

Know your rights under the Balance Billing Protection Act

Beginning January 1, 2020, Washington state law protects you from ‘surprise billing’ or ‘balance billing’ if you receive emergency care or are treated at an in-network hospital or outpatient surgical facility

What is ‘surprise billing’ or ‘balance billing’ and when does it happen?

Under your health plan, you’re responsible for certain cost-sharing amounts. This includes copayments, coinsurance and deductibles. You may have additional costs or be responsible for the entire bill if you see a provider or go to a facility that is not in your plan’s provider network.

Some providers and facilities have not signed a contract with your insurer. They are called ‘out-of-network’ providers or facilities. They can bill you the difference between what your insurer pays and the amount the provider or facility bills. This is called ‘surprise billing’ or ‘balance billing.’

Insurers are required to tell you, via their websites or on request, which providers, hospitals and facilities are in their networks. And hospitals, surgical facilities and providers must tell you which provider networks they participate in on their website or on request.

When you CANNOT be balance billed:

Emergency Services

The most you can be billed for emergency services is your plan’s in-network cost-sharing amount even if you receive services at an out-of-network hospital in Washington, Oregon or Idaho or from an out-of-network provider that works at the hospital. The provider and facility cannot balance bill you for emergency services.

Certain services at an In-Network Hospital or Outpatient Surgical Facility

When you receive surgery, anesthesia, pathology, radiology, laboratory, or hospitalist services from an out-of-network provider while you are at an in-network hospital or outpatient surgical facility, the most you can be billed is your in-network cost-sharing amount. These providers cannot balance bill you.

In situations when balance billing is not allowed, the following protections also apply:

- Your insurer will pay out-of-network providers and facilities directly. You are only responsible for paying your in-network cost-sharing.
- Your insurer must:
 - Base your cost-sharing responsibility on what it would pay an in-network provider or facility in your area and show that amount in your explanation of benefits.
 - Count any amount you pay for emergency services or certain out-of-network services (described above) toward your deductible and out-of-pocket limit.
- Your provider, hospital, or facility must refund any amount you overpay within 30 business days.
- A provider, hospital, or outpatient surgical facility cannot ask you to limit or give up these rights.

If you receive services from an out-of-network provider, hospital or facility in any OTHER situation, you may still be balance billed, or you may be responsible for the entire bill.

This law does not apply to all health plans. If you get your health insurance from your employer, the law might not protect you. Be sure to check your plan documents or contact your insurer for more information.

If you believe you’ve been wrongly billed, file a complaint with the Washington state Office of the Insurance Commissioner at www.insurance.wa.gov or call 1-800-562-6900.

BENEFIT SUMMARY

Deductible

All Services except preventive care, vision hardware, and health education classes are subject to the Deductible.

Self-only Deductible per Year (for a Family of one Member)	\$1,400
--	---------

Individual Family Member Deductible per Year (for each Member in a Family of two or more Members)	\$2,800
---	---------

Family Deductible per Year (for an entire Family)	\$2,800
---	---------

Out-of-Pocket Maximum

Self-only Out-of-Pocket Maximum per Year (for a Family of one Member)	\$5,100
---	---------

Individual Family Member Out-of-Pocket Maximum per Year (for each Member in a Family of two or more Members)	\$5,100
--	---------

Family Out-of-Pocket Maximum per Year (for an entire Family)	\$10,200
--	----------

Note: All Deductible, Copayment and Coinsurance amounts count toward the Out-of-Pocket Maximum, unless otherwise noted in this *COC*. The Deductible and Out-of-Pocket Maximum amounts are subject to increase if the U.S. Department of Treasury changes the minimum Deductible and Out-of-Pocket Maximum amounts required for High Deductible Health Plans.

Benefits will be provided at the payment levels specified below and in the “Benefit Details” section of this *COC* up to the benefit maximum limits. The numbered Services below correspond with the benefit descriptions in the “Benefit Details” section of this *COC*. Please read the “Benefit Details” and the “Benefit Exclusions and Limitations” sections for specific benefit limitations, maximums, and exclusions. For a list of defined terms, refer to the “Definitions” section of this *COC*.

Calendar year is the time period (Year) in which dollar, day and visit limits, Deductibles and Out-of-Pocket Maximums accumulate.

COVERED SERVICE	BENEFIT
1. Accidental Injury to Teeth	100% subject to a \$20 Copayment after Deductible per visit
2. Administered Medications	100% after Deductible
3. Acupuncture Services	
Physician-referred acupuncture	100% subject to \$30 Copayment after Deductible
4. Ambulance Services	
Air ambulance	100% subject to 15% Coinsurance after Deductible per trip
Ground ambulance	100% subject to 15% Coinsurance after Deductible per trip
5. Bariatric Surgery Services and Weight Control and Obesity Treatment	100% subject to 15% Coinsurance after Deductible
6. Chemical Dependency Services	
Inpatient and residential	100% subject to 15% Coinsurance after Deductible
Outpatient	100% subject to \$20 Copayment after Deductible per visit
Day treatment Services	100% subject to \$20 Copayment after Deductible per day

COVERED SERVICE	BENEFIT
7. Clinical Trials	
Services provided in connection with clinical trials (See criteria details under the “Services provided in connection with clinical trials” section)	Payment levels are determined by the setting in which the Service is provided.
8. Diabetic Education	
	100% subject to \$20 office visit Copayment after Deductible per visit or the \$30 specialty office visit Copayment after Deductible per visit
9. Diagnostic Testing, Laboratory, Mammograms, and X-ray	
Laboratory	100% subject to 15% Coinsurance after Deductible per visit, 100% for preventive tests
Genetic Testing	100% subject to 15% Coinsurance after Deductible per visit, 100% for preventive tests
X-ray, imaging and special diagnostic procedures	100% subject to 15% Coinsurance after Deductible per visit, 100% for preventive tests
CT, MRI, PET scans	100% subject to 15% Coinsurance after Deductible per visit, 100% for preventive tests
10. Dialysis	
Outpatient dialysis visit	100% subject to \$30 Copayment after Deductible per visit
Home dialysis	100% after Deductible
11. Durable Medical Equipment(DME) and External Prosthetic Devices and Orthotic Devices	
Outpatient Durable Medical Equipment (DME)	100% subject to 20% Coinsurance after Deductible
External Prosthetic Devices	100% subject to 20% Coinsurance after Deductible
Orthotic Devices	100% subject to 20% Coinsurance after Deductible
Lancets and injection aids	100% subject to 20% Coinsurance after Deductible
12. Emergency Services	
Emergency department visit	100% subject to 15% Coinsurance after Deductible
13. Habilitative Services (Visit maximums do not apply to habilitative Services for treatment of mental health conditions.)	
Outpatient Services (Limited to 60 visits combined physical, speech, and occupational therapies per Year)	100% subject to \$30 Copayment after Deductible per visit
Inpatient Services	100% subject to 15% Coinsurance after Deductible

COVERED SERVICE	BENEFIT
14. Hearing Examinations and Hearing Aids	
Hearing exams	100% subject to \$30 Copayment after Deductible per exam
Hearing aids	100% after Deductible; benefit maximum of \$800 every 3 years
15. Home Health – up to 130 visits per Year	
	100% after Deductible subject to 15% Coinsurance after Deductible
16. Hospice Care (including respite care)	
Hospice Services (respite care is limited to no more than five consecutive days in a three-month period of hospice care)	100% after Deductible
17. Hospital Services	
Inpatient hospital Services	100% subject to 15% Coinsurance after Deductible
Inpatient professional Services	100% subject to 15% Coinsurance after Deductible
Outpatient hospital Services	100% subject to 15% Coinsurance after Deductible
Outpatient surgery professional Services	100% subject to 15% Coinsurance after Deductible
18. Medical Foods and Formula	
	100% subject to 20% after Deductible
19. Mental Health Services	
Inpatient and residential	100% subject to 15% Coinsurance after Deductible
Outpatient and intensive outpatient Services	100% subject to \$20 Copayment after Deductible per office visit or per day
20. Naturopathic Medicine	
Physician-referred evaluation and treatment	100% subject to \$30 Copayment after Deductible
21. Neurodevelopmental Therapy	
Inpatient	100% subject to 15% Coinsurance after Deductible
Outpatient—up to 60 visits per Year for all therapies combined	100% subject to \$30 Copayment after Deductible per visit
22. Obstetrics, Maternity and Newborn Care	
Scheduled prenatal care visits and postpartum visits	100%
Inpatient hospital Services	100% subject to 15% Coinsurance after Deductible
Home birth obstetrical care and delivery	100% subject to \$30 Copayment after Deductible per visit
23. Office Visits	
Primary care visits	100% subject to \$20 Copayment after Deductible per visit
Specialty care visits	100% subject to \$30 Copayment after Deductible per visit
Urgent Care visits	100% subject to \$40 Copayment after Deductible per visit
Nurse treatment room visits to receive injections	100% subject to \$10 Copayment after Deductible per visit

COVERED SERVICE	BENEFIT
24. Organ Transplants	
Inpatient facility Services	100% subject to 15% Coinsurance after Deductible
Inpatient professional Services	100% subject to 15% Coinsurance after Deductible
25. Out-of-Area Coverage for Dependents	
Limited office visits, laboratory, diagnostic X-rays, and prescription drug fills as described in the COC under “Out-of-Area Coverage for Dependents” in the “Benefit Details” section. (Coinsurance is based on the actual fee the provider, facility or vendor charged for the Service).	100% subject to 20% Coinsurance after Deductible
26. Outpatient Surgery Visit	100% subject to 15% Coinsurance after Deductible
27. Prescription Drugs, Insulin, and Diabetic Supplies	
Certain preventive medications (including, but not limited to, aspirin, fluoride, liquid iron for infants, and tobacco use cessation drugs)	100%
Certain self-administered IV drugs, fluids, additives, and nutrients including the supplies and equipment required for their administration	100% after Deductible
FDA approved prescription and over-the-counter contraceptive drugs or devices	100%
Male condoms	100% after meeting \$1,400 of the self-only or individual Family Member Deductible or \$2,800 of the Family Deductible (whichever applies)
Self-administered chemotherapy medications used for the treatment of cancer	100% subject to 15% Coinsurance after Deductible or the Copayment or Coinsurance for the applicable prescription drug tier, whichever is less
<i>Retail—up to a 30-day supply</i>	
Generic Drugs (including disposable diabetic supplies, insulin)	100% subject to \$15 Copayment after Deductible per prescription or refill
Preferred Brand-Name Drugs or supplies	100% subject to \$40 Copayment after Deductible per prescription or refill
Non-Preferred Brand-Name Drugs or supplies	100% subject to \$75 after Deductible Copayment per prescription or refill
Specialty Drugs or supplies	100% subject to 50% Coinsurance after Deductible up to \$150 per prescription or refill
<i>Mail-Order—up to a 90-day supply</i>	
Generic Drugs (including disposable diabetic supplies, insulin)	100% subject to \$30 Copayment after Deductible per prescription or refill
Preferred Brand-Name Drugs or supplies	100% subject to \$80 Copayment after Deductible per prescription or refill
Non-Preferred Brand-Name Drugs or supplies	100% subject to \$150 Copayment after Deductible per prescription or refill
Specialty Drugs or supplies	(Most specialty drugs are not available for Mail-Order)

COVERED SERVICE	BENEFIT
28. Preventive Care Services	100%
29. Radiation-Chemotherapy Services	100% after Deductible
30. Reconstructive Surgery	Payment levels are determined by the setting in which the Service is provided
31. Rehabilitative Physical, Occupational, Speech, and Massage Therapies (Visit maximums do not apply for treatment of mental health conditions.)	
Inpatient	100% subject to 15% Coinsurance after Deductible
Outpatient—up to 60 visits per Year for all therapies combined	100% subject to \$30 Copayment after Deductible per visit
32. Skilled Nursing Facility —up to 150 days per Year	100% subject to 15% Coinsurance after Deductible
33. Spinal and Extremity Manipulation Therapy Services	
Self-referred Spinal and Extremity Manipulation therapy (up to 12 visits, additional visits require prior authorization)	100% subject to \$30 Copayment after Deductible per visit
Physician-referred Spinal and Extremity Manipulation therapy	100% subject to \$30 Copayment after Deductible
34. Telehealth	100% after Deductible
35. Temporomandibular Joint Dysfunction (TMJ)	
Non-surgical Services	100% subject to \$30 Copayment per visit after Deductible
Inpatient and outpatient surgical Services	Payment levels are determined by the setting in which the Service is provided.
36. Tobacco Use Cessation	100%
37. Transgender Surgical Services	Payment levels are determined by the setting in which the Service is provided
38. Vasectomy Services	100% after meeting \$1,400 of the self-only or individual Family Member Deductible or \$2,800 of the Family Deductible (whichever applies)
39. Vision Services for Adults (for Members 19 years and older)	
Routine eye exams	100% subject to \$20 Copayment after Deductible per exam
Hardware once in a two-Year period: either prescription eyeglass lenses and a frame, or conventional or disposable prescription contact lenses, including Medically Necessary contact lenses	100% up to \$150 benefit maximum
40. Vision Services for Children covered until the end of the month in which the Member turns 19 years of age	
Routine vision screening	100%
Comprehensive eye exam (limited to one exam per Year)	100% after Deductible
Low vision evaluation and/or follow up exams (evaluations limited to once every five years; follow up exams limited to four exams every five years)	100% after Deductible
Eyeglasses (limited to one pair per Year)	100%
Conventional or disposable contact lenses in lieu of eyeglasses (limited to one pair per Year for conventional contact lenses or up to a 12-month supply of disposable contact lenses per Year)	100%

COVERED SERVICE	BENEFIT
Medically Necessary contact lenses (limited to one pair per Year for conventional contact lenses or up to a 12-month supply of disposable contact lenses per Year, prior authorization required)	100% after Deductible
Low vision aids (limited to one device per Year, prior authorization required)	100% after Deductible

INTRODUCTION

This *Certificate of Coverage (COC)*, including the “Benefit Summary,” describes the health care benefits of this Plan provided under the *Administrative Services Contract (Contract)* between Kaiser Foundation Health Plan of the Northwest and the Washington State Health Care Authority (HCA) for the Public Employees Benefits Board (PEBB) Program. For benefits provided under any other Plan, refer to that Plan’s certificate of coverage.

This health benefit Plan is a high deductible health Plan that meets the requirements of Section 223 (c)(2) of the Internal Revenue Code. The health care coverage described in this *COC* is designed to be compatible for use with a Health Savings Account (HSA) under federal tax law.

The tax references contained in this *COC* relate to federal income tax only. The tax treatment of HSA contributions and distributions under your state income tax laws may differ from the federal tax treatment and differ from state to state. Kaiser Foundation Health Plan of the Northwest does not provide tax advice. You should consult with your financial or tax advisor for tax advice or more information, including information about your eligibility for an HSA.

Enrollment in a high deductible health Plan that is HSA-compatible is only one of the eligibility requirements for establishing and contributing to an HSA. Some examples of other requirements include that you must not be:

- Covered by another health coverage plan that is not also an HSA-compatible plan, with certain exceptions.
- Enrolled in Medicare Part A or Part B.
- Able to be claimed as a dependent on another person’s tax return.

The provider network for this High Deductible Health Plan is the Classic network. In this *COC*, Kaiser Foundation Health Plan of the Northwest is sometimes referred to as “Kaiser,” “we,” “our,” or “us.” Members are sometimes referred to as “you.” Some capitalized terms have special meaning in this *COC*. See the “Definitions” section for terms you should know. The benefits under this Plan are not subject to a pre-existing condition waiting period.

Because the Washington State Health Care Authority offers this high deductible health Plan to PEBB’s Members as a “self-only” Plan or as a “family” Plan where dependents are covered, it is important to familiarize yourself with your coverage by reading this *COC* and the “Benefit Summary” completely. In some cases, certain provisions in this *COC* apply only to the family Plan when dependents are mentioned. Otherwise, the content of this *COC* is applicable to both. Also, if you have special health care needs, carefully read the sections applicable to you.

If you would like additional information about your benefits, important health plan disclosures, other products or Services, please call Member Services or e-mail us by registering at **kp.org**.

If there is a conflict between the Plan *Contract* and this *COC*, this *COC* will govern.

DEFINITIONS

Allowed Amount. The lower of the following amounts:

- The actual fee the provider, facility, or vendor charged for the Service.
- 160 percent of the Medicare fee for the Service, as indicated by the applicable Current Procedural Terminology (CPT) code or Healthcare Common Procedure Coding System (HCPCS) code shown on the current Medicare fee schedule. The Medicare fee schedule is developed by the Centers for Medicare and Medicaid Services (CMS) and adjusted by Medicare geographical practice indexes. When there is no

established CPT or HCPCS code indicating the Medicare fee for a particular Service, the Allowed Amount is 70 percent of the actual fee the provider, facility, or vendor charged for the Service.

Alternative Care. Services provided by an East Asian medicine practitioner or naturopath.

Benefit Summary. A section of this *COC* which provides a brief description of your medical Plan benefits and what you pay for covered Services.

Certificate of Coverage (COC). This *Certificate of Coverage* document provided to the Subscriber that specifies and describes benefits and conditions of coverage. After you enroll, you will receive a postcard that explains how you may either download an electronic copy of this *COC* or request that this *COC* be mailed to you.

Charges. Charges means the following:

- For Services provided by Medical Group and Kaiser Foundation Hospitals, the charges in Kaiser's schedule of Medical Group and Kaiser Foundation Hospitals charges for Services provided to Members.
- For Services for which a provider or facility (other than Medical Group or Kaiser Foundation Hospitals) is compensated on a capitation basis, the charges in the schedule of charges that Kaiser negotiates with the capitated provider.
- For items obtained at a pharmacy owned and operated by Kaiser Permanente, the amount the pharmacy would charge a Member for the item if the Member's benefit Plan did not cover the pharmacy item. (This amount is an estimate of: the cost of acquiring, storing, and dispensing drugs, the direct and indirect costs of providing pharmacy Services to Members, and the pharmacy program's contribution to the net revenue requirements of Kaiser.)
- For all other Services, the payments that Kaiser makes for Services (or, if Kaiser subtracts Deductible, Copayment, or Coinsurance from its payment, the amount Kaiser would have paid if it did not subtract the Deductible, Copayment, or Coinsurance).

Chemical Dependency. An illness characterized by a physiological or psychological dependency, or both, on a controlled substance and/or alcoholic beverages. It is further characterized by a frequent or intense pattern of pathological use to the extent the user exhibits a loss of self-control over the amount and circumstances of use; develops symptoms of tolerance or physiological and/or psychological withdrawal if use of the controlled substance or alcoholic beverage is reduced or discontinued; and the user's health is substantially impaired or endangered or their social or economic function is substantially disrupted.

Coinsurance. The percentage of Charges that Members pay when the Plan provides benefits at less than 100% coverage.

Copayment. The defined dollar amount that Members pay when receiving covered Services.

Creditable Coverage. Prior health care coverage as defined in 42 U.S.C. 300gg as amended. Creditable Coverage includes most types of group and non-group coverage.

Custodial/Convalescent Care. Care that is designed primarily to assist the Member in activities of daily living, including institutional care that serves primarily to support self-care and provide room and board. Custodial/Convalescent Care includes, but is not limited to, help walking, getting into and out of bed, bathing, dressing, feeding, preparing special diets, and supervision of medications that are ordinarily self-administered. Kaiser reserves the right to determine which Services constitute Custodial or Convalescent Care.

Deductible. The amount you must pay for certain Services you receive in a Year before we will cover those Services, subject to any applicable Copayment or Coinsurance, in that Year.

Dependent. A Member who meets the eligibility requirements for a Dependent as described in the "Eligibility" section of this *COC*.

Durable Medical Equipment (DME). Non-disposable supply or item of equipment that is able to withstand repeated use, primarily and customarily used to serve a medical purpose and generally not useful to the Member if the Member is not ill or injured.

Emergency Medical Condition. A medical, mental health, or substance use disorder condition that manifests itself by acute symptoms of sufficient severity (including, but not limited to, severe pain or emotional distress) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical, mental health, or substance use disorder treatment attention to result in any of the following:

- Placing the person's health (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy.
- Serious impairment to bodily functions.
- Serious dysfunction of any bodily organ or part.

Emergency Services. All of the following with respect to an Emergency Medical Condition:

- A medical screening examination (as required under the Emergency Medical Treatment and Active Labor Act) that is within the capability of the emergency department of a hospital, including ancillary services and patient observation, routinely available to the emergency department to evaluate the Emergency Medical Condition.
- Within the capabilities of the staff and facilities available at the hospital, the further medical examination and treatment that the Emergency Medical Treatment and Active Labor Act requires to stabilize the patient.

Essential Health Benefits. Essential Health Benefits means benefits that the U.S. Department of Health and Human Services (HHS) Secretary defines as essential health benefits. Essential Health Benefits must be equal to the scope of benefits provided under a typical employer plan, except that they must include at least the following: ambulatory services, emergency services, hospitalization, maternity and newborn care, mental health and substance use disorder services (including behavioral health treatment), prescription drugs, rehabilitative and habilitative services and devices, laboratory services, preventive and wellness services and chronic disease management, and pediatric services (including oral and vision care).

External Prosthetic Devices. External prosthetic devices are rigid or semi-rigid external devices required to replace all or any part of a body organ or extremity, and designated by CMS in the "L codes" of the Healthcare Common Procedure Coding System.

Family. A Subscriber and all of their enrolled Dependents.

Family Planning Services. Those medical care Services related to planning the birth of children through the use of birth control methods, including elective sterilization.

Formulary. A list of outpatient prescription drugs, selected by Kaiser and revised periodically, which are covered when prescribed by a Participating Provider and filled at a Participating Pharmacy.

Gender Affirming Treatment. Medical treatment or surgical procedures, including hormone replacement therapy, necessary to change the physical attributes of one's outward appearance to accord with the person's actual gender identity.

Group. Washington Public Employees Benefits Board (PEBB) Program.

Health Savings Account (HSA). A tax-exempt trust or custodial account established under Section 223(d) of the Internal Revenue Code exclusively for the purpose of paying qualified medical expenses of the account beneficiary. Contributions made to a Health Savings Account by an eligible individual are tax deductible under federal tax law whether or not the individual itemizes deductions. In order to make contributions to a

Health Savings Account, you must be covered under a qualified high deductible health plan and meet other tax law requirements.

Kaiser does not provide tax advice. Consult with your financial or tax advisor for tax advice or more information about your eligibility for a Health Savings Account.

Home Health Agency. A “home health agency” is an agency that: (i) meets any legal licensing required by the state or other locality in which it is located; (ii) qualifies as a participating home health agency under Medicare; and (iii) specializes in giving skilled nursing facility care Services and other therapeutic Services, such as physical therapy, in the patient’s home (or to a place of temporary or permanent residence used as your home).

Homemaker Services. Assistance in personal care, maintenance of a safe and healthy environment, and Services to enable the individual to carry out the plan of care.

Kaiser. Kaiser Foundation Health Plan of the Northwest, an Oregon nonprofit corporation, who provides Services and benefits for Members enrolled in this Plan - Public Employees Benefits Board (PEBB) Program. This *COC* sometimes refers to Kaiser as “we,” “our,” or “us.”

Kaiser Permanente. Kaiser, Kaiser Foundation Hospitals (a California nonprofit corporation), and Medical Group.

Medical Facility Directory. The *Medical Facility Directory* includes addresses, maps, and telephone numbers for Participating Medical Offices and other Participating Facilities; and provides general information about getting care at Kaiser Permanente. After you enroll, you will receive an e-mail or flyer that explains how you may either download an electronic copy of the *Medical Facility Directory* or request that the *Medical Facility Directory* be mailed to you.

Medical Group. Northwest Permanente, P.C., Physicians and Surgeons, a professional corporation of physicians organized under the laws of the state of Oregon. Medical Group contracts with Kaiser to provide professional medical Services to Members and others primarily on a capitated, prepaid basis in Participating Facilities.

Medically Necessary. Our determination that the Service is all of the following: (i) medically required to prevent, diagnose or treat your condition or clinical symptoms; (ii) in accordance with generally accepted standards of medical practice; (iii) not solely for the convenience of you, your family and/or your provider; and, (iv) the most appropriate level of Service which can safely be provided to you. For purposes of this definition, “generally accepted standards of medical practice” means (a) standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community; (b) physician specialty society recommendations; (c) the view of physicians practicing in the relevant clinical area or areas within Kaiser Permanente locally or nationally; and/or (d) any other relevant factors reasonably determined by us. Unless otherwise required by law, we decide if a service is Medically Necessary. You may appeal our decision as set forth in the “Grievances, Claims, Appeals, and External Review” section. The fact that a Participating Provider has prescribed, recommended, or approved an item or service does not, in itself, make such item or service Medically Necessary and, therefore, a covered Service.

Medicare. A federal health insurance program for people aged 65 and older, certain people with disabilities, and those with end-stage renal disease (ESRD).

Member. An employee, retiree, continuation coverage enrollee, survivor, or Dependent who is eligible and enrolled under this *COC*, and for whom Kaiser has received applicable premium. This *COC* sometimes refers to a Member as “you” or “enrollee.” The term Member may include the Subscriber, their Dependent, or other individual who is eligible for and enrolled under this *COC*.

New Episode of Care. Treatment for a new or recurrent condition for which you have not been treated by the Participating Provider within the previous 90 days, and are not currently undergoing any active treatment.

Non-Participating Facility. Any of the following licensed institutions that provide Services, but which are not Participating Facilities: hospitals and other inpatient centers, ambulatory surgical or treatment centers, birthing centers, medical offices and clinics, skilled nursing facilities, residential treatment centers, diagnostic, laboratory, and imaging centers, and rehabilitation settings. This includes any of these facilities that are owned and operated by a political subdivision or instrumentality of the state and other facilities as required by federal law and implementing regulations.

Non-Participating Physician. Any licensed physician who is not a Participating Physician.

Non-Participating Provider. Any Non-Participating Physician or any other person who is not a Participating Provider and who is regulated under state law, to practice health or health-related Services or otherwise practicing health care Services consistent with state law.

Orthotic Devices. Orthotic devices are rigid or semi-rigid external devices (other than casts) required to support or correct a defective form or function of an inoperative or malfunctioning body part or to restrict motion in a diseased or injured part of the body.

Out-of-Pocket Maximum. The total amount of Copayments, Coinsurance and Deductible you will be responsible to pay in a Year, as described in the “Out-of-Pocket Maximum” section of this COC.

Participating Facility. Any facility listed as a Participating Facility in the *Medical Facility Directory*. Participating Facilities are subject to change.

Participating Hospital. Any hospital listed as a Participating Hospital in the *Medical Facility Directory*. Participating Hospitals are subject to change.

Participating Medical Office. Any outpatient treatment facility listed as a Participating Medical Office in the *Medical Facility Directory*. Participating Medical Offices are subject to change.

Participating Pharmacy. A pharmacy owned and operated by Kaiser Permanente or another pharmacy that we designate that is listed as a Participating Pharmacy in the *Medical Facility Directory*. Participating Pharmacies are subject to change.

