Recommendations: What has been successful in the past? Include strengths-based strategies that ensure safety, as well as tools and resources available to manage potential risks.			
Things to avoid: What has not been successful in the past?			
Crisis and safety plan developed with CFT			
Post crisis follow-up meeting held within 14 days of a crisis			

Examples could include: what stressors were reduced or eliminated that resulted in de-escalation, identified services and supports necessary to continue stabilization or prevent future crises.
