### Statewide FYSPRT Goals

1. Improving quality of life for youth and families by reviewing statewide performance and making recommendations through collaborative engagement of youth, families and system partners.
2. To support system improvements by enhancing strengths and eliciting challenges and barriers from the Regional FYSPRTs and state partners and develop collective recommendations to share with Statewide FYSPRT members, Regional FYSPRTs and/or the Youth and Young Adult Continuum of Care Subgroup that include youth, family, and system partner voice.