Participating Physician. Any licensed physician who is an employee of the Medical Group, or any licensed physician who, under a contract directly or indirectly with Kaiser, has agreed to provide covered Services to Members with an expectation of receiving payment, other than Deductible, Copayments, or Coinsurance, from Kaiser rather than from the Member.

Participating Provider. (a) A person regulated under state law, to practice health or health-related Services or otherwise practicing health care Services consistent with state law; or (b) An employee or agent of a person described in (a) of this subsection, acting in the course and scope of their employment either of whom, under a contract directly or indirectly with Kaiser, has agreed to provide covered Services to Members with an expectation of receiving payment, other than Deductible, Copayments, or Coinsurance, from Kaiser rather than from the Member. Participating Providers must agree to standards related to Provision, Utilization Review, and cost containment of health Services; management and administrative procedures; and Provision of cost-effective and clinically efficacious health Services.

Participating Skilled Nursing Facility. A facility that provides inpatient skilled nursing Services, rehabilitation Services, or other related health Services and is licensed by the state of Oregon or Washington and approved by Kaiser. The facility’s primary business must be the provision of 24-hour-a-day licensed skilled nursing care. The term “Participating Skilled Nursing Facility” does not include a convalescent nursing home, rest facility, or facility for the aged that furnishes primarily custodial care, including training in routines of daily living. A “Participating Skilled Nursing Facility” may also be a unit or section within another facility (for example, a Participating Hospital) as long as it continues to meet the definition above.

Patient Protection and Affordable Care Act of 2010. Means the Patient Protection and Affordable Care Act of 2010 (Public Law 11 - 148) as amended by the Health Care and Education Reconciliation Act of 2010 (Public Law 111 - 152).

Plan. The Public Employee Benefits Board (PEBB) Program health benefit plan of coverage agreed to between PEBB and Kaiser Foundation Health Plan of the Northwest (Kaiser).

Post-Stabilization Care. The Services you receive for the acute episode of your Emergency Medical Condition after your treating physician determines that your Emergency Medical Condition is clinically stable. (“Clinically stable” means that no material deterioration of the Emergency Medical Condition is likely, within reasonable medical probability, to result from or occur during your discharge or transfer from the hospital.)

Premium. Monthly membership charges paid by Group.

Primary Care Provider (PCP). A Participating Provider who provides, prescribes, or directs all phases of a Member’s care, including appropriate referrals to Non-Participating Providers. The PCP has the responsibility for supervising, coordinating, and providing primary health care to Members, initiating referrals for Specialist care, and maintaining the continuity of Member care. PCPs, as designated by Medical Group, may include, but are not limited to, Pediatricians, Family Practitioners, General Practitioners, Internists, Physician’s Assistant (under the supervision of a physician), or Advanced Registered Nurse Practitioners (ARNP).

Service Area. Our Service Area consists of Clark and Cowlitz counties in the state of Washington.

In Oregon:

Benton: 97330, 97331, 97333, 97339, 97370, 97456.

Clackamas: All ZIP codes.

Columbia: All ZIP codes.

Hood River: 97014.

Lane: 97401, 97402, 97403, 97404, 97405, 97408, 97409, 97419, 97424, 97426, 97431, 97437, 97438, 97440, 97448, 97451, 97452, 97454, 97455, 97461, 97475, 97477, 97478, 97487, 97489.

Linn: 97321, 97322, 97335, 97348, 97355, 97358, 97360, 97374, 97377, 97389, 97446.

Marion: All ZIP codes.

Multnomah: All ZIP codes.

Polk: All ZIP codes.

Washington: All ZIP codes.

Yamhill: All ZIP codes.

Services. Health care services, supplies, or items.

Specialist. Any licensed Participating Physician who practices in a specialty care area of medicine (not family medicine, pediatrics, gynecology, obstetrics, general practice, or internal medicine). In most cases, you will need a referral in order to receive covered Services from a Specialist.

Spinal and Extremity Manipulation (Diversified or Full Spine Specific (FSS)). The Diversified manipulation/adjustment entails a high-velocity, low amplitude thrust that usually results in a cavitation of a joint (quick, shallow thrusts that cause the popping noise often associated with a chiropractic manipulation/adjustment).

Spouse. The person to whom you are legally married under applicable law.

Stabilize. To provide the medical treatment of the Emergency Medical Condition that is necessary to assure, within reasonable medical probability that no material deterioration of the condition is likely to result from or

occur during the transfer of the person from the facility. With respect to a pregnant woman who is having contractions, when there is inadequate time to safely transfer her to another hospital before delivery (or the transfer may pose a threat to the health or safety of the woman or unborn child), “Stabilize” means to deliver the infant (including the placenta).

Subscriber. The employee, retiree, continuation coverage enrollee, or survivor who meets the eligibility requirements for a Subscriber as described in the “Eligibility” section of this *COC*.

The CHP Group. A network of Alternative Care and chiropractic providers who provide Participating Provider Services and which provides utilization management and prior authorization services for Kaiser. You can contact The CHP Group by calling 1-800-449-9479, 8 a.m. to 5 p.m. (PT), Monday through Friday. You can also obtain a list of Participating Providers by visiting <https://www.chpgroup.com>.

Urgent Care. Treatment for an unforeseen condition that requires prompt medical attention to keep it from becoming more serious, but that is not an Emergency Medical Condition.

Utilization Review. The formal application of criteria and techniques designed to ensure that each Member is receiving Services at the appropriate level; used as a technique to monitor the use of or evaluate the medical necessity, appropriateness, effectiveness, or efficiency of a specific Service, procedure, or setting.

Year. A period of time that is a calendar year beginning on January 1 of any year and ending at midnight December 31 of the same year.

MEDICAL PLAN ELIGIBILITY AND ENROLLMENT

In these sections, we use the term “Subscriber” to refer to an employee or a continuation coverage Subscriber. The term “enrollee” refers to a Subscriber and their enrolled Dependents. Additionally, “health plan” is used to refer to a plan offering medical or dental, or both, developed by the Public Employees Benefits Board (PEBB) and provided by a contracted vendor or self-insured plans administered by the Health Care Authority (HCA).

Eligibility

The employee’s employing agency will inform the employee whether or not they are eligible for benefits upon employment and whenever the employee’s eligibility status changes. The communication will include information about the employee’s right to appeal eligibility and enrollment decisions. Information about an employee’s right to an appeal can be found in the “Appeal Rights” section of this *Certificate of Coverage*. For information on how to enroll, see the “Enrollment” section.

The PEBB Program will determine eligibility for continuation coverage. If a Subscriber is not eligible for continuation coverage, the PEBB Program will notify them of their right to appeal. Information about appealing a PEBB Program decision can be found in the “Appeal Rights” section of this *Certificate of Coverage*. For information on how to enroll, see the “Enrollment” section.

To enroll an eligible Dependent, the Subscriber must follow the procedural requirements described in the “Enrollment” section. The PEBB Program or employing agency verifies the eligibility of all Dependents and requires the Subscriber to provide documents that prove a Dependent’s eligibility.

The following are eligible as Dependents:

- Legal Spouse.
- State-registered domestic partner as defined in state statute and substantially equivalent legal unions from jurisdictions as defined in Washington state statute.
- Children. Children are eligible through the last day of the month in which their 26th birthday occurs except as described in this subsection below. Children are defined as the Subscriber’s:

- Children as defined in state statutes that establish a parent-child relationship, except when parental rights have been terminated;
- Children of the Subscriber's Spouse, based on the Spouse's establishment of a parent-child relationship, except when parental rights have been terminated. The stepchild's relationship to the Subscriber (and eligibility as a Dependent) ends on the same date the marriage with the Spouse ends through divorce, annulment, dissolution, termination, or death;
- Children for whom the Subscriber has assumed a legal obligation for total or partial support in anticipation of adoption of the child;
- Children of the Subscriber's state-registered domestic partner, based on the state-registered domestic partner's establishment of a parent-child relationship, except when parental rights have been terminated. The child's relationship to the Subscriber (and eligibility as a Dependent) ends on the same date the Subscriber's legal relationship with the state-registered domestic partner ends through divorce, annulment, dissolution, termination, or death;
- Children specified in a court order or divorce decree for whom the Subscriber has a legal obligation to provide support or health care coverage;
- Extended Dependent in the legal custody or legal guardianship of the Subscriber, the Subscriber's Spouse, or Subscriber's state-registered domestic partner. The legal responsibility is demonstrated by a valid court order and the child's official residence with the custodian or guardian. Extended Dependent child does not include a foster child unless the Subscriber, the Subscriber's Spouse, or the Subscriber's state-registered domestic partner has assumed a legal obligation for total or partial support in anticipation of adoption; and
- Children of any age with a developmental or physical disability that renders the child incapable of self-sustaining employment and chiefly dependent upon the Subscriber for support and maintenance provided such condition occurs before the age of 26. The following requirements apply to a Dependent child with a disability:
 - The Subscriber must provide proof of the disability and dependency within 60 days of the child's attainment of age 26;
 - The Subscriber must notify the PEBB Program in writing , within 60 days of the last day of the month the child is no longer eligible under this subsection;
 - A child with a developmental or physical disability who becomes self-supporting is not eligible as of the last day of the month in which they become capable of self-support;
 - A child with a developmental or physical disability age 26 and older who becomes capable of self-support does not regain eligibility under this subsection if they later become incapable of self-support; and
 - The PEBB Program with input from the medical plan will periodically verify the eligibility of a Dependent child with a disability, but no more frequently than annually after the two-year period following the child's 26th birthday, which may require renewed proof from the Subscriber.
- Parents of the Subscriber.
 - Parents covered under PEBB medical before July 1, 1990, may continue enrollment on a self-pay basis as long as:
 - The parent maintains continuous enrollment in PEBB medical;
 - The parent qualifies under the Internal Revenue Code as a Dependent of the Subscriber;
 - The Subscriber continues enrollment in PEBB insurance coverage; and

- o The parent is not covered by any other group medical plan.
- Parents eligible under this subsection may be enrolled with a different medical plan than that selected by the Subscriber. Parents may not enroll additional Dependents to their PEBB insurance coverage.

Enrollment

A Subscriber or Dependent is eligible to enroll in only one PEBB medical plan even if eligibility criteria is met under two or more Subscribers. For example, a Dependent child who is eligible for enrollment under two parents working for the same, or two different employers that participate in PEBB coverage may be enrolled as a Dependent under only one parent.

An eligible employee may waive enrollment in PEBB medical if they are enrolled in other employer-based group medical, a TRICARE plan, or Medicare. If an employee waives enrollment in PEBB medical, the employee cannot enroll eligible Dependents.

How to Enroll

An employee must submit a *PEBB Employee Enrollment/Change* or PEBB Employee Enrollment/Change (for Medical Only Groups) form to their employing agency when they become newly eligible for PEBB benefits. The form must be received no later than 31 days after the date the employee becomes eligible. If the employee does not return the form by the deadline, the employee will be enrolled in the Uniform Medical Plan Classic, a tobacco use surcharge will be incurred, and any eligible Dependents cannot be enrolled until the PEBB Program's next annual open enrollment or when a qualifying event occurs that creates a special open enrollment.

To enroll an eligible Dependent, the employee must include the Dependent's enrollment information on the form and provide the required document(s) as proof of the Dependent's eligibility. The Dependent will not be enrolled if their eligibility is not verified.

A Subscriber enrolling in continuation coverage may enroll by submitting the required forms to the PEBB Program. The election must be received by the PEBB Program no later than 60 days from the date the enrollee's PEBB health plan coverage ended or from the postmark date on the election notice sent by the PEBB Program, whichever is later. The first premium payment and applicable premium surcharges are due no later than 45 days after the election period ends as described above. Premiums and applicable premium surcharges associated with continuing PEBB medical must be made to the HCA. For more information, see "Options for Continuing PEBB Medical Coverage" section.

A Subscriber or their Dependents may also enroll during the PEBB Program's annual open enrollment (see "Annual Open Enrollment" section) or during a special open enrollment (see "Special Open Enrollment" section). The Subscriber must provide proof of the event that created the special open enrollment.

A Subscriber must provide notice to remove Dependents who are no longer eligible due to divorce, annulment, dissolution, or a qualifying event of a Dependent ceasing to be eligible as a Dependent child. The notice must be received within 60 days of the last day of the month the Dependents no longer meet the eligibility criteria described in the "Eligibility" section. An employee must notify their employing agency. A continuation coverage Subscriber must notify the PEBB Program. Consequences for not submitting notice within the required 60 days may include, but are not limited to:

- The Dependent losing eligibility to continue health plan coverage under one of the continuation coverage options described in the "Options for Continuing PEBB Medical Coverage" section;
- The Subscriber being billed for claims paid by the health plan for services that were rendered after the Dependent lost eligibility;
- The Subscriber being unable to recover Subscriber-paid insurance premiums for Dependents that lost their eligibility; and

- The Subscriber being responsible for premiums paid by the state for the Dependent's health plan coverage after the Dependent lost eligibility.

When Medical Coverage Begins

For an employee and their eligible Dependents, enrolling when the employee is newly eligible, medical coverage begins the first day of the month following the date the employee becomes eligible. If the employee becomes eligible on the first working day of the month, then coverage begins on that date.

For a continuation coverage Subscriber and their eligible Dependents enrolling when newly eligible due to a qualifying event, medical coverage begins the first day of the month following the day they lost eligibility for PEBB medical plan coverage. For a Subscriber or their eligible Dependents enrolling during the PEBB Program's annual open enrollment, medical coverage begins on January 1 of the following year.

For a Subscriber or their eligible Dependents **enrolling during a special open enrollment**, medical coverage begins the first day of the month following the later of the event date or the date the required form is received. If that day is the first of the month, coverage is effective on that day.

Exceptions:

- If the special open enrollment is due to the birth or adoption of a child, or when the Subscriber has assumed a legal obligation for total or partial support in anticipation of adoption of a child, medical coverage begins as follows:
 - For an employee, medical coverage begins the first day of the month in which the event occurs;
 - For the newly born child, medical coverage begins the date of birth;
 - For a newly adopted child, medical coverage begins on the date of placement or the date a legal obligation is assumed in anticipation of adoption, whichever is earlier; or
 - For a Spouse or state registered domestic partner of a Subscriber, medical coverage begins the first day of the month in which the event occurs.
- If adding a child who becomes eligible as an extended Dependent through legal custody or legal guardianship, or a Dependent child with a disability, medical coverage begins on the first day of the month following eligibility certification.

Annual Open Enrollment

An employee may make the following changes to their enrollment during the PEBB Program's annual open enrollment:

- Change their medical plan;
- Waive their medical plan enrollment;
- Enroll after waiving medical plan enrollment; or
- Enroll or remove eligible Dependents.

A continuation coverage Subscriber may make the following changes to their enrollment during the PEBB Program's annual open enrollment:

- Enroll in or terminate enrollment in a medical plan;
- Enroll or remove eligible Dependents; or
- Change their medical plan.

An employee must submit the change online in PEBB My Account or return the required form(s) to their employing agency. A continuation coverage Subscriber must submit the change online in PEBB My Account

or return the required form(s) to the PEBB Program. The form(s) must be received no later than the last day of the annual open enrollment. The enrollment change will become effective January 1 of the following year.

Special Open Enrollment

A Subscriber may change their enrollment outside of the annual open enrollment if a special open enrollment event occurs. However, the change in enrollment must be allowable under Internal Revenue Code (IRC) and Treasury Regulations and correspond to and be consistent with the event that creates the special open enrollment for the Subscriber, their Dependent, or both. A special open enrollment event must be an event other than an employee gaining initial eligibility for PEBB benefits. The special open enrollment may allow a Subscriber to:

- Enroll in or change their medical plan;
- Waive their medical plan enrollment;
- Enroll after waiving medical plan enrollment; or
- Enroll or remove eligible Dependents.

To make an enrollment change, an employee must submit the required form(s) to their employing agency. A continuation coverage Subscriber must submit the required form(s) to the PEBB Program. The form(s) must be received no later than 60 days after the event that created the special open enrollment. In addition to the required forms, the PEBB Program or employing agency will require the Subscriber to provide proof of the Dependent's eligibility, proof of the event that created the special open enrollment, or both.

Exception: If a Subscriber wants to enroll a newborn or child whom the Subscriber has adopted or has assumed a legal obligation for total or partial support in anticipation of adoption, the Subscriber should submit the required form(s) as soon as possible to ensure timely payment of claims. If adding the child increases the premium, the required form(s) must be received no later than 60 days after the date of the birth, adoption, or the date the legal obligation is assumed for total or partial support in anticipation of adoption. An employee should contact their personnel, payroll, or benefits office for the required forms. A continuation coverage Subscriber should contact the PEBB Program. See "When can a Subscriber Enroll or Remove Eligible Dependents?" section.

When can a Subscriber Change Their Health Plan?

Any one of the following events may create a special open enrollment:

- Subscriber gains a new Dependent due to:
 - Marriage or registering a state-registered domestic partnership;
 - Birth, adoption or when the Subscriber assumes a legal obligation for total or partial support in anticipation of adoption; or
 - A child becomes eligible as an extended Dependent through legal custody or legal guardianship.
- Subscriber or their Dependent loses other coverage under a group health plan or through health insurance coverage, as defined by the Health Insurance Portability and Accountability Act (HIPAA);
- Subscriber has a change in employment status that affects their eligibility for the employer contribution toward their employer-based group health plan;
- Subscriber's Dependent has a change in their own employment status that affects their eligibility for the employer contribution under their employer-based group health plan;

Note: "Employer contribution" means contributions made by the Dependent's current or former employer toward health coverage as described in Treasury Regulation 26 C.F.R. 54.9801-6.

- Subscriber or their Dependent has a change in residence that affects health plan availability. If the Subscriber moves and their current health plan is not available in the new location, the Subscriber must select a new health plan, otherwise there will be limited accessibility to network providers and covered services;
- A court order requires the Subscriber or any other individual to provide insurance coverage for an eligible Dependent of the Subscriber (a former Spouse or former state-registered domestic partner is not an eligible Dependent);
- Subscriber or their Dependent becomes entitled to coverage under Medicaid or a state Children’s Health Insurance Program (CHIP), or the Subscriber or their Dependent loses eligibility for coverage under Medicaid or CHIP;
- Subscriber or their Dependent becomes eligible for state premium assistance subsidy for PEBB health plan coverage from Medicaid or CHIP;
- Subscriber or their Dependent becomes entitled to coverage under Medicare, or the Subscriber or their Dependent loses eligibility for coverage under Medicare or enrolls in or terminates enrollment in a Medicare Part D plan. If the Subscriber’s current health plan becomes unavailable due to the Subscriber or their Dependents’ entitlement to Medicare, the Subscriber must select a new health plan;
- Subscriber or their Dependent’s current health plan becomes unavailable because the Subscriber or enrolled Dependent is no longer eligible for a health savings account (HSA);
- Subscriber or their Dependent experiences a disruption of care for active and ongoing treatment that could function as a reduction in benefits for the Subscriber or their Dependent. The Subscriber may not change their health plan election if the Subscriber or Dependent’s physician stops participation with the Subscriber’s health plan unless the PEBB Program determines that a continuity of care issue exists. The PEBB Program will consider but is not limited to considering the following:
 - Active cancer treatment such as chemotherapy or radiation therapy;
 - Treatment following a recent organ transplant;
 - A scheduled surgery;
 - Recent major surgery still within the postoperative period; or
 - Treatment for a high-risk pregnancy.

Note: If an enrollee’s provider or health care facility discontinues participation with this plan, the enrollee may not change medical plans until the PEBB Program’s next annual open enrollment or when another qualifying event occurs that creates a special open enrollment, unless the PEBB Program determines that a continuity of care exists. The plan cannot guarantee that any one physician, hospital, or other provider will be available or remain under contract with us.

When can an Employee Waive Their Medical Plan Coverage, or Enroll after Waiving Coverage?

Any one of the following events may create a special open enrollment:

- Employee gains a new Dependent due to:
 - Marriage or registering a state-registered domestic partnership;
 - Birth, adoption, or when the employee has assumed a legal obligation for total or partial support in anticipation of adoption; or
 - A child becoming eligible as an extended Dependent through legal custody or legal guardianship.

- Employee or their Dependent loses other coverage under a group health plan or through health insurance coverage, as defined by the Health Insurance Portability and Accountability Act (HIPAA);
 - Employee has a change in employment status that affects their eligibility for the employer contribution toward their employer-based group medical;
 - Employee's Dependent has a change in their own employment status that affects their eligibility for the employer contribution under their employer-based group medical;
- Note: "Employer contribution" means contributions made by the Dependent's current or former employer toward health coverage as described in Treasury Regulation 26 C.F.R 54.9801-6.
- Employee or their Dependent has a change in enrollment under an employer-based group medical plan during its annual open enrollment that does not align with the PEBB program's annual open enrollment;
 - Employee's Dependent has a change in residence from outside of the United States to within the United States, or from within the United States to outside of the United States and the change in residence resulted in the Dependent losing their health insurance;
 - A court order requires the employee or any other individual to provide a health plan for an eligible Dependent of the employee (a former Spouse or former state-registered domestic partner is not an eligible Dependent);
 - Employee or their Dependent becomes entitled to coverage under Medicaid or a state Children's Health Insurance Program (CHIP), or the employee or an employee's Dependent loses eligibility for coverage under Medicaid or CHIP;
 - Employee or their Dependent becomes eligible for a state premium assistance subsidy for PEBB health plan coverage from Medicaid or CHIP;
 - Employee or their Dependent becomes eligible and enrolls in a TRICARE plan, or loses eligibility for a TRICARE plan; or
 - Employee becomes eligible and enrolls in Medicare or loses eligibility for Medicare.

When can an Employee Enroll or Remove Eligible Dependents?

To enroll a Dependent, the Subscriber must include the Dependent's enrollment information on the form and provide any required document(s) as proof of the Dependent's eligibility. The Dependent will not be enrolled if their eligibility is not verified. Any one of the following events may create a special open enrollment:

- Subscriber gains a new Dependent due to:
 - Marriage or registering a state-registered domestic partnership;
 - Birth, adoption or when the Subscriber has assumed a legal obligation for total or partial support in anticipation of adoption; or
 - A child becoming eligible as an extended Dependent through legal custody or legal guardianship.
- Subscriber or their Dependent loses other coverage under a group health plan or through health insurance coverage, as defined by the Health Insurance Portability and Accountability Act (HIPAA);
- Subscriber has a change in employment status that affects their eligibility for the employer contribution toward their employer-based group health plan;
- Subscriber's Dependent has a change in their own employment status that affects their eligibility for the employer contribution under their employer-based group health plan;

Note: "Employer contribution" means contributions made by the Dependent's current or former employer toward health coverage as described in Treasury Regulation 26 C.F.R 54.9801-6.

- Subscriber or their Dependent has a change in enrollment under an employer-based group medical plan during its annual open enrollment that does not align with the PEBB Program's annual open enrollment;
- Subscriber's Dependent has a change in residence from outside of the United States to within the United States, or from within the United States to outside of the United States and that change in residence resulted in the Dependent losing their health insurance;
- A court order requires the Subscriber or any other individual to provide insurance coverage for an eligible Dependent of the Subscriber (a former Spouse or former state-registered domestic partner is not an eligible Dependent);
- Subscriber or their Dependent becomes entitled to coverage under Medicaid or a state Children's Health Insurance Program (CHIP), or the Subscriber or their Dependent loses eligibility for coverage under Medicaid or CHIP; or
- Subscriber or their Dependent becomes eligible for state premium assistance subsidy for PEBB health plan coverage from Medicaid or CHIP.

National Medical Support Notice (NMSN)

When an NMSN requires a Subscriber to provide health plan coverage for a Dependent child the following provisions apply:

- The Subscriber may enroll their Dependent child and request changes to their health plan coverage as described under subsection (3) of this section. An employee submits the required form(s) to their employing agency. A continuation coverage Subscriber submits the required form(s) to the PEBB Program.
- If the Subscriber fails to request enrollment or health plan coverage changes as directed by the NMSN, the employing agency or the PEBB Program may make enrollment or health plan coverage changes according to subsection (3) of this section upon request of:
 - The child's other parent; or
 - Child support enforcement program.
 - Changes to health plan coverage or enrollment are allowed as directed by the NMSN:
 - The Dependent will be enrolled under the Subscriber's health plan coverage as directed by the NMSN;
 - An employee who has waived PEBB medical will be enrolled in medical as directed by the NMSN, in order to enroll the Dependent;
 - The Subscriber's selected health plan will be changed if directed by the NMSN;
 - If the Dependent is already enrolled under another PEBB Subscriber, the Dependent will be removed from the other health plan coverage and enrolled as directed by the NMSN;
 - If the Subscriber is eligible for and elects Consolidated Omnibus Budget Reconciliation Act (COBRA) coverage or other continuation coverage, the NMSN will be enforced and the Dependent must be covered in accordance with the NMSN.
- Changes to health plan coverage or enrollment as described in subsection (3)(a) through (c) of this section will begin the first day of the month following receipt of the NMSN. If the NMSN is received on the first day of the month, the change to health plan coverage or enrollment begins on that day. A Dependent will be removed from the Subscriber's health plan coverage as described in subsection (3)(d) of this section the last day of the month the NMSN is received. If that day is the first of the month, the change in enrollment will be made the last day of the previous month.

- When a NMSN requires a Spouse, former Spouse, or other individual to provide coverage for a Dependent enrolled in PEBB coverage and that coverage is in fact provided, the Dependent may be removed from the Subscriber's PEBB insurance coverage prospectively.

When Medical Coverage Ends

Medical plan enrollment ends on the following dates:

- On the last day of the month when any enrollee ceases to be eligible;
- On the last day of the month the employment relationship is terminated. The employment relationship is considered terminated:
 - On the date specified in an employee's letter of resignation; or
 - On the date specified in any contract or hire letter, or on the effective date of an employer-initiated termination notice.
- On the date a medical plan terminates. If that should occur, the Subscriber will be given the opportunity to enroll in another PEBB medical plan.

Premium payments and applicable premium surcharges become due the first of the month in which medical coverage is effective. Premium payments and applicable premium surcharges are not prorated during any month, even if an enrollee dies or asks to terminate their medical plan before the end of the month.

If an enrollee or newborn eligible for benefits under obstetric and newborn care is confined in a hospital or skilled nursing facility for which benefits are provided when PEBB medical coverage ends and the enrollee is not immediately covered by other health plan coverage, benefits will be extended until whichever of the following occurs first:

- The enrollee is discharged from the hospital or from a hospital to which the enrollee is directly transferred;
- The enrollee is discharged from a skilled nursing facility when directly transferred from a hospital when the skilled nursing facility confinement is in lieu of hospitalization;
- The enrollee is discharged from the skilled nursing facility or from a skilled nursing facility to which the enrollee is directly transferred;
- The enrollee is covered by another health plan that will provide benefits for the services; or
- Benefits are exhausted.

When medical coverage ends, the enrollee may be eligible for continuation coverage or conversion to other health plan coverage if they apply within the timelines explained in the "Options for Continuing PEBB Medical Coverage" section, or "Conversion of coverage" section.

