

Behavioral Health Integration (BHI) Subgroup

April 2, 2024

Glossary of Terms

CHWs – Community Health Workers

Meeting Topics

- Cycle refresh – Get to know your leads and fellow participants
- Small group breakouts
- Large group discussion

Discussion Summary

Cycle refresh – Get to know your leads and fellow participants

- Attendees shared time to learn more about one another and the involvement of their work.

Large group discussion

- During the large group report out attendees were asked to share small group breakout 24/25 topics of discussion for consideration.
 - Topics shared included:
 - Health integration resources – look at the complexity of the context of resources/videos for health integration and integrated managed care in Washington State.
 - Information or tutorial from the Association of Washington Health plans on insurance to really explain how it works and the impact on different populations.
 - Increase BHI subgroup participation across the state to make sure we have a diverse representation, including both urban and rural representation to identify the service delivery differences.
 - Include school-based clinics, telehealth providers, youth and young adults, families, and caregivers with lived experience.
 - Community Health Workers (CHWs) – look at how we can work to standardize the role and create a certification process giving CHWs a credential and utilize the CHW role with intention within the collaboration model.
 - Look at payment outside of the collaborative care model.
 - Licensed Mental Health Professional and how to provide adequate and appropriate supervision both for scope and support to maintain sustainably.
