the additional information behind it.
- Fax pages to the agency using the fax number on the bottom of the Pend Form.

Note: The Pend form MUST be the first page of the fax.

- Use the LTAC Request, form HCA 13-890. See [Where can I download agency forms?](#)
- Include sufficient medical information to justify the requested extension of stay.

The agency authorizes Level 1 or Level 2 LTAC services for initial stays or extensions of stay based on the client's circumstances and the medical justification received.

A client who does not agree with a decision regarding a length of stay has a right to a fair hearing under chapter [182-526](#) WAC. After receiving a request for a fair hearing, the agency may request additional information from the client and the facility, or both. After the agency reviews the available information, the result may be any of the following:

- A reversal of the initial agency decision
- Resolution of the client's issue(s)
- A fair hearing conducted per Chapter 182-526 WAC

The agency may authorize an administrative day rate payment for a client who meets one or more of the following:

- Does not meet the requirements for Level 1 or Level 2 LTAC services
- Is waiting for placement in another hospital or other facility
- If appropriate, is waiting to be discharged to the client's residence

Payment

What does the LTAC fixed per diem rate include?

[\[WAC 182-550-2595 \(1\)\]](#)

In addition to room and board, the LTAC fixed per diem rate includes, but is not limited to, the services and equipment in the table below. Use revenue code 100 in the appropriate field of the institutional claim when billing for the services included in the fixed per diem rate. The amount billed must be the usual and customary charges for the services included in the per diem rate. The agency pays for these services at the agency's LTAC fixed per diem rate.

Note:

- Bill the usual and customary charges for all charges incurred for services included in the fixed per diem rate under revenue code 100.
- Do not bill separately for any of the revenue codes listed below as these charges should be included in your charges for revenue code 100. **Exception: Revenue code 250.**

Revenue Code	Description
100	Your usual and customary charges for the following services are included and should be billed under revenue code 100. The agency pays for these services at the agency's LTAC fixed per diem rate.
128	Room and Board – Rehabilitation
200	Room and Board – Intensive Care
250	Pharmacy - Up to and including \$200 per day in total allowed charges for any combination of pharmacy services that includes prescription drugs, total parenteral nutrition (TPN) therapy, IV infusion therapy, and/or epogen/neupogen therapy.
270	Medical/Surgical Supplies and Devices
300	Laboratory – General
301	Laboratory – Chemistry
302	Laboratory – Immunology
305	Laboratory – Hematology
306	Laboratory – Bacteriology and Microbiology
307	Laboratory – Urology
309	Laboratory – Other Laboratory Services
410	Respiratory Services
420	Physical Therapy
430	Occupational Therapy
440	Speech-Language Therapy

Who pays for continuous care events when a client enrolls in an agency-contracted managed care organization?

When a patient transfers from acute care to a rehabilitation setting (e.g., an acute physical medicine and rehabilitation (acute PM&R) facility, a long-term acute care (LTAC) facility, or a skilled nursing facility (SNF)), the agency considers each stay a separate event. Whether the agency of the managed care organization (MCO) pays depends on the date of admission compared to the date of Medicaid eligibility and the date of enrollment with the MCO.

The agency does not pay:

- For an admission to an acute PM&R facility, LTAC facility, or SNF, if the admission started on or after the effective date of enrollment in an MCO.
- For a covered service that is the responsibility of the agency-contracted MCO.

Scenario 1:

If the effective date for the client’s Medicaid eligibility and MCO enrollment is *before* an acute care admission date, the MCO is responsible.

Scenario 2:

If the MCO enrollment effective date is *after* the acute care admission date, the agency fee-for-service (FFS) program is responsible for the acute care admission. The MCO is responsible for any subsequent admissions for PM&R, LTAC, or SNF services occurring after the MCO enrollment effective date.

Scenario 3:

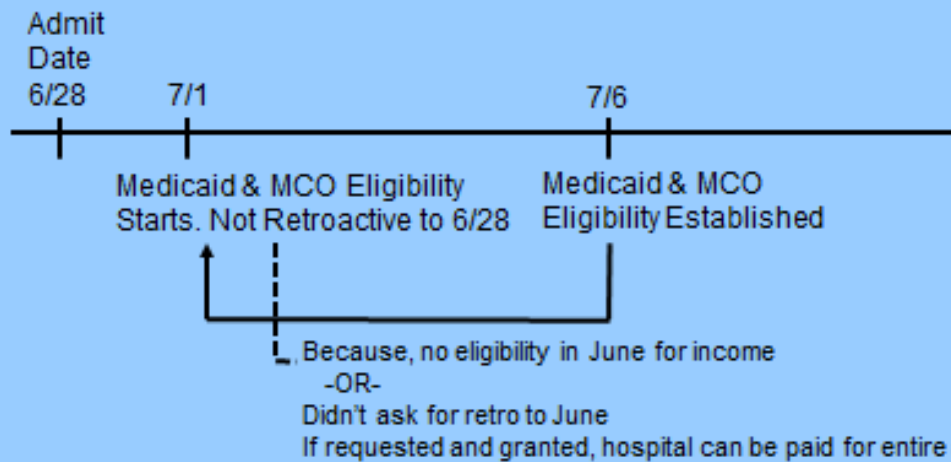

If the MCO enrollment is effective the month following the acute care admission date, but Medicaid eligibility is established back to the first of the month in which the admission occurred, the agency FFS program is responsible for the acute care stay and any other admissions (PM&R, LTAC, SNF) that begin *before* the MCO enrollment effective date. The MCO pays for any PM&R, LTAC, or SNF admissions that begin after the MCO enrollment effective date.

