

March 21, 2014 Meeting: Children’s Behavioral Health Data and Quality Work Group

Attendees: Tina Burrell, Donna Obermeyer, Eric Chambers, Jake Towle, Bridget Lavelle, Barb Lucenko, Doug Crandall, Doug Allison, Eric Bruns, Kathy Smith-DiJulio, Barbara Lantz, Cherol Fryberg, Raetta Daws, Katie Weaver Randall, Jamie Rundhaug, Colette Jones

<u>Agenda Item & Lead(s)</u>	<u>Discussion and Outcomes</u>	<u>Action to be taken by whom, when</u>
<p>Welcome and Introductions</p> <p>Review Agenda</p>	<p>Welcome to new co-chair, Katie Weaver Randall, Chief, DSE</p> <p>Jamie Rundhaug, Quality Manager, Greater Columbia RSN</p> <p>Colette Jones, HCA (for Barb Lantz)</p>	
<p>Updates and announcements</p> <p>Legislative update — Katie, all</p> <ul style="list-style-type: none"> • WISE funding • Procurement - 2639 • other <p>CANS algorithm - Barb and Bridget</p> <p>Quality Assurance Plan (WISE) – Kathy</p>	<ul style="list-style-type: none"> • Implementation of Wraparound with Intensive Services funded • Task force to plan mental health and chemical dependency integration will be established – April 1. Integration to be achieved by 2016; integration with primary care by 2020. <p>RDA has consulted on CANS algorithm development and will continue to consult with DBHR on revisions as data become available to analyze; Doug Crandall reported that referrals for intensive services are half what they were in the past.</p> <p>Update on the work of the QAP subgroup which has been focused on the WISE implementation portion of the quality plan. Discussion whether we could start measuring components now to inform future planning and system development</p>	

<p>Membership</p> <p>Terms of office Representation (east, west) Other considerations</p>		
<p>Reporting Measures of Statewide Performance – Barb Lucenko and Bridget Lavelle</p> <p>General review and decision about next measures to be addressed.</p>		<p>Minor updates to preliminary measures were presented. RDA suggested the development of the next measure, which will focus on psychiatric hospitalizations and length of stay. Group discussed where to go next in a thoughtful investigation of impacts over time in a comparative analysis where we control factors that we aren't able to control in the measures tracking trends over time.</p> <p>What is the system change we can hone in on? How do child serving systems work together on the ground? What are the systems changes we might pick up with administrative data? The challenge of measuring multi-system indicators such as school success and the possibility of expanding the measures to children affected by substance use disorders and co-occurring disorders were discussed.</p> <p>Where do we want to go next with regards to these measures? Do not want to evaluate before we're sure we're operating in the "new" way. Use of CANS as communication tool between systems, families, youth? Be careful of the assumptions made in developing measures. Maintain focus on the goal – improving the lives of children/families.</p>
<p>Next meeting – May 16, 2014</p> <ul style="list-style-type: none"> • Future meetings will be scheduled by Jennine Knight. • Review charter • Develop activities for next 6 months and discuss cross-system connections. • Measures of Statewide Performance, latest iteration 		<p>Will need to accept a cancellation from me and then a new invite from Jennine</p>

***Historical timeline – Send to Kathy