If a Subscriber enrolls in continuation coverage, the Subscriber is responsible for timely payment of premiums and applicable premium surcharges. If the monthly premium or applicable premium surcharges remain unpaid for 30 days, it will be considered delinquent. A Subscriber is allowed a grace period of 30 days from the date the monthly premiums or applicable premium surcharges become delinquent to pay the unpaid premium balance or applicable premium surcharges. If the Subscriber's premium balance or applicable premium surcharges remain unpaid for 60 days from the original due date, the Subscriber's medical coverage (including enrolled Dependents) will be terminated retroactive to the last day of the month for which the monthly premiums and any applicable premium surcharges were paid.

An employee who needs the required forms for an enrollment or benefit change may contact their personnel, payroll, or benefits office. A continuation coverage Subscriber may contact the PEBB Program at 1-800-200-1004.

Medicare Entitlement

FOR MEDICARE RETIREES OR SURVIVORS: The PEBB Program requires retirees, permanently disabled employees, survivors, and their eligible Dependents to enroll in Medicare Part A and Part B if entitled.

If a Subscriber or their enrolled Dependent becomes entitled to Medicare, they should contact the nearest Social Security Administration office to ask about the advantages of immediate or deferred Medicare enrollment.

An individual shall be deemed eligible for Medicare when they have the option to receive Part A Medicare benefits. Medicare secondary payer regulations and guidelines will determine primary/secondary payer status for individuals covered by Medicare.

A Member who is enrolled in Medicare has the option of continuing coverage under this *COC* while on Medicare coverage. Coverage between this *COC* and Medicare will be coordinated as outlined in “When the Member has Other Medical Coverage” Section.

If a continuation coverage Subscriber or their Dependent is entitled to Medicare, federal regulations require enrollment in Medicare the month before turning age 65. Otherwise, the Medicare effective date may be delayed. If enrollment in Medicare does not occur when the Subscriber or their Dependent is first entitled, a Medicare late enrollment penalty may apply.

Appeal Rights

Any current or former employee of a state agency and their Dependent may appeal a decision by the employing state agency regarding PEBB eligibility, enrollment, or premium surcharges to the employing agency.

Any current or former employee of an employer group or their Dependent may appeal a decision made by an employer group regarding PEBB eligibility, enrollment, or premium surcharges to the employer group.

Any enrollee may appeal a decision made by the PEBB Program regarding PEBB eligibility, enrollment, premium payments, or premium surcharges to the PEBB Appeals Unit.

Any enrollee may appeal a decision regarding administration of a health plan by following the appeal provisions of the plan, except when regarding eligibility, enrollment, and premium payment decisions.

HOW TO OBTAIN SERVICES

As a Member, you must receive all covered Services from Participating Providers and Participating Facilities, except as otherwise specifically permitted in this *COC*.

We will not directly or indirectly prohibit you from freely contracting at any time to obtain health care Services from Non-Participating Providers and Non-Participating Facilities outside the Plan. However, if you choose to receive Services from Non-Participating Providers and Non-Participating Facilities except as otherwise specifically provided in this *COC*, those Services will not be covered under this *COC* and you will be responsible for the full price of the Services. Any amounts you pay for non-covered Services will not count toward your Deductible (if any) or Out-of-Pocket Maximum.

Primary Care Participating Providers

You may select a Primary Care Provider (PCP) at any Participating Medical Office when enrolling in this Plan. One PCP may be selected for the entire Family or a different PCP may be selected for each Family Member. Except for qualifying Emergency Services or authorized referrals, Members must use Participating Facilities. For information about choosing your primary care Participating Provider, please call Member Services or visit kp.org.

Female Members also have the option of choosing a women's health care Participating Provider as their primary care Participating Provider, as long as the women's health care Participating Provider accepts designation as primary care Participating Provider. A women's health care Participating Provider must be an obstetrician or gynecologist, a physician assistant specializing in women's health, an advanced registered nurse practitioner of women's health, or a certified nurse midwife, practicing within their applicable scope of practice.

You may change your primary care Participating Provider at any time by calling Member Services. The change will take effect immediately. Once the Member changes PCPs, any referrals that were made by the previous PCP are valid as long as the referral was authorized by Medical Group. The Member should notify the new PCP that they have been receiving specialty Services from a Participating Provider, so the PCP can make arrangements for the Member to continue to receive specialty Services.

Women's health Care Services

Female Members shall have direct and timely access to Participating Providers specializing in women's health care (WHC) Services. WHC Services are provided by a participating family medicine physician, physician's assistant, gynecologist, certified nurse midwife, doctor of osteopathy, obstetrician, and advanced registered nurse practitioner, practicing within their applicable scope of practice.

Medically appropriate maternity care, including Services for complications of pregnancy (prenatal, delivery, and postnatal care), covered reproductive Services, preventive Services, general examinations, gynecological Services, and follow-up visits are provided to women Members directly from a Participating Provider, without a referral from their PCP.

Annual mammograms for women 40 years of age or older are covered with or without a referral from a Participating Physician. Mammograms are provided more frequently to women who are at high risk for breast cancer or disease with a Participating Provider referral. We also cover breast examinations, pelvic examinations, and cervical cancer screenings annually for women age 18 or older, and at any time with a referral from your women's health care Services Participating Provider. Women's health care Services also include any appropriate Service for other health problems discovered and treated during the course of a visit to a women's health care Participating Provider for a women's Service.

Referrals

Referrals to Participating Providers and Participating Facilities

PCPs provide primary medical care, including pediatric care and obstetrics/gynecology care. Specialists provide specialty medical care in areas such as surgery, orthopedics, cardiology, oncology, urology, dermatology, and allergy/immunology. A PCP or Participating Provider will refer you to a Specialist when appropriate. Please call Member Services for information about specialty Services that require a referral or discuss it with your PCP.

In most cases, Members need a referral to see a Specialist the first time. If the Specialist is not an employee of Medical Group, your referral will need prior authorization approval in order for the Services to be covered. Please call Member Services for information about specialty Services that require a referral or discuss your concerns with your primary care Participating Provider.

Any PCP can make a referral to a Specialist when needed. Once a Member has been referred to a Specialist, they will not need a referral for return visits for the same condition.

In some cases, a standing referral may be allowed to a Specialist for a time period that is in accord with your individual medical needs, as determined by the PCP and Kaiser.

Some outpatient specialty Services are available in Participating Medical Offices without a referral. You do not need a referral for outpatient Services provided in the following departments at Participating Medical

Offices owned and operated by Kaiser Permanente. Please call Member Services to schedule routine appointments in these departments:

- Audiology (routine hearing exams).
- Cancer Counseling.
- Chemical Dependency Services.
- Mental health Services.
- Obstetrics/Gynecology.
- Occupational Health.
- Optometry (routine eye exams).
- Social Services.

Referrals to Non-Participating Providers and Non-Participating Facilities

If your PCP decides that you require Services not available from Participating Providers or Participating Facilities, they will recommend to Medical Group and Kaiser that you be referred to a Non-Participating Provider or Non-Participating Facility. If the Medical Group's assigned Participating Provider determines that the Services are Medically Necessary and are not available from a Participating Provider or Participating Facility and determines that the Services are covered Services, Kaiser will authorize your referral to a Non-Participating Provider or Non-Participating Facility for the covered Services. The Deductible, Copayments, and Coinsurance for these approved referral Services are the same as those required for Services provided by a Participating Provider or Participating Facility. You will need written authorization in advance in order for the Services to be covered. If Kaiser authorizes the Services, you will receive a written "Authorization for Outside Medical Care" approved referral to the Non-Participating Provider or Non-Participating Facility, and only the Services and number of visits that are listed on the written referral will be covered, subject to any benefit limitations and exclusions applicable to these Services.

Prior and Concurrent Authorization and Utilization Review

When you need Services, you should talk with your Participating Provider about your medical needs or your request for Services. Your Participating Provider provides covered Services that are Medically Necessary. Participating Providers will use their judgment to determine if Services are Medically Necessary. Some Services are subject to approval through Utilization Review, based on Utilization Review criteria developed by Medical Group or another organization utilized by the Medical Group and approved by Kaiser. If you seek a specific Service, you should talk with your Participating Provider. Your Participating Provider will discuss your needs and recommend an appropriate course of treatment.

If you request Services that must be approved through Utilization Review and the Participating Provider believes they are Medically Necessary, the Participating Provider may submit the request for Utilization Review on your behalf. If the request is denied, we will send a letter to you within five calendar days of the Participating Provider's request. If you choose to submit a request for Services directly to Member Relations, we will notify you within five calendar days of the decision. The decision letter will explain the reason for the determination along with instructions for filing an appeal. You may request a copy of the complete Utilization Review criteria used to make the determination. Please contact Member Relations at 503-813-4480.

Your PCP or Participating Provider will request prior or concurrent authorization when necessary. The following are examples of Services that require prior or concurrent authorization:

- Acupuncture Services (physician referred). The initial evaluation and management visit and up to six treatment visits in a New Episode of Care do not require prior or concurrent authorization.
- Bariatric surgery Services.

- Breast reduction surgery.
- Drug Formulary exceptions.
- Durable Medical Equipment.
- External Prosthetic and Orthotic devices.
- Gender Affirming Treatment.
- General anesthesia and associated hospital or ambulatory surgical facility Services provided in conjunction with non-covered dental Services.
- Habilitative Services.
- Hospice and home health Services.
- Inpatient hospital Services, including birthing centers.
- Inpatient and residential Chemical Dependency Services.
- Inpatient, residential, and Assertive Community Treatment (ACT) mental health Services.
- Naturopathic medicine.
- Non-emergency medical transportation.
- Open MRI.
- Plastic surgery.
- Referrals for any Non-Participating Facility Services or Non-Participating Provider Services.
- Referrals to Specialists who are not employees of Medical Group.
- Rehabilitative therapy Services. The initial evaluation and management visit and up to six treatment visits in a New Episode of Care for physical, massage, occupational and speech therapy do not require prior or concurrent authorization.
- Routine foot care.
- Skilled nursing facility Services.
- Organ transplant Services.
- Transgender Surgical Services.
- Travel and lodging expenses.

If you ask for Services that the Participating Provider believes are not Medically Necessary and does not submit a request on your behalf, you may ask for a second opinion from another Participating Provider. You should contact the manager in the area where the Participating Provider is located. Member Services can connect you with the correct manager, who will listen to your issues and discuss your options.

For more information about Utilization Review, a copy of the complete Utilization Review criteria developed by Medical Group and approved by Kaiser for a specific condition, or to talk to a Utilization Review staff person, please contact Member Services.

Except in the case of misrepresentation, prior authorization review decisions will not be retrospectively denied. Prior authorization determinations shall expire no sooner than forty-five days from the date of approval. We may revoke or amend an authorization for Services you have not yet received if your membership terminates or your coverage changes or you lose your eligibility, or if we receive information that is materially different from that which was reasonably available at the time of the original determination.

Individual Case Management

When Medically Necessary and cost-effective, Kaiser may provide Alternative Care Services to a Member on a case-by-case basis. In order for Kaiser to provide Alternative Care Services, a written agreement that specifies Services, benefits, and limitations must be signed by the Member and the PCP or Participating Provider. Kaiser reserves the right to terminate these extended benefits when the Services are no longer Medically Necessary, cost-effective, feasible, or at any time by sending written notice to the Member.

Home Health Care Alternative to Hospitalization

When provided at equal or lesser cost, the benefits of this Plan will be available for home health care instead of hospitalization or other institutional care when furnished by a home health, hospice, or home care agency Participating Provider. Substitution of less expensive or less intensive Services will be made only with the consent of the Member, and when the Member's PCP or Participating Provider advises that the Services will adequately meet the Member's needs. Kaiser will base the decision to substitute less expensive or less intensive Services on the Member's individual medical needs. Kaiser may require a written treatment plan which is approved by the Member's PCP or Participating Provider. Care will be covered on the same basis as for the institutional care substituted. Benefits will be applied to the maximum Plan benefit payable for hospital or other institutional expenses, and will be subject to any applicable Deductible, Copayment, and Coinsurance amounts required by this Plan.

Participating Providers and Participating Facilities Contracts

Participating Providers and Participating Facilities may be paid in various ways, including salary, per diem rates, case rates, fee-for-service, incentive payments, and capitation payments. Capitation payments are based on a total number of Members (on a per-Member per-month basis), regardless of the amount of Services provided. Kaiser may directly or indirectly make capitation payments to Participating Providers and Participating Facilities only for the professional Services they deliver, and not for Services provided by other physicians, hospitals, or facilities. Call Member Services if you would like to learn more about the ways Participating Providers and Participating Facilities are paid to provide or arrange medical and hospital Services for Members.

Our contracts with Participating Providers and Participating Facilities provide that Members are not liable for any amounts owed by Kaiser. However, the Member will be liable for the cost of non-covered Services received from a Participating Provider or Participating Facility, as well as unauthorized Services obtained from Non-Participating Providers and Non-Participating Facilities.

Provider Whose Contract Terminates

You may be eligible to continue receiving covered Services from a Participating Provider for a limited period of time after our contract with the Participating Provider terminates.

This continuity of care provision applies when our contract with a Participating Provider terminates or when a physician's employment with Medical Group terminates, except when the termination is for cause (including quality of care issues) or because the Participating Provider:

- Has retired.
- Has died.
- No longer holds an active license.
- Has moved outside our Service Area.
- Has gone on sabbatical.
- Is prevented from continuing to care for patients because of other circumstances.

If we directly or indirectly terminate the contract with Medical Group and/or any other primary care Participating Provider while your Plan is in effect and while you are under the care of the provider, we will notify you. We will retain financial responsibility for covered Services by that provider, in excess of any applicable Deductible, Copayment or Coinsurance, for 90 days following the notice of termination to you.

Additionally, if we directly or indirectly terminate the contract with Medical Group and/or any Participating Provider who is a Specialist, while your Plan is in effect and while you are under the care of the provider, we will notify you. We will retain financial responsibility for covered Services by that provider until we can make arrangements for the Services to be provided by another Participating Provider.

Receiving Care in Another Kaiser Foundation Health Plan Service Area

You may receive covered Services from another Kaiser Foundation Health Plan, if the Services are provided, prescribed, or directed by that other plan, and if the Services would have been covered under this *COC*. Covered Services are subject to the terms and conditions of this *COC*, including prior authorization requirements, the applicable Deductible, Copayment, or Coinsurance shown in the “Benefit Summary” and “Benefit Details,” and the exclusions, limitations and reductions described in this *COC*.

For more information about receiving care in other Kaiser Foundation Health Plan service areas, including availability of Services, and provider and facility locations, please call our Away from Home Travel Line at 951-268-3900. Information is also available online at kp.org/travel.

POST SERVICE CLAIMS – SERVICES ALREADY RECEIVED

In general, if you have a medical bill from a Non-Participating Provider or Non-Participating Facility, our Claims Administration Department will handle the claim. Member Services can assist you with questions about specific claims or about the claim procedures in general.

If you receive Services from a Non-Participating Provider following an authorized referral from a Participating Provider, the Non-Participating Provider will send the bill to Claims Administration directly. You are not required to file a claim.

However, if you receive Services from a Non-Participating Provider or Non-Participating Facility without an authorized referral and you believe Kaiser should cover the Services, you need to send a completed medical claim form and the itemized bill to:

Kaiser Permanente
National Claims Administration - Northwest
PO Box 370050
Denver, CO 80237-9998

You can request a claim form from Member Services or download it from kp.org. When you submit the claim, please include a copy of your medical records from the Non-Participating Provider or Non-Participating Facility if you have them.

Kaiser accepts CMS 1500 claim forms for professional Services and UB-04 forms for hospital claims. Even if the provider bills Kaiser directly, you still need to submit the claim form.

You must submit a claim for a Service within 12 months after receiving that Service. If it is not reasonably possible to submit a claim within 12 months, then you must submit a claim as soon as reasonably possible, but in no case more than 15 months after receiving the Service, except in the absence of legal capacity.

We will reach a decision on the claim and pay those covered Charges within 30 calendar days from receipt unless additional information, not related to coordination of benefits, is required to make a decision. If the 30-day period must be extended, you will be notified in writing with an explanation about why. This written notice will explain how long the time period may be extended depending on the requirements of applicable state and federal laws, including ERISA.

You will receive written notification about the claim determination. This notification will provide an explanation for any unpaid amounts. It will also tell you how to appeal the determination if you are not satisfied with the outcome, along with other important disclosures required by state and federal laws.

If you have questions or concerns about a bill from Kaiser, you may contact Member Services for an explanation. If you believe the Charges are not appropriate, Member Services will advise you on how to proceed.

EMERGENCY, POST-STABILIZATION, AND URGENT CARE

Coverage, Deductible, Copayments, Coinsurance, and Reimbursement

If you receive Emergency Services, Post-Stabilization Care, or Urgent Care from a Participating Provider or Participating Facility, we cover those Services only if they are covered under the “Benefit Details” section (subject to the “Benefit Exclusions and Limitations” section).

If you receive Emergency Services, Post-Stabilization Care, or Urgent Care from a Non-Participating Provider or Non-Participating Facility, we cover those Services only if they meet both of the following requirements:

- This “Emergency, Post-Stabilization, and Urgent Care” section says that we cover the Services if you receive them from a Non-Participating Provider or Non-Participating Facility.
- The Services would be covered under the “Benefit Detail” section (subject to the “Benefit Exclusions and Limitations” section) if you received them from a Participating Provider or Participating Facility.

If you receive covered inpatient hospital Services, you pay the Copayment or Coinsurance shown in the “Benefit Summary” under “Inpatient Hospital Services,” regardless of whether the Services also constitute Emergency Services or Post-Stabilization Care. If you visit an emergency department and are not admitted directly as an inpatient, you pay the emergency department visit Copayment or Coinsurance shown in the “Benefit Summary” under “Emergency Services” for all Services received in the emergency department.

You do not need to file a claim for Services that you receive from a Participating Provider or Participating Facility. If you receive covered Emergency Services, Post-Stabilization Care, or Urgent Care from a Non-Participating Provider or Non-Participating Facility, the Non-Participating Provider or Non-Participating Facility may agree to bill you for the Services or may require that you pay for the Services when you receive them. In either case, to request payment or reimbursement from us, you must file a claim as described in the “Post-service Claims – Services Already Received” section.

Emergency Services

If a Member has an Emergency Medical Condition, call 911 (where available) or go to the nearest hospital emergency department. A Member does not need prior authorization for Emergency Services. When a Member has an Emergency Medical Condition, we cover Emergency Services they receive from Participating Providers, Participating Facilities, Non-Participating Providers, and Non-Participating Facilities anywhere in the world, as long as the Services would have been covered under the “Benefit Details” section (subject to the “Benefit Exclusions and Limitations” section) if the Member had received them from Participating Providers or Participating Facilities. You pay the emergency department visit Copayment or Coinsurance shown in the “Benefit Summary” under “Emergency Services” for all Services received in the emergency department.

If you have an Emergency Medical Condition, we cover licensed ambulance Services that are not ordered by a Participating Provider only if all of the following are true:

- Your condition requires use of the medical Services that only a licensed ambulance can provide.
- Use of all other means of transportation, whether or not available, would endanger your health.
- The ambulance transports you to a hospital where you receive covered Emergency Services.

Emergency Services are available from Participating Hospital emergency departments 24 hours a day, seven days a week. Contact Member Services or see our *Medical Facility Directory* for locations of these emergency departments.

Post-Stabilization Care

Post-Stabilization Care is Services you receive for the acute episode of your Emergency Medical Condition after that condition is clinically stable. (“Clinically stable” means that no material deterioration of the Emergency Medical Condition is likely, within reasonable medical probability, to result from or occur during your discharge or transfer from the hospital.)

We cover Post-Stabilization Care only if one of the following is true:

- A Participating Provider or Participating Facility provides the Services.
- We authorize the Services from the Non-Participating Provider or Non-Participating Facility before you receive the Services (or later, if extraordinary circumstances delay your ability to call us but you call us as soon as reasonably possible).

Coverage for Post-Stabilization Care at a Non-Participating Provider or Non-Participating Facility is limited to the Allowed Amount. You are responsible for paying any amount over the Allowed Amount, in addition to applicable Copayments and Coinsurance, and any such payments do not count toward the Deductible or the Out-of-Pocket Maximum.

To request prior authorization for your receiving Post-Stabilization Care from a Non-Participating Provider or Non-Participating Facility, you or someone on your behalf must call us at 503-735-2596, or toll free at 1-877-813-5993, before you receive the Services if it is reasonably possible to do so, but no later than 24 hours after any admission.

We understand that extraordinary circumstances can delay your ability to call us, for example if you are unconscious or if there is no parent or guardian with a young child. In these cases, you or someone on your behalf must call us as soon as reasonably possible. If you (or someone on your behalf) do not call us by the applicable deadline, we will not cover Post-Stabilization Care that you receive from a Non-Participating Provider or Non-Participating Facility.

After we are notified, we will discuss your condition with the Non-Participating Provider. If we decide that the Post-Stabilization Care is Medically Necessary and would be covered if you received it from a Participating Provider or Participating Facility, we will either authorize the Services from the Non-Participating Provider or Non-Participating Facility, or arrange to have a Participating Provider or Participating Facility (or other designated provider or facility) provide the Services. If we decide to arrange to have a Participating Provider or Participating Facility (or other designated provider or facility), provide the Services to you, we may authorize special transportation Services that are medically required to get you to the provider or facility. This may include transportation that is otherwise not covered.

Urgent Care

Inside our Service Area

We cover Urgent Care inside our Service Area during certain hours at designated Urgent Care facilities and Participating Medical Offices. Please contact Member Services or see our *Medical Facility Directory* for Urgent Care locations and the hours when you may visit them for covered Urgent Care.

Outside our Service Area

If you are temporarily outside our Service Area, we cover Urgent Care you receive from a Non-Participating Provider or Non-Participating Facility if we determine that the Services were necessary to prevent serious deterioration of your health and that the Services could not be delayed until you returned to our Service Area.

WHAT YOU PAY

Deductible

For each Year, all covered Services are subject to the Deductible and count toward the Deductible, except for certain preventive care Services and other items that are shown as not subject to the Deductible in the “Benefit Summary.”

For Services are subject to the Deductible, you must pay Charges for the Services when you receive them, until you meet your Deductible.

If you are the only Member in your Family, then you must meet the self-only Deductible. If there is at least one other Member in your Family, then you must each meet the individual Family Member Deductible, or your Family must meet the Family Deductible, whichever occurs first. Each individual Family Member Deductible amount counts toward the Family Deductible amount. Once the Family Deductible is satisfied, no further individual Family Member Deductible will be due for the remainder of the Year. The Deductible amounts are shown in the “Benefit Summary.”

After you meet the Deductible, you pay the applicable Copayments and Coinsurance for covered Services for the remainder of the Year until you meet your Out-of-Pocket Maximum (see “Out-of-Pocket Maximum” section).

Increasing the Deductible

If the U.S. Department of Treasury increases the minimum Deductible required in high deductible health Plans, we will increase the Deductible if necessary to meet the new minimum Deductible requirement, and we will notify your Group.

Changes to Your Family

When your Family changes during a Year from self-only enrollment to two or more Members (or vice versa), the only Deductible payments that will count in the new Family are those for Services that Members in the new Family received in that Year under this *COC*. For example:

- If you add Dependents to your Family, the only Deductible payments that will count in the new Family are those for Services that Members in the new Family received in that Year under this *COC*.
- If all of your Dependents cease to be Members in your Family so that your Family becomes a Family of one Member, only the amounts that had been applied toward the Deductible for Services that you received during the Year will be applied toward the Deductible required for self-only enrollment. You must pay Charges for covered Services you receive on or after the date you become a Family of one Member until you meet the Deductible required for self-only enrollment, even if the Family had previously met the Deductible for a Family of two or more Members.

Copayments and Coinsurance

The Copayment or Coinsurance for each covered Service is shown in the “Benefit Summary.” Copayments or Coinsurance are due when you receive the Service.

Out-of-Pocket Maximum

There is a maximum to the total dollar amount of Deductible, Copayment and Coinsurance that you must pay for covered Services that you receive within the same Year under this or any other certificate of coverage with the same Group number printed on this *COC*.

If you are the only Member in your Family, then you must meet the self-only Out-of-Pocket Maximum. If there is at least one other Member in your Family, then you must each meet the individual Family Member Out-of-Pocket Maximum or your Family must meet the Family Out-of-Pocket Maximum, whichever occurs

first. Each individual Family Member Out-of-Pocket Maximum amount counts toward the Family Out-of-Pocket Maximum amount. The Out-of-Pocket Maximum amounts are shown in the “Benefit Summary.”

All Deductibles, Copayments and Coinsurance amounts count toward the Out-of-Pocket Maximum unless otherwise indicated. After you reach the Out-of-Pocket Maximum, you are not required to pay Copayments and Coinsurance for these Services for remainder of the Year. Member Services can provide you with the amount you have paid toward your Out-of-Pocket Maximum.

The following amounts do not count toward the Out-of-Pocket Maximum and you will continue to be responsible for these amounts even after the Out-of-Pocket Maximum is satisfied:

- Payments for Services that are not covered under this *COC*.
- Any amount not covered under this Plan on the basis that Kaiser covered the maximum benefit amount or paid the maximum number of days or visits for a Service.
- Payments for vision hardware for Members age 19 and older.
- Payments for hearing aid Services.

BENEFIT DETAILS

The Services described in this “Benefit Details” section are covered only if all the following conditions are satisfied, and will not be retrospectively denied:

- You are a current Member at the time Services are provided.
- A Participating Provider determines that the Services are Medically Necessary.
- The Services are provided, prescribed, authorized, or directed by a Participating Physician except where specifically noted to the contrary in this *COC*.
- You receive the Services from a Participating Provider, Participating Facility, or from a Participating Skilled Nursing Facility, except where specifically noted to the contrary in this *COC*.
- You receive prior authorization for the Services, if required under “Prior and Concurrent Authorization and Utilization Review” in the “How to Obtain Services” section.

All Services are subject to the exclusions, limitations and eligibility provisions contained in this *COC*. This “Benefit Details” section lists exclusions and limitations that apply only to a particular benefit.

All covered Services are subject to any applicable Deductible, Copayment, or Coinsurance as described in the “What You Pay” section and in the “Benefit Summary.”

1. Accidental Injury to Teeth

The Services of a licensed dentist will be covered subject to a \$20 visit Copayment after Deductible for repair of accidental injury to sound, healthy, natural teeth. Evaluation of the injury and development of a written treatment plan must be completed within 30 days from the date of injury. Treatment must be completed within the period established in the treatment plan unless delay is medically indicated and the written treatment plan is modified.

Accidental Injury to Teeth Exclusions

- Conditions not directly resulting from the accident; and treatment not completed within the time period established in the written treatment plan.
- Dental appliances and dentures.
- Dental implants.
- Dental Services for injuries to teeth caused by biting or chewing.

- Hospital Services for dental care.
- Orthodontic treatment.
- Services to correct malocclusion resulting from an accidental injury, except for emergency stabilization.
- Routine or preventive dental Services.

