Announcements & Meeting Cadence

Kelley Sandaker, SURSAC/SUDISA Administrator, with the Washington State Health Care Authority, shared the following updates:

- There is an ongoing countdown clock on the SharePoint website counting down to the start of the legislative session
- There will continue to be a meeting cadence for the SUDISA Workgroup for ongoing activities related to pending recommendations and logistics surrounding those recommendations
 - A SUDISA committee member shared that they will be training another individual to be able to take her place on the SUDISA committee due to a change in her role
 - The committee decided to meet on a bi-monthly cadence, with the option to revisit that should they need to. Meetings will take place on Mondays at 1:05PM – 2:00PM.
 Depending on the agenda, meetings could be shortened to thirty minutes.
 - Committee members stated that they were thankful for the participation and collaboration of the committee members throughout the course of the workgroup.

Next Steps

- 1. Kelley will delete the ongoing meeting calendar invite and replace it with a bi-monthly meeting calendar invite.
- 2. Kelley Sandaker will ensure to send out the agenda ahead of meetings as they occur bi-monthly.
