Drugs reviewed	Motion	Date reviewed	Surveillance accepted as adequate	Reiteration of prior motion	Decision
<p><u>Amphetamines:</u> amphetamine dextroamphetamine lisdexamfetamine methamphetamine mixed amphetamine salts</p> <p><u>Methylphenidates:</u> dexmethylphenidate methylphenidate serdexmethylphenidate/ dexmethylphenidate</p> <p><u>Off label treatments:</u> armodafinil* bupropion* modafinil*</p> <p><u>Non-Stimulants:</u> atomoxetine clonidine guanfacine viloxazine</p>	<p>After considering the evidence of safety, efficacy and special populations for the treatment of Attention Deficit Hyperactivity Disorder (ADHD), I move that methylphenidate based and amphetamine based agents of both long and short acting formulations as well as non-stimulants are safe and efficacious. A long and short acting formulation of each stimulant should be preferred drugs on the Washington State Preferred Drug List. The stimulants listed above shall not be subject to therapeutic interchange on the Washington Preferred Drug List. Both non-stimulant alpha agonists and at least one non-stimulant, that is not an alpha agonist should be included as a preferred drug on the Washington State Preferred Drug List.</p> <p><b>Motion: Hudson 2<sup>nd</sup>: Taylor</b></p>	December 11, 2024	Yes Chawla Barkett	No	Passed unanimous
<p><u>Amphetamines:</u> amphetamine dextroamphetamine lisdexamfetamine</p>	<p>After considering the evidence of safety, efficacy and special populations for the treatment of Attention Deficit Hyperactivity Disorder (ADHD), I move that</p>	February 28, 2024	Yes Weiland Barkett	Yes Beste Davydow	Passed unanimous