2. Administered Medications

Administered Medications such as drugs, injectables, and radioactive materials used for therapeutic or diagnostic purposes, are covered if they are administered to you in a Participating Hospital, Participating Medical Office or during home visits. Administered Medications are subject to 15% Coinsurance after Deductible as shown in the “Benefit Summary.”

3. Acupuncture Services

Physician-referred acupuncture Services are covered at 100% subject to a \$30 Copayment after the Deductible is met. East Asian medicine practitioners use acupuncture to influence the health of the body by the insertion of very fine needles. Acupuncture treatment is primarily used to relieve pain, reduce inflammation, and promote healing. Covered Services include:

- Evaluation and treatment.
- Acupuncture.
- Electro-acupuncture.

We cover acupuncture Services when provided by a Participating Provider when you receive a referral from a Participating Physician, and only when the Services are provided as outpatient Services in the Participating Provider’s office. These Services are subject to Utilization Review by Kaiser using criteria developed by Medical Group and approved by Kaiser. However, you do not need prior authorization for an initial evaluation and management visit and up to six treatment visits with a Participating Provider for a New Episode of Care. A list of Participating Providers may be obtained from Member Services or by visiting <https://www.chpgroup.com>.

Acupuncture Services Exclusions

- Acupressure.
- Behavioral training and modification, including but not limited to biofeedback, hypnotherapy, play therapy, and sleep therapy.
- Breathing, relaxation, and East Asian exercise techniques.
- Chemical Dependency Services.
- Cosmetics, dietary supplements, recreation, health or beauty classes, aids, or equipment.
- Costs or charges incurred for which the Member is not legally required to pay, or for professional Services rendered by a person who resides in the Member’s home, or who is related to the Member by marriage or blood (including parents, children, sisters, brothers, or foster children).
- Cupping.
- Dermal friction technique.
- Dietary advice and health education based on East Asian medical theory.
- Disorders connected to military service, any treatment or service to which the Member is legally entitled through the United States Government or for which facilities are available.
- East Asian massage and tui na.

- Environmental enhancements, modifications to dwellings, property or motor vehicles, adaptive equipment, personal lodgings, travel expenses, meals.
- Expenses incurred for any Services provided before coverage begins or after coverage ends.
- Health or exercise classes, aids, or equipment.
- Infra-red therapy.
- The following laboratory Services:
 - Comprehensive digestive stool analysis.
 - Cytotoxic food allergy test.
 - Darkfield examination for toxicity or parasites.
 - EAV and electronic tests for diagnosis or allergy.
 - Fecal transient and retention time.
 - Henshaw test.
 - Intestinal permeability.
 - Loomis 24-hour urine nutrient/enzyme analysis.
 - Melatonin biorhythm challenge.
 - Salivary caffeine clearance.
 - Sulfate/creatinine ratio.
 - Thermography, hair analysis, heavy metal screening, and mineral studies.
 - Tryptophan load test.
 - Urinary sodium benzoate.
 - Urine saliva pH.
 - Zinc tolerance test.
- Laserpuncture.
- Moxibustion.
- Nambudripad allergy eliminated technique (NAET).
- Obesity or weight control.
- Personal or comfort items, environmental enhancements, modifications to dwellings, property or motor vehicles, adaptive equipment, and training in the use of the equipment, personal lodging, travel expenses, or meals.
- Point injection therapy.
- Qi gong.
- Services designed to maintain optimal health in the absence of symptoms.
- Sonopuncture.

4. Ambulance Services

Emergency ground ambulance Services are subject to 15% Coinsurance after Deductible per trip to a Participating Facility, or the nearest facility where care is available. If ground ambulance Services are not appropriate for transporting the Member to the nearest facility, the Plan covers emergency air ambulance subject to 15% Coinsurance after Deductible per trip.

Ambulance Services are covered only when all of the following are true:

- A Participating Physician determines that your condition requires the use of medical Services that only a licensed ambulance can provide.
- A Participating Physician determines that the use of all other means of transportation, whether or not available, would endanger your health.
- The ambulance transports you to or from a location where you receive covered Services.

Ambulance Services Exclusions

- Transportation by car, taxi, bus, gurney van, wheelchair van, minivan, and any other type of transportation (other than a licensed ambulance), even if it is the only way to travel to a Participating Facility or other location.

5. Bariatric Surgery and Weight Control and Obesity Treatment

Bariatric surgery for clinically severe obesity is covered 100% subject to 15% Coinsurance after Deductible only when all of the following requirements have been met:

- A Medical Group physician determines that the surgery meets Utilization Review criteria developed by Medical Group and approved by Kaiser.
- The Member fully complies with the Kaiser Permanente Severe Obesity Evaluation and Management Program's contract for participation approved by Kaiser.

6. Chemical Dependency Services

Medically Necessary inpatient and outpatient Chemical Dependency treatment and supporting Services are covered on the same basis as other chronic illness or disease, subject to the inpatient hospital Coinsurance after Deductible or office visit Copayment after Deductible. The Member's PCP or Participating Provider must authorize all Chemical Dependency treatment in advance, and a Participating Facility for an approved treatment program must provide the Services. Court-ordered treatment will be covered only if it is determined by the PCP or Participating Provider to be Medically Necessary.

Outpatient Services for Chemical Dependency

We cover individual office visits and group therapy visits for Chemical Dependency.

We cover in-home chemical dependency Services, when all of the following are true:

- You are substantially confined to your home (or a friend's or relative's home), or the care is provided in lieu of Medically Necessary hospitalization.
- Your Participating Physician determines that it is feasible to maintain effective supervision and control of your care in your home and that the Services can be safely and effectively provided in your home.
- You receive prior authorization from Kaiser in accordance with Utilization Review criteria developed by Medical Group and approved by Kaiser.

Inpatient Hospital Services for Chemical Dependency

Inpatient prescription drugs prescribed in connection with Chemical Dependency treatment are covered. All other prescription drugs are paid according to the provisions under “Prescription Drugs, Insulin and Diabetic Supplies.”

When the Member is not yet enrolled in a dependency treatment program, Medically Necessary detoxification is covered as a medical Emergency Service.

Residential Services

We cover residential Services in a residential program. Coverage includes drugs that medical personnel administer to you in a residential facility that is a Participating Facility. A Participating Provider must prescribe the drugs as part of your plan of care in a residential facility.

Day Treatment Services

We cover day treatment Services in a day treatment program.

7. Services Provided in Connection with Clinical Trials

We cover Services you receive in connection with a clinical trial if all of the following conditions are met:

- We would have covered the Services if they were not related to a clinical trial.
- You are eligible to participate in the clinical trial according to the trial protocol with respect to treatment of cancer or other life-threatening condition (a condition from which the likelihood of death is probable unless the course of the condition is interrupted), as determined in one of the following ways:
 - A Participating Provider makes this determination.
 - You provide us with medical and scientific information establishing this determination.
 - If any Participating Providers participate in the clinical trial and will accept you as a participant in the clinical trial, you must participate in the clinical trial through a Participating Provider unless the clinical trial is outside the state where you live.
- The clinical trial is a phase I, phase II, phase III, or phase IV clinical trial related to the prevention, detection, or treatment of cancer or other life-threatening condition and it meets one of the following requirements:
 - The study or investigation is conducted under an investigational new drug application reviewed by the U.S. Food and Drug Administration.
 - The study or investigation is a drug trial that is exempt from having an investigational new drug application.
 - The study or investigation is approved or funded by at least one of the following:
 - The National Institutes of Health.
 - The Centers for Disease Control and Prevention.
 - The Agency for Health Care Research and Quality.
 - The Centers for Medicare & Medicaid Services.
 - A cooperative group or center of any of the above entities or of the Department of Defense or the Department of Veterans Affairs.
 - A qualified non-governmental research entity identified in the guidelines issued by the National Institutes of Health for center support grants.

- o The Department of Veterans Affairs or the Department of Defense or the Department of Energy, but only if the study or investigation has been reviewed and approved through a system of peer review that the U.S. Secretary of Health and Human Services determines meets all of the following requirements:
 - It is comparable to the National Institutes of Health system of peer review of studies and investigations.
 - It assures unbiased review of the highest scientific standards by qualified people who have no interest in the outcome of the review.

For covered Services related to a clinical trial, you will pay the Deductible, Copayment, or Coinsurance you would pay if the Services were not related to a clinical trial. For example, see “Hospital Services” in the “Benefit Summary” for the Deductible, Copayment, or Coinsurance that applies to hospital inpatient care.

8. Diabetic Education

Medically Necessary diabetic education, including diabetic counseling and diabetic self-management training, is covered subject to the \$20 office visit Copayment after Deductible or \$30 specialty visit Copayment after Deductible for each visit. The Member’s PCP or Participating Provider must prescribe the Services.

9. Diagnostic Testing, Laboratory, Mammograms and X-ray

Laboratory or special diagnostic procedures (CT scans, mammograms, MRI), imaging, including X-ray, ultrasound imaging, cardiovascular testing, nuclear medicine, and allergy testing, prescribed by the Member’s PCP or Participating Provider, and provided at a Participating Facility are covered in full subject to a 15% Coinsurance after Deductible per visit. Screening and special diagnostic procedures during pregnancy and related genetic counseling when Medically Necessary for prenatal diagnosis of congenital disorders are included. Some Services, such as preventive screenings and routine mammograms, are not covered under this “Diagnostic testing” benefit but may be covered under the “Preventive Care Services” section. We cover preventive care Services without charge.

10. Dialysis—Outpatient

Outpatient professional and facility Services necessary for dialysis when referred by the Member’s PCP or Participating Provider are covered in full subject to the \$30 specialty office visit Copayment after Deductible for each dialysis treatment. Home dialysis is 100% covered after Deductible. Dialysis is covered while you are temporarily absent from our Service Area. A temporary absence is an absence lasting less than twenty-one (21) days. Services must be preauthorized prior to departure from our Service Area.

11. Durable Medical Equipment (DME) and External Prosthetic Devices and Orthotic Devices

This Plan covers the rental or purchase of Durable Medical Equipment (DME) and related medical supplies, External Prosthetic Devices, and Orthotic Devices, subject to 10% Coinsurance after Deductible.

Outpatient Durable Medical Equipment (DME)

We cover outpatient Durable Medical Equipment (DME) according to the DME formulary guidelines. These Services are subject to Utilization Review by Kaiser using criteria developed by Medical Group and approved by Kaiser. DME must be for use in your primary residence (or another location used as your primary residence). Coverage is limited to the standard item, supply or equipment that adequately meets your medical needs. We decide whether to rent or purchase the DME, and we select the vendor. We also decide whether to repair, adjust, or replace the DME when necessary.

Our DME formulary guidelines allow certain DME (such as crutches and canes) for use in your home to be picked up from Participating Providers. To find out whether we will cover a particular DME item, call Member Services.

When you receive DME in a home health setting that is in lieu of hospitalization, DME is covered at the same level as if it were received in an inpatient hospital care setting.

Covered DME includes the following:

- Bilirubin lights.
- CADD (continuous ambulatory drug delivery) pumps.
- Diabetic equipment and supplies including external insulin pumps, infusion devices, glucose monitors, lancets, and injection aids.
- Enteral pumps and supplies.
- Osteogenic bone stimulators.
- Osteogenic spine stimulators.
- Oxygen and oxygen supplies.
- Ventilators.
- Wheelchairs.

Outpatient Durable Medical Equipment (DME) Exclusions

- Comfort, convenience, or luxury equipment or features.
- Devices for testing blood or other body substances (except diabetes blood glucose monitors and their supplies).
- Exercise or hygiene equipment.
- Modifications to your home or car.
- More than one corrective appliance or artificial aid or item of Durable Medical Equipment, serving the same function or the same part of the body, except for necessary repairs, adjustments and replacements as specified under this “Durable Medical Equipment (DME) and External Prosthetic Devices and Orthotic Devices” section.
- Non-medical items, such as sauna baths or elevators.
- Repair or replacement of DME items due to loss or misuse.
- Spare or duplicate use DME.

External Prosthetic Devices and Orthotic Devices

We cover External Prosthetic Devices and Orthotic Devices when the following are true:

- The device is Medically Necessary to restore or maintain the ability to complete activities of daily living or essential job-related activities and that are not solely for comfort or convenience.
- The device is required to replace all or part of an organ or extremity designated by CMS in the “L codes” of the Healthcare Common Procedure Coding System.

This coverage includes all Services and supplies that are Medically Necessary for the effective use of an External Prosthetic Device or Orthotic Device, including formulating its design, fabrication, material and component selection, measurements, fittings, static and dynamic alignments, and instructing the patient in the use of the device.

Internally implanted prosthetic and Orthotic Devices, such as pacemakers, intraocular lenses, cochlear implants, osseointegrated hearing devices, artificial hearts, artificial larynx, and hip joints, are not covered under this “External Prosthetic Devices and Orthotic Devices” benefit, but may be covered if they are implanted during a surgery that we are covering under another section of this “Benefit Details” section.

Unless otherwise indicated below, covered External Prosthetic Devices and Orthotic Devices include:

- Compression garments for burns.
- Diabetic foot care appliances and therapeutic shoes and inserts to prevent and treat diabetes-related complications.
- External prostheses after a Medically Necessary mastectomy, including prostheses when Medically Necessary, and up to four brassieres required to hold a prosthesis every 12 months.
- Fitting and adjustments.
- Halo vests.
- Lymphedema wraps and garments.
- Maxillofacial prosthetic devices: coverage is limited to the least costly clinically appropriate treatment as determined by a Participating Physician. We cover maxillofacial prosthetic devices if they are necessary for restoration and management of head and facial structures that cannot be replaced with living tissue and are defective because of disease, trauma, or birth and developmental deformities when this restoration and management are performed for the purpose of:
 - Controlling or eliminating infection;
 - Controlling or eliminating pain; or
 - Restoring facial configuration or functions such as speech, swallowing, or chewing, but not including cosmetic procedures rendered to improve the normal range of conditions.
- Ocular prosthesis.
- Prosthetic devices for treatment of temporomandibular joint (TMJ) conditions.
- Prosthetic devices required to replace all or part of an organ or extremity, but only if they also replace the function of the organ or extremity. This includes but is not limited to ostomy and urological supplies.
- Repair or replacement (unless due to loss or misuse).
- Rigid and semi-rigid Orthotic Devices required to support or correct a defective body part.
- Tracheotomy equipment.
- A wig or hairpiece to replace lost hair due to radiation therapy or chemotherapy for a covered condition, up to a lifetime benefit maximum payment of \$100 per Member.

External Prosthetic Devices and Orthotic Devices Exclusions

- Comfort, convenience, or luxury equipment or features.
- Corrective Orthotic Devices such as items for podiatric use (such as shoes and arch supports, even if custom-made, except footwear described above for diabetes-related complications).
- Dental appliances and dentures.
- Internally implanted insulin pumps.
- Repair or replacement of External Prosthetic Devices and Orthotic Devices due to loss or misuse.

DME Formulary

Our DME formulary includes the list of Durable Medical Equipment, External Prosthetic Devices and Orthotic Devices that have been approved by our DME Advisory Committee for our Members. The DME formulary was developed and is maintained by a multidisciplinary clinical and operational workgroup with review and input from Medical Group physicians and medical professionals with DME expertise (for example, physical, respiratory, and enterostomal therapists and home health practitioners) with Medicare criteria used as a basis for this formulary. Our DME formulary is periodically updated to keep pace with changes in medical technology and clinical practice. To find out whether a particular item is included in our DME formulary, please call Member Services.

Our formulary guidelines allow you to obtain non-formulary items (those not listed on our DME formulary for your condition) if Medical Group's designated DME review physician determines that it is Medically Necessary and that there is no formulary alternative that will meet your medical needs.

12. Emergency Services

Emergency department visits at an emergency room facility are covered subject to a 15% Coinsurance per visit after Deductible. If the Member is transferred from the emergency room to an observation bed, there is no additional Coinsurance. If the Member is admitted as an inpatient directly from the emergency room or from an observation bed, the inpatient hospital Coinsurance will be applied. Use of a hospital emergency room for a non-medical emergency is not covered.

13. Habilitative Services

We cover inpatient and outpatient habilitative Services subject to Utilization Review by Kaiser using criteria developed by Medical Group and approved by Kaiser subject to 15% Coinsurance after Deductible for inpatient Services and \$30 Copayment after Deductible per visit for outpatient Services. Coverage includes the range of Medically Necessary Services or health care devices designed to help a person keep, learn, or improve skills and functioning for daily living. Examples include therapy for a child who is not walking or talking at the expected age. These Services may include physical, occupational, speech, and aural therapy, and other Services for people with disabilities and that:

- Takes into account the unique needs of the individual.
- Targets measurable, specific treatment goals appropriate for the person's age, and physical and mental condition.

We cover these habilitative Services at the Deductible, Copayment, or Coinsurance shown in the "Benefit Summary." The "Benefit Summary" also shows a visit maximum for habilitative Services. That visit maximum will be exhausted (used up) for a Year when the number of visits that we covered during the Year under this *COC*, plus any visits we covered during the Year under any other certificate of coverage with the same group number printed on this *COC*, add up to the visit maximum. After you reach the visit maximum, we will not cover any more visits for the remainder of the Year. Visit maximums do not apply to habilitative Services to treat mental health conditions covered under this *COC*.

The following habilitative Services are covered as described under the "Durable Medical Equipment (DME) and External Prosthetic Devices and Orthotic Devices" section:

- Braces, splints, prostheses, orthopedic appliances and Orthotic Devices, supplies or apparatuses used to support, align or correct deformities or to improve the function of moving parts.
- Durable Medical Equipment and mobility enhancing equipment used to serve a medical purpose, including sales tax.

Habilitative Services Exclusions

- Activities that provide diversion or general motivation.

- Custodial care or services for individualized education program development.
- Daycare.
- Exercise programs for healthy individuals.
- Housing.
- Recreational activities.
- Respite care.
- Services and devices delivered pursuant to federal Individuals with Disabilities Education Act of 2004 (IDEA) requirements.
- Services solely for palliative purposes.
- Social services.
- Specialized job testing.

14. Hearing Examinations and Hearing Aids

Hearing examinations to determine hearing loss are covered, subject to a \$30 Copayment after Deductible for each visit, when authorized by the Member's PCP and obtained through a Participating Provider.

Hearing aids and rental/repair, including fitting and follow-up care, are covered after Deductible, to a benefit maximum payment of \$800 every 3 years. Kaiser selects the vendor that supplies the covered hearing aid. Covered hearing aids are electronic devices worn on the person for the purpose of amplifying sound and assisting in the process of hearing, including an ear mold, if necessary, and are limited to one of the following digital models: (i) in-the-ear; (ii) behind-the-ear; (iii) on-the-body (Body Aid Model); or (iv) canal/CIC aids.

Hearing Aid Exclusions

- Bone anchored hearing aids.
- Cleaners, moisture guards, and assistive listening devices (for example, FM systems, cell phone or telephone amplifiers, and personal amplifiers designed to improve your ability to hear in a specific listening situation).
- Hearing aids that were fitted before you were covered under this *COC* (for example, a hearing aid that was fitted during the previous contract year will not be covered under this *COC*, though it might be covered under your certificate of coverage for the previous contract year).
- Internally implanted hearing aids.
- Repair of hearing aids beyond the warranty period.
- Replacement of lost or broken hearing aids, if you have exhausted (used up) your benefit maximum.
- Replacement parts and batteries.

15. Home Health Services

Home health Services are covered subject to 15% Coinsurance after Deductible and limited to 130 visits per Year.

Home health Services are Services provided in the home by nurses, medical social workers, mental health and chemical dependency professionals, home health aides, and physical, occupational, speech and respiratory therapists.

We cover home health Services only if all of the following are true:

- You are substantially confined to your home (or to a place of temporary or permanent residence used as your home) or the care is provided in lieu of Medically Necessary hospitalization.
- Services are provided through a licensed Home Health Agency.
- A Medical Group physician determines that it is feasible to maintain effective supervision and control of your care in your home and that the Services can be safely and effectively provided in your home.
- You receive prior authorization from Kaiser in accordance with Utilization Review criteria.

Home Health Services Exclusions

- “Meals on Wheels” or similar food services.
- Nonmedical, custodial, homemaker or housekeeping type services except by home health aides as ordered in the approved plan of treatment.
- Private duty or continuous nursing Services.
- Services designed to maintain optimal health in the absence of symptoms.
- Services not included in an approved plan of treatment.
- Services of a person who normally lives in the home or who is a member of the family.
- Services that an unlicensed family member or other layperson could provide safely and effectively in the home setting after receiving appropriate training. These Services are excluded even if we would cover the Services if they were provided by a qualified medical professional in a hospital or skilled nursing facility.
- Supportive environmental materials such as handrails, ramps, telephones, air conditioners, and similar appliances and devices.

16. Hospice Services

Hospice is a specialized form of interdisciplinary care designed to provide palliative care to help alleviate your physical, emotional, and spiritual discomfort through the last phases of life due to a terminal illness. It also provides support to your primary caregiver and your family. When you choose hospice, you are choosing to receive palliative (comfort) care for pain and other symptoms associated with the terminal illness, but not to receive care to try to cure the terminal illness. You may change your decision to receive hospice Services at any time. Hospice Services are 100% covered after Deductible.

We cover hospice Services if all of the following requirements are met:

- A Medical Group physician has diagnosed you with a terminal illness and determines that your life expectancy is six months or less.
- The Services are provided in your home (or a place of temporary or permanent residence used as your home).
- The Services are provided by a licensed hospice agency approved by Kaiser Foundation Hospitals.
- The Services are necessary for the palliation and management of your terminal illness and related conditions.
- The Services meet Kaiser Utilization Review criteria.

The following hospice Services are covered (Deductible may apply):

- Counseling and bereavement Services for up to one year.
- Durable Medical Equipment (DME).
- Home health aide Services.

- Medical social Services.
- Medication and medical supplies and appliances.
- Participating Physician Services.
- Rehabilitative therapy Services for purposes of symptom control or to enable you to maintain activities of daily living.
- Services of volunteers.
- Short-term inpatient Services including respite care and care for pain control and acute and chronic symptom management.
- Skilled nursing Services, including assessment, evaluation, and case management of nursing needs, treatment for pain and symptom control, provision of emotional support to you and your family, and instruction to caregivers.

17. Hospital Services

Inpatient hospital Services. Inpatient hospital Services are 100% covered subject to 15% Coinsurance after Deductible. Convalescent, custodial, or domiciliary care is not covered.

We cover the following Services when you are admitted as an inpatient in a Participating Hospital:

- Anesthesia.
- Blood, blood products, blood storage, and their administration, including the Services and supplies of a blood bank.
- Chemotherapy and radiation therapy Services.
- Dialysis Services.
- Drugs and radioactive materials used for therapeutic purposes, except for the types of drugs excluded under the “Prescription drugs, insulin, and diabetic supplies” section.
- Durable Medical Equipment and medical supplies.
- Emergency detoxification.
- Gender Affirming Treatment.
- General and special nursing care Services.
- Internally implanted devices, including cochlear implants, except for internally implanted insulin pumps.
- Interrupted pregnancy surgery when performed in an inpatient setting.
- Laboratory, X-rays and other imaging, and special diagnostic procedures.
- Medical foods and formulas if Medically Necessary.
- Medical social Services and discharge planning.
- Operating and recovery rooms.
- Orthognathic surgery and supplies for treatment of temporomandibular joint (TMJ) disorder or injury, sleep apnea or congenital anomaly.
- Palliative care.
- Participating Physician’s Services, including consultation and treatment by Specialists.
- Prescription drugs, including injections.
- Rehabilitative therapy Services such as massage, physical, occupational, and speech therapy Services.

- Respiratory therapy.
- Room and board, including a private room if Medically Necessary.
- Specialized care and critical care units.
- Temporomandibular joint (TMJ) surgery for the treatment of TMJ disorders subject to Utilization Review by Kaiser using criteria developed by Medical Group and approved by Kaiser.

Outpatient hospital Services. Services for outpatient surgery, day surgery, or short-stay obstetrical Services (discharged within 24 hours of admission) are covered subject to 15% Coinsurance after Deductible per surgery or procedure. Services must be provided at a Participating Facility.

Dental anesthesia—inpatient/outpatient. General anesthesia Services and related facility charges in conjunction with any dental procedure performed in a hospital are covered subject to the applicable inpatient/outpatient facility Coinsurance if such anesthesia Services and related facility charges are Medically Necessary because the Member:

- is a child under age seven, or is physically or developmentally disabled, with a dental condition that cannot be safely and effectively treated in a dental office; or
- has a medical condition that the Member’s PCP or Participating Provider determines would place the Member at undue risk if the dental procedure were performed in a dental office. The procedure must be approved by the Member’s PCP or Participating Provider.

For the purpose of this section, “general anesthesia Services” means Services to induce a state of unconsciousness accompanied by a loss of protective reflexes, including the ability to maintain an airway independently and respond purposefully to physical stimulation or verbal command. Nitrous oxide analgesia is not reimbursable as general anesthesia.

18. Medical Foods and Formula

We cover the following Medically Necessary medical foods and formula subject to Utilization Review by Kaiser using criteria developed by Medical Group and approved by Kaiser:

- Elemental formula for the treatment of eosinophilic gastrointestinal associated disorder.
- Enteral formula for home treatment of severe intestinal malabsorption when the formula comprises the sole or essential source of nutrition.
- Medical foods and formula necessary for the treatment of phenylketonuria (PKU), specified inborn errors of metabolism, or other metabolic disorders.

19. Mental Health Services

We cover mental health Services as found in the current edition of the *Diagnostic and Statistical Manual of Mental Disorders (DSM)*, published by the American Psychiatric Association, including Services for treatment of eating disorders when associated with a diagnosis of a DSM categorized mental health condition, when Services are necessary for:

- Crisis intervention.
- Evaluation.
- Treatment of mental disorders or chronic conditions that a mental health Participating Provider determines to be Medically Necessary and expects to result in objective, measurable improvement.

Mental health Services are subject to Utilization Review by Kaiser using criteria developed by Medical Group and approved by Kaiser. You may request these criteria by calling Member Services.

We cover Participating Provider Services under this “Mental health Services” section only if they are provided by a licensed psychiatrist, licensed psychologist, licensed clinical social worker, licensed mental health

counselor, licensed professional counselor, licensed marriage and family therapist, advanced practice psychiatric nurse, licensed behavioral analyst, licensed assistant behavioral analyst or registered behavioral analyst interventionist. The benefits described in this “Mental Health Services” section comply with the Mental Health Parity and Addiction Equity Act.

Preauthorization is not required for Emergency Services admissions, including involuntary commitment to a state hospital. This Plan will cover court-ordered treatment only if determined to be Medically Necessary by a Participating Provider. All costs for mental health Services in excess of the coverage provided under this COC, including the cost of any care for which the Member failed to obtain prior authorization, or any Services received from someone other than a Participating Provider will be the Member’s sole responsibility to pay.

