Guidelines to certify a child with a disability

Your child age 26 or older may be eligible for enrollment in your Public Employees Benefits Board (PEBB) health plan coverage if:

- Your child has a developmental or physical disability that occurred before age 26, and
- They are incapable of self-sustaining employment and chiefly dependent upon you for support and ongoing care.

Follow the instructions below and on the next page to certify or recertify a child with a disability. The form begins on page 3.

Approval of certification is based on your child's clinical condition.

As used here, children are defined as described in WAC 182-12-260(3), which includes children with whom you have a parent-child relationship as defined in RCW 26.26A.100 and children with disabilities age 26 and older.

By submitting this form, I declare that the information I have provided is true, complete, and correct. If it isn't, or if I do not update this information within the PEBB Program's required timelines, I must repay any claims paid by my health plan(s) or premiums paid on my child's behalf to the extent permitted by federal and state laws. My child may also lose PEBB health plan coverage as of the last day of the month they were eligible. To the extent permitted by law, the PEBB Program may retroactively terminate coverage for me and my dependents if I intentionally misrepresent eligibility, or do not pay premiums and applicable premium surcharges when due. I understand that it is a crime to knowingly provide false, incomplete, or misleading information to an insurance company for the purpose of defrauding the company. Penalties include imprisonment, fines, and denial of benefits.

I understand that the PEBB Program will verify eligibility for my dependent and may ask for this verification at any time. The PEBB Program will verify the disability and dependency for a child with a disability periodically, but not more than annually after the two-year period following the dependent's 26th birthday. My health plan may provide input; however, the PEBB Program performs the certification of eligibility.

This form replaces all previous Certification of a Child with a Disability forms I have submitted for PEBB Program benefits. I understand I must notify the PEBB Program in writing no later than 60 days after the last day of the month my child is no longer eligible as a child with a disability.
