# **WISe Administrative Outcome Measures**

NOVEMBER 2023

This report presents administrative outcome measures for youth first entering WISe services between SFY 2019 and SFY 2022 who could be linked with administrative outcome data (approximately 99% of all youth who received WISe services over this period). Measures are tabulated for the four quarters (12 months) prior to WISe entry and for up to six quarters (up to 18 months) following WISe entry.

**Mental Health Inpatient Services** - Any inpatient mental health services in the quarter, including state hospitals, CSTC, CLIP, community hospitals, or evaluation and treatment centers.

Mental Health Crisis Services - Mental health crisis service days per 1,000 member months.

**Mental Health Services Received, if Psychotropic Medications Filled** - Of clients who received psychotropic medications in five key classes (antianxiety, antidepressant, antimania, antipsychotic, ADHD) in the period, those who received at least one mental health service in the same period.

**Substance Use Disorder (SUD) Services Received, if Treatment Need Indicated** - Of clients with substance use disorder treatment need indicated in the 12 months prior to WISe entry, those receiving any substance use disorder services (inpatient, outpatient, opiate substitution/buprenorphine or case management) in the period.

**Emergency Department Visits** - Emergency department visits, unduplicated by service date, per 1,000 member months.

**Emergency Department Visits with Mental Health Diagnosis** - Emergency Department visits with a mental health diagnosis in seven key categories (psychosis, mania/bipolar, depression, anxiety, ADHD, disruptive/impulse/conduct disorder, adjustment disorder), unduplicated by service date, per 1,000 member months.

**Emergency Department Visits with Substance Use Disorder Diagnosis** - Emergency department visits with an alcohol- or drug-related diagnosis, unduplicated by service date, per 1,000 member months.

**Suicide/Self-Injury Diagnoses** - Number of days with at least one medical claim/encounter with a diagnosis indicating attempted suicide or self-injury, per 1,000 member months. Months prior to October 2015 were multiplied by an adjustment factor to enhance comparability of pre- and post-ICD-10 suicide/self-injury diagnosing.

Juvenile Criminal Convictions - Any convictions in the period.

**Foster Care Placement Changes** - Of clients in foster care in month of WISe entry, any placement changes in period.

**Homelessness/Housing Instability** - Ever homeless without housing (e.g. in a shelter or on the street) or homeless with housing (e.g. couch surfing) in period, based on ACES data.

**Any Out-of-Home Placement** - Youth with any type of out-of-home placement in the period, including foster Care, mental health inpatient, Juvenile Rehabilitation institution, or Developmental Disabilities residential habilitation center.