Inpatient hospital Services and residential Services. Professional and facility Services for diagnosis and treatment of mental illness are covered at 15% Coinsurance after Deductible, subject to Utilization Review criteria prior authorization requirements as described in the “Prior and Concurrent Authorization and Utilization Review” section of this COC, and use of the Participating Providers and Participating Facilities.

Psychological Testing

If, in the professional judgment of a Participating Provider you require psychological testing as part of diagnostic evaluation, prescribed tests are covered in accord with this “Mental health Services” section. We do not cover court-ordered testing or testing for ability, aptitude, intelligence, or interest unless Medically Necessary.

Outpatient Services. Services for diagnosis and treatment of mental illness are covered at a \$20 Copayment after Deductible per office visit, \$20 Copayment after Deductible per day for intensive outpatient visit, and without charge for assertive community treatment (ACT) Services, subject to the requirements to obtain prior authorization as described in the “Prior and Concurrent Authorization and Utilization Review” section of this COC and the use of Participating Providers and Participating Facilities.

We cover mental health Services in a skilled nursing facility, when all of the following are true:

- You are substantially confined to a skilled nursing facility in lieu of Medically Necessary hospitalization.
- Your Participating Physician determines that it is feasible to maintain effective supervision and control of your care in a skilled nursing facility and that the Services can be safely and effectively provided in a skilled nursing facility.
- You receive prior authorization from Kaiser in accordance with Utilization Review criteria developed by Medical Group and approved by Kaiser.

We cover in home mental health Services, when all of the following are true:

- You are substantially confined to your home (or a friend’s or relative’s home), or the care is provided in lieu of Medically Necessary hospitalization.
- Your Participating Physician determines that it is feasible to maintain effective supervision and control of your care in your home and that the Services can be safely and effectively provided in your home.
- You receive prior authorization from Kaiser in accordance with Utilization Review criteria developed by Medical Group and approved by Kaiser.

20. Naturopathic Medicine

Naturopathic medicine is a form of health care that uses a wide range of natural approaches. Naturopathic physicians diagnose and treat patients by using natural modalities such as clinical nutrition, herbal medicine, and homeopathy. Covered Services include evaluation and treatment.

We cover Services when provided by a Participating Provider when you receive a referral from a Participating Physician, and only when the Services are provided as outpatient Services in the Participating Provider's office. These Services are subject to Utilization Review by Kaiser using criteria developed by Medical Group and approved by Kaiser. A list of Participating Providers may be obtained from Member Services or by visiting <https://www.chpgroup.com>.

Naturopathic Medicine Exclusions

- Acupressure.
- Behavioral training and modification, including but not limited to biofeedback, hypnotherapy, play therapy, and sleep therapy.
- Breathing, relaxation, and East Asian exercise techniques.
- Chemical Dependency Services.
- Cosmetics, dietary supplements, recreation, health or beauty classes, aids, or equipment.
- Costs or charges incurred for which the Member is not legally required to pay, or for professional Services rendered by a person who resides in the Member's home, or who is related to the Member by marriage or blood (including parents, children, sisters, brothers, or foster children).
- Cupping.
- Dermal friction technique.
- Dietary advice and health education based on East Asian medical theory.
- Disorders connected to military service, any treatment or service to which the Member is legally entitled through the United States Government or for which facilities are available.
- East Asian massage and tui na.
- Environmental enhancements, modifications to dwellings, property or motor vehicles, adaptive equipment, personal lodgings, travel expenses, meals.
- Expenses incurred for any Services provided before coverage begins or after coverage ends.
- Health or exercise classes, aids, or equipment.
- Infra-red therapy.
- The following laboratory Services:
 - Comprehensive digestive stool analysis.
 - Cytotoxic food allergy test.
 - Darkfield examination for toxicity or parasites.
 - EAV and electronic tests for diagnosis or allergy.
 - Fecal transient and retention time.
 - Henshaw test.
 - Intestinal permeability.
 - Loomis 24-hour urine nutrient/enzyme analysis.
 - Melatonin biorhythm challenge.
 - Salivary caffeine clearance.
 - Sulfate/creatinine ratio.

- Thermography, hair analysis, heavy metal screening, and mineral studies.
- Tryptophan load test.
- Urinary sodium benzoate.
- Urine saliva pH.
- Zinc tolerance test.
- Laserpuncture.
- Moxibustion.
- Nambudripad allergy eliminated technique (NAET).
- Obesity or weight control.
- Personal or comfort items, environmental enhancements, modifications to dwellings, property or motor vehicles, adaptive equipment, and training in the use of the equipment, personal lodging, travel expenses, or meals.
- Point injection therapy.
- Qi gong.
- Services designed to maintain optimal health in the absence of symptoms.
- Sonopuncture.

21. Neurodevelopmental Therapy

Inpatient Services are subject to the inpatient hospital Coinsurance after Deductible. Outpatient Services for neurodevelopmental therapies are provided in full subject to the \$30 specialty office visit Copayment after Deductible for each visit, up to 60 visits per Year for all therapies combined. Benefits include only the Services of Participating Providers authorized to deliver occupational therapy, speech therapy, and physical therapy and must be prescribed by the Member's PCP or Participating Provider. Covered services include treatment of neurodevelopmental conditions to restore and/or improve function, or to provide maintenance for conditions which, in the judgement of your Participating Provider, would result in significant deterioration without the treatment.

22. Obstetrics, Maternity and Newborn Care

This Plan covers obstetrics, maternity and newborn care Services, including Services for pregnancy and pregnancy complications. There is no pre-existing condition waiting period. Services must be determined by the Member's PCP or women's health care Participating Provider, in conjunction with the mother, to be Medically Necessary and appropriate based on accepted medical practice.

Services covered include:

- Prenatal care visits and postpartum visits,
- Maternity hospital care for mother and baby, including Services for complications of pregnancy.
- Vaginal or cesarean childbirth delivery, in a hospital or a birth center, including facility fees.
- Home childbirth services when provided by a Participating Provider, including Medically Necessary supplies for a home birth, for low risk pregnancies.
- Newborn medical Services following birth and initial physical exam.
- Newborn PKU test.

Medically Necessary maternity inpatient hospital Services for mother and baby are covered, including complication of pregnancy for obstetrical care, subject to 15% Coinsurance after Deductible. Routine newborn medical Services following birth and initial physical exam, newborn PKU test, and newborn nursery care will be covered during hospitalization of the mother receiving maternity benefits under this Plan, and will not be subject to a Coinsurance or Copayment. Certain maternity Services, such as screening for gestational diabetes and breastfeeding counseling and support, are covered under the “Preventive Care Services” section.

We will not limit the length of a maternity inpatient hospital stay for a mother and baby to less than 48 hours for vaginal delivery and 96 hours for a cesarean section delivery. The length of inpatient hospital stay is determined by the Member’s PCP or Participating Provider, in consultation with the mother.

Use of birthing centers for delivery must be preauthorized as described in the “Prior and Concurrent Authorization and Utilization Review” section of this *COC*. Medically Necessary Services furnished in connection with childbirth at your home are covered when provided by a Participating Provider, subject to the specialty care office visit Copayment.

Hospitalization for newborn children for other than routine newborn care will be covered subject to the inpatient hospital Coinsurance after Deductible for the first 21 days from the date of birth, provided the mother is covered by this Plan. Benefits for professional and other Services for necessary follow-up care for newborns are provided subject to any applicable Deductible, Copayment or Coinsurance amounts for the first 21 days from the date of birth provided the mother is covered by this Plan. Benefits for Services received by the newborn beyond the initial 21 days are subject to the eligibility requirements of this Plan, including submission of any PEBB Program application for coverage, and payment of any required premium. If premium is not due, the application requirement is waived; however, please notify the PEBB Program or your employing agency of the birth so that your records may be updated.

Services related to voluntary and involuntary termination of pregnancy on an outpatient basis are covered, subject to the \$30 specialty visit Copayment after Deductible. Inpatient hospital Services related to voluntary and involuntary termination of pregnancy are covered, subject to the inpatient hospital Coinsurance after Deductible.

23. Office Visits

Services provided by the Member’s PCP are covered in full subject to a \$20 Copayment after Deductible for each office visit. Visits to a Specialist, when referred by the Member’s PCP, are covered in full subject to a \$30 Copayment after Deductible for each office visit.

A \$40 Urgent Care visit Copayment applies after Deductible to qualifying Urgent Care received during certain hours at designated Urgent Care facilities and Participating Medical Offices within the Service Area and from Non-Participating Providers outside the Service Area.

Injections, including allergy injections, are covered in full subject to a \$10 Copayment after Deductible when received in a nurse treatment room.

Family Planning Services are covered when provided by the Member’s PCP or women’s health care Participating Provider.

24. Organ Transplants

Transplant Services for bone marrow, cornea, heart, heart-lung, kidney, liver, lung, pancreas, pancreas after kidney, simultaneous kidney-pancreas, small bowel, small bowel/liver, and stem cell, including professional and Participating Facility fees for inpatient accommodation, diagnostic tests and exams, surgery and follow-up care, are covered subject to inpatient hospital Coinsurance after Deductible or office visit Copayments after Deductible and preauthorization requirements as described in the “Prior and Concurrent Authorization and Utilization Review” section of this *COC*.

See other benefits of this Plan for related Services, such as prescription drugs and outpatient laboratory and X-ray.

Organ transplants are covered when preauthorized as described in the “Prior and Concurrent Authorization and Utilization Review” section of this *COC*, and performed in a National Transplant Network facility.

A National Transplant Network facility is a transplant facility that meets all of the following requirements:

- It is licensed in the state where it operates.
- It is certified by Medicare as a transplant facility for the specific transplant.
- It is designated by Kaiser as a transplant facility for the specific transplant.
- It is able to meet reasonable access standards for organ transplants based on Regional Organ Procurement Agency statistics for the facility location (a Regional Organ Procurement Agency is the geographic area designated by a state-licensed organ procurement organization for transplants in the state of Washington).

Organ transplant recipient. If a Member is accepted into a Participating Facility’s transplant program and continues to follow that program’s prescribed protocol, all organ transplant Services for the Member receiving the organ are covered according to the transplant benefit protocol. This includes transportation to and from a Participating Facility (beyond that distance the Member would normally be required to travel for most hospital Services).

Organ transplant donor. Kaiser provides (or pays for) certain donation-related Services for a living transplant donor, or an individual identified by Medical Group as a potential donor, even if the donor is not a Member. These Services must be directly related to a covered transplant for a Member. Kaiser’s criteria for donor Services are available by calling Member Services.

Organ Transplants Limitations

- If either Medical Group or the referral facility determines that you do not satisfy its respective criteria for a transplant, we will only cover Services you receive before that determination is made.
- Kaiser, Participating Hospitals, Medical Group, Participating Providers, and Participating Physicians are not responsible for finding, furnishing, or ensuring the availability of an organ, tissue, or bone marrow donor.
- We may pay certain expenses that we preauthorize in accord with our travel and lodging guidelines. Your transplant coordinator can provide information about covered expenses.

Organ Transplants Exclusions

- Non-human organs and their implantation.

25. Out-of-Area Coverage for Dependents

This limited out-of-area benefit is available to Dependent children who are outside any Kaiser Foundation Health Plan service area.

We cover certain Medically Necessary Services that a Dependent child receives from Non-Participating Providers outside any Kaiser Foundation Health Plan service area but inside the United States (which for the purpose of this benefit means the 50 states, the District of Columbia, and United States territories). These out-of-area benefits are limited to the following Services as otherwise covered under this *COC*. Any other Services not specifically listed as covered are excluded under this out-of-area benefit.

- Office visits are limited to preventive care, primary care, specialty care, outpatient physical therapy visits, outpatient mental health and chemical dependency Services, and allergy injections – limited to ten visits combined per Year.

- Laboratory and diagnostic X-rays – limited to ten visits per Year. This benefit does not include special diagnostic procedures such as CT, MRI, or PET scans.
- Prescription drug fills – limited to ten fills per Year.

You pay the Deductible, Copayment, or Coinsurance as shown in the “Benefit Summary” under the “Out-of-Area Coverage for Dependents” section.

This out-of-area benefit cannot be combined with any other benefit, so we will not pay under this “Out-of-Area Coverage for Dependents” section for a Service we are covering under another section, such as:

- Services covered under the “Emergency, Post-Stabilization, and Urgent Care” section; or under “Primary Care Participating Providers” in the “How to Obtain Services” section.
- “Organ transplants” under “Benefit Details.”
- “Receiving Care in Another Kaiser Foundation Health Plan Service Area.”

26. Outpatient Surgery Visit

Services at an ambulatory surgical center (discharged within 24 hours of admission) are covered subject to 15% Coinsurance after Deductible per surgery or procedure. Services must be provided at a Participating Facility and are subject to Utilization Review by Kaiser using criteria developed by Medical Group and approved by Kaiser.

General anesthesia Services and related facility charges in conjunction with any non-covered dental procedure performed in an ambulatory surgical center are covered subject to 15% Coinsurance after Deductible if such anesthesia Services and related facility charges are Medically Necessary because the Member:

- is a child under age seven, or is physically or developmentally disabled, with a dental condition that cannot be safely and effectively treated in a dental office; or
- has a medical condition that the Member’s PCP determines would place the Member at undue risk if the dental procedure were performed in a dental office.

For the purpose of this section, “general anesthesia Services” means Services to induce a state of unconsciousness accompanied by a loss of protective reflexes, including the ability to maintain an airway independently and respond purposefully to physical stimulation or verbal command. Nitrous oxide analgesia is not reimbursable as general anesthesia.

27. Prescription Drugs, Insulin, and Diabetic Supplies

Covered Drugs and Supplies

We cover outpatient prescription drugs and supplies as described in this section and only if all of the following conditions are met:

- The drug or supply is prescribed by a Participating Provider or any licensed dentist in accordance with our drug Formulary guidelines. Over-the-counter contraceptive drugs, device, and products, approved by the FDA, do not require a prescription in order to be covered.
- The law requires the drug or supply to bear the legend “Rx only,” or the drug or supply is a non-prescription item that our drug Formulary lists for your condition.
- You obtain the drug or supply at a Participating Pharmacy (including our Mail-Order Pharmacy) or in a prepackaged take-home supply from a Participating Facility or Participating Medical Office. You may obtain a first fill of the drug or supply at any Participating Pharmacy. All refills must be obtained through a pharmacy owned and operated by Kaiser Permanente (including our Mail-Order Pharmacy), or at

another Participating Pharmacy that we designate for covered refills. See your *Medical Facility Directory*, visit kp.org, or contact Member Services.

Items covered under this “Prescription drugs, insulin, and diabetic supplies” benefit include:

- Certain preventive medications (including, but not limited to, aspirin, fluoride, liquid iron for children ages 6 to 12 months at risk for anemia, and tobacco cessation drugs) according to, and as recommended by, the USPSTF, when obtained with a prescription order.
- Certain self-administered IV drugs, fluids, additives, and nutrients that require specific types of parenteral-infusion (such as IV or intraspinal-infusion) for up to a 30-day supply, including the supplies and equipment required for their administration.
- Drugs, injectables, and radioactive materials used for therapeutic or diagnostic purposes, if they are administered to you in a Participating Medical Office or during home visits. We cover these items upon payment of the Administered Medications Copayment or Coinsurance shown in the “Benefit Summary.”
- Drugs prescribed for an indication if the FDA has not approved the drug for that indication (off-label drugs) are covered only if our Regional Formulary and Therapeutics Committee determines that the drug is recognized as effective for that use (i) in one of the standard reference compendia, or (ii) in the majority of relevant peer-reviewed medical literature, or (iii) by the Secretary of the U.S. Department of Health and Human Services.
- FDA approved prescription and over-the-counter contraceptive drugs and devices including injectable contraceptives and internally implanted time-release contraceptive drugs, emergency contraceptives, spermicide, and contraceptive devices such as condoms, intrauterine devices, diaphragms, and cervical caps.
- Glucagon emergency kits, insulin, ketone test strips for urine-testing, blood glucose test strips, and disposable needles and syringes when prescribed for the treatment of diabetes. We cover additional diabetic equipment and supplies, including lancets and injection aids, under the “Durable Medical Equipment (DME) and External Prosthetic Devices and Orthotic Devices” section.
- Self-administered chemotherapy medications used for the treatment of cancer.
- Post-surgical immunosuppressive drugs after covered transplant Services.
- Prescription medications purchased in a foreign country when associated with an Emergency Medical Condition.

Copayments and Coinsurance for Covered Drugs and Supplies

When you get a prescription from a Participating Pharmacy, Participating Facility, or Participating Medical Office, or order a prescription from our Mail-Order Pharmacy, you pay the Copayment or Coinsurance as shown in the “Benefit Summary.” This applies for each prescription consisting of up to the day supply shown in the “Benefit Summary.”

Outpatient prescription drugs and supplies are subject to the applicable Copayment or Coinsurance until the medical Out-of-Pocket Maximum is met.

If Charges for the drug or supply are less than your Copayment or Coinsurance, you will pay the lesser amount.

Day Supply Limit

The prescribing provider determines how much of a drug or supply to prescribe. For purposes of day supply coverage limits, the prescribing provider determines the amount of a drug or supply that constitutes a Medically Necessary 30-day (or any other number of days) supply for you. When you pay the Copayment or Coinsurance shown in the “Benefit Summary,” you will receive the prescribed supply up to the day supply

limit. If you wish to receive more than the covered day supply limit, then you must pay for any prescribed quantity that exceeds the day supply limit, unless due to medication synchronization, in which case we will adjust the applicable Copayment for the quantity that exceeds the day supply limit.

You may receive a 12-month supply of a contraceptive drug at one time, unless you request a smaller supply or the prescribing provider determines that you must receive a smaller supply. We may limit the covered refill amount in the last quarter of the Year if we have previously covered a 12-month supply of the contraceptive drug within the same Year.

Medication Synchronization

Medication synchronization is the coordination of medication refills, if you are taking two or more medications for a chronic condition, so that your medications are refilled on the same schedule. You may request medication synchronization for a new prescription from the prescribing provider or a Participating Pharmacy who will determine the appropriateness of medication synchronization for the drugs being dispensed and inform you of the decision.

If the prescription will be filled to more or less than the prescribed day supply limit for the purpose of medication synchronization, we will adjust the cost share accordingly.

How to Get Covered Drugs or Supplies

Participating pharmacies are located in many Participating Facilities. To find a Participating Pharmacy, please see your *Medical Facility Directory*, visit kp.org, or contact Member Services.

Participating Pharmacies include our Mail-Order Pharmacy. This pharmacy offers postage-paid delivery to addresses in Oregon and Washington. Some drugs and supplies are not available through our Mail-Order Pharmacy, for example drugs that require special handling or refrigeration, or are high cost. Drugs and supplies available through our Mail-Order Pharmacy are subject to change at any time without notice.

If you would like to use our Mail-Order Pharmacy, call 1-800-548-9809 or order online at kp.org/refill.

Definitions

- **Brand-Name Drug.** The first approved version of a drug. Marketed and sold under a proprietary, trademark-protected name by the pharmaceutical company that holds the original patent.
- **Generic Drug.** A drug that contains the same active ingredient as a Brand-Name Drug and is approved by the U.S. Food and Drug Administration (FDA) as being therapeutically equivalent and having the same active ingredient(s) as the Brand-Name Drug. Generally, Generic Drugs cost less than Brand-Name Drugs, and must be identical in strength, safety, purity, and effectiveness.
- **Non-Preferred Brand-Name Drug.** A Brand-Name drug or supply that is not approved by Kaiser's Regional Formulary and Therapeutics Committee and requires prior authorization for coverage.
- **Preferred Brand-Name Drug.** A Brand-Name drug or supply that Kaiser's Regional Formulary and Therapeutics Committee has approved. Marketed and sold under a proprietary, trademark-protected name by the pharmaceutical company that holds the original patent.
- **Specialty Drug.** A drug or supply, including many self-injectables as well as other medications, often used to treat complex chronic health conditions, is generally high cost, and is approved by the U.S. Food and Drug Administration. Specialty drug treatments often require specialized delivery, handling, monitoring, and administration.

About Our Drug Formulary

Our drug Formulary is a list of drugs that our Regional Formulary and Therapeutics Committee has reviewed and approved for our Members and includes drugs covered under this section "Prescription drugs, insulin, and diabetic supplies." Drugs on the Formulary have been approved by the FDA.

Our Regional Formulary and Therapeutics Committee is made up of Participating Physicians, other Participating Providers, pharmacists, and administrative staff. The committee chooses drugs for the Formulary based on several factors, including safety and effectiveness as determined from a review of the scientific literature. They may not approve a drug if there is not enough scientific evidence that it is clinically effective. They may also exclude a drug if it does not have a clinical or cost advantage over comparable Formulary drugs.

The Regional Formulary and Therapeutics Committee meets to review new drugs and reconsider drugs currently on the market. After this review, they may add drugs to the Formulary or remove drugs from it. If a drug is removed from the Formulary, you will need to switch to another comparable drug that is on the drug Formulary, unless your old drug meets exception criteria. Refer to the “Drug Formulary exception process.”

When a drug is removed from the Formulary, we will notify Members who filled a prescription for the drug at a Participating Pharmacy within the prior three months. If a Formulary change affects a prescription drug you are taking, we encourage you to discuss any questions or concerns with your Participating Provider or another member of your health care team.

Drugs on our Formulary may move to a different drug tier during the Year. For example, a drug could move from the Non-Preferred Brand-Name Drug list to the Preferred Brand-Name Drug list. If we move a drug you are taking to a different drug tier, this could change the Copayment or Coinsurance amount you pay for that drug.

To see if a drug or supply is on our drug Formulary, or to find out what drug tier the drug is in, go online to **kp.org/formulary**. You may also call our Formulary Application Services Team (FAST) at 503-261-7900 or toll free at 1-888-572-7231. If you would like a copy of our drug Formulary or additional information about the Formulary process, please call Member Services. The presence of a drug on our drug Formulary does not necessarily mean that your Participating Provider will prescribe it for a particular medical condition.

Prior Authorization and Step Therapy Prescribing Criteria

Prior authorization is required when you are prescribed certain drugs or supplies before they can be covered. A Participating Provider may request prior authorization if they determine that the drug or supply is Medically Necessary. Prescribing Participating Providers must supply to Kaiser the medical information necessary for Kaiser to make the prior authorization determination. Coverage for a prescribed drug or supply that is approved for prior authorization begins on the date Kaiser approves the request.

A list of those drugs and supplies that require prior authorization is available online at **kp.org** or you may contact Member Services.

We apply step therapy prescribing criteria, developed by Medical Group and approved by Kaiser, to certain drugs and supplies. The step therapy prescribing criteria require that you try a therapeutically similar drug (step 1) for a specified length of time before we will cover another drug (step 2) prescribed for the same condition. A list of drugs and supplies subject to step therapy prescribing criteria, and the requirements for moving to the next step drug, is available online at **kp.org** or you may contact Member Services.

Prior Authorization Exception Process

We have a process for you or your prescribing Participating Provider to request a review of a prior authorization determination that a drug or supply is not covered. This exception process is not available for drugs and supplies that the law does not require to bear the legend “Rx only.”

Your prescribing Participating Provider may request an exception if they determine that the drug or supply is Medically Necessary. Prescribing Participating Providers must supply to the Participating Pharmacy the medical information necessary to review the request for exception. A coverage determination will be made within 72 hours of receipt for standard requests and within 24 hours of receipt for expedited requests.

If the exception request is approved through this exception process, then we will cover the drug or supply at the applicable Copayment or Coinsurance shown in the “Benefit Summary.”

If the exception request is not approved, we will send you a letter informing you of that decision. You may request a review by an independent review organization. The process is explained in our denial letter and under “External Review” in the “Grievances, Claims, Appeals, and External Review” section.

Emergency Fill

For purposes of this section, “emergency fill” means a limited dispensed amount of the prescribed drug that allows time for the processing of a prior authorization request. You may have the right to receive an emergency fill of a prescription drug that requires prior authorization under the following circumstances:

- the Participating Pharmacy is unable to reach Kaiser’s prior authorization department by phone, as it is outside the department’s business hours; or
- the Participating Pharmacy is unable to reach the prescribing Participating Provider for full consultation, and
- delay in treatment would result in imminent emergency care, hospital admission or might seriously jeopardize the life or health of the patient or others in contact with the patient.

An emergency fill must be received at a Participating Pharmacy and is subject to the applicable Copayment or Coinsurance shown in the “Benefit Summary.” An emergency fill is limited to no more than a seven-day supply or the minimum packaging size available.

Drug Formulary Exception Process

Our drug Formulary guidelines include an exception process that is available when a Participating Provider or any licensed dentist prescribes a drug or supply that our drug Formulary does not list for your condition, if the law requires the item to bear the legend “Rx only.” The exception process is not available for drugs and supplies that the law does not require to bear this legend, or for any drug or supply prescribed by someone other than a Participating Provider or any licensed dentist.

A Participating Provider or any licensed dentist may request an exception if they determine that the non-Formulary drug or supply is Medically Necessary. We will make a coverage determination within 72 hours of receipt for standard requests and within 24 hours of receipt for expedited requests. A request may be expedited if you are experiencing a health condition that may seriously jeopardize your life, health, or ability to regain maximum function, or when you are undergoing a current course of treatment using a nonformulary drug.

We will approve the exception if all of the following requirements are met:

- We determine that the drug or supply meets all other coverage requirements except for the fact that our drug Formulary does not list it for your condition.
- Medical Group or a designated physician makes the following determinations:
 - The drug or supply is Medically Necessary because you are allergic to, or intolerant of, or have experienced treatment failure with, any alternative drugs or supplies that our drug Formulary lists for your condition.
 - Your condition meets any additional requirements that the Regional Formulary and Therapeutics Committee has approved for the drug or supply. For this drug or supply, the pharmacy can provide a copy of the additional criteria upon request. In some cases, there may be a short delay in filling your prescription while your information is being reviewed.

If we approve an exception through this exception process, then we will cover the drug or supply at the applicable Copayment or Coinsurance shown in the “Prescription drugs, insulin, and diabetic supplies” section in the Benefit Summary.

If we do not approve the Formulary exception request, we will send you a letter informing you of that decision. You may request a review by an independent review organization. The process is explained in our denial letter and under “External Review” in the “Grievances, Claims, Appeals, and External Review” section.

Your Prescription Drug Rights

You have the right to safe and effective pharmacy Services. You also have the right to know what drugs are covered under this Plan and the limits that apply. If you have a question or a concern about your prescription drug benefits, please contact Member Services or visit us online at kp.org.

If you would like to know more about your rights, or if you have concerns about your Plan you may contact the Washington State Office of Insurance Commissioner at 1-800-562-6900 or www.insurance.wa.gov. If you have a concern about the pharmacists or pharmacies serving you, please contact the Washington State Department of Health at 360-236-4700, www.doh.wa.gov, or hsqa.csc@doh.wa.gov.

Medication Management Program

We have a Medication Management Program. The program’s primary focus is on reducing cardiovascular risk, especially by controlling lipid levels and high blood pressure. Participating Providers, including pharmacists, nurse care managers and other staff work with Members to educate, and monitor and adjust medication doses. There is no extra Copayment or Coinsurance for the Medication Management Program.