*FFS Authorized - MCO retroactively reviews. (Enrollment after PM&R Admit Date)

Scenario 4:

If the effective dates for the client's Medicaid eligibility and MCO enrollments are *after* the acute care, PM&R, LTAC, or SNF admission date and no retroactive eligibility is granted back to the date of admission, the agency FFS program is responsible for the admission until discharge. However, the agency will prorate and pay only for those dates the client is eligible for Medicaid.

What is not included in the LTAC fixed per diem rate?

[\[WAC 182-550-2596 \(1\)\]](#)

The following specific services and equipment are excluded from the LTAC fixed per diem rate and may be billed by providers in accordance with applicable agency fee or rate schedules:

Note: Bill your total usual and customary charges for revenue code 250 in the appropriate form locator field. Enter the first \$200 per day in locator 48 as noncovered.

Revenue Code	Description
250	Pharmacy - After the first \$200 per day in total allowed charges for any combination of pharmacy services that includes prescription drugs, total parenteral nutrition (TPN) therapy, IV infusion therapy, and/or epogen/neupogen therapy.
255	Drugs/Incidental Radiology
260	IV Therapy
320	Radiology
340	Nuclear Medicine
350	Computered Tomographic (CT) Scan
360	Operating Room Services
370	Anesthesia
390	Blood and Blood Component, Processing and Storage
391	Blood and Blood Component, Administration
402	Other Imaging Services – Ultrasound
460	Pulmonary Function
480	Cardiology
710	Recovery Room
730	EKG/ECG
750	Gastro-Intestinal Services
801	Inpatient Hemodialysis
921	Peripheral Vascular Lab

Note: The agency uses the appropriate payment method described in the agency’s other billing instructions to pay providers other than LTAC facilities for services and equipment that are covered by the agency but not included in the LTAC fixed per diem rate. The provider must bill the agency directly and the agency pays the provider directly. See [WAC 182-550-2596 \(2\)](#).

How does the agency determine payment for LTAC services?

[\[WAC 182-550-2595 \(2\)\]](#)

The agency pays the LTAC facility the LTAC fixed per diem rate in effect at the time the LTAC services are provided, minus the sum of both of the following:

- Client liability, whether or not collected by the provider
- Any amount of coverage from third parties, whether or not collected by the provider, including, but not limited to, coverage from:
 - ✓ Insurers and indemnitors
 - ✓ Other federal or state medical care programs
 - ✓ Payments made to the provider on behalf of the client by individuals or organizations not liable for the client's financial obligations
 - ✓ Any other contractual or legal entitlement of the client, including, but not limited to:
 - Crime victims' compensation
 - Workers' compensation
 - Individual or group insurance
 - Court-ordered dependent support arrangements
 - The tort liability of any third party

Note: The agency may make an annual vendor rate increase to the LTAC fixed per diem rate. The agency may rebase the LTAC fixed per diem rate periodically.

When the agency establishes a special client service contract to complement the core provider agreement with an out-of-state LTAC hospital for services, the contract terms take precedence over any conflicting payment program policies set in WAC by the agency.

Does the agency pay for ambulance transportation?

[\[WAC 182-550-2596 \(3\)\]](#)

Transportation services to transport a client to and from another facility for the provision of outpatient medical services while the client is still an inpatient at the LTAC hospital, or related to transporting a client to another facility after discharge from the LTAC hospital:

- Are not covered or paid through the LTAC fixed per diem rate
- Are not payable directly to the LTAC hospital
- Are subject to the provisions in [Chapter 182-546 WAC](#)
- Must be billed directly to one of the following:
 - ✓ The agency by the transportation company to be paid if the client required ambulance transportation
 - ✓ The agency's contracted transportation broker, subject to the PA requirements and provisions described in Chapter 182-546 WAC, if the client meets one of the following:
 - Required non-emergency transportation
 - Did not have a medical condition that required transportation in a prone or supine position

Note: The agency evaluates requests for covered transportation services that are subject to limitations or other restrictions, and approves such services beyond those limitations or restrictions under the provisions of WAC 182-546-0400.

When the agency establishes a special client service contract to complement the core provider agreement with an out-of-state LTAC hospital for services, the contract terms take precedence over any conflicting payment program policies set in WAC by the agency.

Billing

All claims must be submitted electronically to the agency, except under limited circumstances. For more information about this policy change, see [Paperless Billing at HCA](#). For providers approved to bill paper claims, see the agency's [Paper Claim Billing Resource](#).

What are the general billing requirements?

Providers must follow agency [ProviderOne Billing and Resource Guide](#). These billing requirements include, but are not limited to:

- Time limits for submitting and resubmitting claims and adjustments
- What fee to bill the agency for eligible clients
- When providers may bill a client
- How to bill for services provided to primary care case management (PCCM) clients
- Billing for clients eligible for both Medicare and Medicaid
- Third-party liability
- Record keeping requirements

Exception: If billing Medicare Part B crossover claims, bill the amount submitted to Medicare.

Does the agency allow interim billing?

The agency allows interim billing for hospital stays extending to 60 days. After the 60-day period is exceeded, the agency allows interim billing more frequently.

How do I bill claims electronically?

Instructions on how to bill Direct Data Entry (DDE) claims can be found on the agency's [Billers and Providers](#) web page, under [Webinars](#).

For information about billing Health Insurance Portability and Accountability Act (HIPAA) Electronic Data Interchange (EDI) claims, see the ProviderOne 5010 companion guides on the [HIPAA Electronic Data Interchange \(EDI\)](#) web page.

The following claim instructions relate to the long-term acute care program:

Name	Entry	
Place of Service	These are the only appropriate code(s) for this billing instruction:	
	Code	To Be Used For
	12	Client's residence
	13	Assisted living facility
	32	Nursing facility
	31	Skilled nursing facility
