Dear Tribal Leader:

**SUBJECT: Invitation to Participate in Roundtables and Consultation Meeting on
Encounter Rate Reimbursement**

In accordance with chapter 43.376 RCW and the Washington State Centennial Accord of 1989 regarding collaboration with Indian tribes in the development of policies, agreements, and program implementation that directly affect Indian tribes and the Tribal Consultation and Communication Policy of the Health Care Authority (HCA), the HCA seeks your input and partnership to advance initiatives impacting Tribal communities.

Purpose

The HCA invites you to participate in two roundtable discussions and one consultation meeting to provide valuable input on the AIR Determination Process. These sessions are designed to ensure alignment with Tribal needs and to fulfill our consultation obligations under the Tribal Consultation and Communication Policy.

Meeting Details

- **Roundtable #1:** January 24, 2025, from 2:00 PM to 3:30 PM
- **Roundtable #2:** February 14, 2025, from 2:00 PM to 3:30 PM
- **Consultation Meeting:** March 10, 2025, from 9:00 AM to 11:00 AM

The roundtables will provide an informal and interactive setting to discuss topics related to the AIR Determination Process, while the consultation meeting will allow for more in-depth discussions and formal feedback.

Background

The HCA recognizes the importance of establishing a standard process to determine AIR eligibility for services and providers within the tribal health care delivery system. HCA has to date not developed a standard process and has thus far made decisions on AIR applicability on a case-by-case basis. The tribes have voiced a desire to provide input in defining the AIR determination process. HCA agrees it is important to develop a standard process in cooperation with the tribes. These proposed meetings are intended to provide the tribes and HCA a cooperative partnership to develop the AIR determination process in accordance with the unique government-to-government relationship that exists.