Outpatient Prescription Drug Limitations

- If your prescription allows refills, there are limits to how early you can receive a refill. We will refill your prescription when you have used at least 70 percent of the quantity, unless the law or your prescribing provider prohibits an early refill. Please ask your pharmacy if you have questions about when you can get a covered refill.
- The Participating Pharmacy may reduce the day supply dispensed at the Copayment or Coinsurance to a 30-day supply in any 30-day period if it determines that the drug or supply is in limited supply in the market or for certain other items. Your Participating Pharmacy can tell you if a drug or supply you use is one of these items.
- For certain drugs or supplies we may limit the amount of a drug or supply that is covered for a specified time frame. Quantity limits are in place to ensure safe and appropriate use of a drug or supply. Drugs and supplies subject to quantity limits are indicated on our drug Formulary, available at kp.org/formulary. You may also contact Member Services for more information.

Outpatient Prescription Drug Exclusions

- Any packaging, such as blister or bubble repackaging, other than the dispensing pharmacy’s standard packaging.
- Brand-Name Drugs for which a Generic Drug is available, unless approved. Refer to the “Prior Authorization and Step Therapy Prescribing Criteria” section.
- Drugs prescribed for an indication if the U.S. Food and Drug Administration (FDA) has determined that use of that drug for that indication is contraindicated.
- Drugs prescribed for an indication if the FDA has not approved the drug for that indication, except that this exclusion does not apply if Kaiser’s Regional Formulary and Therapeutics Committee determines that the drug is recognized as effective for that use (i) in one of the standard reference compendia, or (ii) in the

majority of relevant peer-reviewed medical literature, or (iii) by the Secretary of the U.S. Department of Health and Human Services.

- Drugs and supplies ordered from the Mail-Order Pharmacy to addresses outside of Oregon or Washington.
- Drugs and supplies that are available without a prescription, even if the nonprescription item is in a different form or different strength (or both), except that this exclusion does not apply to nonprescription drugs or supplies that our drug Formulary lists for your condition.
- Drugs, biological products, and devices that the FDA has not approved.
- Drugs used for the treatment of infertility.
- Drugs used for the treatment or prevention of sexual dysfunction disorders.
- Drugs used in weight management.
- Drugs used to enhance athletic performance.
- Extemporaneously compounded drugs, unless the formulation is approved by our Regional Formulary and Therapeutics Committee.
- Internally implanted time-release drugs, except that internally implanted time-release contraceptive drugs are covered.
- Non-Formulary drugs that have not been approved (refer to the “Drug Formulary Exception Process”).
- Injectable drugs that are self-administered (except insulin).
- Nutritional supplements.
- Outpatient drugs that require special handling, refrigeration, or high cost drugs are not provided through the Mail-Order Pharmacy.
- Replacement of drugs and supplies due to loss, damage, or carelessness.

28. Preventive Care Services

We cover a variety of preventive care Services, which are Services to keep you healthy or to prevent illness, and are not intended to diagnose or treat a current or ongoing illness, injury, sign, symptom, or condition. These preventive care Services are subject to all coverage requirements described in this “Benefit Details” section and all provisions in the “Benefit Exclusions and Limitations” section.

Preventive care Services include:

- Services recommended by, and rated A or B by, the U.S. Preventive Services Task Force (USPSTF). You can access the list of preventive care Services at <https://www.uspreventiveservicestaskforce.org/Page/Name/uspstf-a-and-b-recommendations>.
- Immunizations recommended by the Advisory Committee on Immunization Practices of the CDC.
- Preventive care and screenings for infants, children, and adolescents supported by the Health Resources and Services Administration (HRSA).
- Preventive care and screenings for women supported by HRSA. You can access the list of women’s preventive care Services at <https://www.hrsa.gov/womens-guidelines>.

We cover these preventive care Services without charge.

Services received for a current or ongoing illness, injury, sign, symptom, or condition during a preventive care examination or procedure may be subject to the applicable Deductible, Copayment, or Coinsurance.

Covered preventive care Services include, but are not limited to:

- Bone densitometry.
- Cervical cancer screening.
- Chlamydia test.
- Cholesterol test (all types).
- Colorectal cancer screening, including exam, bowel preparation medications, colonoscopy, sigmoidoscopy, and fecal occult blood test.
- Contraceptive drugs that you receive at a Participating Provider's office, if available.
- Contraceptive services and supplies, including, but not limited to, transabdominal and transcervical sterilization procedures, and insertion/removal of IUD, or implanted birth control drugs and devices.
- Depression screening for Members 12 years of age and older, including pregnant and postpartum women.
- Fasting glucose tests.
- Healthy diet counseling and counseling for obesity and weight management.
- Immunizations.
- Mammography.
- Routine preventive physical exam (adult, well-baby, and well-child).
- Screening Prostate-Specific Antigen (PSA) tests (not including monitoring or ultrasensitive tests) are covered once each year for men 50 years of age or older or for younger Members who are at high risk for prostate cancer or disease, and more frequently if your Participating Provider recommends them because you are at high risk for prostate cancer or disease.

When a Participating Provider determines that a recommended Service is medically appropriate for an individual and the individual satisfies the criteria for the Service or treatment, we will provide coverage for the recommended Service regardless of sex assigned at birth, gender identity, or gender of the individual otherwise recorded by us.

If you would like additional information about covered preventive care Services, call Member Services. Information is also available online at kp.org.

29. Radiation and Chemotherapy Services

Prescribed radiation and chemotherapy Services are covered in full after Deductible when provided by a Participating Provider.

30. Reconstructive Surgery Services

We cover inpatient and outpatient reconstructive surgery Services as indicated below, when prescribed by a Participating Physician. Services are subject to Utilization Review by Kaiser using criteria developed by Medical Group and approved by Kaiser.

- To correct significant disfigurement resulting from an injury or from Medically Necessary surgery.
- To correct a congenital defect, disease, or anomaly in order to produce significant improvement in physical function.
- To treat congenital hemangioma known as port wine stains on the face.

Following Medically Necessary removal of all or part of a breast, we also cover reconstruction of the breast, surgery and reconstruction of an unaffected breast to produce a symmetrical appearance, and treatment of physical complications, including lymphedemas.

Payment levels will be determined by the Service provided (e.g., external prostheses will be provided at no charge, reconstruction of the breast will be paid at the surgery payment level as described under “Hospital Services,” and post-mastectomy brassieres are covered at the Durable Medical Equipment level).

31. Rehabilitative Therapy Services

We cover inpatient and outpatient physical, massage, occupational and speech therapy Services, when prescribed by a Participating Provider, subject to the benefit descriptions and limitations contained in this “Rehabilitative Therapy Services” section. Rehabilitative therapy Services are subject to 15% Coinsurance after Deductible for inpatient Services and \$30 Copayment after Deductible per visit for outpatient Services. These Services are subject to Utilization Review by Kaiser using criteria developed by Medical Group and approved by Kaiser. However, you do not need prior authorization for an initial evaluation and management visit and up to six treatment visits with a Participating Provider for physical, massage, occupational, and speech therapy Services for a New Episode of Care.

Outpatient Rehabilitative Therapy Services

We cover outpatient rehabilitative therapy Services for the treatment of conditions which, in the judgment of a Participating Provider, will show sustainable, objective, measurable improvement as a result of the prescribed treatment. Prescribed outpatient therapy Services must receive prior authorization as described under “Prior and Concurrent Authorization and Utilization Review” in the “How to Obtain Services” section.

The “Benefit Summary” shows a visit maximum for each rehabilitative therapy Service. That visit maximum will be exhausted (used up) for the Year when the number of visits that we covered during the Year under this *COC* plus any visits we covered during the Year under any other certificate of coverage with the same group number printed on this *COC* add up to the visit maximum. After you reach the visit maximum, we will not cover any more visits for the remainder of the Year. This limitation does not apply to inpatient hospital Services, or to outpatient rehabilitative therapy Services to treat mental health conditions covered under this *COC*.

Outpatient Rehabilitative Therapy Services Limitations

- Physical therapy, massage therapy, and occupational therapy Services are covered as Medically Necessary to restore or improve functional abilities when physical and/or sensory perceptual impairment exists due to injury, illness, stroke, or surgery.
- We cover only the following massage therapy Services:
 - Gua sha—A method in traditional Chinese medicine in which the skin on the back, limbs, and other parts of the body are lubricated and then pressured and scraped with a rounded object.
 - Tui na—Pushing and gathering soft tissue.
 - Shiatsu—A Japanese method of massage that uses acupressure.
- Speech therapy Services are covered as Medically Necessary for speech impairments of specific organic origin such as cleft palate, or when speech, language, or the swallowing function is lost due to injury, illness, stroke, or surgery.
- Therapy Services do not include maintenance therapy for chronic conditions except for neurodevelopmental conditions.

Inpatient Rehabilitative Therapy Services

Inpatient rehabilitative therapy Services are covered in full, subject to the inpatient hospital Coinsurance after Deductible, for the treatment of conditions which, in the judgment of a Participating Provider will show sustainable, objective, measurable improvement as a result of the prescribed therapy and must receive prior

authorization as described under the “Prior and Concurrent Authorization and Utilization Review” in the “How to Obtain Services” section.

Rehabilitative Therapy Services Exclusions

- Services designed to maintain optimal health in the absence of symptoms.

32. Skilled Nursing Facility Services

We cover skilled inpatient Services in a licensed Participating Skilled Nursing Facility. The skilled inpatient Services must be those customarily provided by Participating Skilled Nursing Facilities. These Services are subject to Utilization Review by Kaiser using criteria developed by Medical Group and approved by Kaiser.

Medically Necessary care in a Participating Skilled Nursing Facility is covered in full up to 150 days per Year, subject to inpatient hospital Coinsurance after Deductible.

We cover the following:

- Blood, blood products, blood storage, and their administration, including the Services and supplies of a blood bank.
- Dialysis Services.
- Drugs prescribed by a Participating Physician as part of your plan of care in the Participating Skilled Nursing Facility in accord with our drug Formulary guidelines if they are administered to you in the Participating Skilled Nursing Facility by medical personnel.
- Medical and biological supplies.
- Medical social Services.
- Nursing Services.
- Rehabilitative therapy Services.
- Room and board.

33. Spinal and Extremity Manipulation Therapy Services

Covered Services include evaluation and management, diagnostic radiology, musculoskeletal treatments, hot and cold packs, treatment for the onset of an illness or injury, aggravation of an illness or injury, and treatment for the exacerbation of an illness or injury.

Self-referred Spinal and Extremity Manipulation Therapy Services

Self-referred visits for manipulative therapy of the spine and extremities are covered up to a total of twelve (12) visits per Member per Year subject to a \$30 Copayment after Deductible per visit. That visit maximum will be exhausted (used up) for a Year when the number of visits that we covered during the Year under this COC, plus any visits we covered during the Year under any other certificate of coverage with the same group number printed on this COC, add up to the visit maximum.

After you reach the visit maximum for self-referred Spinal and Extremity Manipulation therapy Services, you must get prior authorization from The CHP Group at least 72 hours in advance in order to receive coverage for additional visits during that Year. To request prior authorization, call The CHP Group at 1-800-449-9479, 8 a.m. to 5 p.m. Monday through Friday. Additional visits will be covered only if determined by The CHP Group to be Medically Necessary in accordance with Utilization Review standards adopted by The CHP Group and approved by Kaiser.

A professional services coordinator at The CHP Group will review your proposed course of treatment to verify that it is medically appropriate, and will either:

- Give prior authorization for treatment, and send a confirmation of prior authorization, or
- Contact your Participating Provider to discuss alternative forms of treatment. The CHP Group will send you and your Participating Provider a letter if The CHP Group does not agree with the proposed course of treatment.

Following a prior authorization by The CHP Group, your treatment may begin. If your course of treatment is longer than approved by The CHP Group, The CHP Group will consult with you and your Participating Provider about a possible extension of your course of treatment.

Except in the case of misrepresentation, prior authorization review decisions will not be retrospectively denied. Prior Authorization determinations shall expire no sooner than forty-five days from the date of approval. Kaiser may revoke or amend an authorization for Services you have not yet received if your membership terminates, your coverage changes, you lose eligibility, or we receive information that is materially different from that which was reasonably available at the time of the original determination.

If you disagree with the prior authorization review decision made by The CHP Group, you may appeal the decision, by following the course of appeals and grievances as outlined in the “Grievances, Claims, Appeals, and External Review” section.

Physician-referred Spinal and Extremity Manipulation Therapy Services

We cover physician-referred Spinal and Extremity Manipulation therapy Services when provided by a Participating Provider when you receive a referral from a Participating Physician, and only when the Services are provided as outpatient Services in the Participating Provider’s office. These Services are subject to Utilization Review by Kaiser using criteria developed by Medical Group and approved by Kaiser. However, you do not need prior authorization for an initial evaluation and management visit and up to six treatment visits with a Participating Provider for a New Episode of Care. A list of Participating Providers may be obtained from Member Services or by visiting <https://www.chpgroup.com>.

34. Telehealth

Telehealth allows a Member, or person acting on the Member’s behalf, to interact with a Participating Provider who is not physically at the same location.

Once the Deductible has been met, we cover telehealth Services at no charge when all of the following are true:

- The Service is otherwise covered under this COC.
- The Service is determined by a Participating Provider to be Medically Necessary.
- Medical Group determines the Service may be safely and effectively provided using telehealth, according to generally accepted health care practices and standards.

Telemedical Services

Telemedical Services are Services provided via synchronous two-way interactive video conferencing by a Participating Provider. Telephone calls and communication by facsimile machine, electronic mail, or other electronic messaging systems that do not include remote visual contact between the provider and Member, are not considered telemedical Services.

Telephone Services

We cover scheduled telephone visits with a Participating Provider.

35. Temporomandibular Joint Dysfunction (TMJ)

Medical Services for Medically Necessary treatment of temporomandibular joint dysfunction (TMJ) are covered subject to Utilization Review by Kaiser using criteria developed by Medical Group and approved by Kaiser. Non-surgical outpatient Services are subject to the \$30 specialty visit Copayment after Deductible for each visit. Surgical Services, such as orthognathic surgery, are subject to the hospital Services Coinsurance and outpatient surgery Coinsurance.

36. Tobacco Use Cessation

Kaiser supports various options for quitting all forms of tobacco use. Our “Freedom from Tobacco” classes include:

- Relaxation techniques.
- Understanding tobacco addiction.
- Practicing effective ways to remain tobacco free.

These health education classes are offered through Kaiser. Members do not pay a fee to participate. For more information or to register, see Kaiser’s Healthy Living catalog, call Member Services, or go to **kp.org**. To use the free phone-based program, “Talk with a Health Consultant,” call 503-286-6816 or 1-866-301-3866 (toll free) and select option 2.

37. Transgender Surgical Services

We cover surgery Services subject to Utilization Review by Kaiser using criteria developed by Medical Group and approved by Kaiser. You may request these criteria by calling Member Services. You pay any applicable Deductible, Copayment, or Coinsurance that you would pay if the Services were not related to transgender surgery.

Coverage includes Services directly related to the covered transgender surgery, such as pre-surgery consultations and post-surgery follow-up exams; outpatient surgery procedures; and inpatient hospital Services (including room and board). There are other related Services that are not covered under this section, but they may be covered under other sections in this *COC*. Examples of these Services are: psychological counseling is covered under the “Mental Health Services” section, outpatient prescription drugs under the “Prescription Drugs, Insulin and Diabetes Supplies” and outpatient laboratory and imaging Services are covered under the “Diagnostic Testing” section.

38. Vasectomy Services

Male sterilization procedures such as vasectomy, are covered at a \$0 cost share to the Member after meeting \$1,400 of the self-only or individual Family Member Deductible or \$2,800 of the Family Deductible (whichever applies).

39. Vision Services for Adults

Routine eye examinations, including refractions, when provided by an optometrist Participating Provider, are covered subject to a \$20 office visit Copayment after Deductible.

Prescription eyeglass lenses and a frame, or prescription contact lenses, including Medically Necessary contact lenses are covered 100%, subject to a \$150 benefit maximum every two-Year period when obtained at a Participating Facility optical center. Vision Services covered under this “Vision Services for adults” section are only for Members age 19 and older.

If a Participating Provider determines that one or both of your eyes has had a change in prescription of at least .50 diopters within 12 months after the date of your last exam where this benefit was used, we will

provide an allowance toward the price of a replacement eyeglass lens or contact lens for each qualifying eye at the following maximum values:

- \$60 for single vision eyeglass lenses
- \$60 for single vision cosmetic contact lenses
- \$90 for multifocal eyeglass lenses
- \$90 for multifocal cosmetic contact lenses

This replacement lens allowance is the same total amount whether you replace one lens or two. The replacement lenses must be the same type as the lenses you are replacing (eyeglass lenses or contact lenses).

Medically Necessary Contact Lenses

Contact lenses may be determined to be Medically Necessary and appropriate in the treatment of the following conditions:

- Keratoconus.
- Pathological myopia.
- Aphakia.
- Anisometropia.
- Aniseikonia.
- Aniridia.
- Corneal disorders.
- Post-traumatic disorders.
- Irregular astigmatism.

The evaluation, fitting, and follow-up is covered for Medically Necessary contact lenses. Medically Necessary contact lenses are subject to Utilization Review by Kaiser using criteria developed by Medical Group and approved by Kaiser.

Eyeglasses and Contact Lenses after Cataract Surgery

If you have cataract surgery and since that surgery we have never covered eyeglasses or contact lenses under any benefit for eyeglasses and contact lenses after cataract surgery (including any eyeglasses or contact lenses we covered under any other coverage), we cover your choice of one of the following without charge. We will cover both of the following if, in the judgment of a Participating Provider, you must wear eyeglass lenses and contact lenses at the same time to provide a significant improvement in vision not obtainable with regular eyeglass lenses or contact lenses alone:

- One conventional contact lens, or a 6-month supply of disposable contact lenses, determined by your Participating Provider for each eye on which you had cataract surgery, and fitting and follow-up care for the lens.
- One pair of regular eyeglass lenses determined by your Participating Provider and a frame from a specified selection of frames.

Vision Services for Adults Exclusions

- Low vision aids.
- Non-prescription products (other than eyeglass frames), such as eyeglass holders, eyeglass cases, repair kits, contact lens cases, contact lens cleaning and wetting solution, and lens protection plans.

- Non-prescription sunglasses.
- Optometric vision therapy and orthoptic (eye exercises).
- Plano contact lenses or glasses (non-prescription).
- Professional services for evaluation, fitting and follow-up care for contact lenses, except that this exclusion does not apply to contact lenses we cover under the “Medically Necessary Contact Lenses” or “Eyeglasses and Contact Lenses after Cataract Surgery” in this *COC*.
- Replacement of lost, broken, or damaged lenses or frames.

40. Vision Services for Children

We cover vision Services for children at Participating Facility optical centers, when prescribed by a Participating Provider or a Non-Participating Provider, until the end of the month in which the Member turns 19 years of age. The “Benefit Summary” describes your benefits and lists any Deductible, Copayment, or Coinsurance amounts, as well as any visit and/or additional limitations, under “Vision Services for children.” After you reach the visit and/or device limitation, we will not cover any more Services for the remainder of the Year, or other identified benefit period.

Examinations

We cover routine vision screenings and a comprehensive eye examination with refraction, including dilation when determined to be Medically Necessary.

Eyeglasses and Contact Lenses

We cover one pair of eyeglass lenses (single vision, bifocal, lenticular, or trifocal, including polycarbonate lenses and scratch-resistant coating) determined by your Participating Provider and a frame, or contact lenses in lieu of eyeglasses. Prescription eyeglass lenses and frames, or contact lenses, including expenses associated with their fitting, is provided once per Year when obtained at a Participating Facility optical center.

Eyeglasses and Contact Lenses after Cataract Surgery

If you have cataract surgery and since that surgery we have never covered eyeglasses or contact lenses under any benefit for eyeglasses and contact lenses after cataract surgery (including any eyeglasses or contact lenses we covered under any other coverage), we cover your choice of one of the following, without charge, if obtained from a Participating Facility optical center. We will cover both of the following if, in the judgment of a Participating Provider, you must wear eyeglass lenses and contact lenses at the same time to provide a significant improvement in vision not obtainable with regular eyeglass lenses or contact lenses alone:

- One conventional contact lens, or a 6-month supply of disposable contact lenses, determined by your Participating Provider for each eye on which you had cataract surgery, and fitting and follow-up care for the lens.
- One pair of regular eyeglass lenses determined by your Participating Provider and a frame from a specified selection of frames.

Medically Necessary Contact Lenses

Contact lenses may be determined to be Medically Necessary and appropriate in the treatment of the following conditions:

- Keratoconus.
- Pathological myopia.
- Aphakia.

- Anisometropia.
- Aniseikonia.
- Aniridia.
- Corneal disorders.
- Post-traumatic disorders.
- Irregular astigmatism.

The evaluation, fitting, and follow-up is covered for Medically Necessary contact lenses. Medically Necessary contact lenses are subject to Utilization Review using criteria developed by Medical Group and approved by Kaiser.

Low Vision Aids

We cover low vision evaluations and follow-up care visits, as well as low vision aids and devices (high-power spectacles, magnifiers, and telescopes). These Services are subject to Utilization Review using criteria developed by Medical Group and approved by Kaiser.

Vision Services for Children Exclusions

- Non-prescription products (other than eyeglass frames), such as eyeglass holders, eyeglass cases, repair kits, contact lens cases, contact lens cleaning and wetting solution, and lens protection plans; and lens add-on features such as lens coatings (other than scratch resistant coating or ultraviolet protection coating). Some non-prescription products and add-on features may be purchased at Participating Facility optical centers.
- No-line or progressive bifocal and trifocal lenses.
- Non-prescription sunglasses.
- Optometric vision therapy and orthoptic (eye exercises).
- Plano contact lenses or glasses (non-prescription).
- Replacement of lost, broken, or damaged lenses or frames.
- Two pairs of glasses in lieu of bifocals.

BENEFIT EXCLUSIONS AND LIMITATIONS

In addition to any exclusions listed in “Benefit Details,” this Plan does not cover the following:

- Services not provided by a Participating Provider or obtained in accordance with Kaiser’s standard referral and authorization requirements, except for Emergency Services and Urgent Care or as covered under coordination of benefits provisions.
- Services provided by Non-Participating Providers are not covered inside or outside of the Service Area except for: Emergency Services and Urgent Care; as specifically provided in the Out-of-Area coverage section; or when otherwise specifically provided.
- Experimental or investigational Services, supplies, and drugs. This exclusion does not apply to Services that are covered under “Services Provided in Connection with Clinical Trials” in the “Benefit Details” section of this *COC*.
- That additional portion of a physical exam beyond a routine physical that is specifically: (a) required for obtaining or maintaining employment or participation in employee programs, (b) required for insurance or governmental licensing, (c) court ordered or required for parole or probation, or (d) received while incarcerated.

- Services for which no charge is made, or for which a charge would not have been made if the Member had no health care coverage or for which the Member is not liable; Services provided by a family member.
- Drugs and medicines not prescribed by a PCP, Participating Provider, or any licensed dentist, except for Emergency Services and Urgent Care.
- Cosmetic services, which means those services that are intended primarily to change or maintain your appearance and will not result in significant improvement in physical function. This exclusion does not apply to Services that are covered under “Reconstructive surgery Services” and “Transgender surgical Services” in the “Benefit Details” section.
- Custodial care assistance with activities of daily living (for example, walking, getting in and out of a bed or chair, bathing, dressing, eating, using the toilet, and taking medicine), or personal care that can be performed safely and effectively by persons who, in order to provide the care, do not require licensure, certification, or the presence of a supervising licensed nurse.
- Conditions caused by or arising from acts of war.
- Dental Services. This exclusion does not apply to Services that are covered under “Accidental injury to teeth,” “Hospital Services” or “Outpatient surgery visits.”
- Surrogacy. Services for anyone in connection with a Surrogacy Arrangement, except for otherwise-covered Services provided to a Member who is a surrogate. A “Surrogacy Arrangement” is one in which a woman (the surrogate) agrees to become pregnant and to surrender the baby (or babies) to another person or persons who intend to raise the child (or children), whether or not the woman receives payment for being a surrogate. See “Surrogacy Arrangements” in the “Reductions” section for information about your obligations to us in connection with a Surrogacy Arrangement, including your obligations to reimburse us for any Services we cover and to provide information about anyone who may be financially responsible for Services the baby (or babies) receive.
- Reversal of voluntary sterilization.
- Testing and treatment of infertility and sterility, including but not limited to artificial insemination, and in-vitro fertilization.
- Services provided solely for the comfort of the Member, except palliative care provided under the “Hospice Services” benefit.
- Weight Control and Obesity Treatment.
 - **Non-surgical:** Any weight loss or weight control programs, treatments, services, or supplies, even when prescribed by a physician, including, but not limited to, prescription and over-the-counter drugs, exercise programs (formal or informal) and exercise equipment. Travel expenses associated with non-surgical or surgical weight control or obesity services are not covered.
 - **Surgical:** Surgery for dietary or weight control, and any direct or non-direct complications arising from such non-covered surgeries, whether prescribed or recommended by a physician, including surgeries such as:
 - o Gastric banding (including adjustable gastric/lap banding and vertical banded gastroplasty).
 - o Mini-gastric banding (gastric bypass using a Billroth II type of anastomosis).
 - o Distal gastric bypass (long limb gastric bypass).
 - o Biliopancreatic bypass and biliopancreatic with duodenal switch.
 - o Jejunioileal bypass.
 - o Gastric stapling or liposuction.

- o Removal of excess skin.
- The surgical exclusion for weight control and obesity treatment will not apply to pre-authorized, Medically Necessary bariatric surgery for adult morbid obesity as specifically set forth in this *COC* and the Kaiser Permanente Severe Obesity Evaluation and Management Program criteria. More than one bariatric surgery for you or your enrolled Dependents will not be covered under the PEBB Program.
- Evaluation and treatment of learning disabilities, including dyslexia, except as provided for neurodevelopmental therapies.
- Eye Surgery: Radial keratotomy, photorefractive keratectomy, and refractive surgery, including evaluations for the procedures.
- Orthotics, except foot care appliances for prevention of complications associated with diabetes which are covered.
- Services for which a Member has contractual right to recover cost under homeowner's or other no-fault coverage, to the extent that it can be determined that the Member received double recovery for such services.
- Any medical Services not specifically listed as covered and Services that are not Medically Necessary.
- Services Related to a Non-Covered Service. When a Service is not covered, all Services related to the non-covered Service are also excluded. However, this exclusion does not apply to Services we would otherwise cover if they are to treat complications which arise from the non-covered Service and to Medically Necessary Services for a Member enrolled in and participating in a qualifying clinical trial if we would typically cover those Services absent a clinical trial.
- When Medicare coverage is primary, charges for services provided to Members through a "private contract" agreement with a physician or practitioner who does not provide services through the Medicare program.
- All travel-related Services, including travel-only immunizations (such as yellow fever, typhoid, and Japanese encephalitis).
- Travel and Lodging: Transportation or living expenses for any person, including the patient, are limited to travel and lodging expenses needed for the Member to receive covered Services at Non-Participating Facilities, subject to Utilization Review by Kaiser using criteria developed by Medical Group and approved by Kaiser.
- Services that are not health care services, supplies, or items. This exclusion does not apply to Medically Necessary applied behavioral analysis (ABA) Services. These include, but are not limited to:
 - Teaching manners and etiquette.
 - Teaching and support services to develop planning skills such as daily activity planning and project or task planning.
 - Items and services that increase academic knowledge or skills.
 - Teaching and support services to increase intelligence.
 - Academic coaching or tutoring for skills such as grammar, math, and time management.
 - Teaching you how to read, whether or not you have dyslexia.
 - Educational testing.
 - Teaching art, dance, horse riding, music, play or swimming.
 - Teaching skills for employment or vocational purposes.

