

WASHINGTON PEER NETWORK

What is the Washington Peer Network?

The Washington Peer Network is a dynamic virtual platform for peers to share their personal experiences, success stories, and challenges with seamless communication and information sharing.

This digital hub is a repository of resources featuring articles, best practices, and current news. Our network cultivates an inclusive environment where peers receive professional support and find a sense of belonging.

Why Join?

Joining the Washington Peer Network isn't just about connecting; it's about seizing opportunities, making a difference, and unleashing your full potential.

Access

- exclusive events
- workshops and webinars
- user-created support groups
- 1 on 1 connection with other peers
- user-created forums
- job and volunteer opportunities
- ongoing training

Peer Connections

At the nucleus of the Washington Peer Network lies "Peer Connections," a virtual space where peers converge to share their unique experiences, seek advice, explore educational opportunities, and extend unwavering support to one another. This platform is carefully crafted to foster a dynamic environment, promoting collaboration and the exchange of invaluable insights among peers. It's more than just a network—a community where connections are forged and strengthened.

Help 4 Helpers Trainings

Integral to the WPN experience is the transformative "Help 4 Helpers Training." This vital initiative focuses on enriching the skills and knowledge of peer support workers. By providing individuals with resources and educational tools, this training ensures that they are well-prepared to deliver optimal support to their peers in the field.
