Learning to Bridge

Dr. Pritpal S Tamber (@pstamber)

Dr. Pritpal S Tamber is an independent writer, researcher, and consultant. His work examines the realities of bridging the health sector and communities. It is fueled by the insight that health care in high-income countries is increasingly unsustainable because clinical science and practice fail to appreciate how people and communities define their health.

In his keynote, Pritpal will explore some recent examples of work between health care and community based human services, and illustrate the uncertainty that lies under the headlines. He'll also share insights from some of the projects he's recently seen to illustrate how frontline innovators are making progress, despite the uncertainties. He'll end with 12 practice-based principles that he's surfaced through his research, focusing on four in detail.

MORNING BREAKOUT SESSIONS

Creating strange bedfellows: the intersection between homelessness, unemployment & health

Summit Auditorium

Moderator: Melodie Pazolt, HCA

Presenters: Tedd Kelleher, Dept. of Commerce; Joe Marrone, UMASS Boston; Torri Canda, Amerigroup; Teesha Kirschbaum, HCA

Join us on a deeper look into the negative impacts of homelessness and unemployment on your community's health. Every community has a multitude of housing and employment resources. Explore how these resources can help your ACH achieve its goals.

Deeper dive with Pritpal

Cedar 2 Room

Presenter: Dr. Pritpal S Tamber (@pstamber)

This session allows participants to dive deeper, using the four principles highlighted in Pritpal's keynote, to talk through Medicaid Transformation work, opportunities, and challenges. Pritpal will facilitate this session with a reflection tool he developed to help leaders in the health industry. The session will provide a forum for talking about this stage in Medicaid Transformation, whether you are an ACH staff member, state agency staff member, provider, health system partner, Tribal partner, or other partner in this work.

NOTE: this session is also offered in the afternoon.

Advancing statewide use of the Collective platform

Lily Room

Moderator: Shaun Wilhelm, HCA

Presenters: Rachel Lieber & Jenna Moody, Collective Medical; Carline Tiller, North Central; Michael McKee, HealthierHere; Martin Sanchez, Carol Moser & Jenna Shelton, Greater Columbia; Jorge Rivera, Molina; Jenn Neumann, Navos; Jean Harper, Reflections Counseling Services Group

Session attendees will learn about the Collective platform and its modules, provider experiences in implementing Collective solutions, ACH activities to advance the use of Collective solutions, and ACH and MCO partnership and workflow to support implementation.

12:15-1:30 p.m. | Lunch

Tamarack Hall

Enjoy lunch and catch up with colleagues and partners!

AFTERNOON BREAKOUT SESSIONS

Possibilities for the future of health care purchasing in Indian Country

Summit Auditorium

Presenters: Jessie Dean, HCA and Vicki Lowe, American Indian Health Commission

With the passage of the Washington State Indian Health Improvement Act, CMS' approval of the Tribal federally qualified health centers alternative payment methodology, and the momentum of Medicaid Transformation, HCA and Indian Health Care Providers are partnering on implementation. This session will provide the background necessary to understand the model and discussion of the role non-Tribal partners can play.