- Vocational training or teaching vocational skills.
 - Professional growth courses.
 - Training for a specific job or employment counseling.
 - Recreation therapy.
 - Aquatic therapy and other water therapy.
- Designated Blood Donations: Collection, processing, and storage of blood donated by donors whom you designate, and procurement and storage of cord blood is covered only when Medically Necessary for the imminent use at the time of collection for a designated recipient.
 - Detained or Confined Members. Services provided or arranged by criminal justice officials or institutions for detained or confined Members are limited to Services which meet the requirements of Emergency Services under this *COC*.
 - Employer Responsibility: We do not reimburse the employer for any Services that the law requires an employer to provide. When we cover any of these Services we may recover the charges for the Services from the employer.
 - Government Agency Responsibility: We do not reimburse the government agency for any Services that the law requires be provided only by or received only from a government agency. When we cover any of these Services, we may recover the charges for the Services from the government agency.
 - Nonreusable Medical Supplies: Nonreusable medical supplies, such as splints, slings, and wound dressing, including bandages and ace wrap bandages, are limited to those supplied and applied by a licensed health care provider, while providing a covered Service. Nonreusable medical supplies that a Member purchases or obtains from another source are excluded.

REDUCTIONS

When the Member has Other Medical Coverage

This Coordination of Benefits (COB) provision applies when the Member has health care coverage under more than one Plan. To avoid delays in claim processing, you and your provider should file all claims with each Plan at the same time. If Medicare is your Primary Plan, Medicare may submit your claims to your Secondary Plan for you.

The order of benefit determination rules described under this “When the Member has other Medical Coverage” section determines the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its contract terms without regard to the possibility that another Plan may cover some expenses.

The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100 percent of the total Allowable Expense. If the Secondary Plan receives a claim without the Primary Plan’s payment details, the Secondary Plan will notify the submitting provider and/or you as soon as possible and within 30 days of receipt of the claim that the claim is incomplete. After receiving the missing information, the Secondary Plan will promptly process the claim. If the Primary Plan has not processed the claim within 60 days and is not waiting for additional information, the provider and/or you may submit the claim to the Secondary Plan with a notice that the Primary Plan has failed to pay the claim. The Secondary Plan must pay the claim as the Primary Plan within 30 calendar days. After payment information is received from the Primary Plan, the Secondary Plan may recover any excess amount paid under the “Right of Recovery” provision.

Notice to Covered Persons

If you are covered by more than one health benefit Plan, and you do not know which is your primary Plan, you or your provider should contact any one of the health Plans to verify which Plan is primary. The health Plan you contact is responsible for working with the other Plan to determine which is primary and will let you know within thirty calendar days.

CAUTION: All health Plans have timely claim filing requirements. If you or your provider fail to submit your claim to a secondary health Plan within that Plan's claim filing time limit, the Plan can deny the claim. If you experience delays in the processing of your claim by the primary health Plan, you or your provider will need to submit your claim to the secondary health Plan within its claim filing time limit to prevent a denial of the claim.

To avoid delays in claims processing, if you are covered by more than one plan you should promptly report to your providers and plans any changes in your coverage.

Definitions for this “When the Member has Other Medical Coverage” section:

Plan. A Plan is any of the following that provides benefits or Services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts. However, if COB rules do not apply to all contracts, or to all benefits in the same contract, the contract or benefit to which COB does not apply is treated as a separate Plan.

- Plan includes: Group blanket disability insurance contracts and group insurance contracts issued by health care service contractor or health maintenance organizations (HMO), Closed Panel Plans or other forms of group coverage; medical care components of long-term care contracts, such as skilled nursing care; and Medicare or any other federal governmental Plan, as permitted by law.
- Plan does not include: Hospital indemnity or fixed payment coverage or other fixed indemnity or fixed payment coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for non-medical components of long-term care policies; automobile insurance policies required by statute to provide medical benefits; Medicare supplement policies; Medicaid coverage; or coverage under other federal governmental Plans, unless permitted by law.

Each contract for coverage is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

This Plan. This Plan means the part of the contract providing the health care benefits to which the COB provision applies, and which may be reduced because of the benefits of other Plans. Any other part of the contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

Primary Plan/Secondary Plan. The order of benefit determination rules determines whether This Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan.

When This Plan is primary, Kaiser determines payment for the benefits first before those of any other Plan without considering any other Plan's benefits. Kaiser will not reduce the Member's benefits under This Plan. When This Plan is secondary, Kaiser determines the benefits after those of another Plan and must make payment in an amount so that when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim equal 100 percent of the total Allowable Expense for that claim. This means that when This Plan is secondary, Kaiser must pay the amount which, when combined with what the Primary Plan paid, cannot be less than the same Allowable Expense the Secondary Plan would have paid if it had been the Primary Plan. In addition, if This Plan is secondary, Kaiser must calculate the savings (the amount paid subtracted from the amount Kaiser would have paid had Kaiser been the Primary Plan) and

record these savings as a medical benefit reserve for the covered person. This reserve must be used to pay any medical expenses during that Year, whether or not they are an Allowable Expense under This Plan. If This Plan is Secondary, it will not be required to pay an amount in excess of its maximum benefit plus any accrued savings.

Allowable Expense. Allowable Expense is a health care expense, including Deductible, Coinsurance, and Copayments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of Services, the charges of each Service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable Expense.

The following are examples of expenses that are not Allowable Expenses:

- The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable Expense unless one of the Plans provides coverage for private hospital room expenses.
- If a person is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement method or other similar reimbursement method, any amount in excess of the highest reimbursement amount for a specific benefit.
- If a person is covered by two or more Plans that provide benefits or Services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees.

Closed Panel Plan. Closed Panel Plan is a Plan that provides health care benefits to covered persons in the form of Services through a panel of providers who are primarily contracted by the Plan, and that excludes coverage for Services provided by other providers, except in cases of emergency or referral by a panel provider.

Custodial Parent. Custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one-half of the Year excluding any temporary visitation.

Order of Benefit Determination Rules

When a Member is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

- The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other Plan.
- A Plan that does not contain a COB provision that is consistent with state regulations is always primary unless the provisions of both Plans state that the complying Plan is primary.
- Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage is excess to any other parts of the Plan provided by the contract holder. Examples include major medical coverages that are superimposed over hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed Panel Plan to provide out-of-network benefits.
- A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.

Each Plan determines its order of benefits using the first of the following rules that apply:

Subscriber or Dependent. The Plan that covers the person as a Subscriber is the Primary Plan and the Plan that covers the person as a Dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a Dependent, and primary to the Plan covering the person as a Subscriber (e.g., a retired employee), then the order of benefits between the two Plans is reversed so that the Plan covering the person as Subscriber is the Secondary Plan and the other Plan is the Primary Plan.

Dependent Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a Dependent child is covered by more than one Plan the order of benefits is determined as follows:

- For a Dependent child whose parents are married or are living together, whether or not they have ever been married:
 - The Plan of the parent whose birthday falls earlier in the Year is the Primary Plan; or
 - If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary Plan.
- For a Dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
 - If a court decree states that one of the parents is responsible for the Dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to claim determination periods commencing after the Plan is given notice of the court decree;
 - If a court decree states one parent is to assume primary financial responsibility for the Dependent child but does not mention responsibility for health care expenses, the Plan of the parent assuming financial responsibility is primary;
 - If a court decree states that both parents are responsible for the Dependent child's health care expenses or health care coverage, the Plan of the parent whose birthday falls earlier in the Year is the Primary Plan or if both parents have the same birthday, the Plan that has covered the parent the longest is the Primary Plan;
 - If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the Dependent child, the Plan of the parent whose birthday falls earlier in the Year is the Primary Plan or if both parents have the same birthday, the Plan that has covered the parent the longest is the Primary Plan; or
 - If there is no court decree allocating responsibility for the Dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 1. The Plan covering the Custodial Parent.
 2. The Plan covering the spouse of the Custodial Parent.
 3. The Plan covering the non-Custodial Parent.
 4. The Plan covering the spouse of the non-Custodial Parent.
- For a Dependent child covered under more than one Plan of individuals who are not the parents of the child, the above provisions determine the order of benefits as if those individuals were the parents of the child.

Active Employee or Retired or Laid-off Employee. The Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the Primary Plan. The Plan covering that same person as a retired or laid-off employee is the Secondary Plan. The same would hold true if a person is a Dependent of an active employee and that same person is a Dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the “Order of Benefit Determination Rules” section can determine the order of benefits.

COBRA or State Continuation Coverage. If a person whose coverage is provided under COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the Primary Plan and the COBRA or state or other federal

continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the “Order of Benefit Determination Rules” section can determine the order of benefits.

Longer or Shorter Length of Coverage. The Plan that covered the person as an employee, member, policyholder, subscriber, or retiree longer is the Primary Plan and the Plan that covered the person the shorter period of time is the Secondary Plan.

If the preceding rules do not determine the order of benefits, the Allowable Expenses must be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than we would have paid had we been the Primary Plan.

Effect on the Benefits of This Plan. When This Plan is secondary, we may reduce the benefits so that the total benefits paid or provided by all Plans during a claim determination period are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan must make payment in an amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim equal 100 percent of the total Allowable Expense for that claim. Total Allowable Expense cannot be less than the same Allowable Expense the Secondary Plan would have paid if it had been the Primary Plan. In addition, the Secondary Plan must credit to its Plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

Right to Receive and Release Needed Information. Certain facts about health care coverage and Services are needed to apply these COB rules and to determine benefits payable under This Plan and other Plans. Kaiser may get the facts needed from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and other Plans covering the person claiming benefits. Kaiser is not required to tell, or obtain the consent of, any person to do this. Each person claiming benefits under This Plan must give us any facts we need to apply those rules and determine benefits payable.

Facility of Payment. If payments that should have been made under This Plan are made by another Plan, Kaiser has the right, at our discretion, to remit to the other Plan the amount we determine appropriate to satisfy the intent of this provision. The amounts paid to the other Plan are considered benefits paid under This Plan. To the extent of these payments, Kaiser is fully discharged from liability under This Plan.

Right of Recovery. Kaiser has the right to recover excess payment whenever we pay Allowable Expenses in excess of the maximum amount of payment necessary to satisfy the intent of this provision. We may recover excess payment from any person to whom or for whom payment was made or any other issuers or Plans.

Questions about coordination of benefits?

Contact your state insurance department.

Hospitalization on Your Effective Date

If you are an inpatient in a hospital on your membership effective date but had other Group coverage on the day before your membership effective date, coverage will commence on your effective date; however, you may be transferred to a Participating Hospital when a Participating Physician, in consultation with the attending physician, determines that you are medically stable. If you refuse to transfer to a Participating Hospital, all further costs incurred during the hospitalization are your responsibility.

When a Third Party is Responsible for Injury or Illness (Subrogation)

Injuries or Illnesses Alleged to be Caused by Third Parties or Covered by No-fault Insurance

This “Injuries or Illnesses Alleged to be Caused by Third Parties or Covered by No-fault Insurance” section applies if you receive covered Services for an injury or illness alleged to be any of the following:

- Caused by a third party's act or omission.
- Received on the premises of a third party.
- Covered by a no-fault insurance provision.

If you obtain a settlement or judgment from or on behalf of a third party, or a payment under a no-fault insurance provision, you must ensure we are reimbursed for covered Services that you receive for the injury or illness, except that we will not collect to the extent that the payment would leave you less than fully compensated for your injury or illness. This "Injuries or Illnesses Alleged to be Caused by Third Parties or Covered by No-fault Insurance" section does not affect your obligation to make any applicable Copayment and Coinsurance payments for these covered Services.

If you do not recover anything from or on behalf of the third party or no-fault insurance, then you are responsible only for any applicable Copayment and Coinsurance payments.

To the extent permitted by law, we have the option of becoming subrogated to all claims, causes of action, and other rights you may have against a third party or an insurer, government program, or other source of coverage for monetary damages, compensation, or indemnification on account of the injury or illness allegedly caused by any third party. We will be so subrogated as of the time we mail or deliver a written notice of our exercise of this option to you or your attorney, but we will be subrogated only to the extent of the total charges for the relevant covered Services.

To secure our rights, we will have a lien on the proceeds of any judgment or settlement you or we (when we subrogate) obtain against a third party or any other insurer, regardless of how those proceeds may be characterized or designated. The proceeds of any judgment or settlement that you or we obtain shall only be applied to satisfy our lien after you are reimbursed the total amount of the actual losses and damages you incurred.

Within 30 days after submitting or filing a claim or legal action against a third party or insurer, you must send written notice of the claim or legal action to us at:

Patient Financial Services – TPL
Kaiser Foundation Health Plan of the Northwest
7201 N Interstate Avenue
Portland, OR 97217

In order for us to determine the existence of any rights we may have and to satisfy those rights, you must complete and send to us all consents, releases, trust agreements, authorizations, assignments and other documents, including lien forms directing your attorney, the third party, and the third party's liability insurer to pay us directly. You must not take any action prejudicial to our rights.

You must provide us written notice before you settle a claim or obtain a judgment, or if it appears you will make a recovery of any kind. If you recover any amounts from any third party or any insurer based on your injury or illness, you must pay us after you are reimbursed the total amount of the actual losses and damages you incurred, or place the funds in a specifically identifiable account and retain control over the recovered amounts to which we may assert a right.

If your estate, parent, guardian, or conservator asserts a claim against a third party or any insurer based on your injury or illness, any settlement or judgment recovered shall be subject to our liens and other rights to the same extent as if you had asserted the claim against the third party. We may assign our rights to enforce our liens and other rights.

Surrogacy Arrangements

If you enter into a Surrogacy Arrangement, you must ensure we are reimbursed for covered Services you receive related to conception, pregnancy, delivery, or postpartum care in connection with that arrangement

(“Surrogacy Health Services”), except that the amount we collect will not exceed the payments or other compensation you and any other payee are entitled to receive under the Surrogacy Arrangement. A “Surrogacy Arrangement” is one in which a woman agrees to become pregnant and to surrender the baby (or babies) to another person or persons who intend to raise the child (or children), whether or not the woman receives payment for being a surrogate. Note: This “Surrogacy Arrangements” section does not affect your obligation to pay your Deductible, Copayment, Coinsurance, or other amounts you are required to pay for these Services. After you surrender a baby to the legal parents, you are not obligated to pay Charges for any Services that the baby receives (the legal parents are financially responsible for any Services that the baby receives).

By accepting Surrogacy Health Services, you automatically assign to us your right to receive payments that are payable to you or any other payee under the Surrogacy Arrangement, regardless of whether those payments are characterized as being for medical expenses. To secure our rights, we will also have a lien on those payments and on any escrow account, trust, or any other account that holds those payments. Those payments (and amounts in any escrow account, trust, or other account that holds those payments) shall first be applied to satisfy our lien. The assignment and our lien will not exceed the total amount of your obligation to us under the preceding paragraph.

Within 30 days after entering into a Surrogacy Arrangement, you must send written notice of the arrangement, including all of the following information:

- Names, addresses, and telephone numbers of the other parties to the arrangement
- Names, addresses, and telephone numbers of any escrow agent or trustee
- Names, addresses, and telephone numbers of the intended parents and any other parties who are financially responsible for Services the baby (or babies) receive, including names, addresses, and telephone numbers for any health insurance that will cover Services that the baby (or babies) receive
- A signed copy of any contracts and other documents explaining the arrangement
- Any other information we request in order to satisfy our rights

You must send this information to:

Surrogacy Third Party Liability Supervisor
Equian
P.O. Box 36380
Louisville, Kentucky 40233-6380
Fax: 1-502-214-1137
Phone: 1-800-552-8314

You must complete and send us all consents, releases, authorizations, lien forms, and other documents that are reasonably necessary for us to determine the existence of any rights we may have under this “Surrogacy Arrangements” section and to satisfy those rights. You may not agree to waive, release, or reduce our rights under this “Surrogacy Arrangements” section without our prior, written consent.

If your estate, parent, guardian, or conservator asserts a claim against a third party based on the surrogacy arrangement, your estate, parent, guardian, or conservator and any settlement or judgment recovered by the estate, parent, guardian, or conservator shall be subject to our liens and other rights to the same extent as if you had asserted the claim against the third party. We may assign our rights to enforce our liens and other rights.

Workers' Compensation or Employer's Liability

If you suffer from an injury or illness that is compensable under a workers' compensation or employer's liability law, we will provide Services subject to your obligation to reimburse us to the extent of a payment or any other benefit, including any amount received as a settlement that you receive under the law.

In addition, we or our Participating Providers will be permitted to seek reimbursement for these Services directly from the responsible employer or the government agency that administers the law.

GRIEVANCES, CLAIMS, APPEALS, AND EXTERNAL REVIEW

Kaiser will review claims and appeals, and we may use medical experts to help us review them.

The following terms have the following meanings when used in this "Grievances, Claims, Appeals, and External Review" section:

A claim is a request for us to:

- Provide or pay for a Service that you have not received (pre-Service claim);
- Continue to provide or pay for a Service that you are currently receiving (concurrent care claim); or
- Pay for a Service that you have already received (post-Service claim).

An adverse benefit determination includes:

- Any decision by our Utilization Review organization that a request for a benefit under our Plan does not meet our requirements for medical necessity, appropriateness, health care setting, level of care, or effectiveness or is determined to be experimental or investigational and the requested benefit is therefore denied, reduced, or terminated or payment is not provided or made, in whole or in part for the benefit;
- The denial, reduction, termination, or failure to provide or make payment, in whole or in part, for a benefit based on a determination by us or our designated Utilization Review organization regarding a covered person's eligibility to participate in our health benefit Plan; or
- Any prospective review or retrospective review determination that denied, reduces, or terminates or fails to provide or make payment in whole or in part for a benefit.

An internal appeal is a request for us to review our initial adverse benefit determination.

If you miss a deadline for making a claim or appeal, we may decline to review it.

Except when simultaneous external review can occur (urgent pre-Service appeal and urgent concurrent appeal), you must exhaust the internal claims and appeals procedure (as described below in this "Grievances, Claims, Appeals, and External Review" section).

Language and Translation Assistance

If we send you an adverse benefit determination, we will include a notice of language assistance (oral translation). You may request language assistance with your claim and/or appeal by calling 1-800-813-2000. The notice of language assistance "Help in Your Language" is also included in this *COC*.

Appointing a Representative

If you would like someone to act on your behalf regarding your claim, you may appoint an authorized representative, an individual who by law or by your consent may act on your behalf. You must make this appointment in writing. Contact Member Services at 1-800-813-2000 for information about how to appoint a representative. You must pay the cost of anyone you hire to represent or help you.

Help with Your Claim and/or Appeal

While you are encouraged to use our appeal procedures, you have the right to seek assistance from the Office of the Insurance Commissioner. Contact them by mail, telephone, or online at:

Office of the Insurance Commissioner, Consumer Protection Division
P.O. Box 40256
Olympia, WA 98504
1-800-562-6900
<https://www.insurance.wa.gov>

Reviewing Information Regarding Your Claim

If you want to review the information that we have collected regarding your claim, you may request, and we will provide without charge, copies of all relevant documents, records, and other information (including complete medical necessity criteria, benefit provisions, guidelines, or protocols) used to make a denial determination. You also have the right to request any diagnosis and treatment codes and their meanings that are the subject of your claim. To make a request, you should contact Member Services at 1-800-813-2000.

Providing Additional Information Regarding Your Claim

When you appeal, you may send us additional information including comments, documents, and additional medical records that you believe support your claim. If we asked for additional information and you did not provide it before we made our initial decision about your claim, then you may still send us the additional information so that we may include it as part of our review of your appeal. Please send or fax all additional information to:

Kaiser Foundation Health Plan of the Northwest
Member Relations Department
500 NE Multnomah St., Suite 100
Portland, OR 97232-2099
Fax: 1-855-347-7239

When you appeal, you may give testimony in writing or by telephone. Please send your written testimony to:

Kaiser Foundation Health Plan of the Northwest
Member Relations Department
500 NE Multnomah St., Suite 100
Portland, OR 97232-2099
Fax: 1-855-347-7239

To arrange to give testimony by telephone, you should contact Member Relations at 503-813-4480.

We will add the information that you provide through testimony or other means to your claim file and we will review it without regard to whether this information was submitted and/or considered in our initial decision regarding your claim.

Sharing Additional Information That We Collect

If we believe that your appeal of our initial adverse benefit determination will be denied, then before we issue another adverse benefit determination, we will also share with you any new or additional reasons for that decision. We will send you a letter explaining the new or additional information and/or reasons and inform you how you can respond to the information in the letter if you choose to do so. If you do not respond before we must make our final decision, that decision will be based on the information already in your claim file.

Internal Claims and Appeals Procedures

There are several types of claims, and each has a different procedure described below for sending your claim and appeal to us as described in this “Internal Claims and Appeals Procedures” section:

- Pre-Service claims (urgent and non-urgent)
- Concurrent care claims (urgent and non-urgent)
- Post-Service claims

When you file an appeal, we will review your claim without regard to our previous adverse benefit determination. The individual who reviews your appeal will not have participated in our original decision regarding your claim nor will they be the subordinate of someone who did participate in our original decision.

Pre-Service Claims and Appeals

Pre-Service claims are requests that we provide or pay for a Service that you have not yet received. Failure to receive authorization before receiving a Service that must be authorized in order to be a covered benefit may be the basis for our denial of your pre-Service claim or a post-Service claim for payment. If you receive any of the Services you are requesting before we make our decision, your pre-Service claim or appeal will become a post-Service claim or appeal with respect to those Services. If you have any general questions about pre-Service claims or appeals, please call Member Services.

Here are the procedures for filing a pre-Service claim, a non-urgent pre-Service appeal, and an urgent pre-Service appeal.

Pre-Service Claim

- Tell us by mail, fax or orally that you want to make a claim for us to provide or pay for a Service you have not yet received. Your request and any related documents you give us constitute your claim. You must mail, fax, or call your claim to us at:

Kaiser Foundation Health Plan of the Northwest
Member Relations Department
500 NE Multnomah St., Suite 100
Portland, OR 97232-2099
Phone: 1-800-813-2000
Fax: 1-855-347-7239

- If you want us to consider your pre-service claim on an urgent basis, your request should tell us that. We will decide whether your claim is urgent or non-urgent. If we determine that your claim is not urgent, we will treat your claim as non-urgent. Generally, a claim is urgent only if using the procedure for non-urgent claims (a) could seriously jeopardize your life or health (or the life or health of a fetus) or ability to regain maximum function; (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without the Services you are requesting; or (c) your attending provider requests that your claim be treated as urgent.
- We will review your claim and, if we have all the information we need, we will make a decision within a reasonable period of time but not later than five calendar days after we receive your claim.

If we tell you we need more information, we will ask you for the information before the initial decision period ends, and we will give you five calendar days to send the information.

We will make a decision and send notification within four calendar days after we receive the first piece of information (including documents) we requested or by the deadline for receiving the information, whichever is sooner.

We encourage you to send all the requested information at one time, so that we will be able to consider it all when we make our decision.

- We will send written notice of our decision to you, and if applicable, to your provider.

If your pre-service claim was considered on an urgent basis, we will notify you of our decision orally or in writing within a timeframe appropriate to your clinical condition but not later than two calendar days after we receive your claim. Within one calendar day after we receive your claim, we may ask you for more information. If we tell you we need more information, we will give you two calendar days to send the information. We will notify you of our decision within two calendar days of receiving the first piece of requested information or by the deadline for receiving the information, whichever is sooner. If we notify you of our decision orally, we will send you written confirmation within three days after that the oral notification.

- If we deny your claim (if we do not agree to provide or pay for all the Services you requested), our adverse benefit determination notice will tell you why we denied your claim and how you can appeal.

Non-Urgent Pre-Service Appeal

- Within 180 days after you receive our adverse benefit determination notice, you must tell us by mail, fax or orally that you want to appeal our denial of your pre-Service claim. Please include the following:
 - (1) Your name and health record number;
 - (2) Your medical condition or relevant symptoms;
 - (3) The specific Service that you are requesting;
 - (4) All of the reasons why you disagree with our adverse benefit determination; and
 - (5) All supporting documents.

Your request and the supporting documents constitute your appeal. You must mail, fax, or call us at:

Kaiser Foundation Health Plan of the Northwest
Member Relations Department
500 NE Multnomah St., Suite 100
Portland, OR 97232-2099
Phone: 503-813-4480
Fax: 1-855-347-7239

- We will acknowledge your appeal within seventy-two hours after we receive it.
- We will fully and fairly review all available information relevant to your appeal without deferring to prior decisions.
- We will review your appeal and send you a written decision within 14 days after we receive your appeal, unless you are notified that additional time is needed to complete the review. The extension will not delay the decision beyond 30 days without your consent.
- If we deny your appeal, our adverse benefit determination notice will tell you why we denied your appeal and will include information regarding any further process, including external review, which may be available to you.

Urgent Pre-Service Appeal

- Tell us that you want to urgently appeal our adverse benefit determination regarding your pre-Service claim. Please include the following:
 - (1) Your name and health record number;
 - (2) Your medical condition or relevant symptoms;

- (3) The specific Service that you are requesting;
- (4) All of the reasons why you disagree with our adverse benefit determination; and
- (5) All supporting documents.

Your request and the supporting documents constitute your appeal. You must mail, fax or call us at:

Kaiser Foundation Health Plan of the Northwest
Member Relations Department
500 NE Multnomah St., Suite 100
Portland, OR 97232-2099
Phone: 503-813-4480
Fax: 1-855-347-7239

- When you send your appeal, you may also request simultaneous external review of our initial adverse benefit determination. If you want simultaneous external review, your appeal must tell us this. You will be eligible for the simultaneous external review only if your pre-Service appeal qualifies as urgent. If you do not request simultaneous external review in your appeal, then you may be able to request external review after we make our decision regarding your appeal (see “External Review” in this “Grievances, Claims, Appeals, and External Review” section), if our internal appeal decision is not in your favor.
- We will decide whether your appeal is urgent or non-urgent. If we determine that your appeal is not urgent, we will treat your appeal as non-urgent. Generally, an appeal is urgent only if using the procedure for non-urgent appeals (a) could seriously jeopardize your life or health (or the life or health of a fetus) or ability to regain maximum function; or (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without the Services you are requesting; or (c) your attending provider requests that your claim be treated as urgent.
- We will fully and fairly review all available information relevant to your appeal without deferring to prior decisions.
- We will review your appeal and give you oral or written notice of our decision as soon as your clinical condition requires, but not later than 72 hours after we received your appeal. If we notify you of our decision orally, we will send you a written confirmation within three days after that the oral notification.
- If we deny your appeal, our adverse benefit determination notice will tell you why we denied your appeal and will include information regarding any further process, including external review, which may be available to you.

Concurrent Care Claims and Appeals

Concurrent care claims are requests that Kaiser continues to provide, or pay for, an ongoing course of covered treatment to be provided over a period of time or number of treatments, when the course of treatment already being received is scheduled to end. If you have any general questions about concurrent care claims or appeals, please call Member Services at 1-800-813-2000.

Unless you are appealing an urgent care claim, if we either (a) deny your request to extend your current authorized ongoing care (your concurrent care claim) or (b) inform you that authorized care that you are currently receiving is going to end early and you appeal our adverse benefit determination at least 24 hours before your ongoing course of covered treatment will end, then during the time that we are considering your appeal, you may continue to receive the authorized Services. If you continue to receive these Services while we consider your appeal and your appeal does not result in our approval of your concurrent care claim, then you will have to pay for the Services that we decide are not covered.

Here are the procedures for filing a concurrent care claim, a non-urgent concurrent care appeal, and an urgent concurrent care appeal:

Concurrent Care Claim

- Tell us that you want to make a concurrent care claim for an ongoing course of covered treatment. Inform us in detail of the reasons that your authorized ongoing care should be continued or extended. Your request and any related documents you give us constitute your claim. You must either call, mail, or fax your claim to us at:

Kaiser Foundation Health Plan of the Northwest
Member Relations Department
500 NE Multnomah St., Suite 100
Portland, OR 97232-2099
Phone: 503-813-4480
Fax: 1-855-347-7239

- If you want us to consider your claim on an urgent basis and you contact us at least 24 hours before your authorized care ends, you may request that we review your concurrent claim on an urgent basis. We will decide whether your claim is urgent or non-urgent. If we determine that your claim is not urgent, we will treat your claim as non-urgent. Generally, a claim is urgent only if using the procedure for non-urgent claims (a) could seriously jeopardize your life or health (or the life or health of a fetus) or ability to regain maximum function; (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without the Services you are requesting; or (c) your attending provider requests that your claim be treated as urgent.
- We will review your claim, and if we have all the information we need, we will make a decision within a reasonable period of time.

If you submitted your claim 24 hours or more before your authorized care is ending, we will make our decision before your authorized care actually ends.

If your authorized care ended before you submitted your claim, we will make our decision no later than five calendar days after we receive your claim.

If we tell you we need more information, we will ask you for the information before the initial decision period ends, and we will give you until your care is ending or, if your care has ended, five calendar days to send us the information.

We will make our decision and send notification as soon as possible if your care has not ended. If your care has ended, we will make our decision within four calendar days after we first receive any information (including documents) we requested or by the deadline for receiving the information, whichever is sooner.

We encourage you to send all the requested information at one time, so that we will be able to consider it all when we make our decision.

- We will send written notice of our decision to you and, if applicable to your provider.
- If we consider your concurrent care claim on an urgent basis, we will notify you of our decision orally or in writing as soon as your clinical condition requires, but not later than 24 hours after we received your claim. If we notify you of our decision orally, we will send you written confirmation within three days after the oral notification.
- If we deny your claim (if we do not agree to provide or pay for extending the ongoing course of treatment), our adverse benefit determination notice will tell you why we denied your claim and how you can appeal.

Non-Urgent Concurrent Care Appeal

- Within 180 days after you receive our adverse benefit determination notice, you must tell us by mail, fax or orally that you want to appeal our adverse benefit determination. Please include the following:
 - (1) Your name and health record number;
 - (2) Your medical condition or relevant symptoms;
 - (3) The ongoing course of covered treatment that you want to continue or extend;
 - (4) All of the reasons why you disagree with our adverse benefit determination; and
 - (5) All supporting documents.

Your request and all supporting documents constitute your appeal. You must either call, mail, or fax the appeal to us at:

Kaiser Foundation Health Plan of the Northwest
Member Relations Department
500 NE Multnomah St., Suite 100
Portland, OR 97232-2099
Phone: -503-813-4480
Fax: 1-855-347-7239

- We will fully and fairly review all available information relevant to your appeal without deferring to prior decisions.
- We will review your appeal and send you a written decision as soon as possible if your care has not ended but not later than 14 days after we receive your appeal. We may extend the time for making a decision on your appeal for up to an additional 16 days if there is good cause.
- If we deny your appeal, our adverse benefit determination decision will tell you why we denied your appeal and will include information about any further process, including external review, which may be available to you.

Urgent Concurrent Care Appeal

- Tell us that you want to urgently appeal our adverse benefit determination regarding your urgent concurrent claim. Please include the following:
 - (1) Your name and health record number;
 - (2) Your medical condition or relevant symptoms;
 - (3) The ongoing course of covered treatment that you want to continue or extend;
 - (4) All of the reasons why you disagree with our adverse benefit determination; and
 - (5) All supporting documents.

Your request and the supporting documents constitute your appeal. You must mail, fax or call your appeal to us at:

Kaiser Foundation Health Plan of the Northwest
Member Relations Department
500 NE Multnomah St., Suite 100
Portland, OR 97232-2099
Phone: 503-813-4480
Fax: 1-855-347-7239

- When you send your appeal, you may also request simultaneous external review of our adverse benefit determination. If you want simultaneous external review, your appeal must tell us this. You will be eligible for the simultaneous external review only if your concurrent care claim qualifies as urgent. If you do not request simultaneous external review in your appeal, then you may be able to request external review after we make our decision regarding your appeal (see “External Review” in this “Grievances, Claims, Appeals, and External Review” section).
- We will decide whether your appeal is urgent or non-urgent. If we determine that your appeal is not urgent, we will treat your appeal as non-urgent. Generally, an appeal is urgent only if using the procedure for non-urgent appeals (a) could seriously jeopardize your life or health (or the life or health of a fetus) or ability to regain maximum function; (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without the Services you are requesting; or (c) your attending provider requests that your claim be treated as urgent.
- We will fully and fairly review all available information relevant to your appeal without deferring to prior decisions.
- We will review your appeal and notify you of our decision orally or in writing as soon as your clinical condition requires, but no later than 72 hours after we receive your appeal. If we notify you of our decision orally, we will send you a written confirmation within three days after that the oral notification.
- If we deny your appeal, our adverse benefit determination notice will tell you why we denied your appeal and will include information about any further process, including external review, which may be available to you.

Post-Service Claims and Appeals

Post-Service claims are requests that we pay for Services you already received, including claims for out-of-Plan Emergency Services. If you have any general questions about post-Service claims or appeals, please call Member Services at 1-800-813-2000.

Here are the procedures for filing a post-Service claim and a post-Service appeal:

Post-Service Claim

- Within 12 months from the date you received the Services, mail us a letter explaining the Services for which you are requesting payment. Provide us with the following:
 - (1) The date you received the Services;
 - (2) Where you received them;
 - (3) Who provided them;
 - (4) Why you think we should pay for the Services; and
 - (5) Copy of the bill and any supporting documents.

Your letter and the related documents constitute your claim. You may contact Member Services to obtain a claim form. You must mail your claim to the Claims Department at:

Kaiser Permanente
National Claims Administration - Northwest
P.O. Box 370050
Denver, CO 80237-9998

- We will not accept or pay for claims received from you after 12 months from the date of Services, except for the absence of legal capacity.

- We will review your claim, and if we have all the information we need, we will send you a written decision within 30 days after we receive your claim.

We may extend the time for making a decision for an additional 15 days if circumstances beyond our control delay our decision, if we notify you within 30 days after we receive your claim.

If we tell you we need more information, we will ask you for the information before the end of the initial 30-day decision period ends, and we will give you 45 days to send us the information.

We will make a decision within 15 days after we receive the first piece of information (including documents) we requested.

We encourage you to send all the requested information at one time, so that we will be able to consider it all when we make our decision.

If we do not receive any of the requested information (including documents) within 45 days after we send our request, we will make a decision based on the information we have within 15 days following the end of the 45-day period.

- If we deny your claim (if we do not pay for all the Services you requested), our adverse benefit determination notice will tell you why we denied your claim and how you can appeal.

Post-Service Appeal

- Within 180 days after you receive our adverse benefit determination, tell us by mail, fax or orally that you want to appeal our denial of your post-Service claim. Please include the following:
 - (1) Your name and health record number;
 - (2) Your medical condition or relevant symptoms;
 - (3) The specific Services that you want us to pay for;
 - (4) All of the reasons why you disagree with our adverse benefit determination; and
 - (5) All supporting documents.

Your request and the supporting documents constitute your appeal. You must mail, fax or call us at:

Kaiser Foundation Health Plan of the Northwest
 Member Relations Department
 500 NE Multnomah St., Suite 100
 Portland, OR 97232-2099
 Phone: 503-813-4480
 Fax: 1-855-347-7239

- We will acknowledge your appeal within seventy-two hours after we receive it.
- We will fully and fairly review all available information relevant to your appeal without deferring to prior decisions.
- We will review your appeal and send you a written decision within 14 days after we receive your appeal. We may extend the time for making a decision on your appeal for up to an additional 16 days if there is good cause.
- If we deny your appeal, our adverse benefit determination will tell you why we denied your appeal and will include information regarding any further process, including external review, that may be available to you.

External Review

If you are dissatisfied with our final adverse benefit determination, you may have a right to request an external review. An external review is a request for an independent review organization (IRO) to determine whether our internal appeal decision is correct. For example, you have the right to request external review of an adverse benefit determination that is based on medical necessity, appropriateness, health care setting, level of care, or that the requested Service is not efficacious or otherwise unjustified under evidence-based medical criteria.

Within 180 days after the date of our appeal denial letter, you must mail, fax, or call your request for external review to Member Relations at:

Kaiser Foundation Health Plan of the Northwest
Member Relations Department
500 NE Multnomah St., Suite 100
Portland, OR 97232-2099
Phone: 503-813-4480
Fax: 1-855-347-7239

Member Relations will forward your request to the IRO no later than the third business day after the date they receive your request for review. They will include written information received in support of the appeal along with medical records and other documents relevant in making the determination. Within one day of selecting the IRO, we will notify the appellant of the name of the IRO and its contact information.

You must exhaust our internal claims and appeals procedure for your claim before you may request external review unless one of the following is true:

- External review is permitted to occur simultaneously with your urgent pre-Service appeal or urgent concurrent care appeal;
- Your request qualifies for expedited external review;
- We have failed to comply with federal requirements regarding our claims and appeals procedures; or
- We have failed to comply with the Washington requirement to make a decision regarding the appeal within 30 days for non-urgent appeals and 72 hours for urgent appeals.

Your request for external review will be expedited if the ordinary time period for external review would seriously jeopardize your life or health, the life or health of a fetus, or your ability to regain maximum function.

If we do not have an appropriate authorization to disclose your protected health information, including medical records that are pertinent to the external review, we must obtain a signed waiver from you. Without this information, we are unable to proceed with the external review process.

You are not responsible for the costs of the external review, and you may name someone else to file the request for external review for you if you give permission in writing and include that with your request for external review. Kaiser will be bound by and act in accordance with the decision of the IRO notwithstanding the definition of Medically Necessary care. If we do not follow a decision of an IRO, you have the right to sue us.

Experimental or Investigational Determination and Appeal

Decisions on appeals about experimental or investigational services will be communicated in writing within 20 business days of receipt of a fully documented request, unless you consent in writing to an extension of time. Appeals that meet the criteria for an urgent appeal, as described in the “Urgent Pre-Service Appeal” section, will be expedited to meet the clinical urgency of the situation, not to exceed 72 hours.

If, on appeal, the decision to deny services is upheld, the final decision will specify (i) the title, specialty, and professional qualifications of the individual(s) who made the final decision and (ii) the basis for the final decision.

Grievance Procedure

We want you to be satisfied with the Services you receive from Kaiser Permanente. We encourage you to discuss any questions or concerns about your care with your Participating Provider or another member of your health care team. If you are not satisfied with your Participating Provider, you may request another. Contact Member Services for assistance. You always have the right to a second opinion from a qualified Participating Provider at the applicable Deductible, Copayment, or Coinsurance.

A grievance is a written complaint submitted by or on behalf of a covered person regarding Service delivery issues other than denial of payment for medical Services or nonprovision of Services, including dissatisfaction with medical care, waiting time for Services, provider or staff attitude or demeanor, or dissatisfaction with Service provided by the health carrier.

If you are not satisfied with the Services received at a particular medical office, or if you have a concern about the personnel or some other matter relating to Services and wish to file a grievance you may do so by following one of the procedures listed below.

- Contact the administrative office in the Participating Facility where you are having the problem.
- Call Member Services at 1-800-813-2000; or
- Send your written complaint to Member Relations at:

Kaiser Foundation Health Plan of the Northwest
Member Relations Department
500 NE Multnomah St., Suite 100
Portland, OR 97232-2099
Fax: 1-855-347-7239

All complaints are handled in a confidential manner.

After you notify us of a complaint, this is what happens:

- A representative reviews the complaint and conducts an investigation, verifying all the relevant facts.
- The representative or a Participating Provider evaluates the facts and makes a recommendation for corrective action, if any.
- When you file a complaint, we will respond within 30 calendar days, unless additional information is required.

Grievance determinations are not adverse benefit determinations. There is not an internal or external appeal process for grievance determinations.

We want you to be satisfied with our facilities, Services, and Participating Providers. Using this grievance procedure gives us the opportunity to correct any problems that keep us from meeting your expectations and your health care needs. If you are dissatisfied for any reason, please let us know.

While we encourage you to use our grievance procedure, you have the right to contact Washington's designated ombudsman's office, the Washington State Office of the Insurance Commissioner, for assistance with questions and complaints. Contact them by mail, telephone or online at:

TERMINATION OF MEMBERSHIP

Termination for Just Cause

The purpose of this provision is to allow for a fair and consistent method to process the plan-designated provider's request to terminate coverage from this plan for just cause.

An eligible Dependent may have coverage terminated by HCA for the following reasons:

- Failure to comply with the PEBB Program's procedural requirements, including failure to provide information or documentation requested by the due date in written requests from the PEBB program;
- Knowingly providing false information;
- Failure to pay the monthly premium and applicable premium surcharges when due;
- Misconduct. Examples of such termination include, but are not limited to the following:
 - Fraud, intentional misrepresentation or withholding of information the Subscriber knew or should have known was material or necessary to accurately determine eligibility or the correct premium; or
 - Abusive or threatening conduct repeatedly directed to an HCA employee, a health plan, or other HCA contracted vendor providing PEBB insurance coverage on behalf of the HCA, its employees, or other persons.

The PEBB Program will enroll an employee and their eligible Dependents in another PEBB medical plan upon termination from this plan.

CONTINUATION OF MEMBERSHIP

Payment of Premium During a Labor Dispute

Any employee or Dependent whose monthly premiums are paid in full or in part by the employing agency may pay premiums directly to the plan or the Health Care Authority (HCA) if the employee's compensation is suspended or terminated directly or indirectly as a result of a strike, lockout, or any other labor dispute for a period not to exceed six months.

While the employee's compensation is suspended or terminated, HCA shall notify the employee immediately by mail to the last address of record, that the employee may pay premiums as they become due.

If coverage is no longer available to the employee under this *Certificate of Coverage*, then the employee may purchase an individual medical plan from this plan at a premium rate consistent with premium rates filed with the Washington State Office of the Insurance Commissioner.

Conversion of Coverage

An enrollee (including a Spouse and Dependent of a Subscriber terminated for cause) have the right to switch from PEBB group medical to an individual conversion plan offered by this plan when they are no longer eligible to continue the PEBB group medical plan and are not eligible for Medicare or covered under another group insurance coverage that provides benefits for hospital or medical care. An enrollee must apply for conversion coverage no later than 31 days after their group medical plan ends or within 31 days from the date the notice of termination of coverage is received, whichever is later.

Evidence of insurability (proof of good health) is not required to obtain the conversion coverage. Rates, coverage, and eligibility requirements of our conversion program differ from those of the enrollee's current group medical plan. To receive detailed information on conversion options under this medical plan, you may contact Member Services.

Options for Continuing PEBB Medical Coverage

An employee and their Dependents covered by this medical plan have options for continuing insurance coverage during temporary or permanent loss of eligibility. There are two continuation coverage options for a PEBB medical plan enrollee:

- PEBB continuation coverage (COBRA)
- PEBB continuation coverage (Unpaid Leave)

These two options temporarily extend group insurance coverage when the enrollee's PEBB medical plan coverage ends due to a qualifying event. PEBB continuation coverage (COBRA) includes eligibility and administrative requirements under federal law and regulation and also includes coverage for some enrollees who are not qualified beneficiaries under federal COBRA continuation coverage. PEBB continuation coverage (Unpaid Leave) is an alternative created by the PEBB Program with wider eligibility criteria and qualifying event types. An enrollee who qualifies for both PEBB continuation coverage (COBRA and Unpaid Leave) may choose to enroll in only one of the options. The PEBB Program administers both continuation coverage options. Refer to the PEBB *Continuation Coverage Election Notice* booklet for details.

A Subscriber also has the right of conversion to individual medical insurance coverage when continuation of group medical insurance coverage is no longer possible. The Subscriber's Dependents also have options for continuing insurance coverage for themselves after losing eligibility.

Options for Coverage under PEBB Retiree Insurance

A retiring employee, eligible elected or full-time appointed official leaving public office, or a Dependent becoming eligible as a survivor is eligible to continue enrollment or defer enrollment in PEBB retiree insurance coverage, if they meet procedural and substantive eligibility requirements. See the PEBB Retiree Enrollment Guide for details.

Family and Medical Leave Act of 1993

An employee on approved leave under the federal Family and Medical Leave Act (FMLA) may continue to receive the employer contribution toward PEBB insurance coverage in accordance with the FMLA. The employing agency determines if the employee is eligible for leave and the duration of the leave under FMLA. The employee must continue to pay the employee monthly premium contribution and applicable premium surcharges during this period to maintain eligibility. If the employee's monthly premium or applicable premium surcharges remain unpaid for 60 days from the original due date, insurance coverage will be terminated retroactive to the last day of the month for which the monthly premium and applicable premium surcharges were paid.

If an employee exhausts the period of leave approved under FMLA, they may continue insurance coverage by self-paying the monthly premium and applicable premium surcharges set by the HCA, with no contribution from the employing agency while on approved leave. For additional information on continuation coverage, see the section titled "Options for Continuing PEBB Medical Coverage."

Paid Family Medical Leave Act

An employee on approved leave under the Washington state Paid Family and Medical Leave (PFML) program may continue to receive the employer contribution toward PEBB insurance coverage in accordance with the PFML. The Employment Security Department determines if the employee is eligible for leave under

PFML. The employee must continue to pay the employee monthly premium contribution and applicable premium surcharges during this period to maintain eligibility. If the employee's monthly premium or applicable premium surcharges remain unpaid for 60 days from the original due date, insurance coverage will be terminated retroactive to the last day of the month for which the monthly premium and applicable premium surcharges were paid.

If an employee exhausts the period of leave approved under PFML, they may continue insurance coverage by self-paying the monthly premium and applicable premium surcharges set by the HCA, with no contribution from the employing agency while on approved leave. For additional information on continuation coverage, see the section titled "Options for continuing PEBB medical coverage".

MISCELLANEOUS PROVISIONS

Exercise of Conscience

We recognize the right to exercise religious beliefs and conscience. If a Participating Provider or Participating Facility declines to provide a covered Service for reasons of conscience or religion, we will make arrangements to provide the covered Services.

Information about New Technology

When a new medical technology or procedure needs review, our Inter-regional New Technology Committee examines and evaluates data from government agencies, medical experts, medical journals, and medical specialty societies. Recommendations from this inter-regional committee then are passed onto the local committee. The committee reviews the national recommendations to see how they apply to local medical practices. Once this review takes place, the committee makes recommendations for the new technology or procedure to become a covered benefit. In addition, the committee communicates practice guidelines to network providers and related health care providers. If the committee's recommendation is accepted, the new technology is added to the covered benefits, either immediately or when this contract renews.

Privacy Practices

Kaiser Permanente will protect the privacy of your protected health information (PHI). We also require contracting providers to protect your PHI. Your PHI is individually identifiable information about your health, health care Services you receive, or payment for your health care. You may generally see and receive copies of your PHI, correct or update your PHI, and ask us for an accounting of certain disclosures of your PHI.

We may use or disclose your PHI for treatment, payment, health research, and health care operations purposes, such as measuring the quality of Services. We are sometimes required by law to give PHI to others, such as government agencies or in judicial actions. In addition, Member-identifiable health information is shared with your Group only with your authorization or as otherwise permitted by law. We will not use or disclose your PHI for any other purpose without your (or your representative's) written authorization, except as described in our *Notice of Privacy Practices*. Giving us this authorization is at your discretion.

This is only a brief summary of some of our key privacy practices. Our *Notice of Privacy Practices*, which provides additional information about our privacy practices and your rights regarding your PHI, is available and will be furnished to you upon request. To request a copy, please call Member Services. You can also find the notice at your local Participating Facility or on our website at **kp.org**.

Relationship to Law and Regulations

Any provision of this *Certificate of Coverage* that is in conflict with any governing law or regulation of the state of Washington is hereby amended to comply with the minimum requirements of such law or regulation.

COORDINATION OF BENEFITS CONSUMER EXPLANATORY BOOKLET

Important Notice

This is a summary of only a few of the provisions of your health plan to help you understand coordination of benefits, which can be very complicated. This is not a complete description of all of the coordination rules and procedures, and does not change or replace the language contained in your *Certificate of Coverage (COC)*, which determines your benefits.

It is common for family members to be covered by more than one health care plan. This happens, for example, when a husband and wife both work and choose to have family coverage through both employers.

When you are covered by more than one health plan, state law permits issuers to follow a procedure called “coordination of benefits” to determine how much each should pay when you have a claim. The goal is to make sure that the combined payments of all plans do not add up to more than your covered health care expenses.

Coordination of benefits (COB) is complicated and covers a wide variety of circumstances. This is only an outline of some of the most common ones. If your situation is not described, read your *Certificate of Coverage* or contact your state insurance department.

Primary or Secondary?

You will be asked to identify all the plans that cover members of your family. We need this information to determine whether we are the “primary” or “secondary” benefit payer. The primary plan always pays first when you have a claim. Any plan that does not contain your state’s COB rules will always be primary.

If you are covered by more than one health benefit plan, and you do not know which plan is your primary plan, you or your provider should contact any one of the health plans to verify which plan is primary. The health plan you contact is responsible for working with the other plan to determine which is primary and will let you know within 30 calendar days.

Caution: All health plans have timely claim filing requirements. If you or your provider fail to submit your claim to a secondary plan within that plan’s claim filing time limit, the plan can deny the claim. If you experience delays in the processing of your claim by the primary health plan, you or your provider will need to submit your claim to the secondary health plan within its claim filing time limit to prevent a denial of the claim. To avoid delays in claims processing, if you are covered by more than one plan, you should promptly report to your providers and plans any changes in your coverage.

When This Plan is Primary

If you or a family member is covered under another plan in addition to this one, we will be primary when:

- **Your Own Expenses.** The claim is for your own health care expenses, unless you are covered by Medicare and both you and your spouse are retired.
- **Your Spouse’s Expenses.** The claim is for your spouse, who is covered by Medicare, and you are not both retired.
- **Your Child’s Expenses.** The claim is for the health care expenses of your child who is covered by this plan; and
 - You are married, and your birthday is earlier in the year than your spouse’s or you are living with another individual, regardless of whether or not you have ever been married to that individual, and your birthday is earlier than that other individual’s birthday. This is known as the “birthday rule”; or
 - You are separated or divorced, and you have informed us of a court decree that makes you responsible for the child’s health care expenses; or

- There is no court decree, but you have custody of the child.

Other Situations

We will be primary when any other provisions of state or federal law require us to be.

How We Pay Claims When We Are Primary

When we are the primary plan, we will pay the benefits according to the terms of your *Certificate of Coverage*, just as if you had no other health care coverage under any other plan.

How We Pay Claims When We Are Secondary

When we are knowingly the secondary plan, we will make payment promptly after receiving payment information from your primary plan. Your primary plan, and we as your secondary plan, may ask you and/or your provider for information in order to make payment. To expedite payment, be sure that you and/or your provider supply the information in a timely manner.

If the primary plan fails to pay within sixty calendar days of receiving all necessary information from you and your provider, you and/or your provider may submit your claim for us to make payment as if we were your primary plan. In such situations, we are required to pay claims within thirty calendar days of receiving your claim and the notice that your primary plan has not paid. This provision does not apply if Medicare is the primary plan. We may recover from the primary plan any excess amount paid under the “right of recovery” provision in the plan.

If there is a difference between the amounts the plans allow, we will base our payment on the higher amount. However, if the primary plan has a contract with the provider, our combined payments will not be more than the amount called for in our contract or the amount called for in the contract of the primary plan, whichever is higher. Health maintenance organizations (HMOs) and health care service contractors usually have contracts with their providers as do some other plans.

We will determine our payment by subtracting the amount paid by the primary plan from the amount we would have paid if we had been primary. We must make payment in an amount so that, when combined with the amount paid by the primary plan, the total benefits paid or provided by all plans for the claim equal to one hundred percent of the total allowable expense (the amount cannot be less than the same allowable expense the secondary plan would have paid if it had been the primary plan) for your claim. We are not required to pay an amount in excess of our maximum benefit plus any accrued savings. If your provider negotiates reimbursement amounts with the plan(s) for the service provided, your provider may not bill you for any excess amounts once they have received payment for the highest of the negotiated amounts. When our deductible is fully credited, we will place any remaining amounts in a medical savings account to cover future medical claims which might not otherwise have been paid. For example, if the primary plan covers similar kinds of health care expenses, but allows expenses that we do not cover, we may pay for those expenses.

Questions about coordination of benefits?

Contact your state insurance department.

NONDISCRIMINATION STATEMENT AND NOTICE OF LANGUAGE ASSISTANCE

Nondiscrimination Notice

Kaiser Foundation Health Plan of the Northwest (Kaiser Health Plan) complies with applicable federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Kaiser Health Plan does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex. We also:

- Provide no cost aids and services to people with disabilities to communicate effectively with us, such as:
 - Qualified sign language interpreters
 - Written information in other formats, such as large print, audio, and accessible electronic formats
- Provide no cost language services to people whose primary language is not English, such as:
 - Qualified interpreters
 - Information written in other languages

If you need these services, call 1-800-813-2000 (TTY: 711)

If you believe that Kaiser Health Plan has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance by mail or phone at:

Member Relations Department
Attention: Kaiser Civil Rights Coordinator
500 NE Multnomah St. Ste 100
Portland, OR 97232-2099
Phone: 1-800-813-2000

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights electronically through the Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or by mail or phone at:
